M. on Wednesday, April 20, 1887:

No. 1.—For Furnishing and Setting Curb-stones around JEANNETTE PARK, at Coenties Slip, between South and Front streets.

No. 2.—For Furnishing and Delivering SCREENED GRAVEL for the improvement of the Roa Hook Gravel, where required on the Central Park and Riverside Park and Avenue, in the City of New York.

No. 3.—For Furnishing and Delivering where required, Broken Trap-rock Stone and Trap-rock Screenings, along certain Roads, Avenues and Streets, in the Twenty-third and Twenty-fourth Wards, in the City of New York.

Special notice is given that the works must be bid for separately, that is, both works must not be included in the same estimate or envelope.

The nature and extent of each of the works, as near as it is possible to state them, in advance, is as follows:

NUMBER 1, ABOVE MENTIONED. 700 lineal feet of new Curb-stones, furnished and set. The time allowed to complete the whole work will be THIRTY DAYS, and the damages to be paid by the Contractor for each day that the contract, or any part thereof, is not fulfilled after the time fixed for the completion, there has expired, are, by clause in the contract, fixed and liquidated at Four Dollars per day.

NUMBER 2, ABOVE MENTIONED. 5,000 cubic yards of Double-screened Gravel.

The contractor will be required to deliver the above material in such quantities and on the line of such roads in the Central Park, and on Riverside Park and avenue as may from time to time be designated.

All the gravel to be furnished and delivered shall be of the kind generally known as Roa Hook Gravel, and equal in all respects to that taken from the gravel bank situate on the east side of the Hudson river, north of Peckskill, and known as the Roa Hook Gravel Bank. It shall be the best quality double screened gravel, and clean and free from loam and dirt, and in grade such will pass through a screen with a two-inch mesh diagonal measure, but no coarser than one per cent, and not less than five per cent, of material that will pass through a screen with a mesh having a diagonal measure of one thirty-second of an inch.

The prices are to cover the furnishing and delivering, also the expense of dockage, hauling and all necessary labor, and the performance of all the work as set forth in the specifications and form of agreement.

NUMBER THREE ABOVE-MENTIONED. 5,425 cubic yards 2 1/2 inch broken trap-rock stone. 2,575 cubic yards trap-rock screenings.

Bidders are required to state in writing, and also in figures, the price per cubic yard for all 2 1/2-inch broken trap-rock stone, also the price per cubic yard for all trap-rock screenings furnished and delivered in such quantities and on such places along the roads, avenues and streets, in the Twenty-third and Twenty-fourth Wards, as may be mentioned and designated.

These prices are to cover the furnishing and delivering, also the expense of dockage, hauling and all necessary labor, and the performance of all the work as set forth in the specification and form of agreement.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received.

1. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing statement, and shall not at any time after the submission of an estimate dispute or complain of such statement nor assert that there was any misunderstanding in regard to the depth of the excavation to be made or the nature or amount of the work to be done.

2. Bidders will be required to complete the entire work to the satisfaction of the Department of Public Parks, and in substantial accordance with the specifications for the work and the plans thereon referred to. No extra compensation beyond the amount payable for the several classes of work before enumerated, which shall be actually performed at the prices therefore, to be specified by the lowest bidder, shall be due or payable for the extra work.

The person making any bid or estimate must furnish the same enclosed in a sealed envelope, to the head of said Department, at his office, on or before the day and hour above mentioned.

The envelope must be indorsed with the name or names of the person presenting the same, the title of the presentation, and a statement of the work to which it relates.

The estimates received will be publicly opened by the head of the said Department at the place and hour last above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; and the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that the bidder is acting without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. This bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered, to be approved by the Comptroller of the City of New York. No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and no estimate can be deposited in said book until such check or money has been examined by said officer or clerk and found to be correct. THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have sufficient estate to meet the effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent of the ESTIMATED amount of the contract. Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact. And without any connection with any other person making an estimate for the same purpose, and is in all respects fair, and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy Chief of a Bureau, or Clerk thereof, or any officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the signature in writing of the person or persons making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent in writing of the husband or the freeholder in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on or before the expiration of the term of the contract, be faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons or persons who consent to the same, as to the sufficiency of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has obtained himself as a surety in good faith and with the intention to execute the bond required by section 7 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become a surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller of the City of New York, for five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must NOT be enclosed in the sealed envelope containing the bid or estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer

or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the same, the amount aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition in the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will state the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.
