MOTIONS AND RESOLUTIONS.

By Alderman Reilly—

Whereas, The Legislature of 1878 passed the following act :

CHAPTER 380.

AN ACT relating to the public place or square known as Washington park, in the city of New York.
Passed June 1, 1878 ; three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows :
Section 1. The public park or place, or square in the city of New York, known as Washington square or Washington parade ground, shall (except as hereinafter provided) be used in perpetuity as one of the public parks, or squares, or places of said city, and shall be kept by the department of public parks in proper order, ornamented and protected, for the public use as a public park, and for no other use or purpose whatsoever.

Sec. 2. The street or roadway through said park, running from Fifth avenue on the north to South Fifth avenue on the southeast, shall be continued in use as one of the public streets of said city under the charge of the department of public works.

Sec. 3. This act shall take effect immediately.

Resolved, That the Commissioners of the Department of Public Parks be and they are hereby directed to inform this Board at its next meeting whether they have given any authority to the New York Elevated Railroad to occupy any portion of the Battery Park other than that granted in the year 1876.

The President put the question whether the Board would agree with said resolution.
Which was decided in the affirmative.

Alderman Slevin presented the following opinion of the Counsel to the Corporation, on the question of the right of the clerks of the several markets to give permits for stands to occupy the streets, etc., within three hundred yards of the markets ; also the accompanying ordinance :

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, September 27, 1878.

J. M. VARIAN, Esq., Superintendent of Markets :

DEAR SIR—You some time since requested my advice upon the following statement of facts :

Various persons are in the habit of selling and exposing for sale meat and other articles upon stoops and other structures in front of buildings standing in streets adjoining the public markets, without paying market fees or rents to the city. Such persons come into competition with dealers who hire stands in the markets, and pay rent therefor, and a considerable portion of the business which could otherwise be done by such dealers is thus drawn away from the markets. So much injury has been done in this way to the trade of persons having stands in the markets, that they have complained to the Comptroller, and have applied for a reduction of their rents. Under these circumstances, you desire to be advised whether the clerks of markets have authority, under the ordinances of the Common Council, to remove stands and merchandise placed upon stoops and other structures in front of buildings in streets near the markets.

Section 8 of article 2 of chapter 35 of the Revised Ordinances of 1859 makes it the duty of the clerks of markets to set apart certain portions of the street at or near such markets for the purpose of exposing for sale and selling garden produce ; and the same section declares that no person shall expose for sale or sell any garden produce, or other thing whatsoever, in any street at or near said markets, other than the places so set apart. Section 9 makes it the duty of said clerks to give directions respecting the arrangement or removal of any article in the market, or streets adjoining thereto. Section 10 provides that in case of refusal or neglect to obey the directions of the said clerks, or either of them, it shall be the duty of the clerk to forthwith remove, or cause such article to be removed, to such place as he shall have previously directed, or to such other place as he shall think proper, from such market or street adjoining thereto. Section 11 provides that if such article shall be replaced after having been removed, and shall remain in or incumber or obstruct such market or street adjoining thereto, it shall be the duty of the clerk of such market to order and cause the same to be removed into the yard of the Superintendent of Repairs to Public Buildings, or other suitable place within the city. And sections 56 and 57 of the same chapter contain provisions for the sale and final disposition of articles that may be so removed to the Corporation Yard.

As a matter of law, a street includes every portion of the space or ground which has been legally set apart or taken therefor. If, therefore, the word "street" is used in the ordinance above referred to in its legal sense, it would include the ground or space upon which stoops and other structures are placed in front of buildings, and the clerks of markets would be authorized to remove any meats or merchandise or stands therefrom. I presume, however, that the persons who are in the habit of selling meat and other articles from stoops in front of buildings have so great a pecuniary interest in the matter that they would resist any attempt on the part of the clerks of markets to remove such articles, and would perhaps take the matter into the courts. In such case it might be held that the word "street," as used in said ordinances, does not include stoops and other structures placed in front of buildings, but refers to the carriageway and sidewalks only. Under these circumstances, it seems to me that it would be advisable to request the Common Council to pass an ordinance which will relieve the matter from all doubt, and I have accordingly prepared, and herewith transmit, an ordinance which, if adopted, will enable the clerks of markets to remove any merchandise that may be exposed for sale on stoops and other structures in front of buildings which stand in streets near the markets.

I am, sir, yours respectfully,
W. C. WHITNEY, Counsel to the Corporation.

AN ORDINANCE to explain and amend chapter 35 of the Revised Ordinances of 1859.

The word street or streets, whenever used in chapter 35 of the Revised Ordinances of the Mayor, Aldermen, and Commonalty of the City of New York, passed June 20, 1859, shall be deemed to include not only the carriageway and sidewalk, but every portion thereof, as established by law or ordinance, and also every porch, stoop, step, platform, stand, case, balustrade, post, rail, stairway, and every other structure, and every area, cellarway, and space, standing, placed, or being in or upon any portion of the ground which forms any such street or streets, as so established.

By Alderman Perley—

Whereas, The recent discovery of a defalcation or misappropriation of some of the funds of the Department of Docks by one of its employees suggests the inquiry : "Has the affairs of this Department ever been examined by the Commissioners of Accounts ?" and, as the first misappropriation of the moneys of the Department, although quite recently, and accidentally discovered, dates back to May 2, 1877, as appears by the evidence of one of its officers, either the officers of the Department or the Commissioners of Accounts have, seemingly, been remiss in their duties ; be it therefore

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or intercession permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment.

Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt. Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.
