DEPARTMENT OF DOCKS.

At a special meeting of the Board of Docks, held November 2, 1882.

Present—The full Board and Henry J. Storrs, representing the Comptroller of the city.

The Board proceeded to open the estimates received for work to be done under the several contracts, for which bids were advertised for, to be opened this day at 12 o'clock, M., as follows:

Six estimates were received for repairing the pier and bulkhead at Fifth street, East river, to wit:

No. 1. From Joseph Walsh, with certified check for \$250.00	\$15,000 00
No. 2. From John Gillies, with \$250.00 in money	14,706 00
No. 3. From Moses Engle, "	16,495 00
No. 4. From Jacob S. Van Ness, "	20,382 00
No. 5. From James D. Leary, "	5,990 00
No. 6. From Warren Roosevelt, with certified check for \$250.00	19,240 00

Five estimates were received for repairing the bulkhead at Seventeenth street, East river, to wit:

No. 1. From Joseph Walsh, with \$50 certified check	\$7,000 00
No. 2. From John Gillies, with \$50.00 in money	8,805 00
No. 3. From Moses Engle, "	5,975 00
No. 4. From Jacob S. Van Ness, "	5,980 00
No. 5. From James D. Leary, "	15,990 00

One estimate was received for dredging, at foot of Twenty-fourth street, East river, (Class 1), and at the dumping grounds, at Pier 61, East river, at the foot of Seventeenth street, and Twenty-second street, East river, and at Forty-seventh street, North river, (Class 2), to wit:

	Class 1.	Class 2.
	Per cubic yard.	Per cubic yard.
No. 1. From Union Dredging Co., with certified check for \$250.00	27 cents.	30 cents.

On motion, the bids received, were laid over for examination, and the Secretary directed to transmit to the Comptroller the security deposits made by the respective bidders and accompanying their respective estimates.

The Board then proceeded to the consideration of unfinished business.  
The communication from the Compagnie Generale Transatlantique in reference to repairs required to Pier, new 42, North river, and the report from the Engineer-in-Chief on Secretary's Order No. 2703 in respect thereto, were,

On motion, taken from the table and ordered on file, and the following preamble and resolutions offered by Commissioner Voorhis were unanimously adopted:

Whereas, It appears by the report of the Engineer-in-Chief on Secretary's order No. 2703, that Pier, new 42, North river, requires repairs to be made to the upper as well as the under structure thereof; and

Whereas, The said pier is now leased to the Compagnie Generale Transatlantique for the term of ten years from November 1, 1876, and by the terms of said lease the said lessees are obligated to keep in repair all other portions of the said pier, save and excepting the under structure thereof; therefore

Resolved, That the Compagnie Generale Transatlantique, the lessees, be and hereby are notified and directed to make the necessary repairs to the upper structure of Pier, new 42, North river, as reported by the Engineer in-Chief, and under his supervision and direction, within thirty days after notice hereof, or in default of thereof this Department will repair the same and charge the cost thereof to them, in accordance with the terms of said lease; and further

Resolved, That the Engineer-in-Chief be and hereby is directed to prepare specifications and form of contract for repairing the under structure of Pier, new 42, North river, in accordance with his report.

A communication from John F. Doyle, in reference to the condition of the pavement at Pier 15, East river, was received, read, and

Ordered on file, action having been previously taken to have the same repaired jointly with Mr. Doyle.

The report from the Engineer-in-Chief on Secretary's order, No. 2749, in reference to the pier at Thirty-eighth street, North river, was,

On motion, taken from the table, and the Secretary directed to send to the Board of Health and obtain a copy of the contract for the removal of offal, dead animals, etc.

A report was received from the Engineer-in-Chief, in reference to repairs required to the bulkhead east of Pier 49, East river, and that the repairs now being made thereto by the Dry Dock Co. were very temporary and insufficient to make the bulkhead safe; which, being read, was,

On motion, placed on file, and the Secretary directed to notify Mr. Briggs to make the necessary repairs thereto within five days, under the supervision of the Engineer-in-Chief, or this Department will do the work at their cost and expense.

Mr. Abram Wakeman appeared before the Board on behalf of John MacArthur, and was heard in reference to the bulkhead south of Seventy-fourth street, East river, requesting an extension of time to have the same removed. The Board having already directed the Engineer-in-Chief to prepare specifications for removing the same, no further action was taken.

