Whereas, Thereafter the Board of Directors of said company, in pursuance of the power and authority vested in it by said act, and also by chapter 102 of the Laws of 1892, entitled "An act to amend chapter 4 of the Laws of 1891, entitled 'An act to provide for rapid transit railways in cities having over one million inhabitants,'" passed January 31, 1891, did duly determine, in lieu of constructing the approach or approaches to the said bridge or bridges as heretofore located by said East River Bridge Company (other than those located for pedestrians, vehicles and equestrians, which last-named approaches are approaches hereinabove described as Nos. 4 and 5 of Bridge No. 1, and approaches Nos. 2 and 3 of Bridge No. 2), to build, maintain and operate an elevated railroad, the routes of which shall be as follows:

Route of Proposed Elevated Railroad.

(1) From a point in the line of Bridge No. 1, at or about Cannon street, in the City of New York, situated in a block bounded between Delancey and Rivington and Columbia and Cannon streets; thence westwardly, over, through and along private property, and across intervening streets to the Bowery, connecting with the Second Avenue Elevated Railroad at Allen street, and across the Bowery to Spring street, connecting with the Third Avenue Elevated Railroad on each side of the Bowery. Said elevated railroad will also connect with all surface cars whose routes it may cross at the points at or near which its stations shall be located.

(2) From the Bowery at Spring street; thence westwardly over, through and along Spring street to West street, connecting with the Sixth Avenue Elevated Railroad at South Fifth avenue and with the Ninth Avenue Elevated Railroad at Greenwich street. Said elevated railroad will also connect with all surface cars whose routes it may cross at the points at or near which its stations shall be located.

As a connection with the Dry Dock, East Broadway and Battery Railroad and other railroads, and with the ferry at Desbrosses street, and also to provide a proper terminal for the operation of said elevated railroad, there shall be constructed therefrom a curve from its terminus at West and Spring streets, extending southerly into West street, and thence along the same to or near Vestry street.

(3) From a point in the line of Bridge No. 1, between Delancey and Rivington streets, on the block between Columbia and Cannon streets, being the point of commencement of Approach No. 1, and thence over, along and through private property and across intervening streets to and across Delancey street, to connect with Bridge No. 2 at a point on its line situated in the block bounded by Sheriff, Willett, Broome and Grand streets.

(4) Beginning at a point in the line of Bridge No. 2, situated in the block between Sheriff and Willett streets and between Grand and Broome streets; thence over, across and through private property to Grand street; thence eastwardly along, over and through Grand street upon a descending grade to the southerly side of East street, connecting with the Dry Dock, East Broadway and Battery Railroad, the Forty-second Street and Grand Street Ferry Railroad and with other railroads and with the ferry at the foot of Grand street.

(5) In the City of Brooklyn, from the structure of the bridge to the elevated railroads in Hudson, Wythe and Fulton avenues; and

Whereas, Thereafter, in pursuance of said act, the Board of Directors of said company, duly adopted a general plan for the construction of the elevated railroad which they had determined to build, maintain and operate in lieu of constructing the approaches hereinbefore mentioned to the several bridges which said company had been authorized as aforesaid to construct. That the said Board of Directors also determined that said general plan shows the general mode of operation and contains all the details as to the manner of construction as in the judgment of said Board was necessary to show the extent to which any street, avenue, or public place in the City of New York and in the City of Brooklyn is to be encroached upon and the property abutting thereon is affected; that said plan also contains all the details as to the mode of operation and construction which it is practical to make in advance of the making of detailed surveys and drawings, which it is impracticable to make at the present time, and until the consent of the local authorities and of the property-holders, or of the Supreme Court in lieu thereof, is obtained. That by resolution of said Board of Directors a copy of the said plan, with maps accompanying the same, was directed to be transmitted to this Common Council and an application made to it for the consent of the local authorities in the City of New York for the construction and operation by said company of the elevated railroad hereinabove mentioned; and

Whereas, In pursuance of said resolutions, a copy of said plan and of the maps accompanying the same, were duly transmitted to the Common Council and were duly presented to it at a meeting held November 15, 1892, together with a petition setting out the matters aforesaid, and the conclusions of said Board of Directors; and

Whereas, Said Common Council on that day duly adopted a resolution that in pursuance of the acts hereinabove mentioned and of the provisions of chapter 4 of the Laws of 1891, entitled "An act to provide for rapid transit railways in cities having over one million inhabitants," and of the other existing provisions of law, it thereby appointed the twenty-second day of November, 1892, at one o'clock P. M., and Chamber of the Common Council, for the consideration of such plan, conclusions and communication; and

Whereas, Such consideration of such plan, conclusions and communication have been duly proceeded with and had by this Board; it is therefore

Resolved, And this Common Council does hereby approve of the aforesaid plan, conclusions and communication of said East River Bridge Company.

