JURORS.

NOTICE IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
ROOM 127, STEWART BUILDING,
CHAMBERS STREET AND BROADWAY,
NEW YORK, June 1, 1889.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving, who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only, under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, if unpaid, will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

Commissioner of Jurors.

PROPOSALS FOR ESTIMATES FOR DREDGING
AT PIERS, NEW No. 44, 45 AND 46 ON THE
NORTH RIVER.

ESTIMATES FOR DREDGING AT PIERS,
New No. 44, 45 and 46, North river, will
be received by the Board of Commissioners at the head
of the Department of Docks, at the office of said Department,
on Pier "A," foot of Battery place, North river,
in the City of New York, until 1 o'clock P. M. of

THURSDAY, AUGUST 1, 1889,

at which time and place the estimates will be publicly
opened by the head of said Department. The award of the
contract, if awarded, will be made as soon as practicable
after the opening of the bids.

Any person making an estimate for the work shall
furnish the same in a sealed envelope to said Board, at
said office, on or before the day and hour above named,
which envelope shall be indorsed with the name or
names of the person or persons presenting the same,
the date of its presentation, and a statement of the
work to which it relates.

The bidder to whom the award is made shall give
security for the faithful performance of the contract in
the manner prescribed and required by ordinance, in
the sum of Three Thousand Dollars.

The Engineer's estimate of the quantity of material
necessary to be dredged in order to secure at the premises
mentioned the depth of water set opposite thereto in
the specifications, is as follows:

Pier, new 44, North river (north side), 17,000 cubic yards.	
Pier, new 45, North river.....	26,000 "
Pier, new 46, North river (south side).....	14,000 "
	57,000 "

N. B.—Bidders are required to submit their estimates
upon the following express conditions, which shall apply
to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination
of the location of the proposed dredging, and by such
other means as they may prefer, as to the accuracy of
the foregoing Engineer's estimate, and shall not, at any
time after the submission of an estimate, dispute or
complain of the above statement of quantities, nor
assert that there was any misunderstanding in regard
to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire
work to the satisfaction of the Department of Docks,
and in substantial accordance with the specifications of
the contract. No extra compensation beyond the amount
payable for the work before mentioned, which shall be
actually performed, at the price therefor per cubic yard,
to be specified by the lowest bidder, shall be due or
payable for the entire work.

The work to be done under the contract is to be commenced
within five days after the date of the contract, and the
entire work is to be fully completed on or before the
twenty-first day of September, 1889, and the damages
to be paid by the Contractor for each day that the contract
may be unfulfilled after the time fixed for the fulfillment
has expired, are, by a clause in the contract fixed and
liquidated at Fifty Dollars per day.

All the material excavated is to be removed by the
Contractor, and deposited in all respects, according to
law.

Bidders will state in their estimates a price per
cubic yard for doing such dredging in conformity with
the approved form of agreement and the specifications
therein set forth, by which price the bids will be tested.
This price is to cover all expenses of every kind
involved in or incidental to the fulfillment of the contract,
including any claim that may arise through delay,
from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in
figures, the amount of their estimates for doing this
work.

The person or persons to whom the contract may be
awarded will be required to attend at this office with the
sureties offered by him or them, and execute the contract
within five days from the date of the service of a
notice to that effect; and in case of failure or neglect so
to do, he or they will be considered as having abandoned
it, and as in default to the Corporation; and the contract
will be readvertised and relet, and so on until it be
accepted and executed.

Bidders are required to state in their estimates their
names and places of residence; and if no other person
is so interested, the estimate shall distinctly state the
fact; also, that the estimate is made without any connection
with any other person making an estimate for the
same work, and that it is in all respects fair, and
without collusion or fraud; and also, that no member of
the Common Council, Head of a Department, Chief of a
Bureau, Deputy thereof, or Clerk therein, or other
officer of the Corporation, is directly or indirectly
interested therein, or in the supplies or work to which
it relates, or in any portion of the profits thereof; which
estimate must be verified by the oath, in writing, of the
party making the estimate, that the several matters
stated therein are in all respects true. *Where more
than one person is interested, it is requisite that the
verification be made and subscribed to by all the parties
interested.*

