The Common Council of the City of New York extend to the officers and sailors of the "Isere" a cordial welcome on their arrival at this port.

Among the stirring and unique instances of modern times, the rare illustration of national goodwill afforded by the French Republic will stand out as typical of the spirit of brotherhood, of a love of liberty, of reciprocal respect for grand national characteristics creditable to both nations, a beacon in this century of progress and enlightenment.

As participants in this act of international comity, the officers of the "Isere" and the representatives of the City of New York meet on common ground dedicated to peace and civilization.

We appreciate the kindly motives which prompted this gift from the people of France, and shall ever cherish it as a noble monument of fraternal regard.

AQUEDUCT COMMISSION.

Minutes of Stated Meeting of the Aqueduct Commissioners, held at their office, No. 209 Stewart Building, Wednesday, June 10, 1885, at 3 o'clock P. M.

Commissioners present—The Mayor, the Comptroller, Commissioner of Public Works, Commissioners James C. Spencer, William Dowd, and C. C. Baldwin.

Also, Acting Chief Engineer Fteley; Consulting Engineer Davis.

And Chief Engineer Birdsall and Consulting Engineer Adams of the Department of Public Works.

The minutes of the stated meeting of June 3 were read and approved.

The Committee on Finance and Audit reported the examination and audit of the fifth monthly estimates of work done by contractors, included in vouchers Nos. 800 to 809, and of the bills included in vouchers Nos. 810 to 820; all of which were approved by the Board and ordered certified to the Comptroller for payment.

The Committee on Construction made report, dated the 8th instant, with recommendations, as follows:

1st. The Committee submitted requests from the Chief Engineer for authority to purchase the necessary furniture for the auxiliary offices of the Engineers of the Second, Third and Fifth Divisions, at a cost not to exceed \$108; and for the purchase of 8,000 copies of standard diagrams, for recording the cross-section measurements in the aqueduct tunnel, at a cost not to exceed \$275; with recommendations that both requests be granted; which recommendations were approved by the Commissioners, and authority given the Chief Engineer to make the purchases within the limits of cost named.

2d. The Committee reported that having been informed by the Chief Engineer that two Inspectors of Masonry were now required on some portions of the Aqueduct work, and applications in due form having been received from Philanzo Edick and George B. Burbank, who appear to be qualified for the work, the Committee had directed the Chief Engineer to examine said applicants as required by the rules, and to report upon them to the Board at this meeting.

3d. The Committee reported that they had made further investigation of the matter of an allowance to Division Engineer Wolbrecht of keep for his horse whilst necessarily in use by him upon the work of the Commission; and that they saw no reason to recall their recommendation of May 20th, that such allowance be made; and, therefore, adhered to the said recommendation.

Commissioner Baldwin moved that the recommendation of the Committee be approved by the Commissioners; which motion was seconded by Commissioner Spencer.

Commissioner Dowd moved to amend by requiring that such allowance be made only when the horse is kept in the stables of the Commission. This motion was not seconded.

The motion of Commissioner Baldwin was then adopted by a majority vote, Commissioner Dowd voting in the negative.

The Committee on Construction next submitted a communication from Acting Chief Engineer Fteley, of this date, describing the lands necessary to be taken in fee, and for the easement rights required, for the construction of the New Aqueduct on Manhattan Island, as follows:

1st. A width of 100 feet, to be taken in fee, from Tenth avenue to Harlem river; also a certain amount of land, as proposed by the Commissioner of Public Works, to the United States bulkhead line.

2d. Four lots, 25 feet by 100 feet, or thereabouts, to be taken in fee, at the southeast corner of Tenth avenue and One Hundred and Sixty-sixth street, for the working plant of Shaft No. 28.

3d. Four lots, 25 feet by 100 feet, or thereabouts, to be taken in fee, at the southeast corner of Tenth avenue and One Hundred and Fifty-seventh street, for the working of Shaft No. 29.

4th. A width of 50 feet, to be procured as a permanent easement on the reverse curve from Tenth avenue to Convent avenue, and vicinity of said curve.

5th. I understand from the Secretary that sufficient ground can be obtained from the adjoining owners for the working of Shaft No. 27.

6th. I understand also, from the Chief Engineer of the Department of Public Works, that for the working of Shafts Nos. 30, 31 and 32, the adjoining streets can be opened, thus giving sufficient room for the operations of the contractors without taking any land from private parties.

