NUMBER 6,062.

AQUEDUCT COMMISSION.

Minutes of Stated Meeting of the Aqueduct Commissioners, held at their office, No. 209 Stewart Building, on Wednesday, April 5, 1893, at 3 o'clock P. M.

Present—Commissioners Duane, Tucker, Scott and Cannon.
The Committee of Finance and Audit reported their examination and audit of bills contained in Vouchers Nos. 8660 to 8672, inclusive, amounting to \$586.88.
On motion of Commissioner Tucker, the same were approved and ordered certified to the Comptroller for payment.
The Committee also presented the following:
The Committee of Finance and Audit report:
That they have examined the bids and checks received March 29, 1893, for constructing highways or roads and their appurtenances at Reservoir "D," in the Town of Carmel, Putnam County, New York.

The checks, amounting to sixteen thousand dollars (\$16,000), were correct and transmitted to the Comptroller, and his receipt is on file.

The bids were found correct as to their formality, with the exception of the following bids:
Bid No. 1. Of Saverio Gallo & Joab Small, is not signed by the bidders.
Bid No. 8. Of Clinton Stephens, bid not sworn to or executed.
The sureties proposed by the bidders appear to be sufficient.
On motion of Commissioner Tucker, the same was approved.

The Construction or Executive Committee recommended the adoption of the following resolution:
Resolved, That the contract for constructing highways or roads and their appurtenances at Reservoir "D," in the Town of Carmel, Putnam County, New York, be and hereby is awarded P. J. Moran, at his bid of eighty-eight thousand three hundred and eighty-nine dollars, it being the lowest bid received and less than the estimate of the Chief Engineer.

The same was adopted by the following vote:
Affirmative—Commissioners Duane, Tucker, Scott and Cannon—4.
The Committee also recommended the adoption of the following resolution:
Resolved, That the action of the Chief Engineer in renting the Engineer's office at Sing Sing, New York, from Mrs. C. S. Gowen, for three months from May 1, 1893, at the rate of one hundred and thirty-seven dollars and fifty cents per quarter, be and the same is hereby approved.

On motion of Commissioner Tucker, the same was adopted.
The Committee also recommended the adoption of the following resolution:
Resolved, That the action of the Chief Engineer in renting two additional rooms from M. S. Benedict, at Katonah, New York, for the use of the Engineer's office of the Croton River Division, from April 1, 1893, at the monthly rental of ten dollars, be and the same is hereby approved.

On motion of Commissioner Tucker, the same was adopted.
The Committee also recommended the adoption of the following resolution:
Resolved, That, upon the recommendation of the Chief Engineer, the house and premises of M. S. Benedict, at Katonah, New York, be leased for the uses and purposes of the Croton River Division of the Engineer Corps, at an annual rental of six hundred dollars, payable quarterly, from May 1, 1893, or until such time as it will become the property of the City; and the Secretary is directed to have a lease prepared and properly executed for the same.

On motion of Commissioner Scott, the same was adopted.
The Committee also recommended the adoption of the following resolution:
Resolved, That, upon the recommendation of the Chief Engineer, authority is hereby given to the Purveyor to purchase a team of horses and a three-seated covered wagon, and also one horse and buggy for use of Division Engineer Wegmann.

On motion of Commissioner Scott, the same was adopted.
The Committee also presented the following communication received from the Chief Engineer:
NEW YORK, April 5, 1893.

To the Honorable the Committee on Construction:
GENTLEMEN—In pursuance of your approval of my suggestion to take actual possession of all the real estate in Titicus Reservoir at Purdy's Station, and in view of securing a more perfect control of the drainage therefrom, I would recommend that all houses belonging to the City, with the exception of those which are occupied by the employees of the Aqueduct Commissioners or by the contractors, be sold at auction forthwith; possession to be given to the purchasers on May 1, 1893, and one of the conditions of the sale to be the immediate removal of the said buildings beyond the limits of the City's land.

I am, respectfully,
A. FTELEY, Chief Engineer.

—and recommended the adoption of the following resolution:
Resolved, That the foregoing recommendation of the Chief Engineer be approved, and that the Secretary and Chief Engineer be directed to advertise said buildings for sale in the CITY RECORD and the local newspaper or newspapers nearest to the said buildings; and that the terms of sale and schedule of buildings be fixed by the Chief Engineer.

