COMMISSIONERS OF THE SINKING FUND.

Abstract of the Proceedings of the Commissioners of the Sinking Fund at the meeting held April 23, 1880.

Present—Hon. Edward Cooper, Mayor (Chairman); Hon. John Kelly, Comptroller; J. Nelson Tappan, Esq., Chamberlain; and Patrick Keenan, Esq., Chairman Finance Committee Board of Aldermen.

The minutes of the last meeting were read and approved.

The Comptroller submitted the following preamble and resolutions, which, on motion, were laid over to the next meeting:

Whereas, It is believed that certain portions of the water front of the city, as well as piers and other wharf structures, are now held and claimed as private property, the title to which is actually vested in the corporation of the City of New York; and

Whereas, It would appear to be the duty of the Commissioners of the Sinking Fund to exercise a careful supervision of such property of the corporation as is pledged for the redemption of the city debt, in order that the revenue which may be derived therefrom shall accrue to the benefit of the corporation; be it further

Resolved, That the Commissioners of Docks be and they are hereby respectfully requested to hereafter withhold permission from private parties for the rebuilding, repairing or erection of any pier, wharf or bulkhead upon the water-front of the city, until such evidence shall be submitted to that Department as will clearly demonstrate that the title to the property, sought to be improved, is not vested in the corporation; and be it further

Resolved, That in all cases where application is made to the said Department of Docks by private parties for permission to improve or fill in lands under water belonging to the corporation, the said Commissioners of Docks shall, in granting such permission, charge such a rental for the use of said lands under water as shall at least be equal to the amount which could be obtained for the use annually of a similar extent of the adjacent uplands.

A communication was received from the Commissioner of Public Works in relation "to the unsafe condition of that part of Fulton Market on the corner of South and Beekman streets"; which was referred to the Comptroller.

The subject of leasing Fulton Market premises for market purposes was called up for action, and, on motion of the Comptroller, laid over for consideration to Tuesday next, the 27th inst., when a final hearing will be given to the parties interested.

The following communication, in response to a letter of the Comptroller, dated March 25, 1880, in relation to the matter of the will of Charles Miller Case, was received and ordered printed in the minutes, viz.:

47 GRESHAM HOUSE,
LONDON, E. C., April 9, 1880.

Re C. M. Case, deceased.

SIR—Our clients, Messrs. Brown, Shipley & Co., have forwarded to us a letter dated March 25, 1880, addressed to ourselves by you, in which you enclose a memorandum dated March 24, 1880, from the Finance Department, Comptroller's Office of the City of New York, stating that it had been "Resolved, That the Comptroller be authorized to appoint a solicitor in the City of London, England, to represent in the proper court in that city, the Treasurer for the time being of the public funds of the City of New York, in the matter of the will of Charles Miller Case."

You ask us to inform you at our early convenience, whether we accept that appointment subject to the condition, "that no liability whatever therefor shall be incurred by the Commissioners of the Sinking Fund, nor the Mayor, Aldermen, and Commonalty of the City of New York." We beg in reply to state that though it is not our practice to do professional business gratis, yet as this matter has been one causing no little trouble to our worthy clients, Messrs. Brown, Shipley and Company, and as it cannot be disposed of unless the Treasurer of the City of New York is represented before the Chief Clerk, we have at their request consented to represent the Treasurer without fee, unless the result of the said suit should be to put the city in funds out of which our costs would be paid.

You request us also to inform you what is the prospective value of the interest of the City of New York under the will, and when the matter is likely to be brought to a close.

In reply we beg to state that the whole fund in dispute may amount to some £2,000, and the question to be decided is, whether the testator's daughter, Miss Charlotte Louise Case, is in the terms of the testator's will the residuary legatee or whether she has only a life interest in the property, in which case the City of New York will become on her decease entitled to the fund. The matter should be disposed of at no distant date.

We are, sir, your obedient servants,
PAINES & Co.

JOHN KELLY, Esq.,
Finance Department, Comptroller's Office,
New York, U. S. A.

The plan submitted by the Commissioners of Docks for the improvement of the water front on the North river, from Sixty-fifth to Seventy-second streets, laid on the table at the last meeting, was taken up for consideration.

After a discussion of the subject, in which Messrs. Vanderpoel and Dimock on behalf of the Department of Docks and Chauncey M. Depew, Esq., on behalf of the New York Central and Hudson River Railroad Company, participated, the subject was, on motion, laid over to Tuesday next, 27th inst., in order to have corrected maps of the said plan prepared.

The Comptroller submitted the following resolution, which, on motion, was adopted, viz.:

Resolved, That the Dock Commissioners be requested to communicate with the New York Central and Hudson River Railroad Company, in relation to a modification of the lease of the land lying under water between Sixtieth and Sixty-fifth streets, North river, for the purpose of readjusting the rental of the same, and after having had an interview with said railroad company, that they present all the facts in the case to the Commissioners of the Sinking Fund at the meeting to be held on Tuesday, the 27th instant.

Adjourned to Tuesday, 27th instant, at 2 o'clock P. M.

W. H. DIKEMAN, Secretary.

The time allowed for the completion of the work (except about 100 feet of the shore end of the pier) which will not be constructed until the bulkhead wall in the rear is erected, and is to be completed within 30 days after notice, to be given by the Department, that work on the said 100 feet may be commenced and proceeded with) is five months from the date of an order to be given by the Engineer-in-Chief to commence the work, or within as many days after the five months have expired as the premises may have been occupied, after the date of said order, by the Department of Docks in dredging for the pier; and the damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled, after the time fixed for fulfillment has expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed and liquidated at fifty dollars per day, in each case.

All the old material taken from said Pier, old 31, and the sheds and buildings thereon, to be removed under this contract, will be relinquished to the contractor, and bidders must estimate the value of such material when considering the price for which they will do the work under the contract.

Bidders will state in their proposals the price for the whole of the work to be done in conformity with the annexed specifications, by which the bids will be tested. This price is to cover the expenses of furnishing all the necessary materials and labor and the performance of all the work set forth in the annexed agreement.

Bidders will write out the amount of their estimate for doing this work, in addition to inserting the same in figures. Should the lowest bidder or bidders neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or proposal, or if, after acceptance, he or they should refuse or neglect to execute the contract and give the proper security for forty-eight hours after notice that the same is ready for execution, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their proposals their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the proposal shall distinctly state the fact; also that the bid is made without any connection with any other person making any estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work which it relates, or in any portion of the profits thereof; which proposals must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each proposal shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation any difference between the sum to which said person or persons would be entitled on its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by section 6 of chapter 574, Laws of 1871, and by section 27 of chapter VIII. of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief. No proposal will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the proposals is reserved, if deemed for the interest of the Corporation. The form of the agreement, including specifications, and showing the manner of payment for the work, is annexed.

Bidders are requested, in making their bids, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department. HENRY F. DIMOCK, JACOB VANDERPOEL, Commissioners of the Department of Docks.
