REPORT:

That your Committee, having examined the bill, find that it is for carriages for the family of Gen. Grant, Gen. The Committee on Streets, to which was referred the annexed petition of John Dawson and William Archer to discontinue and abolish the easterly park in Forty-second street, between First and Second avenues, respectfully

REPORT:

That upon investigation your Committee find the statements contained in the said petition to be correct, and that as the owners of property desire the discontinuance of the park, and will pay the expense of restoring the street to its original uses, your Committee believe the privilege asked should be granted.

The following preamble and resolutions are, therefore, respectfully offered for your adoption: Whereas, On April 27, 1885, John Dawson and William Archer presented a petition asking that the easterly park on East Forty-second street, between First and Second avenues, in the City and County of New York, be discontinued and abolished; and

Whereas, The said park deprives the property facing the same on the southerly side of said street of the advantages of a roadway so that access to said property by means of vehicles cannot be had; now

Therefore, Pursuant to the authority of the act entitled "An act authorizing the owners of property to lay out two small parks on East Forty-second street, between First and Second avenues, in the City of New York," passed May 19, 1881, by the Legislature of the State of New York, and being chapter 316 of the Laws of 1881, it is

Resolved, That the easterly park now laid out on Forty-second street, between First and Second avenues, in New York City, be and the same is hereby discontinued; and it is further

Resolved, That John Dawson and William Archer are hereby authorized to remove said park and restore that portion of the street now occupied by said park at their expense and under the supervision of the Commissioner of Public Works.

By Alderman Ferrigan—

Whereas, By an amendment to Article III., section 8, of the Constitution of the State of New York, made operative January 1, 1875, it is provided as follows, namely:

Article . . . The Legislature shall pass general laws providing for the cases enumerated in this section, and for all other cases which in its judgment may be provided for by general laws. But no law shall authorize the construction or operation of a street railroad except upon the condition that the consent of the owners of one-half in value the property bounded on, and the consent also of the local authorities having the control of that portion of a street or highway upon which it is proposed to construct or operate such railroad be first obtained, or in case the consent of such property-owners cannot be obtained, the General Term of the Supreme Court, in the district in which it is proposed to be constructed, may, upon application, appoint three commissioners who shall determine, after a hearing of all parties interested, whether such railroad ought to be constructed or operated, and their determination, confirmed by the court, may be taken in lieu of the consent of the property-owners.

This provision as to highways applies only to public highways. People ex rel. Comrs. v. Banks, 67 N. Y., 568.

Whereas, By an act of the Legislature of the State, entitled "An act to secure adequate compensation for the right to construct, maintain, use, operate or extend street railroads in cities and villages," passed March 22, 1886, it is provided in substance that whenever an application to the Common Council of the City of New York has been made for its consent to build, construct, maintain, use, operate or extend a railroad or railway for the transportation of passengers, mails or freight, over, upon, under, through or across any streets, avenues, roads, or public places of the city, such consent must be sold at public auction, for the use and benefit of the City Treasury, to the bidder who shall give the largest percentage per annum of the gross receipts derived from the operation of said railroad or railway, which provision is made applicable by section 2 of said act to all such applications for consent to construct, maintain, use, operate, or extend such street railroad or railway as aforesaid made, under or in pursuance of any statute whether such application may have been heretofore made, but not at the date of the passage of the said act, finally acted upon by the Common Council, and also to such applications as the Common Council may have finally acted upon, but which at the time of the passage of said act had not been made final by the consent of the owners of a sufficient proportion of the property situated upon the line of the proposed railroad or railway, or by the approval of the General Term of the Supreme Court.

And Whereas, by the first section of said act, it is provided respecting said sale at public auction, in words as follows, namely:

"Prior to such sale, notice of the time, place and terms thereof, and of the routes to be sold, and of the conditions upon which the consent of said local authorities to the construction, maintenance and operation of such railroad or any railway carrying freight, passengers or mails will be given, shall be published three times a week for three weeks in two daily newspapers of said city, to be designated by the Mayor."

