MESSAGES FROM HIS HONOR THE MAYOR.

The Vice-President laid before the Board the following message from his Honor the Mayor :  
MAYOR'S OFFICE, NEW YORK, February 20, 1891.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of your Honorable Body, adopted February 10, 1891, permitting the Lehigh Valley Railroad Company "to pave the sidewalk on the north side of Forty-third street and East river, from the bulkhead, westerly, a distance not to exceed five hundred feet, and in front of the depot of said company, the paving to correspond with the present street pavement."

I have this day returned, without approval, a resolution of similar purpose, setting forth the grounds for my disapproval. I consider that those objections apply with still greater force in the present instance.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to the Lehigh Valley Railroad Company to pave the sidewalk on the north side of Forty-third street and East river, from the bulkhead, westerly, a distance not to exceed one hundred feet, and in front of the depot of said company, the paving to correspond with the present street pavement, the work to be done at the expense of the company, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The Vice-President laid before the Board the following message from his Honor the Mayor :  
MAYOR'S OFFICE, NEW YORK, February 20, 1891.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of your Honorable Body, adopted February 10, 1891, which grants permission for the paving of the sidewalk in front of Nos. 364 and 365 South street, with blue stone pavement.

I consider that the proposed change in the character of the flagging of the sidewalk would, if adopted, operate directly to the discomfort and inconvenience of pedestrians, while the ultimate result would be a greater blocking of the sidewalk with trucks and wagons than now exists.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to Josiah Macy's Sons to pave the sidewalk in front of Nos. 364 and 365 South street, with blue-stone pavement, the work to be done at their own expense, under the direction and to the satisfaction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The Vice-President laid before the Board the following message from his Honor the Mayor :  
MAYOR'S OFFICE, NEW YORK, February 17, 1891.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted February 10, 1891, providing that gas-mains be laid, lamp-posts erected and street-lamps placed thereon and lighted in One Hundred and Thirty-eighth street, from Amsterdam avenue to the Boulevard, on the ground that the Commissioner of Public Works reports that the Consolidated Gas Company has already been ordered to lay gas-mains and light public lamps in this street, under a resolution approved October 8, 1890. The present resolution is, therefore, unnecessary.

HUGH J. GRANT, Mayor.

Resolved, That gas-mains be laid, lamp-posts erected and street-lamps placed thereon and lighted in One Hundred and Thirty-eighth street, from Amsterdam avenue to the Boulevard, under the direction of the Commissioner of Public Works.

Which was laid over, ordered to be printed in the minutes, and published in full in the CITY RECORD.

The Vice-President laid before the Board the following message from his Honor the Mayor :  
MAYOR'S OFFICE, NEW YORK, February 17, 1891.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted February 10, 1891, providing that gas-mains be laid, lamp-posts erected and street-lamps placed thereon and lighted in One Hundred and Thirty-fourth street, between Willow avenue and the Southern Boulevard, on the ground that the Commissioner of Public Works reports that the part of One Hundred and Thirty-fourth street referred to in the resolution is not yet regulated and graded, and that gas-lamps should not be placed until the street is graded.

HUGH J. GRANT, Mayor.

Resolved, That gas-mains be laid, lamp-posts erected and street-lamps placed thereon and lighted in One Hundred and Thirty-fourth street, between Willow avenue and the Southern Boulevard, under the direction of the Commissioner of Public Works.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The Vice-President laid before the Board the following message from his Honor the Mayor :  
MAYOR'S OFFICE, NEW YORK, February 24, 1891.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted February 10, 1891, to regulate, grade, curb and flag One Hundred and Forty-eighth street, from Railroad avenue, East, to Courtland avenue.

I have not been able to give this matter as much investigation as I would like. I find, however, that this street has already been regulated and graded and that the change of grade caused by the sinking of the tracks of the railroad companies which pass there will necessitate a regrading of the streets. As One Hundred and Forty-eighth street has heretofore been regulated, graded, curbed and flagged and the cost therefor assessed upon the adjoining property, I do not know that this work can be done by a reassessment and as no appropriation has been made for the work I withhold my approval from the resolution until the matter can be further investigated.

HUGH J. GRANT, Mayor.