In relation to which the Committee recommended that the Commissioner of Public Works be requested to include on the property maps the lands described in the first four clauses of the above report as necessary to be taken in fee, or for easement in perpetuity; and that in regard to the lands required for Shafts Nos. 30, 31 and 32, the Committee on Construction be directed to ascertain whether the streets upon which those shafts would be located can be opened and placed at the disposal of the Commission within the required time, and if so, to give the necessary directions with regard thereto for the preparation of the said property maps.

These recommendations were approved by the Commissioners, and notice thereof directed to be given to the Commissioner of Public Works.

A communication was received from the Commissioner of Public Works, dated June 10, 1885, submitting forms of contract, specifications and bonds, for building the new gate-house and section 1 of the New Croton Aqueduct, at Croton Dam; subject to an additional clause necessary to fully protect the present aqueduct and its appurtenances, while the new work is under construction.

On motion of the Commissioner of Public Works, the above forms were referred to a Special Committee, composed of the members of the Committee on Construction and Commissioner Dowd, for consideration, and report thereon to the Commissioners at as early a day as practicable; and the

Secretary was directed to have copies of said forms prepared immediately for the use of said Committee.

The Comptroller gave notice, under date of June 6th, of the issue of a warrant for voucher not certified by the Aqueduct Commissioners, and appertaining to the work of the Commissioners of Appraisal for New York County; amounting to \$59.19; which communication was ordered placed upon file, and entered upon the books of this Commission.

The Secretary submitted an abstract of Balance of Accounts ending May 31, 1885, as shown by the books of the Commission; which, on motion of the Comptroller, was referred to the Committee of Finance and Audit for consideration and such report as they may deem necessary.

Acting Chief Engineer Fteley presented a communication dated this day, with an estimate of the probable cost, and time of completion of the new gate-house, and its appurtenances at Croton Dam; which, on motion of Commissioner Spencer, was referred to the Special Committee to which was referred the forms of contract, etc., for constructing said gate-house, this day submitted by the Commissioner of Public Works.

The Acting Chief Engineer, in accordance with his instructions from the Committee on Construction, then presented the applications of Philanzo Edick and George B. Burbank, for Inspectors of Masonry; both applicants having been examined by him, and approved.

Commissioners Baldwin, Dowd and Spencer then endorsed upon the application of George B. Burbank, their certificate of his competency and experience, as required by section 40 of the act, and Mr. Burbank was thereupon appointed by the Commissioners an Inspector of Masonry, at the rate of compensation heretofore fixed by the Commissioners.

The application of Mr. Edick was laid over for further consideration.

On motion of Commissioner Dowd, the Committee on Construction were requested to examine all applications for Inspectorships, as the same are received, and to forward those made in compliance with the established rules to the Chief Engineer for examination of the applicant; and after the applicant has been examined and approved by the Chief Engineer, to certify, as required by section 40 of the act, to the competency and experience of such applicants as are, in their opinion, duly qualified for the position.

A request was made by the Stenographer, George Lucas, a member of the Seventh Regiment N. G. S. N. Y., for leave of absence, with pay, during the week ending June 27, to attend the State Camp at Peekskill with his regiment.

On motion of Commissioner Spencer, the leave of absence was granted.

The Commissioners then adjourned.

HEALTH DEPARTMENT-CITY OF NEW YORK, } NO. 301 MOTT STREET, } NEW YORK, June 18, 1885. }

PROPOSALS FOR ESTIMATES FOR EXTENSION OF SEA WALL ON NORTH BROTHERS ISLAND.

PROPOSALS FOR ESTIMATES FOR EXTENSION OF SEA WALL ON NORTH BROTHERS ISLAND, City and County of New York, will be received by the Commissioners of the Health Department, at their office, No. 301 Mott street, until 2.30 o'clock P. M. of the 30th day of June, 1885, at which time and place they will be publicly opened and read by said Commissioners.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the head of said Health Department, indorsed "Estimate for Extension of Sea Wall on North Brothers Island, City and County of New York," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of \$3,000.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received: 1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Health Department, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work. The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimate their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for his faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or the Health Department may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The Department reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

Plans may be examined, and specifications and blank forms for bids or estimates obtained, by application to the Secretary of the Board, at his office, No. 301 Mott street, New York.

The same in 25 volumes, half bound, price, 50 00

Complete sets, folded, ready for binding, price, 15 00

will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and retaken as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same, respectively, at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the prices for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

JURORS.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS, ROOM 127, STEWART BUILDING, CHAMBERS STREET AND BROADWAY, NEW YORK, June 1, 1885.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

CHARLES REILLY, Commissioner of Jurors.