Resolved, That the consent of this Common Council be and the same is hereby given to the construction, maintenance and operation by the East River Bridge Company, its successors or assigns, in accordance with said plan, of an elevated railway or railways over, along, through and across the various streets, avenues and public places in the City of New York which are included with the following-described routes constituting approaches to the bridges authorized to be constructed by said East River Bridge Company, and over and along such routes and approaches, viz.:

(1) From a point in the line of the bridge hereinabove described as Bridge No. 1, at or about Cannon street, in the City of New York, situated in the block bounded between Delancey and Rivington and Columbia and Cannon streets; thence westwardly, over, through and along private property, and across intervening streets to the Bowery, connecting with the Second Avenue Elevated Railroad at Allen street, and across the Bowery to Spring street, connecting with the Third Avenue Elevated Railroad on each side of the Bowery. Said elevated railroad will also connect with all surface cars whose routes it may cross at the points at or near which its stations shall be located.

(2) From the Bowery at Spring street; thence westwardly over, through and along Spring street to West street, connecting with the Sixth Avenue Elevated Railroad at South Fifth avenue and with the Ninth Avenue Elevated Railroad at Greenwich street. Said elevated railroad will also connect with all surface cars whose routes it may cross at the points at or near which its stations shall be located.

As a connection with the Dry Dock, East Broadway and Battery Railroad and other railroads, and with the ferry at Desbrosses street, and also to provide a proper terminal for the operation of said elevated railroad, there shall be constructed therefrom a curve from its terminus at West and Spring streets, extending southerly into West street, and thence along the same to or near Vestry street.

(3) From a point in the line of said Bridge No. 1, between Delancey and Rivington streets, on the block between Columbia and Cannon streets, being the point of commencement of Approach No. 1 hereinabove described, and thence over, along and through private property and across intervening streets to and across Delancey street, to connect with the bridge hereinabove described as Bridge No. 2 at a point on its line situated in the block bounded by Sheriff, Willett, Broome and Grand streets.

(4) Beginning at a point in the line of said Bridge No. 2, situated in the block between Sheriff and Willett streets and between Grand and Broome streets; thence over, across and through private property to Grand street; thence eastwardly along, over and through Grand street upon a descending grade to the southerly side of East street, connecting with the Dry Dock, East Broadway and Battery Railroad, the Forty-second Street and Grand Street Ferry Railroad and with other railroads and with the ferry at the foot of Grand street.

Resolved, That before any of the streets or avenues of the city are entered upon by said company or its contractors, agents or employees, for the purpose of building the said railway or railroads, and before any work whatever is commenced in such streets or avenues by said company, or its contractors, agents or employees, in regard thereto, a plan of said railroad with reference to the location and position of its columns and supports, and the construction of its stairways, shall be submitted to and the location of the same approved by the Department of City Works.

Resolved, That all pavements, curbs, gutters and sidewalks, and all sewers, drains, water and gas pipes encountered in the excavations made in constructing said elevated railroad or railroads shall be cared for and restored if they are moved or injured, and all such work and excavation and construction in connection with foundations in the streets shall be done in compliance with the State or municipal laws relating to the streets, and to the satisfaction of the Department of City Works.

Resolved, That this consent of the Common Council is hereby given upon the following condition, the non-compliance on the part of the said company with which shall render this consent void: That the said company, before it or its contractors, employees or agents, shall enter upon any of the streets or avenues of the city for the purpose of constructing said railroad or railroads shall enter into a good and sufficient bond, with sureties to be approved by the Corporation Counsel, in the sum of two hundred thousand dollars, that it will save and keep harmless the City of New York from all damage or injury caused by the erection, construction or maintenance of said railroad or railroads or caused by any interference of the said company, its contractors, agents or employees, with the streets, water-pipes or sewers of said city.

Adopted by the Board of Aldermen, November 22, 1892. Approved by the Mayor, November 23, 1892.

