AQUEDUCT COMMISSION.

Minutes of Stated Meeting of the Aqueduct Commissioners, held at their office, No. 209 Stewart Building, on Wednesday, September 22, 1886, at 2 o'clock P. M.

Present—Commissioners Spencer, Dowd, the Commissioner of Public Works, Commissioners Baldwin, Barnes, Ridgway, and Fish; also Chief Engineer Church, and Chief Engineer Birdsall, of the Department of Public Works.

The minutes of the Stated Meeting of September 15 were read and approved. The Committee on Construction, by its Chairman, Oliver W. Barnes, submitted the following report:

That at their meeting on the 17th instant the Committee organized by the appointment of the following officers:

- Oliver W. Barnes, Chairman.
- James C. Spencer, Vice-Chairman.
- John Newton.
- Edward L. Allen, Secretary.
- Jefferson Groub, Clerk.

That the Chief Engineer had verbally reported progress on the borings near Shaft No. 13, and, after hearing his report thereon, the Committee recommend the adoption of the following resolution:

Resolved, That the Chief Engineer be requested to proceed with all possible dispatch to complete the borings on that ground as soon as possible, and, if necessary, obtain from the Department of Public Works the loan of an additional boring machine to expedite the work, and if any additional force of men or material is required, to report at an early date, with such request as he may deem necessary. Adopted.

That the following rule was adopted, and added to the Rules and Regulations of the Committee, as section 7, viz.:

Section 7. The meetings of the Committee shall be open to the visitation of the Aqueduct Commissioners, their Secretary, the Chief Engineer and his principal assistants; and the Secretary and Clerk are directed to exhibit its minutes and proceedings to any of said persons named, on his or their request. Persons other than those named may attend the meetings, on the request or consent of the Committee. Adopted.

Also recommend the adoption of the following resolution: Resolved, That this Committee recommend to the Aqueduct Commissioners that their Secretary be directed to suppress all letter-heads in use that are incorrect, according to the present organization, and have new ones prepared and printed. Recommendation adopted.

Also, that they have had under consideration a communication from the Commissioner of Public Works, dated September 10, in relation to laying, as soon as possible, the necessary mains between the gate-house at One Hundred and Thirty-fifth street and Convent avenue and the Central Park Reservoir, and in connection therewith recommend the adoption of the following resolution:

Resolved, That the Chief Engineer be instructed to proceed immediately with the work of laying the necessary mains between One Hundred and Thirty-fifth street gate-house and the Central Park Reservoir, and for the distributing mains between these points, and to prepare the contracts for public letting of said work at the earliest practical date. Adopted.

Also that on the 10th instant, the question of the necessity of additional shafts on the line of the Aqueduct being before the Committee, the Chief Engineer was requested to report to them what additional shafts, if any, would be needed in the progress of the work, and the reasons therefor.

That on the 17th instant, the Chief Engineer, in a report, stated that an additional shaft was required between Shafts Nos. 15 and 16, at Station 927, which could be designated as "Shaft No. 15 1/2," and one between existing Shafts Nos. 13 and 14, at or near Station 792+50, which could be designated as "Shaft No. 13 1/2," and a third shaft between existing shafts Nos. 16 and 17, at or near Station 1018, provided the contractors would provide the ground necessary for the same and the dumping-ground, and construct the shaft at a cost not to exceed \$5,000.

Also, that after due consideration they recommend that an additional shaft be constructed between Shafts Nos. 15 and 16, at or near Station 927, to be designated as "Shaft No. 15 1/2"; and recommend the adoption of the following resolution:

Resolved, That on the reception of the recommendation of the Chief Engineer and the Committee on Construction, the Aqueduct Commissioners deem it advisable and necessary that an additional shaft be located and constructed on the line of the New Aqueduct between Shafts Nos. 15 and 16, at or near Station 927, that shall be known as "Shaft No. 15 1/2"; and that sufficient land be taken or purchased for the same, and for a dumping-ground adjacent thereto; and the Aqueduct Commissioners hereby authorize and direct the construction of said shaft, and the taking or purchasing the necessary land for said shaft and its adjacent dumping-ground; and the Committee on Construction and the Chief Engineer are hereby directed to have the necessary land for said shaft and dumping-ground surveyed and mapped immediately, and reported to the Commissioners for their action in the premises.

On motion of Commissioner Barnes the resolution was adopted by the following vote: Affirmative—Commissioners Spencer, Dowd, the Commissioner of Public Works, Commissioners Baldwin, Barnes, and Ridgway—6. Negative—Commissioner Fish—1.

The Committee also recommended that an additional shaft be constructed by the present contractors of that portion of the Aqueduct between existing Shafts Nos. 16 and 17, at or near Station 1018, to be designated as "Shaft No. 16 1/2," provided that the said contractors will enter into a special contract to construct said shafts, and provide and furnish the necessary land for the same, and dumping-ground adjacent thereto, and recommend the adoption of the following resolution:

Resolved, That on the reception of the recommendation of the Chief Engineer and the Committee on Construction, the Aqueduct Commissioners deem it advisable and necessary that an additional shaft be located and constructed on the line of the Aqueduct, between Shafts Nos. 16 and 17, at or near Station 1018, that shall hereafter be known as "Shaft No. 16 1/2," and be constructed by the present contractors of that portion of the Aqueduct; and the Aqueduct Commissioners hereby authorize and direct the construction of said shaft, provided the said contractors will and shall enter into a special contract to construct said shaft, and provide and furnish the necessary land for the same and for the dumping-ground adjacent thereto; and the Committee on Construction are hereby authorized to prepare for execution, forms of contract in regard to the same, and report the same to the Aqueduct Commissioners.