Mr. Dubois appeared before the Board, on behalf of Charles M. Pratt, and was heard in reference to the matter of depositing the material removed from the sunken canal boat between Piers, new 37 and 38, North river, reported as having been done unlawfully. The Board decided to adjourn the hearing in the matter to Monday, 6th instant, at one o'clock P. M., when all parties concerned could be heard.

On motion, the Secretary was directed to notify Mr. Thomas J. Crombie that the Board had concluded to stop using North Carolina yellow pine in the construction or repairs of wharf property under their charge.

The pay-rolls for the half month ending October 31st instant, of the general repair and construction force, amounting in the aggregate to the sum of \$6,762.11, were,

On motion, approved and audited, and the Secretary was directed to forward the said pay-rolls, together with proper requisitions for the amount, to the Finance Department for payment.

On motion, the Board adjourned.

J. T. CUMING, Secretary.

At a special meeting of the Board of Docks, held November 6, 1882.

Present—The full Board.

A communication from the Comptroller of the city approving of the sureties on the estimates respectively made by the Union Dredging Co. for dredging at Twenty-fourth street, East river, and at various dumping boards, and by Moses Engle, for repaving the bulkhead at Seventeenth street, East river, was received, read, and,

On motion, placed on file, and the bids received and publicly opened, on the 2d instant, for doing the said work were taken from the table and ordered on file, and the following resolutions offered by the President in relation thereto, were unanimously adopted:

Resolved, That the contract for dredging at the foot of East Twenty-fourth street, East river, and at the dumping boards on Pier 61, East river, and at the foot of East Seventeenth street, and at Twenty-second street, East river, and West Forty-seventh street, North river, be and is hereby awarded to the Union Dredging Company, their bid for doing said work being the lowest under estimates publicly opened the 2d instant, and the Comptroller having approved of the sureties thereto the 4th instant.

Resolved, That the contract for repairing the bulkhead at the Department Yard at the foot of Seventeenth street, East river, be and is hereby awarded to Moses Engle, his bid for doing said work being the lowest under estimates publicly opened the 2d instant, and the Comptroller having approved of the sureties thereto the 4th instant.

The Board then proceeded to investigate the reported unlawful deposit of a portion of the material removed from the slip between Piers, new 37 and new 38, North river, by Charles M. Pratt, under his agreement for the removal of a sunken canal boat and the material therein contained.

Captain Bloodgood stated that he was the captain of the tug "John T. Pratt;" that he did not now remember the date when the accident to the tug took place, but knew all the circumstances; that he left the slip at quarter to 4 o'clock, with one scow, No. 4, in tow; when the tug was about off the Iron Pier the accident occurred to the machinery; about fifteen minutes afterwards the scow was dumped, by order of the Inspector, who went on board of the scow; laid about two miles southeast by south from the Iron Pier; it was dark at the time; could not see the buoy; the white buoy is about three miles beyond the pier; two to three miles northeast of the pier; heard the Inspector give the order to dump; had a little steam left in the boiler, and worked up to Coney Island point; never knew of the late law passed by Congress as to depositing dredged material; the tug was making six miles an hour when the accident happened, and continued moving until the scow was dumped, about fifteen minutes later.

Charles Darrow stated that he was the fireman on the tug; that the scow was dumped about two miles off the Iron Pier; could not see the buoy, but could see the Iron Pier indistinctly; the scow was alongside the tug, and the man on the scow directed the scow to be dumped; the Inspector always told when to dump; he said, "dump her!" the order was given about fifteen minutes after the accident.

Thomas Howard stated that he was on board the scow; the Inspector gave orders to dump the scow; the Inspector from the Dock Department always ordered the dumping of the dredged material carried for that Department. The captain of the tug, after the accident, asked the Inspector "what he should do," and I heard the Inspector say to the captain "to dump the scow," the dump was made about a mile and a half inside the usual dumping ground.

Maurice Meagher, the Inspector, stated that the tugboat broke down opposite the Iron Pier on September 15, after 6.25 o'clock. The captain asked me what he should do, the boat being disabled; the boat laid there, could not move; the dump was made by the man on the scow; I did not order the dump to be made; it was made about one and a half, or one and three quarter miles off the pier; I have never given any orders for dumping dredged material; I do not know what quantity of material was on board of the scow, there was one end pocket partly full.

