Resolutions.

That the applications of George Remig and George F. Kierscher, to correct a clerical error in Register of Births and Deaths in death record of Julius Kerchoneier and birth record of John B. Kreitscher, be granted.

That the application of Patrick Wade, to erect a tenement house at 228 Mott street, be denied. That the Attorney be directed to commence an action against Dr. C. J. Smith, for violation of the Sanitary Code.

Whereas, The Sanitary Superintendent and City Sanitary Inspector has certified, under and pursuant to the provisions of chapter 566 of the Laws of 1871, and of chapter 549 of the Laws of 1875, amendatory thereof, that it is necessary for the protection of the public health that the parts and parcels of land within the corporate limits of the City and County of New York, hereinafter described, need to be drained by other means than by sewers; it is hereby

Ordered, That the said certificate be filed among the records of the Board of Health of the Health Department of the City of New York, and that duplicates thereof, duly signed by the said Sanitary Superintendent and City Sanitary Inspector, be forwarded to the Mayor, Aldermen, and Commonalty of the City of New York, for their designation of the Department to do the work required, under and pursuant to the provisions of section 1 of chapter 549 of the Laws of 1875; and it is further

Ordered and directed, pursuant to the provisions of the acts hereinbefore recited, that the following-named parts and parcels of land within the corporate limits of the City and County of New York shall be drained by other means than by sewers, by and under the direction of the Department of said City and County hereafter authorized and empowered to do such work by the Mayor, Aldermen, and Commonalty of the City and County of New York, pursuant to section 1, chapter 549 of the Laws of 1875, said parts and parcels of land being situate as follows, viz., lying between Pelham and Fordham avenues, Kingsbridge road, Southern Boulevard, and Arthur street.

Sanitary Bureau.

The following is a record of the work performed by the Sanitary Bureau during the week ending September 18, 1875: The number of inspections made by the Inspectors was 1,865, as follows: 4 public buildings, 892 tenement houses, 206 private dwellings, 73 other dwellings, 7 manufactory and workshops, 13 stores and warehouses, 56 stables, 30 slaughter-houses, 2 markets, 1 fat-rendering establishment, 1 head-cleaning establishment, 2 public sewers and drains, 2 cisterns and cesspools, 45 sunken and vacant lots, 66 yards, courts, and areas, 61 cellars and basements, 76 waste-pipes and drains, 149 privies and water-closets, 93 streets, gutters and sidewalks, 24 dangerous stairways, 1 piggery, 2 dangerous chimneys, 1 violation of the Sanitary Code, 21 other nuisances, together with 37 visits of Inspectors to cases of contagious diseases.

The number of reports received thereon from the Inspectors was 806.

During the past week 78 complaints were received from citizens, and referred to the Inspectors for investigation and report.

52 permits were issued to the consignees of vessels to discharge cargoes on vouchers from the Health Officer of the Port.

159 permits were granted scavengers to empty, clean, and disinfect privy-sinks.

The Disinfecting Corps have visited 42 premises where contagious diseases have been found, and have disinfected and fumigated 35 houses, and clothing, bedding, etc. They have also disinfected 3,048 privies, 348 cellars, and 735 yards.

19 cases of small-pox were removed to Hospital by the Ambulance Corps.

The following number of cases of contagious diseases were reported during the week ending September 18, 1875: Typhus fever, 3; typhoid fever, 27; scarlet fever, 7; measles, 2; diphtheria, 75; small-pox, 24; and cerebro-spinal meningitis, 1.

19 tanks and 3,367 cans of night-soil were removed by the night scavengers from the privy-vaults of the city during the week ending September 18, 1875.

The following amount of meat and fish was condemned by the officers as unfit for human food during the week ending September 18, 1875: Calves (bob), 1 carcass; calves (case), 3 carcasses; sheep, 1 carcass; lambs, 1 carcass; corned beef, 100 pounds; beef, 81 pounds; veal, 62 pounds; mutton, 9 pounds; and poultry, 245 pounds.