On motion of Commissioner Scott, the same was adopted.
The Committee also presented the following communications, received from the Chief Engineer:
NEW YORK, April 5, 1893.

To the Honorable the Committee on Construction:
GENTLEMEN—I submit herewith a communication from Division Engineer McCulloh. Whenever Mr. McCulloh is called by me he expects a compensation of \$25 per day besides his traveling expenses.

I verbally made you acquainted at the last meeting of the intentions of Mr. McCulloh, and I respectfully request that the suggestion therein contained be carried out.
In handing you Mr. McCulloh's letter I desire to express my regret at his departure. Mr. McCulloh's services have been highly satisfactory during the eight years that he has been connected with the work under the Aqueduct Commissioners, and a large part of the success of the work at Brewster is due to his ability and fidelity, he having during the past year refused an advantageous offer of employment in order to carry out practically to the end the work of which he had charge.

I am, respectfully,
A. FTELEY, Chief Engineer.

BREWSTER, N. Y., April 1, 1893.

To the Honorable the Aqueduct Commissioners:
GENTLEMEN—As the work at the Brewster Dams is practically completed and important business interests claim my attention elsewhere, I hereby apply for an indefinite leave of absence without pay, from such a date as the Chief Engineer can relieve me of the charge of this Division, probably from April 6.

My resignation should have been presented at this time, but for the expressed wish of Mr. Fteley, who desired that I should not sever my connection with the work entirely, but retain my

rank for a time so that he might be able to call upon me in an official capacity to pass upon final estimates and other matters now in hand.

I shall, therefore, be ready to return here at the Chief Engineer's call to render such service as he desires, and will do so at a certain rate of compensation which I have named to him and he approves of, and which I trust will be sanctioned by you.

Thanking you for the consideration and confidence received from the gentlemen of the Commission during my nine years' service in the Engineer Corps of this Department, I remain,
Very respectfully yours,
WALTER McCULLOH, Division Engineer.

—and recommended the adoption of the following resolutions:

Resolved, That, upon the recommendation of the Chief Engineer, a leave of absence, without pay, is hereby granted to Division Engineer Walter McCulloh, until he shall be assigned to duty by the Chief Engineer.

Resolved, That in granting to Division Engineer McCulloh an indefinite leave of absence, thus practically ending his official relation to this Commission, the Aqueduct Commissioners desire to place on record their appreciation of the fidelity and ability with which Mr. McCulloh has always performed his duties while in the service of this Commission.

On motion of Commissioner Scott, the same were adopted.

The Committee also presented the following communications received from the Chief Engineer:
NEW YORK, April 5, 1893.

To the Honorable the Committee on Construction:

GENTLEMEN—You already know that Chief Engineer Birdsall, of the Croton Department, has requested me to take charge of the surveys for the taking of land for the new Croton Dam to the boundary of Putnam County.

In addition to the labor entailed by such request, I have been informed by Commissioners Duane and Scott, after a conference held with Mr. Dykman, that I am expected to take charge of the abatement of nuisances within the same district on the lines verbally indicated by Mr. Dykman.

Immediately after the said conference I have given other instructions to Division Engineer Wegmann to proceed at once under my new instructions.

This work will necessarily require the employment of labor of various kinds, and in addition to the engineering force.

I consequently submit that I be authorized to make at once such appointments and transfers as, in my opinion, will be necessary between now and the next meeting, provided I report my action at the first opportunity.

I am, respectfully,
A. FTELEY, Chief Engineer.

NEW YORK, April 5, 1893.

To the Honorable the Committee on Construction:

GENTLEMEN—A further examination made yesterday of certain farms which are situated on the Sodom and Bog Brook reservoirs outside of our limits but very close to them, shows that it would be for the interests of the City to take these farms, as, on account of their close proximity to the waters of the reservoirs it would be very difficult to fully exclude the drainage therefrom from reaching the sources of supply.

I would, consequently, recommend that surveys be made at once for the taking of as much of said farms as will be found necessary, if not the whole of their area. The total of the area would probably be about fifty acres.

I am, respectfully,
A. FTELEY, Chief Engineer.

—and recommended the adoption of the following resolution:

Resolved, That the Chief Engineer be and hereby is instructed to cause to be prepared as speedily as possible a survey or surveys of those portions of the proposed New Croton reservoir as are thickly populated, or as, in his opinion, contain such structures and buildings as if permitted to continue would threaten the purity of the water; and that for this purpose, the said Chief Engineer is hereby authorized to employ temporarily such surveyors and other persons as may be necessary, reporting the fact of such employment to this Commission for their approval.