The Board, after consideration of the matter, decided that the material was not deposited in accordance with law, and that the Department would not be authorized in auditing the claim of Mr. Charles M. Pratt for that portion unlawfully deposited, and,

On motion, the Engineer-in-Chief was directed to examine and report as to the quantity of material removed from the sunken canal boat and deposited at Constable Hook.

On motion, the Board adjourned.

JOHN T. CUMING, Secretary.

ASSESSMENT COMMISSION.

No. 27 CHAMBERS STREET,  
TUESDAY, November 14, 1882—2.30 o'clock P. M. }

The Commission created by chapter 550 of the Laws of 1880, to revise, vacate, or modify assessments for local improvements in the City of New York, met pursuant to adjournment.

Present—All the members, viz.:  
Commissioners Edward Cooper (Chairman), John Kelly, Allan Campbell, George H. Andrews, and Daniel Lord, Jr.

The Clerk presented copies of the CITY RECORD and "Daily Register" of November 13 and 14, 1882, showing due publication of notices of the meeting.

The minutes of the meetings held on October 24 and 31, and November 3, 1882, were read and approved.

On motion of Commissioner Lord, the reading of the minutes of November 10, 1882, was dispensed with.

The Clerk reported that under the decision made on September 26, 1882, he had filed in the Finance Department, on November 13, 1882, a certificate reducing the assessment for One Hundred and Sixteenth street regulating, grading, etc., from Seventh to Eighth avenue, on property belonging to Catharine J. Anderson (No. 1641.)

On motion of Commissioner Andrews, the Commissioners proceeded to consider the Matter of John Brower, assessment for Boulevard regulating and grading, etc., and superstructure, from Fifty-ninth to One Hundred and Fifty-fifth street, confirmed December 29, 1876.

Commissioner Campbell moved that the fair price of earth excavation on the Boulevard improvement be fixed at sixty cents per cubic yard.

The motion was lost by the following vote, viz.:  
Affirmative—Commissioners Kelly and Campbell—2.  
Negative—Commissioners Cooper, Andrews, and Lord—3.

Commissioner Campbell moved that the fair price of rock excavation on the Boulevard improvement be fixed at \$2.10 per cubic yard.

The motion was lost by the following vote, viz.:  
Affirmative—Commissioners Kelly and Campbell—2.  
Negative—Commissioner Cooper, Andrews, and Lord—3.

Commissioner Campbell moved that the fair price of filling on the Boulevard improvement be fixed at \$1.00 per cubic yard.

The motion was lost by the following vote, viz.:  
Affirmative—Commissioners Kelly and Campbell—2.  
Negative—Commissioners Cooper, Andrews, and Lord—3.

Commissioner Campbell moved that the fair price of setting curb on the Boulevard improvement be fixed at \$1.20 per lineal foot.

The motion was lost by the following vote, viz.:  
Affirmative—Commissioners Kelly and Campbell—2.  
Negative—Commissioners Cooper, Andrews, and Lord—3.

Commissioner Campbell moved that the fair price of flagging on the Boulevard improvement be fixed at 32 cents per square foot.

The motion was unanimously adopted.

Commissioner Campbell moved that the fair price for relaying flagging on the Boulevard improvement be fixed at 8½ cents per square foot.

The motion was lost by the following vote, viz.:  
Affirmative—Commissioners Kelly and Campbell—2.  
Negative—Commissioners Cooper, Andrews, and Lord—3.

Commissioner Campbell moved that the fair price of building culverts on the Boulevard improvement be fixed at \$5 per lineal foot.

The motion was unanimously adopted.

Commissioner Cooper presented the following resolution, viz.:  
Resolved, That in the opinion of the Commission the fair cost of the work done on the Boulevard improvement, if performed by contract, would have been as follows:

Earth excavation .....	\$0 50 per cubic yard.
Rock excavation .....	1 85 "
Filling .....	85 "
Setting curb .....	1 00 per lineal foot.
Flagging .....	32 per square foot.
" relaid .....	07 "
Culvert .....	5 00 per lineal foot.

Which was adopted by the following vote, viz.:  
Affirmative—Commissioners Cooper, Kelly, Campbell, Andrews, and Lord—5.