Now, therefore, Resolved, That the Committee on Railroads be and hereby is instructed to consider and report upon a form of notice of the time, place and terms of such sale at auction as directed by said act should be prescribed for the sale of the consent of the Common Council of the City of New York, to the construction, maintenance, use, operation or extension of a railroad or railway for the transportation of passengers, mails or freight, in the City of New York:

Alderman Mooney moved that the consideration of the subject be postponed.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

The second special order of business was here called up, being a preamble and resolutions, as follows:

Whereas, it is a fundamental principle of republican government that the burden of its support should rest equally upon all persons protected in person and property by it, and exemption therefrom should be granted only in case of institutions formed for, and at their own expense performing governmental functions or wholly charitable work as will advance the public welfare or lessen taxation.

Whereas, A corporation owning in the Twelfth Ward of this city nearly seven hundred lots, valued at \$4,000,000, and partly occupied by the Bloomingdale Insane Asylum, but otherwise vacant, did in 1875, upon the claim of being a charitable society, secure the passage of a law allowing total exemption from taxation, under which law the city has lost \$100,000 of taxes annually, the same being made a charge upon the general public.

Whereas, The said institution is owned by a private close corporation and from all control or voice in which the officers of the Corporation of the City of New York, although members thereof under its ancient charter, have been excluded by special legislation obtained through the knowledge of the city authorities and is not a charitable corporation, but demands and charges large and extravagant sums for the care and treatment of any insane person admitted to its care, and receives annually from such source nearly \$200,000, or an average of over \$750 from each patient, which income and revenue is for the most part used and devoted to the payment of large and extravagant salaries, and the balance disbursed without reference to economy or any public charitable purpose; and

Whereas, Within the last ten years the exemption from taxation of the property of this institution has amounted to fully \$1,000,000, in return for which neither the city nor any charity has received any return whatever, and which donation, or appropriation of taxes, is unjust and inequitable in principle, unsound in policy, and oppressive in practice, has increased the burden of all other taxpayers of the city.

Resolved, That this Board approves of the bill introduced by Hon. John McManus in the Assembly, modifying the existing law which grants to the said corporation unqualified exemption from taxation by amending the same so as to allow exemption only to the extent that the said institution makes some return to the city and the public therefor, in caring and providing for persons of the unfortunate class for whose care as a charity the said institution was originally chartered; and be it further

Resolved, That if the said corporation declines to make any return for exemption from taxation or to relieve the city from any of the burden of the care and support of the insane for whom the city has not now and cannot by taxation obtain the funds for sufficient accommodation, the said existing law of exemption ought in justice to the general taxpayers of the city be wholly repealed.

Resolved, That the Clerk of the Common Council transmit a certified copy of this resolution to the Speaker of the Assembly and the President of the Senate.

Pending the consideration of the subject, Alderman Masterson arose and stated that he had been unexpectedly called upon to leave the Board, and asked the President to excuse him from further attendance at the meeting, and suggested that the further consideration of the paper be postponed.

Whereupon Alderman Van Kesselar moved that the further consideration of the subject be postponed until the next meeting of the Board and that it be made the special order of business for the next meeting, immediately after "Motions and Resolutions."

The President put the question whether the Board would agree with said motion. Which was decided in the affirmative.

MOTIONS AND RESOLUTIONS RESUMED.

By Alderman Ryan—Resolved, That the Comptroller be requested to inform this Board what compensation has been received by the City of New York for the franchises of railroads in said city, which have been authorized by the Legislature without the consent of the City authorities.

The President put the question whether the Board would agree with said resolution. Which was decided in the affirmative.

Alderman O'Neil moved that the Board do now adjourn.

The President put the question whether the Board would agree with said motion. Which was decided in the affirmative.

And the President announced that the Board stood adjourned until Tuesday, the 31st instant, at 1 o'clock P. M.

FRANCIS J. TWOMEY, Clerk.

JURORS.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS, ROOM 127, STEWART BUILDING, CHAMBERS STREET AND BROADWAY, NEW YORK, 1886.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a jury enrollment notice, requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party bringing proof of exemption, if liable, he must also answer in person, giving full and correct name, residence, etc., or no attention paid to letters.

Persons enrolled as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and equitable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons temporarily excused, on account of age, summer absences, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable to give or attempt to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person is so interested, the bidder must state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the National banks of the City of New York, or the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

DEPARTMENT OF PUBLIC WORKS, NEW YORK, January 26, 1886.

