EXECUTIVE DEPARTMENT.

OFFICE OF THE CITY CHAMBERLAIN, NEW YORK COUNTY COURT-HOUSE, NEW YORK, February 3, 1875.

Hon. WM. H. WICKHAM,

Mayor of the City of New York:

DEAR SIR-When the late Mayor, the Hon. Wm. F. Havemeyer, appointed me City Chamberlain, it was with great reluctance that I consented to accept the office. During the past summer I tendered to him my resignation, which he

Circumstances of a purely private and personal character induce me now to ask that you now accept my resignation as City Chamberlain, hereby tendered, and relieve me from the duties and responsibilities of the office. In doing so, permit me to express my thanks to you, and through you to the officers and employees of the several Departments, for their uniform courtesy and kindness extended to me.

I remain, very respectfully,

Your obedient servant, GEO. W. LANE.

EXECUTIVE DEPARTMENT, CITY HALL, NEW YORK, February 4, 1875.

Hon. GEORGE W. LANE:

DEAR SIR-I have your letter of yesterday, tendering your resignation as City Chamberlain.

It is with regret that I have received this communication from you, and with reluctance, overcome only by deference to your own positive unwillingness to reconsider the step, that I can assent to your withdrawal from the office.

Through many years of friendship for you, and of a regard every day greater for the sterling qualities of your character as a citizen, and in all matters of business, I have learned to appreciate the singular fitness of your original selection for the responsible office you have filled with such satisfaction to the community, and the advantage it would have been to my own administration to have been able to retain you as City Chamberlain during my entire term as Mayor.

With my acknowledgments for the kind expressions of your letter, and thanks for the consideration you have shown me in all our official relations, I am, my dear sir, with the best wishes for your welfare,

Very respectfully, WM. H. WICKHAM.

The People of the State of New York, repre-sented in Senate and Assembly, do enact as fol-

Section I. The Mayor, Aldermen, and Commonalty of the City and County of New York, be and they are hereby authorized to appoint three Commissioners—the Mayor to nominate, and the Board of Alderman to confirm the same—to lay out, construct, and operate a rapid transit road at the expense of the City and County of New York, with the consent of the owners one half in value of the property bounded on the street or highway upon which the same shall be constructed and operated; and in case the consent of such propertyoperated; and in case the consent of such property-owners cannot be obtained, the General Term of operated; and in case the consent of such propertyowners cannot be obtained, the General Term of
the Supreme Court in the First Judicial District
shall, upon application to be made, appoint three
Commissioners, who shall determine, after a
hearing of all parties interested, whether such
rapid transit road ought to be constructed or operated, and their determination, confirmed by the
Court, shall be taken in lieu of the consent of the
said property-owners. That said Commissioners
shall be appointed respectively for one, two, and
three years, and may be removed by the Mayor of
the City of New York for cause, and the said
Mayor of the City of New York shall appoint in
the place of the Commissioners, or either of them
so removed, Commissioners for the unexpired
term, which said Commissioners shall have the
same power; and the said Mayor of the City of
New York shall, upon the expiration of the term
of each of the said Commissioners, appoint a Commissioner for the same period as the said Commissioner was appointed whose term shall then
expire.

Sec. 2. The Mayor, Aldermen, and Common-alty of the City and County of New York, be and are hereby authorized to create a public fund or stock, to be denominated "Rapit Transit Stock,"

serious loss to business is caused by the obstruction to travel from the heavy snow-falls of each winter; and

Whereas, The present method of removing snow from the streets by carting is not only very expensive, but entirely inadequate to meet the demands of the public; and

Whereas, The process now employed, while it fails to meet the requirements of business, is not only very expensive, tedious, and wholly inefficient, but is altogether too limited in the area of its operations; and

Whereas, It is essential to the business interests of the City that every facility should be afforded to travel, and the transportation of goods between the warehouses, wharves, and railroad depots, by clearing the snow off a greater extent of street surface; therefore

Resolved, With the view of ascertaining the exact cost to the City of the present method of removing the snow by the existing means of carts, and of devising, if possible, a cheaper, more expeditious, and more effective process, that his Honor the Mayor is hereby requested to obtain from the Board of Police, at the earhest day, information on the following points:

I. The amount paid by the City, each year, for

noard of Police, at the earliest day, information on the following points:

1. The amount paid by the City, each year, for the last five years, for the removal of snow.

2. The extent of street surface, linear and superficial, cleared from snow each winter.

3. The streets on which small algorithms.

An Ordinance to amend Chapter 42 of the Revised Ordinances of 1859, entitled "Of Pawn-brokers, Dealers in Second-hand Articles, and Keepers of Junk Shops."

ARTICLE I.

Of Pawnbrokers and Loanbrokers, or Keepers of Loan Offices.