Resolved, That East One Hundred and Forty-eighth street, between the easterly curb-line of Railroad avenue East, and the westerly curb-line of Courtland avenue, be regulated and graded, upon the established lines and grade; the curb and flag stones, where not on the established line or grade, be taken up, the curb-stones reset and the flag-stones relaid four feet in width, new curb-stones be set and new flag-stones, four feet in width, be laid on each sidewalk, where not heretofore set or laid, or the old flag and curb stones are worn or broken so as to be unfit for use, and that crosswalks be laid across the roadway at each intersection of said street with each avenue and at the intersection of each avenue with said street, the present crosswalks relaid, if not on the established grade and new bridge-stones substituted for such worn or broken stones as are unfit for use, under the direction of the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The Vice-President laid before the Board the following message from his Honor the Mayor :  
MAYOR'S OFFICE, NEW YORK, February 24, 1891.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted February 10, 1891, to regulate, grade, curb and flag One Hundred and Fifty-ninth street, from Railroad avenue, East, to Third avenue.

I have not been able to give this matter as much investigation as I would like. I find, however, that this street has already been regulated and graded and that the change of grade caused by the sinking of the tracks of the railroad companies which pass there will necessitate a regrading of the street. As One Hundred and Fifty-ninth street has heretofore been regulated, graded, curbed and flagged and the cost therefor assessed upon the adjoining property, I do not know that this work can be done by a reassessment, and as no appropriation has been made for the work I withhold my approval from the resolution until the matter can be further investigated.

HUGH J. GRANT, Mayor.

Resolved, That One Hundred and Fifty-ninth street, from Railroad avenue, East, to Third avenue, be regulated and graded, the curb-stones set and the sidewalk flagged a space four feet wide through the centre thereof on the established lines and grades, under the direction of the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The Vice-President laid before the Board the following message from his Honor the Mayor :  
MAYOR'S OFFICE, NEW YORK, February 24, 1891.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted February 10, 1891, which provides for the paving of One Hundred and Twenty-second street, from St. Nicholas avenue to Columbus avenue, with asphalt blocks.

I do not consider the petition accompanying the resolution to be sufficiently representative in its scope, inasmuch as not more than one-third of the owners of property which would be affected by the passage of the resolution have signed, and as it is customary to have a majority of the property owners to have a special pavement laid upon a street, and as the Commissioner of Public Works views, with some hesitation, the desirability of laying the pavement herein specified until an opportunity has been given to demonstrate its durability by a more extensive trial, I withhold my approval from the resolution.

HUGH J. GRANT, Mayor.

Resolved, That the carriageway of One Hundred and Twenty-second street be paved with asphalt-block pavement, from St. Nicholas avenue to Columbus avenue, and that crosswalks be laid at each intersecting and terminating avenue, where not already laid, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

To the Honorable the Common Council of the City of New York :

The petition of the "One Hundred and Fifty-fifth Street Railroad Company" respectfully shows :

That your petitioner is a corporation duly organized and incorporated under and in pursuance of the act of the Legislature of the State of New York, entitled "An act to provide for the construction, extension, maintenance and operation of street surface railroads and branches thereof in the cities, towns and villages," passed May 6, 1884, for the purpose of constructing, maintaining and operating a street surface railroad for public use in the conveyance of persons and property in cars, for compensation, in the City of New York, and that the said railroad is proposed to be constructed, maintained and operated upon and along the surface of the following streets, avenues and highways in the City of New York, County of New York, and State of New York, viz. :

And your petitioner further shows that, pursuant to the provisions of the said act, it is necessary that the consent of the Common Council of the City of New York be obtained by your petitioner, to enable your petitioner to construct, maintain, operate and use the railroad for the construction, maintenance and operation of which your petitioner was incorporated as aforesaid.

The railroad proposed to be constructed, maintained and operated is intended to be operated by horse-power, or by some power other than locomotive steam-power.

The railroad proposed to be constructed is to be a double track, built of the best material, with a rail giving the least obstruction to travel.

Your petitioner therefore prays and hereby makes application to the Common Council of the City of New York for its consent and permission to construct, maintain and operate and use a street surface railroad for public use, in the conveyance of persons and property in cars, through, upon

and along the surface of the streets, avenues, bridge and highways, as above set forth and described, together with the necessary connections, switches, sidings, turnouts, turntables and suitable stands for the convenient working of the said road.

