AQUEDUCT COMMISSION

Minutes of Stated Meeting of the Aqueduct Commissioners, held at their office, No. 209 Stewart Building, on Wednesday, March 23, 1887, at 3 o'clock P. M.

Present—Commissioners Spencer, Dowd, the Commissioner of Public Works, and Commissioners Baldwin, Barnes, Ridgway, and Fish.

Also Chief Engineer Church, and Chief Engineer Birdsall of the Department of Public Works. The minutes of the stated meeting of March 16 were read and approved.

The Committee of Finance and Audit reported their examination and audit of bills contained in Vouchers Nos. 2453 to 2497, inclusive, and, on motion of Commissioner Dowd, the same were approved and ordered certified to the Comptroller for payment.

Commissioner Barnes, from the Committee on Construction, submitted the following report: First—That they have had under consideration the question of additional office-room for the Engineer corps of the Fifth Division; that they have visited the present offices of said division at One Hundred and Twenty-fifth street, and also a house on One Hundred and Fifty-first street, east of Tenth avenue, which was suggested as being a desirable location for an office, and being of opinion that the present offices of said division are ample for present requirements, they recommend the adoption of the following resolution:

Resolved, That the present offices of the Engineer Corps of the Fifth Division (being the buildings Nos. 267 and 269 West One Hundred and Twenty-fifth street, New York City), be leased for one year from May 1 next, provided the said offices can be leased for the same rent that is now paid for the same.

Second—The Committee also recommend that the accompanying progress report of the Chief Engineer, for the week ending March 12, be read by the Commissioners and returned to them for filing.

On motion of Commissioner Dowd, the resolution referred to in said report was adopted, and the progress report of the Chief Engineer was read and ordered to be returned to said Committee.

The Comptroller, under date of the 19th instant, gave notice of the issue of warrants for vouchers not certified to by the Aqueduct Commissioners, for—

Manhattan Island Section	\$1,076 10
Westchester County Section	218 23

—which were ordered to be entered upon the books of the Commission and filed.

Commissioner Spencer, from the Committee on Real Estate, submitted the following report: Referring to our report of February 21, upon a communication addressed to the Secretary by the Counsel to the Corporation on the 17th of that month, in relation to the acquirement of additional lands at the site of the new gate-house at One Hundred and Thirty-fifth street and Convent avenue, and to your action thereon at your meeting of February 23, we now make further report, that after conference with the said Counsel, and with the representatives of the owners of the lands in question, we have reached the conclusion that for the purpose of facilitating the construction of said gate-house and its appurtenances, and connecting it in the most economical and efficient manner with the Old Aqueduct and its distributing mains, as well as to avoid the payment of the heavy damages (without corresponding benefit to the City) referred to by said Counsel; it is for the best interest of the City, that the whole of lots 301, 302, 292, 291, 290, 289, 288, 287 and 286 of Block 1061 and 285 and 276 of Block 1060 should be taken in fee.

The accompanying plan, prepared under direction of the Chief Engineer, illustrates one of the proposed methods of enlarging the said gate-house and making the connections with the Old Aqueduct and mains, and the acquirement of the above-named lands will afford ample facility for carrying out this or any more efficient plan to accomplish the purpose and will also protect the City from the heavy loss referred to by the aforesaid Counsel.

We therefore recommend the adoption of the following resolution: Whereas, In the progress of the work of constructing the New Croton Aqueduct, and its appurtenances, it has become apparent that, for facilitating such construction, and for the protection of the interests of the City, certain lands should be acquired at One Hundred and Thirty-fifth street and Convent avenue, in addition to those already taken in fee at that place; now therefore, be it

Resolved, That the Counsel to the Corporation be and he is hereby requested to take immediate steps to obtain the required consent of owners, for amending the proceedings heretofore taken, provided the same can be done without expensive advertisement and delay; and to acquire in fee the whole of Lots Nos. 301, 302, 292, 291, 290, 289, 288, 287 and 286 of Block 1061; and 285 and 276 of Block 1060, in the Twelfth Ward of the City of New York, and the Chief Engineer is hereby directed to prepare and submit to this Commission for approval and adoption, a final plan sheet and maps showing the above-named additional lands to be acquired at the site of the new gatehouse at One Hundred and Thirty-fifth street and Convent avenue.