Section 1. The Mayor may from time to time grant licenses, under his hand and seal, to such persons as shall produce to him satisfactory evi-dence of their good character to exercise or carry on the business of a pawnbroker, or of a loan-broker or keeper of a loan office.

Sec. 2. Every person receiving such license shall pay therefor the sum of fifty dollars for the use of the City.

Every person so licensed shall, at the time of receiving such license, enter, with two sureties, into a joint and several recognizance to the Mayor and Aldermen of the City of New York in the penalty of five hundred dollars, conditioned for the due observance of all such ordinances of the Common Council as may be passed or in force respecting pawnbrokers and loanbrokers, or keepers of loan offices, at any time during the con-

ers of loan offices, at any time dating intrinuance of such license.

Sec. 4. Every pawnbroker and loanbroker, or keeper of a loan office, shall keep a book in which shall be fairly written, at the time of each loan, an accurate account and description of the goods, article, or thing pawned or pledged, the amount of money loaned thereon, the time of pledging the same, the rate of interest to be paid on such loan, and the name and residence of the

person pawning or pledging the said goods, article, or thing.

Sec. 5. Every pawnbroker and loanbroker, or keeper of a loan office, shall, at the time of each loan, deliver to the person pawning or pledging loan, deliver to the person pawning or pledging any goods, article, or thing, a memorandum or note, signed by him or her, containing the substance of the entry required to be made in his or her book by the last preceding section; and no charge shall be made or received by any pawn-broker or loanbroker, or keeper of a loan office, for any such entry, memorandum, or note.

Sec. 6. The said book shall, at all reasonable times be open to the inspection of the Mayor.

times, be open to the inspection of the Mayor, Recorder, Aldermen, and special justices for preserving the peace of the City of New York, or any or either of them, or of any person who shall be duly authorized in writing for that purpose, by any or either of them, and who shall exhibit such written authority to such pawnbroker, loanbroker, or keeper of a loan office.

Sec. 7. Every pawnbroker, loanbroker, or keeper of a loan office, who shall violate or neglect, or refuse to comply with any or either of the pro-visions of the fourth, fifth, or sixth sections of this

chapter, shall, for every such offense, forfeit and pay the sum of twenty-five dollars.

Sec. 8. No pawnbroker, loanbroker, or keeper of a loan office, shall ask, demand, or receive any of a foan office, shall ask, demand, or receive any greater rate of interest than twenty-five per cent, per annum upon any load not exceeding the sum of twenty-five dollars, or than ten per cent, per annum upon any loan exceeding the sum of twenty-five dollars, under the penalty of one hundred dollars for every such offense.

REPORTS. (G. O. 59.)

The Committee on Railroads, to whom was referred the annexed resolution directing the Com-missioner of Public Works to notify any railroad company using the T rails in the streets of this city, to remove the same forthwith, and substitute therefor the grooved rail, respectfully

REPORT: That no difference of opinion can exist in the minds of all persons using the streets in which the T rails are laid, as to the necessity of replacing them with the grooved rail. The former rails present a grave and unwarranted obstruction to the free uses of the streets in which they are laid, causing much annoyance, loss of property, and occasionally of life, and their continual use has become a positive nuisance, which it is the duty of

the City authorities to abate.

The power of the Common Council to compel

such companies using the obnoxious T rails to remove them is ample, and cannot be questioned; consequently a longer continuance of the evil may, and doubtless will be, charged to the authorities, and they will be held responsible for any loss or damage that may result from their continued use. Feeling sure that the removal of the T rails from the streets of this City, and the substitution therefor of the grooved rail, will be but an act of justice to our people, particularly those who travel the streets in vehicles, and will be regarded as a work of necessity in order to remove an unwarrantable and unnecessary impediment to the free uses of our public highways, your Committee respectfully offer for your adoption the following resolution in lieu of that referred to them:

The Committee on Public Works, to whom was referred the annexed communication from the Department of Docks, transmitting an ordinance to permit the construction of a timber cribwork or bulkhead, without the necessity of contracting therefor, in the slip between piers numbers 6 and 7, and in the slip between piers numbers 7 and 8, respectfully

REPORT:

REPORT:

That, upon investigation, your Committee have learned that it is the desire of the Dock Department to fill in the slips commonly known as Coenties slip, East river, on the line of South street, the object intended being to straighten South street, and to allow the Department of Police to fill in the inner portion of the slip with ashes and other filling, and to prevent injury or detriment to the navigation of the waters adjoining, by the sliding out of the material used to fill in the slip—the proposed crib-work is a necessity. Your Committee also believe that all unnecessary delay should be avoided, and that the work delay should be avoided, and that the work should be at once undertaken and finished with out the loss of time inseparable from conforming to the provisions of the law relating to the performance of work for the City by contract. There are emergencies that justify the Common Council in exercising the power vested Common Council in exercising the power vested in it by section 91 of the act, chapter 335, Laws of 1873, commonly called the City Charter, and your Committee believe this to be an instance of the kind, particularly so, as the Department of Police will thereby be given a place into which the ashes and other filling material can be deposited, of which the Department is now in great need; and the immediate commencement of the work by the Department of Docks will afford employment to a number of persons now sadly in need of the means to procure the necessaries of life for themselves and families. The work, when completed, will be greatly to the advantage of the City, as it will add a large tract of land to its real property, reclaimed from the waters of the East river, without curtailing or at least materially diminishing the commercial facilities of that portion of the water front of the City.

City.
Your Committee, therefore, respectfully recommend the adoption of the ordinance herewith accompanying:

COMMUNICATIONS FROM DEPARTMENTS AND CORPORATION OFFICERS.

The President laid before the Board the following communication from the Department of Docks:

DEPARTMENT OF DOCKS, Nos. 346 and 348 Broadway, New York, Jan. 28, 1875.

To the Honorable the Board of Aldermen of the City of New York :

GENTLEMEN—In reply to the resolution adopted by your Board, January 14, asking whether any new work can be commenced by the Department and finished within the next two months, and also whether there is any legislation needed that said work may be commenced immediately.

The works now in progress in this Department are as follows:

are as follows: First. The section of bulkhead wall at Canal street, for which a caisson has been completed for a length of 193 feet, and partly filled with con-crete, while the piles are now being driven for an

crete, while the piles are now being driven for an additional length of 100 feet.

Second. The section wall at King street, piles for the foundation of which have been driven for a length of 150 feet, and the caisson will be put down as soon as the weather will permit. On both of these sections there have been a great deal of interruption from the severity of the weather, but the Department has done the best the circumstances permitted. stances permitted.

Third. At the East Seventeenth Street Yard we

are constantly employing a force of stone-cutters in dressing stone for the bulkhead wall, with laborers enough to handle the same for them. We cannot profitably employ any additional num-

ber of men upon these works.

Fourth. At the new Pier No. 1, North river, in consequence of the weather, the work cannot be

consequence of the weather, the work cannot be prosecuted to advantage.

Fifth. An arrangement has been made with the Department of Police to receive and discharge filling, gathered from the streets, into the bulkheads inside the new wall. In consequence of the limited space for scows, the Department cannot take all the filling which is offered by the Police Department, and no additional number of men can be employed upon this work.

Sixth. At the time of the organization of the Department the piers and wharves owned by the City were very much out of repair. This work has been steadily progressing during the past four years, and may now be said to be substantially completed; and consequently there has been a necessary and gradual decrease in the number of men so employed.

men so employed.
Your Honorable Body will understand that from the nature of the work done by this Department, its progress is seriously hindered in very cold weather.

weather.

Now, with regard to new work contemplated by the Department, and which forms the subject-matter of the resolution of your Honorable Body, this Department would say what appears not to be generally understood by the public, that there are many serious obstacles to hinder the progress of the Department in laying out and carrying on the improvement of the water-front of the City.

A very large amount of bulkhead and pier property is now owned by private parties, and a considerable amount of the bulkhead and pier property owned by the City is now controlled by leases, some of which have yet a considerable time to run; and whenever such leases are valuaable to the lessees, either for their own business or for the purpose of sub-letting, this Department get control of them.

The interests of the City are now suffering from the existence of some leases which, in the judg-ment of this Board, ought not to have been made, as the parties holding them are not representatives of commerce, and are now making large sums of money out of sub-leases, which really ought to in-nure to the benefit of the City.

The bulkhead and pier property held by private owners cannot be acquired without purchase by the City; and in view of the present financial condition of the City, it might be unwise to increase the debt by the acquisition of private property, unthe debt by the acquisition of private property, un-less demanded by an increasing commerce, which (with the exception of some additional accommo-dation for steamship lines) does not now exist.

This subject is important, and is now under consideration of the Board.

sideration of the Board.

The Department considers it desirable to straighten the line of South street, by closing up what is known as Coenties slip, where there is a detour of 800 feet in the line of the street. This can be done effectually, and in the interests of the City, by allowing the deposit of the ashes and dirt collected in that district by the Street Cleaning Bureau; but in order to allow this to be done, it will be necessary to construct a temporary wooden bulkhead across the present line, to prevent the filling from slushing into the slips.

The Department has on hand all the material

The Department has on hand all the material The Department has on hand all the material necessary to complete the work, and will respectfully petition your Honorable Body to pass an ordinance authorizing us to proceed with the work without the necessity of a public letting.