And your petitioner will ever pray, etc.

The Special Committee appointed on February 3, to consult with the custodian of the Peter Cooper Monument Fund in respect to the speedy erection of a monument in honor of Peter Cooper, hereby respectfully

REPORT :

That pursuant to a resolution adopted by the Common Council on June 27, 1883, a popular subscription was ordered for the collection of a fund to be devoted to the erection of a monument in honor of Peter Cooper.

Furthermore, that on July 28, 1884, the Common Council appointed an Executive Committee of prominent citizens with full power to make contracts and do all that may be required to erect said monument.

Your Committee have ascertained that the said monument fund has reached a total of about \$35,000, and is deposited with the United States Trust Company at the disposition of a committee of citizens consisting of Messrs. O. B. Potter, John E. Parsons, Franklin Edson, Egbert L. Viele, Charles P. Daly, Levi M. Bates and Leopold Eidlitz; that said committee consider the fund sufficient for its purpose and that they have awarded the contract for the aforesaid monument to a distinguished sculptor—a former student of the Cooper Union—who expects to complete the work in about a year.

In consideration of the facts herein set forth, your Committee believe that no further action on their part is required, and in asking to be discharged from the further consideration of the subject, they recommend the adoption of the preamble and first resolution, providing for the observance of Peter Cooper's birthday anniversary by the display of the American flag from the flagstaves of the City Hall and other public buildings.

Whereas, The hundredth anniversary of the birth of Peter Cooper will take place on the 12th of February, 1891; and

Whereas, Peter Cooper's great and enduring bequest to the people of the City of New York in the form of the "Cooper Union for the Advancement of Science and Art," entitles him to be designated as one of New York's greatest benefactors, and to have his honored name and generous deeds appropriately commemorated; therefore

Resolved, That on every recurring February 12th the anniversary of the birth of Peter Cooper be observed by the display of the American flag from the flagstaves of the City Hall and other public buildings.

HOUSE AND REAL ESTATE OWNERS' ASSOCIATION OF THE TWELFTH AND NINETEENTH WARDS OF THE CITY OF NEW YORK, NEW YORK, February 9, 1891.

Hon. JOHN H. V. ARNOLD, President Board of Aldermen of the City of New York:

HOUSE AND REAL ESTATE OWNERS' ASSOCIATION OF THE TWELFTH AND NINETEENTH WARDS OF THE CITY OF NEW YORK, NEW YORK, February 5, 1891.

At a meeting of the above-named association held February 4, 1891, the following resolutions were adopted:

Whereas, This association has been made aware of the circumstance, that there are a large number of teachers in the Public Schools of New York City who do not reside in this city, drawing salaries amounting to nearly half a million dollars per annum, to the exclusion of residents of the City of New York who are seeking appointment without success; therefore be it

Resolved, That we positively condemn the practice of allowing a person to hold a public office under the Government of the City of New York who is not a resident of this city, we deeming the individual underserving of the position who will draw a salary from the city which he does not esteem worthy to make his residence in; and be it furthermore

Resolved, That we view with admiration, the attempt made by certain Commissioners of the Board of Education of New York City, to debar these non-resident teachers, and we sincerely hope that the Board of Education will adopt measures to secure this end;

Resolved, That a copy of these resolutions be transmitted to the Mayor, the Board of Education and the Board of Aldermen of the City of New York.

HEALTH DEPARTMENT.

HEALTH DEPARTMENT—CITY OF NEW YORK, No. 301 MOTT STREET, NEW YORK, February 24, 1891.

PROPOSALS FOR ESTIMATES FOR FURNISHING EARTH FILLING ON NORTH BROTHER ISLAND.

PROPOSALS FOR ESTIMATES FOR FURNISHING earth filling on North Brother Island, City and County of New York, will be received by the Commissioners of the Health Department, at their office, No. 301 Mott street, until 2.30 o'clock P. M. of the 10th day of March, 1891, at which time and place they will be publicly opened and read by said Commissioners.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the head of said Health Department, indorsed "Estimate for Furnishing Earth Filling on North Brother Island, City and County of New York," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of TWO THOUSAND DOLLARS.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2. Bidders will be required to complete the entire work to the satisfaction of the Health Department, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or the Health Department may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract,

Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The Department reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

Plans may be examined, and specifications and blank forms for bids or estimates obtained by application to the Secretary of the Board, at his office, No. 301 Mott street, New York.

