MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, January 6, 1890.

To the Honorable the Board of Aldermen:

Herewith I transmit for such action on your part as may seem to be proper a communication which I have received from a committee of the Central Taxpayers' Association, in which it is urged that the elevated railway authorities be compelled to place and maintain dripping pans under their tracks for the protection of pedestrians passing thereunder.

HUGH J. GRANT, Mayor.

To his Honor HUGH J. GRANT, Mayor of the City of New York:

DEAR SIR—As Chairman of the committee hereinafter named, I have been requested to forward to you a copy of a resolution duly adopted on the 15th day of November, 1889, at a meeting of "The Central Taxpayers' Association," held at their rooms at Cooper Institute, in the City of New York, as follows:

"Whereas, It has become obnoxious to citizens and pedestrians in the City of New York, as well as dangerous to cross-streets at corners where 'elevated railways' are constructed, either on the Second or Third avenues, by reason of red hot cinders, hot and cold water, oil, and all sorts of refuse coming or falling upon persons and their clothing who walk thereunder; which in many instances have caused injury to people as well as to their clothing and wearing apparel, which is a nuisance and should be abated.

"Resolved, That a committee of five be appointed to wait upon the Mayor of this city and urge upon him the importance of the grievances aforesaid, and request that the Elevated Railway Companies be compelled, by ordinance or otherwise, to construct dripping-pans under their tracks at each crossing in Second and Third avenues in the City of New York, and save the citizens from any future injury to their person or destruction of their clothing."

All of which is respectfully submitted.

CHARLES I. SCHAMPAIN,
CHARLES LUTZ,
PHILIPP DHIEL,
WILLIAM BURKMAN,
HENRY FINK,
189 Second street,

Yours, etc.,

CHARLES I. SCHAMPAIN, 293 Broadway,
Chairman of Committee and Vice-President of said Association.

Which was referred to the Committee on Railroads.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, January 9, 1890.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted January 6, 1890, to pave Edgecombe avenue, between One Hundred and Thirty-eighth and One Hundred and Forty-second streets, with asphalt pavement, on the ground that it is premature. The Commissioner of Public Works reports that there are no sewers in this avenue, between One Hundred and Thirty-ninth and One Hundred and Fortieth streets; no water-mains between One Hundred and Thirty-eighth and One Hundred and Forty-first streets, and no gas-mains for the entire distance.

HUGH J. GRANT, Mayor.

Resolved, That the Commissioner of Public Works be and he is hereby authorized to pave, with asphalt, Edgecombe avenue, between One Hundred and Thirty-eighth street and One Hundred and Forty-second street, and that crosswalks of two courses of blue stone, etc., be laid at the intersecting and terminating avenues, viz.: Beginning at the north crosswalk of One Hundred and

Thirty-eighth street and ending at the south crosswalk of One Hundred and Forty-second street, the work to be done by contract, guaranteed for five years, and publicly let to the lowest bidder, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was ordered on file.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, January 9, 1890.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted January 6, 1890, which directs the regulating, grading, etc., of One Hundred and Fifty-eighth street, from the Public Drive to the Hudson river, on the ground that it does not appear that there is any immediate necessity for the work proposed. There is no evidence that this work is called for by the property-owners who would be assessed for it, and the Commissioner of Public Works reports that the street is now in fair condition for all necessary purposes.

HUGH J. GRANT, Mayor.

Resolved, That One Hundred and Fifty-eighth street, from the Public Drive to the Hudson river, be regulated and graded, the curb-stones set and sidewalks flagged a space four feet wide through the centre thereof, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was ordered on file.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, January 14, 1890.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted January 6, 1890, which provides for the regulating, grading, etc., of Dyckman street, from Kingsbridge road to the Hudson river. I base my action herein on a report under date of January 13, 1890, which I have received from the Commissioner of Public Works, in which he informs me of the receipt by him of a petition of "property-owners representing nearly all the property in frontage on that street," requesting that the work of regulating and grading the street be postponed until it can be done for its entire length from the Hudson river to the Harlem river. The Commissioner of Public Works coincides with the petitioners and sets forth the saving which will result to the city in the event that the entire work is included in one contract and one ordinance. Upon these facts I return the resolution as above stated.

HUGH J. GRANT, Mayor.

Resolved, That Dyckman street, from Kingsbridge road to the Hudson river, be regulated and graded, the curb-stones set and sidewalks flagged a space four feet wide through the centre thereof, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was ordered on file.

Resolved, That his Honor the Mayor be and he is hereby requested to direct the Comptroller to have this just claim of this city brought to the attention of Congress, during the present session thereof, and that such other action shall be taken by him, in connection therewith, as may be necessary to secure its prompt, and, if possible, favorable consideration by Congress.

FIRE DEPARTMENT.

HEADQUARTERS FIRE DEPARTMENT,
157 AND 159 EAST SIXTY-SEVENTH STREET,
NEW YORK, January 11, 1890.

TO CONTRACTORS.

SEALED PROPOSALS FOR FURNISHING THE materials and labor, and doing the work required in Building Two Fire Pumps for a New Floating Engine for this Department, will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York,

until 10 o'clock A. M. Friday, January 24, 1890, at which time and place they will be publicly opened by the head of said Department and read.

No estimate will be received or considered after the hour named.

For information as to the amount and kind of work to be done bidders are referred to "Schedule C, Part I," and the "General Clauses" and "Steam Trials" clauses of the specifications and to the drawings, all of which form part of these proposals.

The forms of the agreement, with specifications, showing the manner of payment for the work and the drawings, may be seen, and forms of proposals may be obtained at the office of the Department.

Bidders must write out the amount of their estimates in addition to inserting the same in figures.

The work is to be completed and delivered within ninety (90) days after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are fixed and liquidated at thirty (30) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance, in the sum of four thousand five hundred (4,500) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of two hundred and twenty-five (225) dollars. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded.

If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

HENRY D. PURROY, S. HOWLAND ROBBINS, ANTHONY EICKHOFF, Commissioners.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The work is to be completed and delivered within ninety (90) days after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are fixed and liquidated at thirty (30) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope, to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public

interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance, in the sum of four thousand five hundred (4,500) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of two hundred and twenty-five (225) dollars. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded.

If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

DEPARTMENT OF PUBLIC WORKS, COMMISSIONER'S OFFICE, NO. 31 CHAMBERS STREET, NEW YORK, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT

act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty, containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot, that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall therefor be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

THOS. F. GILROY, Commissioner of Public Works.

By order, THOMAS F. GILROY, Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS, COMMISSIONER'S OFFICE, NO. 31 CHAMBERS STREET, NEW YORK, JUNE 1ST, 1889.

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

THOMAS F. GILROY, Commissioner of Public Works.