Commissioner Barnes moved the adoption of the resolution. Commissioner Fish moved that the resolution be laid on the table for one week. Commissioner Fish afterwards withdrew his motion, and the resolution was adopted by the following vote:

Affirmative—Commissioners Spencer, Dowd, the Commissioner of Public Works, and Commissioners Baldwin, Barnes and Ridgway—6. Negative—Commissioner Fish—1.

The Committee reported that they were not prepared to report in regard to the third additional shaft recommended by the Chief Engineer. Action of the Committee approved.

The Committee on By-Laws, by its Chairman, William Dowd, presented Rules of Order for observance by the Commissioners, as provided for in the last clause of Article 1 of the By-Laws, and recommended that when the same are adopted, that they be printed with said By-Laws.

Commissioner Ridgway moved that the report of the Committee be laid upon the table for one week, and that copies of the same be furnished to each Commissioner. Carried.

Commissioner Fish moved that the last vote taken be reconsidered, and the same was carried. Commissioner Fish then moved that the report be referred back to the Committee on By-Laws for action and report, and the same was carried.

The Special Committee on Real Estate, by its Chairman, James C. Spencer, made the following report:

NEW YORK, September 22, 1886.

To the Aqueduct Commissioners:

GENTLEMEN—The Special Committee created by your resolutions of July 14 and 21, "to take into consideration the question of the taking of the fee, in lieu of an easement, of lands upon the line of the New Aqueduct, with power to negotiate with owners thereof, either for an enlargement of the existing easement, or for a conditional fee, where said owners so desire," make the following report:

First, on Parcels in Westchester County:
On the 4th of August a conference was held by the Committee on Construction with the Chief Engineer and Mr. Dykman, of the Counsel for the City, in the taking of property rights in Westchester County, and the latter was requested to examine the parcels proposed to be taken in fee, in that county, and to report the probable cost of the proposed change; and this Committee awaited the result of that examination before taking action in relation to these parcels.

Mr. Dykman completed his examination and made full report thereof to Corporation Counsel Lacombe, on the 13th instant. That report was transmitted to the Committee on Construction by Mr. Lacombe on the 16th instant, accompanied by his own views and opinion upon the subject. The Committee on Construction referred these papers to this Committee, and we now submit them to you.

From these documents it appears that the probable cost of bringing the legal proceedings (required to obtain the fee) up to the point which the former proceedings to acquire the easement have already reached, would entail a very heavy expense; and that the difference between the amount of awards for the fee, or for the easement, would tell very heavily against the City.

Under these circumstances the opinion of the Counsel is adverse to the taking of the fee, except in certain cases referred to by them; and in that opinion this Committee concurs. The taking of the fee in the exceptional cases, and of certain rights in other cases, as named by said Counsel, seem to us well advised, and for the best interest of the city.

We, therefore, recommend the adoption of the following resolution:
Resolved—That this Commission approves of the recommendations of the Counsel for the City, contained in their communications of the 13th and 16th instants, in relation to proposed changes in the estate to be acquired in lands upon the line of the New Aqueduct, and the taking of the fee only in certain exceptional cases; also, as the steps to be taken to mitigate the damages in cases where an easement is acquired.

Resolved, That the above-named communications from Counsel be referred to the standing Committee on Real Estate, with request that under advice of said counsel they take the necessary steps to effect the objects set forth in said communications.

Second—On Lands in the Twenty-fourth Ward:
Under instructions from this Committee most of the owners (or their representatives) of the parcels between the Harlem river and the lands now owned by the City north of Mosholu avenue, have been seen, and without exception they are opposed to the taking of the fee in said parcels. In some cases the owners have verbally agreed to convey to the City, for a nominal consideration, the required easement for the construction of the Aqueduct and the right to locate monuments, provided the fee be not taken, and no other use than monumenting be made of the surface.

A form of conveyance has been prepared, in conference with the Counsel to the Corporation, and approved by this Committee, to be executed by such owners, and directions given to proceed at once to obtain the execution of such conveyances.

In nearly all the other cases it is believed that the owners will grant the right to locate monuments on similar conditions, leaving the consideration for the easement to be determined by the Commissioners of Appraisal, and as the nature of the easement and use to be made of the ground and surface above the Aqueduct are clearly defined in the above-named form of conveyance, many doubtful questions heretofore raised to increase the measure of damage will be settled, and the amount of the awards correspondingly reduced.

This Committee have therefore given directions to ascertain and report to the Standing Committee on Real Estate, which of the owners of said parcels will enter into such an agreement.