On motion of Commissioner Barnes, the resolution was adopted. A communication was received from George H. Brockmeier, dated March 19, tendering his resignation of the position of axeman; and, on motion of Commissioner Dowd the same was accepted.

Commissioner Spencer, from the Special Committee appointed to examine into the applications of persons applying for the position of Inspector of Masonry and Axemen on the Aqueduct line, verbally reported that they have had under consideration the applications of Milton H. Gregory, Hubert Keegan, George B. Bosworth and Edward Warren; and there being two vacancies, they recommend that Milton H. Gregory and Hubert Keegan be appointed as Axemen, and the matter of the appointment of George B. Bosworth and Edward Warren be deferred for future action. The report of the Committee was approved and the appointments made.

A communication was received from the Chief Engineer, dated March 23, recommending that a resolution be passed authorizing him to alter the west end of One Hundred and Thirty-fifth Street Gate-house within the provisions of the contract, in order to combine the Old and New Aqueduct terminals, as by such details the Department of Public Works will avoid the necessity of building a second gate-house in Tenth avenue, and thereby effecting a saving of from \$20,000 to \$30,000. The communication was referred to the Committee on Construction for consideration and report.

A communication was received from A. Bell Malcomson, Jr., giving notice of the filing of a lien by the United States Dynamite Company for materials furnished and used on Section A of the Aqueduct, which was read and ordered filed.

The Commissioners then adjourned, to meet on Friday next, 25th instant, at 3 o'clock P. M.

JOHN C. SHEEHAN, Secretary.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO ACCEPT OR REJECT ANY ESTIMATE IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, or as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded shall be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, and the names of the sureties, and if one person is therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any collusion with any other person making an estimate for the same purpose, and in all respects fair and without concealment or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk thereof, or any other officer of the Corporation, is directly or indirectly interested therein, or in the contract to which it is made, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are true in respect to the facts stated, and if one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound by his sureties for its faithful performance, and that if he shall refuse or fail to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and that he consents to the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to give the money required by section 22 of chapter of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequate and sufficient amount of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller of the City of New York, for one per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the bid or estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and no estimate can be deposited in said book until such check or money has been examined by said officer or clerk, and found correct. All such deposits, except that of the successful bidder, who will be returned to the persons making the same within three days after the con-

tract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their order, or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and let as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested, and will write the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, from time to time, as the goods or materials may be required.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, or as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

Proposals must include all the items, specifying the price per cwt. for hay and straw, and per bag for oats and bran.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the above shall prepare the same in a sealed envelope, to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its preparation, and a statement of the supply to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest, or if the same shall not be accepted from the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy Chief of a Bureau, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof.

Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate must be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence to the effect that if the contract be awarded to the person or persons to whom the contract may be awarded, become bound as his sureties for its faithful performance in the sum of four thousand (4,000) dollars; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent time, or to be calculated upon the estimated amount of the work by which the bids are tendered. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and with the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the City of New York, for the amount of two hundred dollars (\$200). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and the estimate card deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the person to whom the same win three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they do not execute the contract within the time aforesaid, or if they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested in the estimate or in the work to which it relates or in any portion of the profits thereof.

The bid or estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent time, or to be calculated upon the estimated amount of the work by which the bids are tendered.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, upon any obligation to the Corporation, and that he has offered himself as a surety in good faith and with an intention to execute the bond required by law.

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters on the alleged ground of leakage caused by defective plumbing and water pipes, or by waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore provides that the premises are responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, or defective water pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the premises.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that such notification shall be a condition precedent to any reduction of water rents, and no allowance will be made for any portion of any year.

JOHN NEWTON,  
Commissioner of Public Works.