Bureau of Vital Statistics.

During the week ending September 18, 1875, there were issued from this Bureau 634 burial permits for city deaths, 35 for bodies in transitu, and 41 for the interment of still-born infants. There were recorded 634 deaths, 136 marriages, 458 births, 41 still-births, 35 applications for transit permits, and 62 returns from Coroners. There were 21 searches of the registers of births, marriages, and deaths, and 1 transcript of birth record and 21 of death were issued from this Bureau. Three cases of deaths were referred to Coroners.

By order of the Board.

EMMONS CLARK, Secretary.

SANITARY BUREAU, September 21, 1875.

To DR. W. DE F. DAY, Sanitary Superintendent:

SIR—The accompanying communication asking that section 102 of the Sanitary Code be enforced in its letter and spirit, and referred by the Board of Health to this Bureau for investigation and report, I respectfully beg leave to return with the following brief report:

It is not necessary to rehearse here the persistent efforts, from time to time, made to improve the existing methods of emptying privy-vaults, nor to repeat the many arguments advanced in favor of abolishing the "bucket and cart," and adopting measures more in accordance with the present stage of civilization and refinement. These are all matters of records of the Health Department, and constitute a portion of the history of sanitary effort in New York. It must therefore suffice at present to say that section 102 of the Sanitary Code requires that the work be done by means of some air-tight apparatus, and in such a manner as to allow of the escape of no noxious or offensive odor either while removing the contents of any vault or transporting them through the city to their place of destination.

With a view of complying with this ordinance, the night-scavengers have adopted a system of working with tubs, to which tight covers may be fitted, in place of the "bucket and cart system" in use from time immemorial: the tubs when filled and the covers adjusted, being placed on trucks to be removed to the place of disposal, where the contents are transferred to a boat, which conveys them from the city. This system, though a step in advance, is far from being in strict accordance with the spirit of section 102 of the Sanitary Code, which requires that the contents of vaults, sinks, and cesspools shall be removed therefrom by means of an air-tight apparatus. How far this mode of operating tends to answer this requisition may be imagined from a brief description of the operation.

The first step towards emptying a privy-vault is an attempt at disinfecting or deodorizing its contents, which, from the complaints received from time to time, appears to be little else than an attempt. This having been attended to, and the floor of the privy-house having been removed, the tub is placed in a convenient position, and filled with material removed from the vault by means of a long-handled dipper. In this operation it is plain to be seen that the material thus transferred is most thoroughly exposed to the open air in being poured from the dipper to the tub, and that the same exposure is repeated when the tubs are emptied of their contents at the dock. This latter is accomplished by means of an open shute, one end of which rests upon the string piece of the pier, and the other resting on the deck of the vessel at the opening to the hold. It is along this open shute that the successive streams of semi-liquid filth flow to reach their destination in the hold of the boat, the time occupied in emptying one truck-load of these tubs being, by my own observation, about thirty minutes, and during this time, if the observer chance to stand at the windward, his senses may not be annoyed; but, should he find himself at the leeward, he will be assailed with a most disgusting and offensive odor. We see from this that a privy-vault cannot be emptied of its contents, and the accumulation be disposed of, without the offensive material being twice exposed to the open air—once during the slow progress of being dipped from the vault and poured into the tub, and again during the half-hour occupied in emptying the tubs. It is no wonder, then, that, foreseeing this, the night-scavengers themselves condemned the system in a memorial to his Honor the Mayor no longer ago than last March, using on that occasion language too strong to be misunderstood, claiming that dipping the material from the vault and pouring it into tubs would have the effect to manifold the nuisance attending what is known as the bucket and cart system.