On motion of Commissioner Scott, the same was adopted.

The Committee also recommended the adoption of the following preambles and resolution:
Whereas, The Commissioner of Public Works has requested the co-operation of the Aqueduct Commissioners in the removal and suppression of nuisances in certain portions of the Croton valley; and

Whereas, Said Commissioner of Public Works has recently been invested by the Legislature with summary powers;

Resolved, That the said Commissioner of Public Works be and hereby is requested to deputize and authorize the Chief Engineer of the Aqueduct Commission and his Division Engineers to exercise in the Croton valley, in the name of said Commissioner of Public Works, all of the powers and authority vested in the said Commissioner of Public Works, for the suppression and removal of nuisances.

On motion of Commissioner Cannon, the same were adopted.

The Committee also recommended the adoption of the following preamble and resolutions:

Whereas, It has been brought to the attention of the Aqueduct Commission that the Rapid Transit Commission of this city have had in contemplation and under discussion two plans for the extension of the rapid transit system, one of which contemplated the erection of an elevated railroad over Convent avenue from One Hundred and Twenty-sixth to One Hundred and Thirty-fifth streets; the other of which contemplated the construction of a tunnel under said Convent avenue between the streets aforesaid;

Resolved, That the Aqueduct Commission does hereby respectfully call the attention of the Rapid Transit Commission to the fact that said Convent avenue between the streets indicated is wholly taken up between the curb lines by eight forty-eight-inch pipes laid under the direction and authority of the Aqueduct Commission, and which constitute the principal means whereby water is carried from the new Aqueduct to the distributing reservoirs in Central Park, and that the nature of this work, the elevation of said pipes, and the character of the subsurface of said Convent avenue is such that it would be extremely difficult, if not wholly impracticable, to construct and maintain upon said avenue either an elevated structure or an underground structure without seriously endangering the integrity of said pipe-line and the consequent supply of water to the City of New York.

Resolved, That a copy of these resolutions, certified by the President and Secretary, be transmitted to the Rapid Transit Commissioners.

On motion of Commissioner Scott, the same were adopted.

The Comptroller, under the date of March 31, 1893, gave notice of the issue of warrants for the payment of vouchers not certified to by the Aqueduct Commissioners, as follows:

The Mayor objected to the requisition, dated February 21, from the Commissioner of Street Improvements, on the ground that the petition and ordinance blanks called for were not necessary to the department of that Commissioner, such petitions having to be signed and the ordinances to be prepared in the Department of Public Works.

By a concurrent vote of the three officers, the Supervisor was directed to procure by direct order, that is, without contract let after advertisement, the articles called for by the requisitions allowed, that course being deemed to be for the best interests of the City.

The following communication from the Comptroller was read:

CITY OF NEW YORK—FINANCE DEPARTMENT,
 COMPTROLLER'S OFFICE.
 March 31, 1893.

W. J. KENNY, Esq., Supervisor, City Record, etc.:

SIR—My attention has been called to the fact that "Collins' Ink Eradicator" is among the miscellaneous items of stationery, etc., called for on specifications and furnished as per contract, for use in some of the Departments of the City Government.

I ask particularly that this article be expunged from all future requisitions and from current contract, if not yet delivered. I regard it a most dangerous thing to have in any office, because, while effective in accomplishing its end, it is liable to gross abuse—a temptation to the weak and a means whereby the unscrupulous may perpetrate and for a time cover up unlimited frauds.

I will not allow it in this Department and think its use should be prohibited in every office of the City Government.

Respectfully,
 THEO. W. MYERS, Comptroller.

Mayor Gilroy said that the objection made by the Comptroller was a proper one against the general use of such an ink eradicator. On being informed by the Supervisor that the fluid was used only by the Law and Health Departments and the District Attorney, he moved that hereafter it should not be supplied excepting on special requisitions, based on reasons to be stated to the Board. The motion was adopted.

BOARD OF CITY RECORD.

MAYOR'S OFFICE, CITY HALL,
 NEW YORK, March 31, 1893.

To the Hon. THOMAS F. GILROY, Mayor; Hon. WILLIAM H. CLARK, Counsel to the Corporation; Hon. MICHAEL T. DALY, Commissioner of Public Works, constituting the Board of City Record.