Each estimate shall be accompanied by the consent,
in writing, of two householders or freeholders in the
City of New York, with their respective places of business
or residence, to the effect that if the contract be
awarded to the person or persons making the estimate,
they will, upon its being so awarded, become bound
as his or their sureties for his faithful performance;
and that if said person or persons shall omit or refuse
to execute the contract, they will pay to the Corporation
of the City of New York any difference between the
sum to which said person or persons would be entitled
on its completion, and that which said Corporation
may be obliged to pay to the person to whom the contract
may be awarded at any subsequent letting; the amount
in each case to be calculated upon the estimated amount
of the work to be done by which the bids are tested.
The consent above mentioned shall be accompanied
by the oath or affirmation, in writing, of each of
the persons signing the same, that he is a householder
or freeholder in the City of New York, and is worth
the amount of the security required for the completion
of the contract, over and above all his debts
of every nature, and over and above his liabilities as
bail, surety and otherwise; and that he has offered
himself as surety in good faith and with the intention
to execute the bond required by law. The adequacy
and sufficiency of the security offered will be subject
to approval by the Comptroller of the City of New
York, after the award is made and prior to the signing
of the contract.

No estimate will be received or considered unless
accompanied by either a certified check upon one of the
State or National banks of the City of New York,
drawn to the order of the Comptroller, or money, to
the amount of five per centum of the amount of
security required for the faithful performance of the
contract. Such check or money must not be inclosed
in the sealed envelope containing the estimate, but must
be handed to the officer or clerk of the Department
who has charge of the estimate-box, and no estimate
can be deposited in said box until such check or money
has been examined by said officer or clerk and found
to be correct. All such deposits, except that of the

successful bidder, will be returned to the persons
making the same, within three days after the contract
is awarded. If the successful bidder shall refuse
or neglect, within five days after notice that
the contract has been awarded to him, to execute the
same, the amount of the deposit made by him shall be
forfeited to and retained by the City of New York,
as liquidated damages for such neglect or refusal;
but if he shall execute the contract within the time
aforesaid, the amount of his deposit will be returned
to him.

Bidders are informed that no deviation from the specifications
will be allowed, unless under the written
instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract
awarded to, any person who is in arrears to the Corporation,
upon debt or contract, or who is a defaulter, as surety
or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if
deemed for the interest of the Corporation of the City
of New York.

Bidders are requested, in making their bids or estimates,
to use the blank prepared for that purpose
by the Department, a copy of which, together with
the form of the agreement, including specifications, and
showing the manner of payment for the work, can be
obtained upon application therefor at the office of the
Department.

DEPARTMENT OF DOCKS,
PIER "A," NORTH RIVER.

TO CONTRACTORS.

(No. 284.)

PROPOSALS FOR ESTIMATES FOR DREDGING
AT THE BULKHEAD BETWEEN PERRY
STREET AND WEST ELEVENTH STREET,
NORTH RIVER.

ESTIMATES FOR DREDGING AT THE BULK-
HEAD BETWEEN PERRY street and West Eleventh
street, on the North river, will be received by the Board
of Commissioners at the head of the Department of
Docks, at the office of said Department, on Pier "A,"
foot of Battery place, North river, in the City of New
York, until 1 o'clock P. M. of

FRIDAY, JULY 26, 1889,
at which time and place the estimates will be publicly
opened by the head of said Department. The award of
the contract, if awarded, will be made as soon as practicable
after the opening of the bids.

Any person making an estimate for the work shall
furnish the same in a sealed envelope to said Board, at
said office, on or before the day and hour above named,
which envelope shall be indorsed with the name or
names of the person or persons presenting the same, the
date of its presentation, and a statement of the work to
which it relates.

The bidder to whom the award is made shall give
security for the faithful performance of the contract in
the manner prescribed and required by ordinance, in the
sum of One Hundred and Fifty Dollars.

The Engineer's estimate of the quantities of
material necessary to be dredged in order to secure at
the premises mentioned the depth of water set opposite
thereto in the specifications, is as follows:
Bulkhead between Perry street and
West Eleventh street, North
river..... 2,000 cubic yards

N. B.—Bidders are required to submit their estimates
upon the following express conditions, which shall apply
to and become a part of every estimate received:

(1) Bidders must satisfy themselves by personal examination
of the location of the proposed dredging, and by such
other means as they may prefer, as to the accuracy of
the foregoing Engineer's estimate, and shall not, at any
time after the submission of an estimate, dispute or
complain of the above statement of quantities, nor
assert that there was any misunderstanding in regard
to the nature or amount of the work to be done.