Third—On Lands upon Manhattan Island:
It having been decided at your last meeting that the fee be taken of the lots through which the Aqueduct passes between One Hundred and Forty-fifth street and One Hundred and Fifty-second street and Tenth avenue, and steps already initiated to effect such taking, further report from this Committee is unnecessary, and all matters in relation to the same may be referred to the Standing Committee on Real Estate.

The above being all the matters heretofore referred to and under consideration by this Committee, we ask that all unfinished business in relation thereto, be referred to the Standing Committee on Real Estate; and that this Committee be now discharged.

Commissioner Fish rose to a point of order, and objected to the report of the Committee being received, for the reason that there was no Special Committee on Real Estate; as the Commissioners by their action on the 15th instant, dispensed with the services of such Committee, and created a regular Committee on Real Estate.

The point of order was overruled by the President.
The first resolution referred to in the said report was then unanimously adopted.

Commissioner Barnes moved the adoption of the second resolution mentioned in said report, and the same was adopted, Commissioner Fish voting in the negative.

Commissioner Barnes moved that the balance of the report be approved of, and the recommendations therein contained adopted, and the same was adopted, Commissioner Fish voting in the negative.

The Comptroller, under the date of September 18, gave notice of the issue of a warrant for the payment of a voucher in favor of Hyler Freeman, for \$200 for services rendered on the New York Section, said voucher not having been certified to by the Aqueduct Commissioners, which was ordered placed upon file, and entered upon the books of this Commission.

The Secretary submitted a communication from J. Harvey Bell, Mayor of the City of Yonkers, with reference to the removal of a certain culvert by the Aqueduct contractors, and, on motion of Commissioner Ridgway, the same was referred to the Chief Engineer, with power.

The Secretary gave notice of the filing of a copy of a notice of lien in favor of the Burleigh Rock-Drill Company for \$1,130, against Section 8 of the New Croton Aqueduct, and, on motion of Commissioner Barnes, the same was referred to the Committee of Finance and Audit.

The Chief Engineer made report, under date of September 13, with reference to the meeting of certain headings, and complimenting the Division Engineers and Assistant Engineers for the satisfactory work performed by them.

On motion of Commissioner Barnes, the said report was ordered placed on file.

A communication, dated September 22, was received from Brown, Howard & Co., contractors, requesting the Engineers to change the date of making their monthly estimates for work done under their contracts for constructing the New Aqueduct from the 24th day of the month to the 1st day of each month, and, on motion of Commissioner Barnes, the Chief Engineer was directed to hereafter have the estimates of the contractors made up to and including the last day of each month.

Commissioner Spencer then called the attention of the Commissioners to the vacancy existing on the Standing Committee on Real Estate.

Commissioner Ridgway moved that the matter be laid over until the next stated meeting of the Commissioners. Carried.

The Commissioner of Public Works was excused at this time from further attendance.

Commissioner Fish then called from the table the resolution offered by Commissioner Dowd on the 8th of September, as follows:

Resolved, That the minutes of the Committee on Construction be read at the regular meetings of this Board for their information.

Commissioner Fish then moved the adoption of the same, which was adopted by the following vote: Affirmative—Commissioners Dowd, Baldwin, Ridgway, and Fish—4.

Negative—Commissioners Spencer and Barnes—2.
Commissioner Fish then offered the following resolution:

Resolved, That the Secretary be directed to inquire and report to this Commission, at its next meeting, whether any members of the clerical force have been or are now performing private services for any of the Commissioners, and what is the nature of those services.

Commissioner Ridgway moved the adoption of the same, and it was unanimously adopted.

Commissioner Fish then offered the following resolution:

Resolved, That the President of the Commission be requested to inquire and report to this Commission at its next regular meeting

First—Whether any member of this Commission has lived in the building known as the "Tarrytown Headquarters" of the Commission, and if so, for how long a time; and whether at the expense of the Commission, or any of its employees.

Second—Whether any member of the Commission has kept his private horse at the expense of the Commission. If so, for how long a time.

Third—Whether any member of the Commission authorized the purchase of the furniture, at the expense of the Commission, for a room to be occupied by him in the Tarrytown headquarters; and whether such purchase, if any, was approved or disapproved by the Finance Committee or the Commission.

And that he submit at the same time any records in this office bearing upon these matters.

Commissioner Ridgway moved the adoption of the same.

Commissioner Spencer stated that the President was not the proper person to make such report, and requested that it be referred to the Committee of Finance and Audit; and the same was referred to said Committee, with a request that they report at the next meeting of the Commissioners; and by the following vote:

Affirmative—Commissioners Dowd, Barnes, Ridgway, and Fish—4.
Negative—Commissioner Baldwin—1.

The President not voting.

The Commissioners then adjourned.

JOHN C. SHEEHAN, Secretary.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation. The award of the contract will be made as soon as practicable after the opening of the bids. Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners. Any bidder for this contract must be known to be engaged in and well prepared for the business, and must

have satisfactory testimonials to that effect: and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition, at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested. Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, from time to time, as the Commissioners may determine. Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

Dated NEW YORK, September 27, 1886.

Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the prices for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

Dated NEW YORK, September 27, 1886.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.