GENTLEMEN—Pursuant to section 66 of the New York City Consolidation Act, for advertising additional to that had in the CITY RECORD, and subject to your approval, I hereby designate "The Sun," a newspaper published in the City of New York, as the newspaper in which, under the opinion of the Counsel to the Corporation of the City of New York, in lieu of the State paper, the report of the Public Administrator for the year 1892 shall be published twice in each week for three weeks.

Respectfully, WILLIAM M. HOES, Public Administrator.

On motion of the Mayor and by a concurrent vote of the three officers, the Public Administrator was authorized to publish his report in the "Sun."

No extra compensation beyond the amount payable for the several classes of work before enumerated which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The estimates received will be publicly opened by the head of the said Department at the place and hour last above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose; and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities, as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-book; and no estimate can be deposited in said book until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within ten days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called

for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contract when awarded in each case will be awarded to the lowest bidder.

Blank forms for proposals and forms of the several contracts which the successful bidders will be required to execute can be had at the office of the Secretary, and the plans can be seen and information relative to them can be had at the office of the Department, Nos. 49 and 51 Chambers street.

DEPARTMENT OF STREET CLEANING, No. 280 BROADWAY, NEW YORK.

PUBLIC NOTICE.

The time for the reception of proposals, in pursuance of the following advertisement, is extended until April 25, 1893, at same hour and place.

Dated April 13, 1893.

THOMAS S. BRENNAN, Commissioner of Street Cleaning.

PROPOSALS INCLOSED IN SEALED ENVELOPES, and indorsed with the name and address of the person or persons making the same, and the date of the presentation, and a statement of the work to which they relate, will be received at the office of the Department of Street Cleaning, No. 280 Broadway, in the City of New York, until 12 o'clock M., of Tuesday, the fourth day of April, 1893, at which time and place such proposals will be publicly opened and read, for the final disposition by dumping and grading thereof as it is dumped of all or part of the street sweepings, ashes and garbage collected in the City of New York, and delivered at the several dumps or dumping places of the Department of Street Cleaning in said city, including that collected by the Dock Department, which latter, by section 704 of the New York City Consolidation Act, as amended by section 704E, chapter 269 of the Laws of 1892, the Department of Street Cleaning is also required to remove, for a period of five years from the first day of May, 1893, until the first day of May, 1898, both days inclusive, in pursuance of the authority conferred upon the Commissioner of Street Cleaning by section 705 of said Consolidation Act, of chapter 269 of the Laws of 1892, and of chapter 415, of the Laws of 1892, to make and execute special contracts for the disposition, by dumping and grading thereof as it is dumped, of street sweepings, ashes and garbage.

The estimated quantities of street sweepings, ashes and garbage, including that collected by the Dock Department aforesaid, to be removed from the City of New York each year, and finally disposed of, according to the terms of the contract hereinafter referred to, are as follows, to wit, more or less:

Table with 2 columns: Item description and Quantity. Includes Ashes and garbage (2,500,000), Street sweepings (625,000), and Material collected by the Dock Department (50,000).

The person or persons to whom the contract may be awarded will be required, for the period of five years, aforesaid, unless the contract be sooner terminated by breaches on the part of the contractor, to provide the necessary suitable steam-tugs, not less than the requisite number; also to provide the necessary scows, not less than the requisite number, suitable for the conveyance of said street sweepings, ashes, garbage and such other refuse as said Commissioner shall cause to be dumped on such scows, and such sweepings, ashes and garbage as may be required to be removed by the Department of Docks, as aforesaid, together with the employees, machinery, tackle and equipments of all kinds necessary to operate said tugs and scows; to keep the different dumping-boards in the city constantly supplied with suitable and sufficient scows for the reception of said substances and material that may have been collected in the process of street cleaning by said Department of Street Cleaning or said Dock Department and delivered at said dumps; to properly receive said substances on board said scows at said dumping-boards and provide the necessary tugs to tow the same to the several places of deposit with all necessary employees, machinery and tackle of all kinds to operate said tugs and to dump the same and grade the same as it is dumped. Said substances and material are to be "picked" and "trimmed" by the Department of Street Cleaning or those to whom that right shall be given by contract while being dumped on said scows, or immediately afterwards, after which such substances and material are to be towed by the contractor on said scows to either one of the following places, as the Commissioner may designate, to wit:

To Hart's Island, on the East river or Sound; to Pelham Park, on the East river or Sound; to Riker's Island, on the East river or Sound; at the New York side of the Harlem river, between One Hundred and Fifty-fifth street and Dyckman street; to localities to be designated by said Commissioner on the East river or Sound, south of said Hart's Island; to localities to be designated by said Commissioner on the North or Hudson river, south of Yonkers; to localities to be designated, by said Commissioner in the Bay of New York, not below the Narrows, or to localities to be designated by said Commissioner in Newark Bay, in the State of New Jersey, or in case of inability to reach either of said places by reason of the prevalence of ice, or for any other reason, then to dump the same at sea, and to conform to and obey all laws of the United States, of the State of New York, the ordinances of the Board of Aldermen and the Sanitary Code of the Board of Health touching the removal from said city to the several points of destination of such substances and material, and to hold the City harmless against damages incident to said towing, and, in the event that the Commissioner shall so order, said substances and material

shall be covered over while en route and be deodorized to prevent nuisance.

If any part of said substances and material should be required for filling-in purposes at other points than those designated above, they may be so used by the Department of Street Cleaning, but in that case are not to be towed by the contractor, nor charged for.

Such portion of the present plant of the Street Cleaning Department as consists of tugs and scows is to be sold at public auction to the highest bidder according to law, at a future date to be designated and duly advertised, when bidders on this contract will have the privilege of bidding for such plant.

Bidders are required to state in their proposals, verified under oath, their names, places of residence and places of business, the names of all persons interested with them therein, and if no other person be so interested, they shall distinctly state the fact; also, that it is made without any connection with any other person making any bid or estimate for the above work; and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council head of department, chief of a bureau, deputy thereof, or clerk therein or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification attached to said proposal be made and subscribed by all the parties interested. Each proposal shall also be accompanied by the consent in writing, signed by the proposer and two householders or freeholders of the City of New York, giving their respective places of business and residences, or of a guarantee company incorporated under the Laws of the State of New York, as shall be satisfactory to the Comptroller, to the effect that if the contract be awarded to such proposer they will become bound for its faithful performance in the amount of seventy-five thousand dollars, and will make, execute and deliver to the parties of the second part a bond in substance in the words and figures and to the effect as contained in the blank form of bond on file in the office of the Commissioner of Street Cleaning and referred to hereafter, and that if he, the person to whom said contract be awarded, shall omit or refuse to execute said contract, they will pay to the Mayor, Aldermen and Commonalty of the City of New York any difference between the sum to which he would be entitled to be paid according to his bid and that which the Mayor, Aldermen and Commonalty of the City of New York may be obliged to pay to the person or persons to whom the contract may be subsequently awarded. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, to the effect in substance that he is a householder or freeholder in the City of New York, and worth the above amount over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the sureties offered shall be approved by the Comptroller. From the proposals so received, the Commissioner may select the bid or bids, the acceptance of which will, in his judgment, best secure the performance of the work, or he may reject any or all of said bids.

The person or persons to whom the contract may be awarded will be required to attend at this office with such sureties, and execute such contract and bond within five days from the date of the service on him or them of a written notice to that effect, either by leaving the same at either of the addresses given in the proposal, or by forwarding it by mail; and in case of failure or neglect so to comply, he or they will be considered as having abandoned such proposal and contract, and as in default to the Corporation, under the terms of such consent, whereupon the Commissioner of Street Cleaning may either make another selection from the bids or estimates submitted, or readvertise the work, as he may consider best for the public interest; but, in either event, the amount of deposit accompanying his proposal shall become forfeited to the Mayor, Aldermen and Commonalty of the City of New York.

If the person or persons to whom the contract may be awarded shall, after executing it and giving the bond, neglect or delay to commence the work, or any portion thereof, for twenty days, the Commissioner of Street Cleaning may perform the said work or any portion thereof for such period of neglect or delay, and charge the whole expense of the same against the said person or persons, and deduct the same from any amount due or to become due under the contract, at his option, or he may declare the contract abandoned and have recourse to the bond given.

Each estimate must be accompanied by a CERTIFIED CHECK ON A SOLVENT BANKING CORPORATION IN THE CITY OF NEW YORK, payable to the ORDER OF THE COMPTROLLER of the City of New York, for the sum of twenty-five thousand dollars (\$25,000). On the acceptance of any bid the checks of the unaccepted bidders will be returned to them, and upon the execution of the contract and the bond called for the check of the accepted bidder will be returned to him.