Commissioner Cooper presented the following resolution, viz.:  
Resolved, That in the opinion of the Commission, the words in the Act, section 3, chapter 550, Laws of 1880, viz.: "the fair value of the work done," mean the fair value of the completed work, and that, therefore, the Commission in determining the fair value of the work done, in the sense of the law, are to regard the value of the work when completed, irrespective of the method in which it was done, whether by days' work or by contract.

Commissioner Campbell moved to amend the resolution, by striking out all after the words "completed work," and to add in lieu thereof the words, "considering the method in which the work was done, by days' work, as authorized by law, no allegation of fraud being made, and only such fair allowance should be made, over contract prices, as is due to the extra cost of days' work, eight hours per day for labor being the number authorized by law."

The amendment was lost by the following vote, viz.:  
Affirmative—Commissioners Kelly and Campbell—2.  
Negative—Commissioners Cooper, Andrews, and Lord—3.

Commissioner Andrews moved to amend the resolution offered by Commissioner Cooper, by adding the following words: "as it is very clear that the value of the work to the property owners is in no way enhanced by the method pursued in carrying on that work, or whether the hours of labor were eight or ten."

Which amendment was lost by the following vote, viz.:  
Affirmative—Commissioners Andrews and Lord—2.  
Negative—Commissioners Cooper, Kelly, and Campbell—3.

(In explanation of his vote, Commissioner Cooper said, that he voted "no" for the reason that, while he thinks the statement contained in the amendment is true, he does not think that it has any pertinence to the question of the construction of the statute.)

The question being taken on the resolution offered by Commissioner Cooper, it was adopted by the following vote, viz.:  
Affirmative—Commissioners Cooper, Kelly, Andrews, and Lord—4.  
Negative—Commissioner Campbell—1.

(Commissioner Campbell, in explanation of his vote, said, that his reasons for voting in the negative are given in his proposed amendment, which was not adopted.)

(Commissioner Kelly, in explanation of his vote, said, "I voted for the amendment offered by Commissioner Campbell, believing it to be the most proper way of arriving at the facts; the Commission having voted otherwise I am willing now to vote for Commissioner Cooper's resolution.")

Commissioner Cooper presented the following resolution, viz.:  
Resolved, That in the opinion of the Commission the fair cost of the work of paving the Boulevard, if done by contract, would have been \$3.65 per square yard.

Which was unanimously adopted.

Commissioner Cooper presented the following resolution, viz.:  
Resolved, That in the opinion of the Commission no reason appears for modifying the quantities of work done, or the charge for surveyor's fees included in the assessment list for the Boulevard improvement.

Which was unanimously adopted.

Commissioner Campbell moved to reconsider the vote taken on October 24, 1882, by which the following resolution, offered by Commissioner Andrews, was adopted, viz.:  
Resolved, That the Legislature clearly manifested its purpose, "that not exceeding one-half" of the expense of this improvement (section 8, chapter 565, Laws 1865), should be charged upon the owners of property on and near the line. Satisfactory evidence has been submitted that the expense of the work was grossly extravagant and largely exceeded what would have been a fair cost thereof, and we believe that substantial injustice has been done the petitioner to the extent that the assessment exceeded that proportion, to wit, one-half the fair cost of the work, which proportion the Legislature enacted should be the limit of his liability to assessment.

The motion to reconsider was unanimously adopted.

(Commissioner Andrews stated that he voted to reconsider as a matter of courtesy to enable Commissioner Campbell to get a vote on a resolution he proposed to offer.)  
(Commissioners Kelly and Lord unite in this explanation of their vote to reconsider.)

Commissioner Campbell then presented the following resolution, viz.:  
Resolved, That the measure of relief to be awarded to the petitioner John Brower, in the matter of assessment for Boulevard regulating, grading, and superstructure, from Fifty-ninth to One Hundred and Fifty-fifth streets, shall be ascertained by calculating the fair cost of improving a street or avenue one hundred feet in width, and that the assessment imposed shall be reduced by such amount

as it shall exceed such ascertained cost, as substantial justice will thus be arrived at; provided, however, that the computed cost of improving a street or avenue one hundred feet wide shall not exceed one-half the actual cost of the work.