CHARLES G. WILSON, JOSEPH D. BRYANT, WILLIAM M. SMITH, CHARLES F. MACLEAN, Commissioners.

5th. Each sprinkling cart shall be provided with a sound and proper piece of hose to conduct the water from the fire-hydrant to the cart, and such hose shall always be kept in order and free from leaks.

6th. Each person obtaining a permit for sprinkling shall keep the hydrants allotted to his use closed, except when obtaining water for use, and shall be responsible for any damage that may result from the use or abuse of them while in their charge; provided such damage shall not have been occasioned by others than those in the employ of said persons.

7th. Any person who shall thus obtain a permit shall pay to the Department of Public Works such sum or price as may be fixed by the Department for the water used during the season for sprinkling; the payments to be made monthly in advance and within the first week of each month.

8th. Each person obtaining a permit will be required to sprinkle the streets with sufficient water only to lay the dust; drenching the streets with an excessive quantity of water will be sufficient cause to revoke any permit or license.

9th. Every person who shall obtain a sprinkling permit will be required to confine himself strictly to his route; encroaching on other routes will not be permitted.

10th. No double-nozzle hydrants shall be used.

11th. Any licensee violating any of the above rules and regulations will, at the discretion of the Commissioner of Public Works, have his license revoked, and will forfeit all moneys paid by him on account of the same.

No bid will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Commissioner of Public Works, or money to the amount of one hundred dollars (\$100) as security for compliance with the conditions of the license. Such check or money must not be inclosed in the sealed envelope containing the bid, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no bid can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the license is awarded. If the successful bidder shall refuse or neglect, within five days after the license has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the license within the time aforesaid, the amount of the deposit will be returned to him.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or

money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Rooms 15, 9 and 1, No. 31 Chambers street.

DEPARTMENT OF PUBLIC WORKS, COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET, NEW YORK, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereupon liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

PROPOSALS, SEALED AND INDORSED AS above, will be received by the Board of Public Charities and Correction, at their office, until 10 o'clock A. M. of Wednesday, February 25, 1891, at which time they will be publicly opened and read by the President of said Board, for 500 tons Fresh Mined White Ash Stove Coal, of the best quality, each ton to consist of two thousand pounds; to be well screened and delivered in such quantities and in such parts of the city as may be required in specifications, and ordered from time to time, south of Eighty-fourth street, to be subject to such inspection as the Commissioners may direct, and to meet their approval as to the quality, quantity, time and manner of delivery in every respect.

The award of the contract will be made as soon as practicable after the opening of the bids. No proposal will be considered unless accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded under that proposal, they will, on its being so awarded, become bound as sureties in one thousand (\$1,000) dollars each, for its faithful performance; which consent must be verified by the justification of each of the persons signing the same for double the amount of surety required. The adequacy and sufficiency of such security to be approved by the Comptroller.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The Board of Public Charities and Correction reserves the right to reject all bids if deemed for the best interests of the city, and no proposal will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

HEADQUARTERS FIRE DEPARTMENT, 157 AND 159 EAST SIXTY-SEVENTH STREET, NEW YORK, February 10, 1891.

TO CONTRACTORS.

SEALED PROPOSALS FOR FURNISHING 100 TONS CANNEL COAL

will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 10 o'clock A. M. Wednesday, February 25, 1891, at which time and place they will be publicly opened by the head of said Department and read.

The coal is to be of the best quality of the kind known as "Incehall," to weigh 2,000 pounds to the ton, and be hand picked and free from slate.

All of the coal is to be delivered at the various Fuel Depots south of Fifty-ninth street, in such quantities and at such times, within thirty (30) days after the execution of the contract, as may be from time to time directed, and the same is to be weighed in the presence of an Inspector designated for that purpose by the Department upon scales furnished by the Department, which are to be transported from place to place by the contractor.

No estimate will be received or considered after the hour named.

The form of the agreement, with specifications, showing the manner of payment for the work, may be seen, and forms of proposals may be obtained at the office of the Department.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the supply to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of seven hundred (700) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of thirty-five (35) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.