MICHAEL F. BLAKE, Clerk, Common Council.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION, No. 66 THIRD AVENUE, NEW YORK, November 26, 1892.

TO CONTRACTORS.

MATERIALS AND WORK REQUIRED FOR REPAIRS TO ENGINE, BOILERS, HULL, ETC., STEAMER "MINNA-HANONCK."

(No. 28.)

SEALED BIDS OR ESTIMATES FOR THE aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third avenue, in the City of New York, until Friday, December 9, 1892, until 12 o'clock A. M. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Repairs to steamer 'Minna-hanonck,'" and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids. Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of TWO THOUSAND (\$2,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose; and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by

section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures. Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract. The forms of the contract, including specifications and showing the manner of payment, can be obtained at the office of the Department, and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.

TO BOOKBINDERS AND STATIONERS.

SEALED ESTIMATES FOR SUPPLYING THE City Government with Blank, Printed or Lithographed Books, Dockets, Libers, etc., will be received at this office until 12 o'clock M. of Monday, the fifth day of December, 1892, at or about which time said estimates will be publicly opened and read at a meeting of the Board of City Record, to be held in the Mayor's Office.

Each person making an estimate shall inclose it in a sealed envelope, indorsed "Estimate for furnishing Blank Books, etc.," and with his name and the date of its presentation.

Each estimate shall state the name and place of residence of the person making it; if there is more than one such person, their names and residences must be given; and if only one person is interested in the estimate it must distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making it, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall

be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the preliminary security required, and in the proposals stated, over and above all his debts of every nature and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the estimated cost of the articles awarded to each contractor; the amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be One Thousand Dollars.

Should the person to whom the contract may be awarded, neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accepted but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and let, as provided by law.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to the Corporation, and no estimate will be accepted from, or a contract awarded to, any person not having at the time of making his estimate full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Supervisor of the City Record, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Supervisor and found to be correct. All such deposits, except that of the successful bidder, will be returned to the person making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the undersigned city officers to reject any or all bids which may be deemed prejudicial to the public interests.

A contract will be made with the lowest bidder for the books required by any court or department, or for any item in the specifications involving an expenditure of more than for hundred dollars.

The making and delivery of all the books must be completed within ninety days from the execution of the contract unless delayed by the courts, departments, or bureaus. They must be made and delivered in the order to be prescribed by the Supervisor of the City Record, to the end that the immediate needs of the Department shall be supplied. HEALTH DEPARTMENT.

HEALTH DEPARTMENT—CITY OF NEW YORK,
No. 301 MOTT STREET,
NEW YORK, November 15, 1892.

PROPOSALS FOR ESTIMATES FOR BUILDING A RECEPTION HOSPITAL AT THE FOOT OF EAST SIXTEENTH STREET, AND FOR BUILDING A BOILER-HOUSE TO BE LOCATED 676 FEET EAST OF AVENUE C AND NORTH OF EAST SIXTEENTH STREET.

PROPOSALS FOR ESTIMATES FOR BUILDING a Reception Hospital at the foot of East Sixteenth street, and for building a Boiler-house to be located 676 feet east of Avenue C and north of East Sixteenth street, City and County of New York, will be received by the Commissioners of the Health Department, at their office, No. 301 Mott street, until 1.30 o'clock P. M. of the 30th day of November, 1892, at which time and place they will be publicly opened and read by said Commissioners.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the head of said Health Department, indorsed "Estimate for building a Reception Hospital at the foot of East Sixteenth street, and for building a Boiler-house to be located 676 feet east of Avenue C, and north of East Sixteenth street, City and County of New York," and also with the name of the person or persons presenting the same and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each

and by such other means as they may prefer, as to the accuracy of the estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

Bidders will be required to complete the entire work to the satisfaction of the Health Department and in substantial accordance with the specifications of the contract and the plan therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office, with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on, until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true.

Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation or the Health Department may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The Department reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

Plans may be examined, and specifications and blank forms for bids or estimates obtained, by application to the Secretary of the Board, at his office, No. 301 Mott street, New York.

Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are fixed and liquidated at twenty (20) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates, if deemed to be for the public interest. Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance in the sum of ten thousand (\$10,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet as provided by law.

DEPARTMENT OF PUBLIC WORKS,

COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereat.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.