Which was lost by the following vote, viz.:

Affirmative—Commissioner Campbell—1.

Negative—Commissioners Cooper, Kelly, Andrews, and Lord—4.

Commissioner Kelly moved the adoption of Commissioner Andrews' resolution, previously reconsidered.

Commissioner Cooper moved that the resolution lay over until the next meeting.

The motion was lost.

The question was then taken on the resolution offered by Commissioner Andrews, and it was adopted by the following vote, viz.:

Affirmative—Commissioners Kelly, Campbell, Andrews, and Lord—4.

Negative—Commissioner Cooper—1.

(Commissioner Cooper, in explanation of his vote, stated, that he voted "no" "because I think under the strict construction of the law the Legislature has limited the liability of the property owner to one-half of the fair cost, and that this Commission cannot therefore determine the relief to which he is entitled upon its opinion of what would be substantial justice in the case.")

(Commissioner Campbell, in explanation of his vote, stated that he voted "aye" upon his views of the proper construction of the words "fair value of the work done," as they occur in the law, and for the reasons expressed in his previous resolutions and amendments.)

Commissioner Lord presented the following resolution, viz.:

Resolved, That in the matter of the application of John Brower, for a vacation or reduction of the assessment for Boulevard regulating, grading, etc., and superstructure, from Fifty-ninth to One Hundred and Fifty-fifth street, confirmed December 29, 1876, the assessment for said work imposed upon the property benefited, amounting to \$1,244,299.28, is upon the evidence presented reduced to \$807,764.76, being a reduction of thirty-five per cent. of the assessment.

The question being taken, the resolution was adopted by the following vote, viz.:

Affirmative—Commissioners Cooper, Kelly, Andrews, and Lord—4.

Negative—Commissioner Campbell—1.

Commissioner Kelly presented the following resolution, viz.:

Resolved, That the decisions rendered by the Commissioners on May 10 and 24, 1881, and on September 15, 1882, vacating assessments for underground drains; reducing the assessment for Denman place regulating and grading, from Union to Concord avenue; and assessment for One Hundred and Thirty-first street regulating, grading, etc., from Tenth avenue to the Boulevard, be made the decisions of the Commissioners in the following similar cases, in which petitions have been filed, as required by chapter 550, Laws of 1880, and chapter 239, Laws of 1882, and where title to the property has been proven by the petitioners, viz.:

" 3567. Henry Tone....." 923 06 to 830 76

" 3568. Thomas Brady....." 238 38 to 214 54

The question being taken, the resolution was adopted by the following vote, viz.:

Affirmative—Commissioners Cooper, Kelly, Campbell, Andrews, and Lord—5.

Commissioner Kelly presented the following resolution, viz.:

Resolved, That the decision rendered by the Commissioners on February 9, 1882, reducing the assessment for Sixth avenue macadamizing, from One Hundred and Tenth street to Harlem river, confirmed December 10, 1874, be made the decisions of the Commissioners in the following similar cases, in which petitions have been filed, as required by chapter 550, Laws of 1880, and chapter 239, Laws of 1882, and where title to the property has been proven by the petitioners, viz.:

No. 1649. Emanuel Hoffman.....reduced from \$3,002 54 to \$1,807 53

" 3562. Theodore F. Tone....." 20 76 to 12 50

The question being taken, the resolution was adopted by the following vote, viz.:

Affirmative—Commissioners Kelly, Campbell, Andrews, and Lord—4.

Negative—Commissioner Cooper.

Commissioner Kelly presented the following resolution, viz.:

Resolved, That pursuant to the provisions of section 10, chapter 550, Laws of 1880, and under the decisions rendered by the Commissioners in the matter of Sherwood, on September 15, 1881, and February 9, 1882, the following amounts are hereby awarded and adjudged to the following persons who had paid, prior to June 9, 1880, the assessments on their property for the following improvements, the said persons having complied with the rules established by the Commission in such cases, viz.:

or any part thereof, will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9.30 o'clock A. M., of Friday, November 24, 1882. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Dry Goods etc.," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the head of said Department and read.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids. Delivery will be required to be made from time to time, at such times and in such quantities as may be directed by the said Department.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimates, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder will be returned to the persons making the same within three days after the contract

is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same respectively, at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the prices for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

Dated New York, November 11, 1882.