Besides this system of working with tubs, adopted by the old night scavengers, there are, as is well known, other parties engaged in the same branch of labor, using different kinds of air-tight apparatus, by means of which the work can be done in a perfectly clean and inoffensive manner. The first of these is known as the "Odorless Excavating Company," already long enough in the field, not only here but in other cities throughout the country, including our National Capital, to prove beyond a question the efficacy of their apparatus as it regards neatness, dispatch, and freedom from offensive odor. The apparatus with which this company operates consists of an exhaust and force pump with hose attached, by means of which the contents of a vault are removed therefrom and conducted into an air-tight tank or receiver; from this receiver a tube extends to a charcoal furnace into which the gases from the receiver are conducted, and where they are decolorized and destroyed. When the machine is in operation, as the tank fills the air contained therein is forced out through this tube into the furnace, thus allowing the escape of no offensive odor. The efficiency of this apparatus is no longer a matter of experiment; it has met with favor wherever introduced, and in a number of cities it does the entire work of scavenging.

The next company to which I shall call your attention, is one recently organized under the name of the "New York Cleaning and Disinfecting Company." The principle upon which this company operates is similar to that last mentioned, though differing somewhat in detail. Instead of a pump applied to the vault, the receiver is connected with a steam apparatus, by means of which it is exhausted of air; when, by pneumatic pressure, the contents of the vault are forced rapidly through the previously adjusted hose, to supply the vacuum formed in the receiver. It may be added here, that the air from the receiver comes in contact with steam heated to 300° F., and is thus deprived of all offensive odors. I have on one occasion witnessed the operation of this apparatus, and found it to surpass any thing of the kind hitherto brought to my notice. On that occasion, a privy-vault containing 56 cubic feet of the ordinary material was emptied of its contents in about three minutes after the adjustment of the hose, and in nine minutes from the time of commencing the work was completed, the hose washed out, and ready to be removed to the next field of action. By either of these systems time is saved, not only in removing the material from the vault, but the tanks are readily discharged through a hose, or covered shute, without any unnecessary exposure—a favorable contrast, when compared with the emptying of a truck-load of tubs, each filled with night soil, in the manner above mentioned.

Doubtless the scavengers do as well as they can under their present system, many of them I believe using every effort in their power to do their work without annoyance. But the system is at variance with the provisions of the Sanitary Code; it is the subject of frequent complaints, and is altogether behind the spirit of the age.

I forward herewith complaints received at different times, showing the frequent failures of the system to meet public and sanitary requirements.

All of which is respectfully submitted.

E. H. JANES, M. D., Ass't San. Sup't.

SUPREME COURT.

In the matter of the application of the Department of Public Works for and in behalf of the Mayor, Aldermen, and Commonalty of the City of New York, relative to the opening of One Hundred and Fifty-first street, from the westerly line of Ninth avenue to the Hudson river, in the City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to the owner or owners, occupant or occupants, of all houses and lots and improved or unimproved lands affected thereby, and to all others whom it may concern, to wit:

I.—That we have completed our estimate and assessment, and that all persons interested in these proceedings, or in any of the lands affected thereby, and who may be opposed to the same, do present their objections in writing, duly verified, to the Commissioners, at our office, No. 57 Broadway (Room No. 24), in the said city, on or before the 13th day of October, 1875; and that we, the said Commissioners, will hear parties so objecting within the ten week days next after the said 13th day of October, and for that purpose will be in attendance at our said office on each of said ten days, at 2 o'clock P. M.

II.—That the abstract of the said estimate and assessment, together with our maps, and also all the affidavits, estimates, and other documents which were used by us in making our report, have been deposited in the office of the Department of Public Works, in the City of New York, there to remain until the twenty-sixth day of October, A. D. 1875.

III.—That the limits embraced by the assessment aforesaid are as follows, to wit: All those lots, pieces, or parcels of land, situate, lying and being in the City of New York, bounded by, included, and contained within the following limits, that is to say:

Beginning at a point on the westerly line of Ninth avenue, distant ninety-nine feet and eleven inches south of the southerly line of One Hundred and Fifty-first street; running thence westerly parallel to One Hundred and Fifty-first street, to the Bulkhead line on the Hudson river; thence northerly along said Bulkhead line to a point distant ninety-nine feet and eleven inches north of the northerly line of One Hundred and Fifty-first street; thence easterly parallel to One Hundred and Fifty-first street to the westerly line of Ninth avenue; thence southerly along the westerly line of Ninth avenue to the point or place of beginning.