(2) Bidders will be required to complete the entire
work to the satisfaction of the Department of Docks, and
in substantial accordance with the specifications of the
contract. No extra compensation beyond the amount
payable for the work before mentioned, which shall be
actually performed, at the price therefor per cubic
yard, to be specified by the lowest bidder, shall be due
or payable for the entire work.

The work to be done under the contract is to be commenced
within five days after the date of the contract, and the
entire work is to be fully completed on or before the
twenty-sixth day of August, 1889, and the damages
to be paid by the Contractor for each day that the contract
may be unfulfilled after the time fixed for the fulfillment
has expired, are, by a clause in the contract, fixed and
liquidated at Fifty Dollars per day.

All the material excavated is to be removed by the
Contractor, and deposited in all respects, according to
law.

Bidders will state in their estimates a price per cubic
yard, for doing such dredging in conformity with the
approved form of agreement and the specifications
therein set forth, by which price the bids will be tested.
This price is to cover all expenses of every kind involved
in or incidental to the fulfillment of the contract, including
any claim that may arise through delay, from any
cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in
figures, the amount of their estimates for doing this
work.

The person or persons to whom the contract may be
awarded will be required to attend at this office with the
sureties offered by him or them, and execute the contract
within five days from the date of the service of a
notice to that effect; and in case of failure or neglect so
to do, he or they will be considered as having abandoned
it, and as in default to the Corporation, and the contract
will be readvertised and relet, and so on until it be
accepted and executed.

Bidders are required to state in their estimates their
names and places of residence; and if no other person
is so interested, the estimate shall distinctly state the
fact; also, that the estimate is made without any connection
with any other person making an estimate for the
same work, and that it is in all respects fair, and
without collusion or fraud; and also, that no member of
the Common Council, Head of a Department, Chief of the
Bureau, Deputy thereof, or Clerk therein, or other
officer of the Corporation, is directly or indirectly
interested therein, or in the supplies or work to which it
relates, or in any portion of the profits thereof; which
estimate must be verified by the oath, in writing, of the
party making the estimate, that the several matters
stated therein are in all respects true. *Where more
than one person is interested, it is requisite that the
verification be made and subscribed to by all the parties
interested.*

Each estimate shall be accompanied by the consent,
in writing, of two householders or freeholders in the
City of New York, with their respective places of
business or residence, to the effect that if the contract be
awarded to the person or persons making the estimate,
they will, upon its being so awarded, become bound
as his or their sureties for his faithful performance;
and that if said person or persons shall omit or refuse
to execute the contract, they will pay to the Corporation
of the City of New York any difference between the
sum to which said person or persons would be entitled
on its completion, and that which said Corporation
may be obliged to pay to the person to whom the contract
may be awarded at any subsequent letting; the amount
in each case to be calculated upon the estimated amount
of the work to be done by which the bids are tested.
The consent above mentioned shall be accompanied
by the oath or affirmation, in writing, of each of
the persons signing the same, that he is a householder
or freeholder in the City of New York, and is worth
the amount of the security required for the completion
of the contract, over and above all his debts
of every nature, and over and above his liabilities as
bail, surety and otherwise; and that he has offered
himself as surety in good faith, and with the intention
to execute the bond required by law. The adequacy
and sufficiency of the security offered will be subject
to approval by the Comptroller of the City of New York
after the award is made and prior to the signing of the
contract.

No estimate will be received or considered unless
accompanied by either a certified check upon one of the
State or National Banks of the City of New York,
drawn to the order of the Comptroller, or money, to
the amount of five per centum of the amount of security
required for the faithful performance of the contract.
Such check or money must not be inclosed in the
sealed envelope containing the estimate, but must be
handed to the officer or clerk of the Department who
has charge of the estimate-box, and no estimate can be
deposited in said box until such check or money has
been examined by said officer or clerk and found to be
correct. All such deposits, except that of the successful
bidder, will be returned to the persons making the
same, within three days after the contract is awarded.

If the successful bidder shall refuse or neglect, within
five days after notice that the contract has been awarded
to him, to execute the same, the amount of the deposit
made by him shall be forfeited to and retained by the
City of New York as liquidated damages for such neglect
or refusal; but if he shall execute the contract within
the time aforesaid, the amount of his deposit will be
returned to him.