The Department has authorized the construction of the following works by contract, viz.:

Two (2) large pier sheds, which will cost about \$30,000 each. Four (4) scows, costing about \$4,000 each.

54,000 each. The Department could not, for the want of the necessary appliances, undertake the construction of these sheds and scows, and was compelled to

resort to the contract system.

The contracts have been awarded to builders residing in the City, and a considerable number of carpenters, mechanics, and laborers will find

employment on these new works.

All of which is respectfully submitted.

I feel constrained to disapprove the ordinance, for the reason that, as I am informed, the lands along the line of the proposed improvement are sunken lots, at a level of from fifteen to twentyfive feet below the street grade; that there are at present no houses in the neighborhood; and that the present value of the property upon which the assessments would be necessarily imposed for constructing the work is not quite enough to justify the proposed expenditure.

The Commissioner of Public works reports that the work has not been commenced, because the value of the propertycommenced, because the value of the property upon which the necessary assessments would have to be imposed, does not justify such an expen diture as would be required to accomplish it.

OFFICE OF THE COMMISSIONERS

FOR THE

Erection of the Court-house in Third Judicial District

OF THE CITY OF NEW YORK.

233 Broadway, Room 5, 5th February, 1875.

PROPOSALS FOR CARPENTER'S WORK, FOR Stater's and Tinner's work, and for Plumber's work of a Court-house, Bell-tower, and Prison building, to be erected in the Third Judicial District of the City of New York, on Sixth avenue, Greenwich avenue, and West Tenth

Separate proposals, in scaled envelopes, will be received at the office of the Commissioners, 233 Broadway, Room 5, until Wednesday, the seventeenth day of February, 1875, at the hour of 12 M., when they will be opened, for the construction and erection of—

I. The Carpenter's Work; II. The Slater's and Tinner's Work; III. The Plumber's Work;

11. The Slater's and Tinner's Work:

111. The Plumber's Work:

—in accordance with the drawings and specifications for the same, which may now be seen at the office of said Commissioners, 233 Broadway.

All the Carpenter's work to be completed by the first day of April, 1876, all the Slater's and Tinner's work by the first day of December, 1875.

No proposal will be considered unless accompanied by the consent, in writing, of two responsible householders or free-holders of the City of New York, with their respective places of business or residences being named, to the effect that they will become bound as sureties in the sum of five thousand dollars for the faithful performance of the contract, should it be awarded upon that proposal for the Carpenter's work; in the sum of one thousand dollars for the faithful performance of the contract, should it be awarded upon that proposal for the Slater's and Tinner's work; and in the sum of two thousand dollars for the faithful performance of the contract, should it be awarded upon that proposal for the Slater's and Tinner's work; and in the sum of two thousand dollars for the faithful performance of the contract, should it be awarded upon that proposal for the Plumber's work.

Each proposal must state the name and place of residence of the person making the same.

The Commissioners reserve the right to reject any or all proposals, if, in their judgment, the same may be for he best interests of the City.

Proposals must be addressed to the Commissioners for the erection of the Court-house in the Third Judicial District, "Or "Proposals for Plumber's work, Court-house, Third Judicial District," as the case may be.

DEPARTMENT OF DOCKS, 346 and 348 BROADWAY, New YORK, January 27, 1875.

TO CONTRACTORS.

PROPOSALS FOR MAKING REPAIRS TO STEAM DREDGE No. 2.

SEALED PROPOSALS FOR THIS WORK, INdersed as above, and addressed to "Jacob A. Westervelt, President of the Department of Docks," will be received at this office until 12 o'clock M. of Thursday, 11th February, 1875, at which time the bids will be publicly opened and read.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be well prepared for the business, and shall give security for the faithful performance of his contract, in the manner prescribed and required by ordinance.

The time allowed for the completion of the repairs is 40 forty days from the date of the signing of the contract. The dredge is to be taken from her present moorings, and, after the completion of the repairs, returned to such point on the North river wate, front of the city as may be designated by the President, at the cost and expense of the contractor for doing this work.

NOTE.—In case the repairs to the dredge are not made in New York City, an Inspector will be appointed by the Board of Docks, at the cost and expense of the person or persons doing the work under the contract.

Bidders will state in the proposals the price for the work to de done, by which the bids will be tested. The price is to cover all expenses necessary for the complete fulfillment of the contract.

Should the lowest bidder or bidders neglect or refuse to accept this contract within forty-eight [48] hours after written notice that the same has been awarded to his or their bid, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their proposals their names and places of residence; also that the bid is made without any connection with any other person making any estimate for the same work, and that it is in all respects fair, and without coll

after the award is made, and prior to the signing of the contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Board of Docks.

No proposal will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application at the office of the Department.

JACOB A. WESTERVELT, SALEM H. WALES, WILLIAM BUDD, Commissioners of the Department of Docks.
