Sergeant Thomas Huff, Thirty-fourth Precinct. Commissioner Voorhis offered the following: Resolved, That Rule V. be amended by striking out the second paragraph thereof, and substituting therefor the following: "All meetings of the Board shall be public, except such meetings or parts of meetings as shall be occupied specifically in the consideration of the apprehension of criminals, or the detection or suppression of crime." Laid over. Commissioner Voorhis offered the following: Resolved, That the immediate official superiors of all Captains, Sergeants and Roundsmen of the Police force of this Department, be and hereby are directed to prepare and transmit to this Board, as soon as may be, in all cases (and in such only) where the conduct and efficiency of such Captains, Sergeants and Roundsmen may, in conformity with Regulation 53 of the New York City Civil Service Regulations, entitle them thereto, the several certificates required of the immediate official superiors by said Regulation 53. Resolved, That all Captains, Sergeants and Roundsmen now upon the Police force of this Department, concerning whom, respectively, it shall have been, or shall be, certified by their immediate official superiors (pursuant to Regulation 53 of the New York City Civil Service Regulations) that their efficiency and conduct during the period of their service in the grade from which they may be promoted have been in all respects satisfactory, and entitle them to favorable consideration (excepting such of said Captains, Sergeants and Roundsmen as appear by the records of this Department to have been convicted, during the period of their service in the grade from which they seek to be promoted, of any offense against the rules or regulations of this Department, or to have been fined or reprimanded, or otherwise punished, for violation or neglect of duty, by the Board of Police), be and they hereby are permitted and directed to appear before the Board of Civil Service Examiners of this city for examination as to their fitness for promotion. Resolved, That the Chief Clerk of this Department is hereby directed to prepare a list of such Captains, Sergeants and Roundsmen (excepting those hereinbefore excepted), and to present the said list, together with the records of such Captains, Sergeants and Roundsmen, whose names thereon appear, to this Board, with all convenient speed, and which records shall include, besides the customary memoranda, all complaints and charges whatever untried or undetermined against such officers. Resolved, That when such list shall have been duly prepared by the Chief Clerk, as above directed, this Board thereupon duly make, sign and transmit to the Secretary of the Civil Service Examining Board a certificate that, as appears by the records of this Department, the efficiency and

conduct of the persons named in such list, during the period of their service in the grade from which they may be promoted have been in all respects satisfactory and entitle them to favorable consideration, in conformity with the above mentioned Regulation 53.

Commissioner McClave moved to amend by striking out from the second resolution all from and including the word "excepting" on the eighth line, to and including the word "Police" on the fourteenth line, and inserting the words, "as provided by said Regulation 53, on the basis of a construction thereof by the Civil Service Supervisory Board, as stated in a letter to Commissioner McClave from Everett P. Wheeler, Esq., dated February 16, 1887." The question on the amendment was lost, Commissioners French and McClave voting aye; Commissioners Porter and Voorhis voting no.

The question being then taken on the original, was lost—Commissioner Voorhis voting aye; Commissioners French, Porter and McClave voting no.

Commissioner Voorhis offered the following:

Whereas, There are four vacancies existing in the force of Doorman of Police; and

Whereas, It is required by law that, in grateful recognition of the services, sacrifices and sufferings of persons who served in the army or navy of the United States in the late war, and have been honorably discharged therefrom, they shall be certified as such by the Commissioners, board or officers authorized to report names for appointment to the appointing officer, or other appointing power, and shall be preferred for appointment to positions in the Civil Service of the State and of the cities affected by the Civil Service Act, over all other persons, though graded lower than others so examined and reported, provided their qualifications and fitness shall have been ascertained as provided; and

Whereas, There appear upon the eligible list recently received from the Civil Service Examining Board of this city the names of two persons having honorable discharges from the army or navy of the United States, as contemplated in the law above referred to, and who have been duly certified to this Board as therein provided; therefore be it

Resolved, That Nicholas Brunner, an honorably discharged soldier of the United States Army, and George Houstoun, also an honorably discharged soldier of the United States Army, be and they hereby are appointed Doormen of Police in the Police Department of this city.

Resolved, That John F. Haggerty and Patrick H. McGirr, who, of the applicants for appointment as Doormen, have received the highest percentage upon their examinations as to their fitness and qualification for such appointment, be and they hereby are also appointed Doormen of Police in the Police Department of the City of New York.

Preamble and resolutions laid on the table.

Resolved, That the Chief Clerk notify the Secretary of the Civil Service Board of an additional vacancy in the office of Doorman, caused by the death of Doorman Timothy Lynch, Eighth Precinct, and to respectfully request a supplementary list of persons eligible for appointment thereto, the whole number of vacancies now being five.

Commissioner Porter offered the following:

Resolved, That the vacancies now existing in the grade of Patrolman be filled by appointment from the eligible list now on hand.