Bidders are informed that no deviation from the specifications
will be allowed, unless under the written
instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded
to, any person who is in arrears to the Corporation,
upon debt or contract, or who is a defaulter, as surety
or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if
deemed for the interest of the Corporation of the City
of New York.

Bidders are requested, in making their bids or estimates,
to use the blank prepared for that purpose by the
Department, a copy of which, together with the form of
the agreement, including specifications, and showing
the manner of payment for the work, can be obtained
upon application therefor at the office of the Department.

BOARD OF CITY RECORD.

PROPOSALS FOR FURNISHING THE CITY STATIONERY.

BOARD OF THE CITY RECORD. TO CONTRACTORS. PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR SUPPLYING THE District Courts of the City Government with Printing and Stationery, including Books, Blank Books, etc., as per annexed specifications, will be received at the office of the Mayor, in the City of New York, until 12 o'clock M. of Thursday, the 25th day of July, 1889, at which place and time said estimates will be publicly opened and read.

Any person making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for furnishing Printing and Stationery," and also the name of the person making it, and the date of its presentation. Each estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the preliminary security required, and in the proposals stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the estimated cost of the articles awarded to each contractor; the amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be FIVE HUNDRED DOLLARS.

Should the person to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation, and no estimates will be accepted from, or a contract awarded to, any person not having at the time of making his estimate, full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the Secretary of the Board of the City Record, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Secretary and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and to be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

A. B.—Bidders will state a total price for each description of Printing or Stationery, including Blank Books, as set forth in the specifications. Separate bids will be received (1) for all the Printing, (2) for all the Stationery, including Blank Books, but all estimates will be considered infirm which do not contain bids for all the items of Printing, or for all the items of Stationery, including Blank Books, for which bids are called herein.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Board of the City Record to reject any or all bids which may be deemed prejudicial to the public interests.

The entire quantity of Printing, Stationery and Books, is to be put up in packages and delivered at such times and places and in such quantities as shall be directed by the Board of the City Record.

Separate contracts will be made with the lowest bidder for each and every description of Printing, or articles of Stationery or Books, involving an expense of more than five hundred dollars.

—will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9.30 o'clock A. M. of Friday, July 26, 1889.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Crockery, Dry Goods, Lumber, etc.," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said

Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department; and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

HYDRANTS, HOSE, TROUGHS, FOUNTAINS, ETC., ETC. No owner or tenant will be allowed to supply water to another person or persons.

All persons taking water from the City must keep their own service-pipes, street tap, and all fixtures connected therewith, in good repair, protected from frost, at their own risk and expense, and shall prevent all waste of water. The use of hose to wash coaches, omnibuses, wagons, railway cars or other vehicles or horses, cannot be permitted.

No horse-troughs or horse-watering fixtures will be permitted in the street or on the sidewalk, except upon a license or permit taken out for that purpose. All licenses or permits must be annually renewed on the first of May. Such fixtures must be kept in good order and the water not allowed to drip or waste by overrunning the sidewalk or street, or to become dangerous in winter by freezing in and about such troughs or fixtures.

No hydrant will be permitted on the sidewalk or in the front area, and any hydrant standing in a yard or alley, attached to any dwelling or building, must not be left running when not in actual use, and if the drip or waste from such hydrant freezes and becomes dangerous in winter, the supply will be shut off in addition to the penalty of five dollars imposed.

Taps at wash-basins, water-closets, baths and urinals must not be left running, under the penalty of five dollars for each offense, which will be strictly enforced.

Fountains or jets in hotels, porter-houses, eating-saloons, confectioneries or other buildings are strictly prohibited. The use of hose for washing sidewalks, stoops, areas, house-fronts, yards, court-yards, gardens, and about stables, is prohibited. Where premises are provided with wells, special permits will be issued for the use of hose, in order that the police or inspectors of this department may understand that the permission is not for the use of Croton water.

Opening fire-hydrants to fill hand sprinklers or other vessels will not be allowed. The penalty for a violation of any of the preceding rules and regulations will be five dollars for each offense, and if not paid when imposed will become a lien on the premises in like manner as all other charges for unpaid water rates. By order, THOMAS F. GILROY, Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS, COMMISSIONER'S OFFICE, NO. 31 CHAMBERS STREET, NEW YORK, June 1st, 1889.

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

THOMAS F. GILROY, Commissioner of Public Works.