IV.—That our report herein will be presented to the Supreme Court of the State of New York, at a Special Term thereof, to be held in the New Court-house, at the City Hall, in the City of New York, on the 20th day of October, 1875, at the opening of the Court on that day, and that then and there, or as soon thereafter as Counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated New York, September 6, 1875.

EDWARD J. SHANDLEY, JOSEPH CORNELL, CLINTON G. COLGATE, Commissioners.

In the matter of the application of the Department of Public Works, for and on behalf of the Mayor, Aldermen, and Commonalty of the City of New York, relative to the opening of F street, from the northerly line of Inwood street, at a point distant five hundred and forty-two feet and ten inches westerly from the westerly line of Kingsbridge road, at its intersection with Inwood street, and running thence to the Bolton road, in the City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate in the above-entitled matter, hereby give notice, to the owner or owners, occupant or occupants of all houses and lots and improved or unimproved lands affected thereby, and to all others whom it may concern, to wit:

I.—That we have completed our estimate and assessment in the above matter, and that all persons whose interests are affected thereby, and who may be opposed to the same, do present their objections in writing, duly verified, to the undersigned Commissioners, at our office, No. 57 Broadway (Room 24), in said city, on or before the 8th day of September, 1875, and that we, the said Commissioners, will hear parties so objecting, within the ten week-days next after the said 8th day of September, 1875, and for that purpose will be in attendance at our said office on each of said ten days, at 3 o'clock P. M.

II. That the abstract of the said estimate and assessment, together with our maps, and also all affidavits, estimates, and other documents which were used by us in making our report, have been deposited in the office of the Department of Public Works, in the City of New York, there to remain until the 21st day of September, 1875.

III.—That the limits embraced by the assessment aforesaid are as follows, to wit: All those certain lots, pieces or parcels of land situate in the City of New York, bounded by, included and contained within the following limits, that is to say: Beginning at a point formed by the intersection of the centre line of Seaman avenue with the centre line of Bolton road; running thence easterly to a point distant one hundred feet east of the easterly line of Seaman avenue; thence northerly, parallel to Seaman avenue, to the centre line of Emerson street; thence northerly along the centre line of Emerson street to a point opposite the easterly boundary line of John H. Dyckman property; thence easterly to a point where the said boundary line intersects the easterly line of Emerson street; thence in a northerly direction along the aforesaid boundary line, to the southerly side of Spuyten Duyvil Creek; thence westerly along the southerly side of Spuyten Duyvil Creek as the same winds and turns, to a point distant about four hundred and twenty-five feet east of the easterly line of the Hudson River Railroad, and at right angles thereto; thence southerly, in a straight line, or nearly so, to a point distant two hundred feet north of the northerly line of Inwood street, and one thousand and twenty-five feet west of the westerly line of F street (and at right angles thereto); thence easterly and parallel to Inwood street eight hundred and twenty-five feet; thence southerly on a line at right angles to Inwood street to a point distant one hundred feet south of the southerly line of Inwood street; thence easterly parallel to Inwood street to the centre line of Kingsbridge road; thence northeasterly along the centre line of Kingsbridge road to the centre line of Bolton road; thence northerly along the centre line of Bolton road to the point or place of beginning.

IV.—That our report herein will be presented to the Supreme Court of the State of New York, at a Special Term thereof, to be held in the New Court-house, at the City Hall, in the City of New York, on the 7th day of October, 1875, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated August 3, 1875.

JURORS.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS, NEW COUNTY COURT-HOUSE, NEW YORK, JUNE 1, 1875.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

When possible and legal, serving jurors will be allowed to select a convenient season—if application be made in time.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.