Commissioner McClave offered the following as a substitute:

Whereas, It is provided in subdivision tenth, section 1, chapter 364 of the Laws of 1885, that among other sources of income the Police Pension Fund shall consist of "any and all unexpended balances of appropriations or amounts made, estimated, levied, raised or appropriated for the payment of salaries or compensation of members of the Police force remaining unexpended or inapplicable after allowing all claims payable therefrom. And the Board of Police may, and it is hereby authorized, to pay to the Police Pension such unexpended balances, or any part thereof, at any time after the expiration of the year for which the same were made and appropriated, and after allowing sufficient to satisfy all claims payable therefrom, as aforesaid;" and

Whereas, It was the duty of the Board of Estimate and Apportionment to appropriate for the Police Department for the year 1887 an amount sufficient to pay the salaries of all members of the Police force, lawfully appointed and actually upon the pay-rolls of the Department at the time the annual appropriations were made, and that it was clearly the intention of the Legislature that any unexpended balance of the said appropriation for salaries should be devoted to the payment of pensions, as provided by the said act and other acts relating to the Police Pension Fund; and

Whereas, The said Board of Estimate and Apportionment neglected and refused to so appropriate such amount as would enable the Treasurer to pay the salaries of all the members of the Police force, but stated in fact to the Board of Police as the reason for not appropriating the full amount required to pay the said salaries that it was their intention to deprive the said Pension Fund of the benefit of \$50,000, which amount was their estimate of what the unexpended balance of the appropriation for salaries for the year 1887 would be, and which amount they thereupon deducted from the estimate of the Board of Police for said purpose; and

Whereas, The said Board of Estimate and Apportionment did appropriate in the Final Estimate to the Police Department for the year 1887, for the payment of the salaries or compensation of members of the Police force the sum of \$3,887,027.06, which amount was \$50,000 less than the amount actually required to pay the salaries of the said Police force; and

Whereas, It is provided by section 47, chapter 410 of the Laws of 1882 (entitled act), that "It shall be the duty of the heads of all departments of said city, and of all boards and officers charged with the duty of expending or incurring obligations payable out of the moneys raised by tax in said city, so as to regulate such expenditures for any purpose or object, that the same shall not in any one year exceed the amount appropriated by the Board of Estimate and Apportionment for such purpose or object, and no charge, claims or liability shall exist or arise against said city for any sum in excess of the amount appropriated for the several purposes;" and

Whereas, It would appear unlawful for this Board to consent to the forced reduction, or abrogation of one of the important sources of income of the Police Pension Fund, in violation of chapter 364 of the Laws of 1885, or to incur any obligation or expense for which there is not sufficient appropriation by the appointment of persons upon the Police force in excess of the quota allowed by the appropriation for salaries therefor, in violation of chapter 410 of the Laws of 1882; therefore

Resolved, That no persons be employed on probation as Patrolmen until through the usual and natural causes the membership of the Police force has been reduced in number sufficient to conform to the appropriation made by the Board of Estimate and Apportionment for the payment of the members of the Police force.

Original and substitute laid over.

Commissioner Voorhis offered the following:

Whereas, Vacancies exist, and for some time past have existed in the offices of Inspector and Captain of Police; and

Whereas, Several attempts have been made looking toward the promotion of worthy and qualified members of the force to fill such vacancies, and which attempts have been unsuccessful for the reason that a portion of the members of this Board have desired that the conduct of certain members of the force, by them named, should be certified to the Civil Service Examining Board as having been in all respects satisfactory, despite the fact that the records of this Department show to the contrary; and

Whereas, The records show that certain members of the Board have refused to give their assent to the authorization of the requisite certificate of satisfactory conduct, etc., to such members of the force as are desirous of promotion to the said existing vacancies, and who, by the records of this Department, are thereto entitled; and

Whereas, Said members of the Board have declared their determination to withhold by their votes "a certificate of satisfactory conduct in all respects, etc.," from such members of the force as are desirous of being promoted to said existing vacancies, and who, by the records, are entitled to receive such certificate, unless at the same time that such certificates shall be authorized to those lawfully entitled to receive the same, the Board will also authorize similar certificates to be issued to certain members of the force not lawfully entitled thereto, and whose conduct, as shown by the records of the Department, has not been satisfactory in all respects; and

Whereas, If said determination shall continue on the part of said members as before stated, the filling of said vacancies will be delayed, and injury to the efficiency and discipline of the force may result therefrom; therefore be it

Resolved, That the Civil Service Supervisory Board be informed of the foregoing and existing state of affairs relating to the vacancies before mentioned, with the request that it give the matter its most earnest and prompt consideration and take such action thereon as may seem to it wise and necessary.

Resolved, That the Chief Clerk transmit to the New York City Civil Service Board a copy of the foregoing preambles and resolution.

Preambles and resolution laid over.

JURORS.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,

ROOM 127, STEWART BUILDING, CHAMBERS STREET AND BROADWAY, NEW YORK, June 1, 1886.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

CHARLES REILLY, Commissioner of Jurors.

DEPARTMENT OF PUBLIC WORKS, COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET, NEW YORK, November 10, 1886.

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received.

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert or claim that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work contracted for, to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The bidder to whom an award is made shall give security for the faithful performance of his contract, in the manner prescribed and required by ordinance, in the sum of Nine Hundred Dollars.

The work to be done under the contract is to be commenced within five days after the date of the contract, and all the work contracted for is to be fully completed on or before the fifteenth day of May, 1887, and the damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

All the old material taken from the said structure, to be removed under the contract, will be relinquished to the contractor, and bidders must estimate the value of such material when considering the price for which they will do the work under the contract.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of the notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; and the name of all persons interested with them therein; and if no other person be

so interested, the estimate shall distinctly state the fact also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved and assented to by the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks; if the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

—will be received at the Department of Public Charities and Correction, in the City of New York, until 9.30 o'clock A. M. of Friday, March 11, 1887. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Glass, Dry Goods, Lumber, etc.," with his or her name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids. Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair, and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must NOT be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall exe-

cute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.
