NUMBER 3,882.

AQUEDUCT COMMISSION.

Minutes of Stated Meeting of the Aqueduct Commissioners, held at their office, No. 209 Stewart Building, on Wednesday, February 17, 1886, at 3 o'clock, P. M.

Commissioners present—The Mayor, Comptroller, Commissioner of Public Works; Commissioners Spencer, Dowd and Baldwin.

Also Chief Engineer Church; and Chief Engineer Birdsall and Consulting Engineer Adams, of the Department of Public Works.

The minutes of stated meeting of February 10, were read and approved.

The Committee of Finance and Audit reported their examination and audit of bills included in Vouchers 1477 to 1499; and on motion of Commissioner Dowd, the said vouchers were approved by the Commissioners and ordered certified to the Comptroller for payment.

Commissioner Spencer, as Chairman of the Committee on Construction, offered the following resolution:

Resolved, That that part of the New Croton Aqueduct, from the easterly side of the Harlem river, commencing at about Station 1490+63 of the survey of the route of said Aqueduct, and extending across and beneath the Harlem river to Tenth avenue; thence southwardly to One Hundred and Thirty-fifth street; comprising Sections 12, 13 and 14 of said Aqueduct; and also the extension of said Aqueduct from One Hundred and Thirty-fifth street southwardly to the Central Park, either by conduit or pipe-line, is hereby designated "Engineering Division No. 7," and the Chief-Engineer is directed to place the work upon said division in charge of Division Engineer, Edward Wegman, Jr., who has been doing the preliminary work upon said division, in pursuance of the recommendation of the Chief Engineer, approved by the Commissioners, December 3, 1884.

The resolution was unanimously adopted.

Under date of 13th instant, the Comptroller gave notice of the issue of warrants not certified by the Aqueduct Commissioners, and appertaining to the work of the Commissioners of Appraisal, viz.:

City and County of New York—	
Award for land in Twenty fourth Ward	\$10,250 42
Expenses	200 00
Westchester County—	
Rent and expenses	653 79
	\$11,104 21

—which notice was ordered placed upon file, and entered upon the books of this Commission.

The Secretary presented a communication from the Commissioners of Accounts in relation to accidents upon the work of the New Aqueduct, which was read, and the Secretary instructed in relation thereto.

The Chief Engineer made report, dated February 17, upon the condition of the various shafts and appliances thereat, for the safe performance of the work and protection of the workmen, and of orders given by him to improve the same. The report was read and ordered placed upon file.

Commissioner Spencer then called up the matter of the masonry lining of the New Aqueduct, laid over from previous meetings.

The Comptroller stated that, by the terms of the contracts, the Chief Engineer now has power to determine where masonry lining is required, and to order it to be done and he therefore moved that the Chief Engineer be instructed to order masonry lining in the New Aqueduct only where the progress of the work develops material or conditions which, in the opinion of said Engineer, renders such lining essential for the safety or efficiency of the Aqueduct.

Commissioner Spencer then offered, as an amendment to the motion of the Comptroller, "that the Chief Engineer be and he is hereby directed to order the New Aqueduct to be lined with masonry throughout its entire length."

Upon the amendment the vote was, in the affirmative, Commissioner of Public Works, Commissioners Spencer, Dowd and Baldwin; in the negative, the Mayor, and the Comptroller.

Commissioner Spencer then called up the matter of changes in the methods of timbering in the Aqueduct tunnels, and allowance asked by the contractors for certain excavations, which had also been laid over from former meetings.

An opinion upon these matters, asked by the Chief Engineer from the Counsel to the Corporation, was read, from which it appeared that no formal action by the Commissioners was required.

Therefore, the Chief Engineer was instructed to be governed by said opinion and the Secretary directed to place it upon the files of the Commission.

The Commissioners then went into Executive Council.

Upon resuming the open session, the following resolution was unanimously adopted:

Resolved, That the Committee on Construction is hereby authorized and empowered to detail from the engineer corps of this Commission, an Engineer to be known as Special Assistant Engineer, detailed to furnish information and evidence to the Counsel to the Corporation and other counsel representing the City before the several Commissioners of Appraisal in the matter of the adjustment of claims for lands and easements required for the New Croton Aqueduct, and for damages arising from or incident to its construction; and the said Committee on Construction is hereby requested to prepare and submit to the Commissioners, for their approval, such amendment of the by-laws as this special detail may render necessary.

The Commissioners then adjourned.

JAMES W. McCULLOH, Secretary.

Approved by the Mayor, February 16, 1886.

Whereas, Horatio Seymour, formerly Governor of the State of New York, died at Utica on Friday, the 12th instant, in the seventy-fifth year of his age; and

Whereas, The death of our illustrious fellow-citizen imposes upon this Common Council the duty of testifying to the high estimation in which he was held by the people of the city; be it therefore

Resolved, That the death of Horatio Seymour is deplored by this Common Council. The public has already manifested a just sense of the magnitude of the loss it has sustained. He possessed the power and the wisdom that coupled science with the daily avocations of men; the philosophy that encompassed mankind; the religion that excluded none from its peaceful fold. He was tireless in the pursuit of truth; humble in the practice of every virtue, and stern and unyielding in the dispensation of their inexorable laws, sensitive and tender as a child, yet his simplicity of manner and purity of heart made him the censor of every human vice. He was a mentor to the novice in public life; a guide to the most experienced in the affairs of state, a counsellor to the most wise; a shining example to the most upright and conscientious. A philosopher, a statesman, a sage, the characteristics of them all were so blended in him that he was the most versatile and brilliant public man of the age in which he lived. His death is an irreparable loss to his country, and particularly so to the great Democratic party, that in the gravest emergencies was guided and controlled by his counsel and advice, and of which he was an acknowledged leader.

Resolved, That in the general gloom and poignant grief for the death of Horatio Seymour, his surviving family should not be overlooked, and we hereby tender to them in their sore bereavement our most sincere commiseration.

Resolved, That the foregoing preamble and resolutions be entered at length in the minutes, and that a copy thereof be suitably engrossed, be verified by the corporate seal of the city, attested by the Clerk of the Common Council, and transmitted to the family of the illustrious deceased, as a slight testimony of the love and affection of the people and government of this city for his memory.

Resolved, That, as an additional mark of our respect for the memory of Horatio Seymour, this Board do now adjourn.

Adopted by the Board of Aldermen, February 16, 1886.

Approved by the Mayor, February 16, 1886.