The Commissioner will receive applications for relief from those jurors who have served continuously and promptly for several years, or have done excessive jury service in the State Courts.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted. No fees of any kind exist or are allowed in regard to jury notices, and any one asking, receiving, or giving any such "fee" or "present" will be arrested, and, if possible, punished to the full extent of the law.

THOMAS DUNLAP, Commissioner, County Court-house (Chambersstreet entrance).

CITY OF NEW YORK, DEPARTMENT OF FINANCE.

CORPORATION SALE OF FERRY FRANCHISES.

SEALED BIDS WILL BE RECEIVED AND publicly opened at the Comptroller's office, on Thursday, September 23, 1875, at 2 o'clock P. M., for Leases of Franchise or right to maintain and operate several ferries around the City of New York for the terms and on the conditions hereafter set forth.

The leases will be made to conform to the requirements of the laws relative to ferries, and subject to such regulations, ordinances, or by-laws, as now are or hereafter may be made or passed by the Common Council or State Legislature, and the leases will also provide that the lessees shall take and assume at their own costs and charges all or any responsibilities and liabilities of the Corporation of the City of New York to the present lessees of ferries in relation to boats, fixtures, etc., belonging to such lessees at the respective ferries.

The minimum rate for which the ferry franchise or license to operate ferries shall be used or enjoyed, has been appraised and set by the Commissioners of the Sinking Fund at two and one-half per centum of the gross receipts for ferrage that shall hereafter accrue at each separate ferry, to be paid quarterly to the Corporation, and a covenant will be contained in each lease requiring the lessees to make and deliver to the Comptroller of the City of New York, quarterly, a statement in writing verified by oath or affirmation of the lessee or of such proper officer of the lessee as may be designated by the Comptroller of the actual total gross receipts for ferrage received by such lessee during the preceding three months, and also that the lessees shall keep regular books of account showing the daily gross receipts of the ferry leased, and allow said Comptroller or any person designated by him to examine such books.

The Department of Docks of the City of New York has fixed and established the rent for which it will lease the property in wharves, piers, slips, and lands under water belonging to the Corporation, at the several ferries to be leased to the parties or persons to whom the lease of the ferry franchise shall be awarded by the Commissioners of the Sinking Fund, for the term specified for the lease of the franchise, at the rates set forth hereafter, and no deviation will be made from the same, and covenants will be contained in such leases for construction, maintenance and surrender of all necessary fixtures and appurtenances to the wharf and pier property belonging to the city used by such respective ferries.

Proposals for the lease or license to use the ferry franchise at the respective ferries, to state the maximum percentage on gross receipts which the person or parties offering to take each ferry will pay in addition to the rent fixed by the Department of Docks for the use of the pier or wharf property belonging to the city, but no lease will be given at less than the minimum rate of 2 1/2 per cent. on the gross receipts.

Security satisfactory to the Comptroller will be required for the punctual performance by the lessees of the covenants of the lease of the franchise in their behalf.

The several ferries at which the franchise only is to be leased are as follows:

1st. The ferry from the foot of Tenth street, East river, to Greenpoint, Long Island, for the term of five years from October 1, 1875.

2d. The ferry from the foot of Barclay street, North river, to Hoboken, in the State of New Jersey, for the term of two years from October 1, 1875.

The several ferries at which the franchise is to be leased, with use of pier and wharf property belonging to the City of New York, are as follows:

3d. The ferry from the foot of Grand street, East river, to Grand street, Brooklyn, E. D., including such wharf property as shall have been heretofore used by the ferry run from these points, for the term of ten years from October 1, 1875, subject to payment of \$2,000 per annum for the first five years and \$3,000 per annum during the second five years, rent payable quarterly to the Department of Docks.

4th. The ferry from the north side of Twenty-third street, East river, as now occupied, to Greenpoint, Long Island, for the term of five years from October 1, 1875, subject to \$2,000 per annum rent, payable as last mentioned.

5th. The ferry from the foot of Desbrosses street, North river, to Jersey City, New Jersey, for the term of one year from October 1, 1875, subject to \$3,000 per annum rent, payable as last mentioned.