TO THE PUBLIC.

THE CHIEF ENGINEER OF THE CROTON Aqueduct reports to me to-day that during the past twenty days the water in the city reservoirs has gone down three feet three inches, equal to 93,000,000 gallons, showing that this amount of water was used and wasted over and above the supply received through the Croton Aqueduct and the Bronx river conduit. The Department has no means to stop this enormous waste, which is caused by consumers keeping faucets open day and night to prevent freezing in the service-pipes, and can only make this most urgent appeal to them to stop it, and notify them that unless it is stopped the pressures in the water-mains will be so much reduced that in a few days thousands of buildings.

Respectfully, ROLLIN M. SOUIRE, Commissioner of Public Works.

The Second Street-Cleaning District of the City of New York hereby designated by the Commissioner of Street Cleaning pursuant to law, consists of all that portion of the City of New York bounded as follows:

On the north by the southerly line of East Fourteenth street from Broadway to the East river, from the westerly side by the easterly line of Broadway, from East Fourteenth street to State street; on the southerly side by the southerly line of State street; by the Battery, and on the easterly side by the East river, from the Battery to East Fourteenth street.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute such contract within five days from the date of the service of a notice to that effect; and, in case of failure or neglect so to do, he or they shall be considered as having abandoned such contract, and as in default to the Corporation, whereupon the Commissioner of Street Cleaning will either make another selection from the bids or estimates submitted, or readvertise and relet the work.

If the person or persons to whom the contract may be awarded, shall neglect or delay to commence the work or any portion thereof, on the 1st day of May, 1886, the Commissioner of Street Cleaning will perform the said work, and charge the whole expense of the same against the said person or persons.

Bidders are required to state in their estimates, under oath, their names and places of residence, the names of all persons interested with them therein, and if no other person is so interested, they shall distinctly state the fact: That it is made without any connection with any other person making any bid or estimate for the same work, and is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a Department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested. Each estimate shall also be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, or a guarantee company incorporated under the laws of the State of New York, who are satisfied and approved by the Comptroller, to the effect that, if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Mayor, Aldermen and Commonalty of the City of New York, any difference between the sum to which he would be entitled upon its completion, and that which the Mayor, Aldermen and Commonalty of the City of New York may be obliged to pay to the person or persons to whom the contract may be subsequently awarded. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as surety in good faith, and with an intention to execute the bond required by law. The adequacy and sufficiency of the sureties offered shall be approved by the Comptroller.

The person or persons to whom the contract may be awarded, shall deposit with the Comptroller of the City of New York, on or before the execution of the contract or agreement, TWELVE THOUSAND DOLLARS, in cash or securities approved and accepted by the said Comptroller, as an additional security for the faithful performance of all the terms and conditions of the contract or agreement, and as a fund to be drawn upon by the Commissioner of Street Cleaning, to pay for any expense that may be incurred under the contract or agreement by the said Commissioner, or by the Mayor, Aldermen and Commonalty of the City of New York, by reason of the failure of the party or parties to whom the contract may be awarded, to faithfully comply with the terms and conditions of the contract.

Bidders will state a price per annum for doing the work. The price must be written in the bid or estimate and also stated in figures. The price must be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Commissioner of Street Cleaning to reject any or all bids, or to select the bid or bids the acceptance of which will, in his judgment, best secure the efficient performance of the contract, and to award the contract or contracts awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each estimate must be accompanied by a certified check on a solvent banking corporation in the City of New York payable to the order of the Comptroller of the City of New York, for the amount of the security required for the faithful performance of all the work required by said contract to be done in any one year. On the acceptance of any bid, the checks of the unaccepted bidders will be returned to them, and upon the execution of the contract the check of the accepted bidder will be returned to him.

Any contract made by the Commissioner of Street Cleaning may be terminated on ten days' notice by the said Commissioner, with the approval of the Mayor. All bids must be made with reference to the form of contract and the requirements thereof on file at the Department of Street Cleaning, or they will be rejected. Blank forms of specifications and proposals may be obtained at the Department of Street Cleaning, 31 and 32 Park Row, New York City, on or after Monday, March 22, 1886.

Dated March 15, 1886. JAMES S. COLEMAN, Commissioner of Street Cleaning.
