OFFICIAL JOURNAL.

VOL. III.

NEW YORK, FRIDAY, NOVEMBER 5, 1875.

NUMBER 727.

DEPARTMENT OF TAXES AND ASSESSMENTS.

Report for the Quarter ending September 30, 1875.

To Hon. WILLIAM H. WICKHAM, Mayor:

SIR—In pursuance of the requirements of section 27 of chapter 355 of the Laws of 1873, the Commissioners of Taxes and Assessments respectfully

REPORT:

That, at the request of the Board of Supervisors, the Commissioners caused the taxes for the current year to be computed, and entered in the Receiver's books without expense to the city. These books were received from the Supervisors on the 19th of July, and were delivered to the proper officer on the 27th of August.

The assessment of the real and personal property of the city was commenced on the second Monday in September, as required by section 7, chapter 302 of the Laws of 1859.

ASSESSMENT OF BANK SHARES.

The method of assessing banks is a subject which has received the careful consideration of the Commissioners. For several years the system which has prevailed of assessing the shares of all banks at the par value, without taking into account the value of the shares of some of the banks worth more than par, owing to their possession of a surplus, has been the cause of complaints; the complaints coming, in large proportions, from those banks which do not possess a considerable surplus. The complaints were based upon the statement that, as imposed, the assessment was unequal, and that the surplus of other corporations being assessed, it was not just that the surplus of banks alone should escape. While the Commissioners could not deny that there was force in these statements, they felt restricted as to their action, in part by the usage of the Department before any of the present Board entered into the office; in part by the general practice in the State, but chiefly by an unwillingness to jeopardize the validity of assessments, involving so many millions of dollars, by a construction of the Law of 1866, which might have been successfully contested.

From the restraining influence of the last consideration the Commissioners are now released by a judicial interpretation of the statute, the effect of which is to impose upon them explicitly the duty of assessing the shares of stock in banks "at their true value, instead of their par value." This interpretation was given in the Schenectady General Term of the Supreme Court, November, 1874, *Boeckes, Langdon, and Countryman, Justices*. The case was entitled the *People ex rel. Chauncey P. Williams and others against the Board of Assessors of the City of Albany*. Divested of the nomenclature of the law, the question was whether the shares of a bank with a capital of \$350,000, but with accumulations amounting with the capital to \$1,183,839.15, was properly assessed at par or \$350,000. The opinion of the Court was that the assessment at the par value was erroneous, and that the law required the shares to be assessed at their value, whether that value exceeded par or not. It is significant that although the title of this case does not disclose the fact, the suit was practically between two of the Albany banks, each with a surplus, but one with a larger surplus than the other, and each assessed alike at par.

Respectfully submitted,

JOHN WHEELER,
JOHN N. HAYWARD,
GEORGE H. ANDREWS,
Commissioners of Taxes and Assessments.

LAW DEPARTMENT.

OPINION OF THE COUNSEL TO THE CORPORATION.

LAW DEPARTMENT, OFFICE OF THE COUNSEL TO THE CORPORATION, NEW YORK, October 5, 1875.

EUGENE T. LYNCH, Esq., Secretary of the Dock Department.

Sir - Your letter to me of this date, incloses a copy of a communication addressed by the Comptroller to his Honor the Mayor, dated September 14, 1875; and you request my opinion in relation to the subject matter of such communication.

The Comptroller in his letter refers to the provision of section 6 of chapter 574, of the Laws of 1871, which declares that there shall be a Department of Docks, the head of which shall be a Board, who shall possess such powers and perform such duties, and receive such compensation as shall be established and defined by the Commissioners of the Sinking Fund of the City of New York.

The Department of Docks was first established by the Charter of 1870, and the provision referred to by the Comptroller, in section 6 of chapter 574 of the Laws of 1871, is to be found in section 99 of said Charter of 1870.

I have carefully examined these various laws, and I am of the opinion that the Comptroller is in error in supposing that the Commissioners of the Sinking Fund have any "supervisory duty" over the Department of Docks, which requires or authorizes such Commissioners to establish or define the powers or duties of that Department.

I have no knowledge upon the subject, but it seems to me quite probable that it may have subsequently been doubted whether those sections of the Tax Levy were constitutional, inasmuch as that was a law which by its title merely made further provision for the government of the City of New York; and for this reason it was thought necessary to re-enact the provisions contained in those sections when the act (chapter 574 of the Laws of 1871) amending the Charter of 1870 was passed.

As the provision in question in some manner found its way into the amendment of 1871, it is possible that, so far as the powers and duties of the Dock Department are not defined and established by the statute, the Commissioners of the Sinking Fund may have jurisdiction to establish and define the same.

I am, sir, yours respectfully, WM. C. WHITNEY, Counsel to the Corporation.

Statement and Return of Moneys received by William A. Boyd, Corporation Attorney, for the month of October, 1875, rendered to the Comptroller in pursuance of the provisions of Sec. 26, Art. 1, Chap. V. of the Revised Ordinances of 1866; and of Secs. 38 and 96 of Chap. 335 of the Laws of 1873:

DEPARTMENT OF DOCKS.

DEPARTMENT OF DOCKS, 117 AND 119 DUANE STREET.

TO CONTRACTORS.

PROPOSALS FOR BUILDING WOODEN PIER, TO BE KNOWN AS NEW PIER 42, NORTH RIVER (SITUATED ON SITE OF OLD PIER 50, AT FOOT OF MORTON STREET).

SEALED PROPOSALS FOR BUILDING WOODEN Pier at foot of Morton street, North river, indorsed as above, and addressed to "Salem H. Wales, President of the Department of Docks," will be received at this office, until 11 o'clock A. M. of Monday, November 8, 1875, at which time the bids will be publicly opened and read.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be a skilled dock or bridge builder, well prepared for the business, and shall give security for the faithful performance of his contract, in the manner prescribed and required by ordinance.

The Engineer's estimate of the work to be done is as follows:

Table with 2 columns: Item description and Price. Items include Yellow pine timber, White oak for mooring-post platform, Cast-iron mooring posts, Wrought-iron bolts, etc.

The foregoing are the quantities which have been estimated approximately for the construction of the work. They form, however, no part of the contract, and persons bidding are cautioned that the Department of Docks do not hold themselves responsible that any of them shall strictly obtain in the construction of the work, and bidders are required to examine the plans and the premises, and to judge for themselves of the quantity and other circumstances affecting the cost of the work, and to make their bids for each item independent of the others, so far as relative quantities are concerned.

The time allowed for the completion of the work (except about fifty feet of the shore end of the pier, which will not be constructed until the bulkhead wall in the rear is erected) is four months from the date of the execution of the contract, and a penalty of fifty dollars per day, as liquidated damages, will be exacted for each day that the contract may be unfulfilled, after the said four months have expired, Sundays and holidays only to be excepted.

Should the lowest bidder or bidders neglect or refuse to accept this contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their proposals their names and places of residence; also that the bid is made without any connection with any other person making any estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a Department, chief of a bureau, or deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which proposals must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each proposal shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid, they will, on its being so awarded, become bound as sureties for its faithful performance. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, taken before a judge of any court of record in this county, that each is a householder or freeholder in the City of New York, and is worth the amount of the security required for the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith; the adequacy and sufficiency of the sureties offered to be approved by the Comptroller of the City of New York after the award is made, and prior to the signing of the contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief. No proposal will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment for the material, can be obtained at the office of the Department, Room No. 6.

JURORS.

**NOTICE
IN RELATION TO JURORS FOR STATE COURTS.**

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, June 1, 1875.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving, who have become exempt, and all needed information will be given.

Those who have been exempted to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered, in person, if possible, and at this office only under severe penalties. If exempt, the party must bring proof of exemption: if liable, he must also answer in person, giving full and correct name, residence, etc. No attention paid to letters.

When possible and legal, serving jurors will be allowed to select a convenient season—if application be made in time.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.

The Commissioner will receive applications for relief from those jurors who have served continuously and promptly for several years, or have done excessive jury service in the State Courts.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted. No fees of any kind exist or are all-wed in regard to jury notices, and any one asking, receiving, or giving any such "fee" or "present" will be arrested, and, if possible, punished to the full extent of the law.