The price for which the work will be done must be written in the bid and stated in figures, and shall be at a rate per cubic yard; measurements and estimates to be made by an Engineer appointed by the Commissioner of Street Cleaning, on the boats or scows of the contractor or contractors, at the several dumps or dumping places of the Department of Street Cleaning, as they are designated in the contract, or such other dumps as may hereafter be designated.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded, at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Room 2, No. 31 Chambers street.

MICHAEL T. DALY, Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS, COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET, NEW YORK, April 4, 1893.

PUBLIC NOTICE CALLING FOR BIDS OR proposals for the privileges of licenses to sprinkle the public streets in the City of New York with water drawn from the public fire-hydrants, the bids to be received and opened at the office of the Commissioner of Public Works on Monday April 17, 1893, at 12 o'clock noon.

A SEPARATE BID must be made for each of the sprinkling routes hereinafter described. The bidder must state the amount which he proposes and agrees to pay for the license, over and above the amount which will be charged for the water consumed in sprinkling. The amount of each bid must be paid in advance at the time when the license is issued, and the charges for water, as established by the Commissioner of Public Works, must be paid monthly in advance.

The season for sprinkling the streets shall begin not earlier than April 25, 1893, and terminate not later than November 25, 1893, and the Commissioner of Public Works reserves the right to diminish the length of the season and to suspend sprinkling during the season whenever he deems it in the interest of the City so to do.

The Commissioner of Public Works also reserves the right to reject any or all of the bids or proposals. In the sprinkling of the streets the following rules and regulations must be observed:

- 1st. The tin sprinkler attached to each cart shall conform in every respect to a pattern approved by the Department of Public Works, the holes to be in parallel rows, at least one-half inch apart, and of a size not to exceed No. 14 wire. The pattern can be seen at the office of the Water Register, No. 31 Chambers street, Room 2.
2d. THE NAME AND RESIDENCE OF EACH PERSON LICENSED TO SPRINKLE THE STREETS SHALL BE PAINTED ON BOTH SIDES OF THE CART IN BLACK LETTERS OF NOT LESS THAN TWO INCHES IN LENGTH ON A WHITE GROUND, AND NO ADVERTISEMENT WILL BE ALLOWED ON THE SPRINKLERS, UNDER PENALTY OF REVOCATION OF LICENSE.
3d. Permits for sprinkling carts, IF DRIVEN BY BOYS, will be immediately revoked.
4th. No license will be granted to any person not a resident of the City and County of New York.
5th. Each sprinkling cart shall be provided with a sound and proper piece of hose to conduct the water from the fire-hydrant to the cart, and such hose shall always be kept in order and free from leaks.
6th. Each person obtaining a permit for sprinkling shall keep the hydrants allotted to his use closed, except when obtaining water for use, and shall be responsible for any damage that may result from the use or abuse of them while in their charge; provided such damage shall not have been occasioned by others than those in the employ of said persons.
7th. Any person who shall thus obtain a permit shall pay to the Department of Public Works such sum or price as may be fixed by the Department for the water used during the season for sprinkling; the payments to be made monthly in advance and within the first week of each month.
8th. Each person obtaining a permit will be required to sprinkle the streets with SUFFICIENT WATER ONLY TO LAY THE DUST; DRENCHING THE STREETS WITH AN EXCESSIVE QUANTITY OF WATER WILL BE SUFFICIENT CAUSE TO REVOKE ANY PERMIT OR LICENSE.
9th. Every person who shall obtain a sprinkling permit will be required to confine himself strictly to his route; encroaching on other routes will not be permitted.
10th. No double-nozzle hydrants and no hydrants on any street paved with asphalt pavement shall be used.
11th. Any licensee violating any of the above rules and regulations will, at the discretion of the Commissioner of Public Works, have his license revoked, and will forfeit all moneys paid by him on account of the same.

No bid will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Commissioner of Public Works, or money, to the amount of one hundred dollars (\$100), as security for compliance with the conditions of the license. Such check or money must not be inclosed in the sealed envelope containing the bid, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no bid can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the license is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the license has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the license within the time aforesaid, the amount of the deposit will be returned to him.

DEPARTMENT OF PUBLIC WORKS, COMMISSIONER'S OFFICE, ROOM 6, NO. 31 CHAMBERS STREET, NEW YORK, March 20, 1893.

TO CONTRACTORS.

BIDS OR ESTIMATES, INCLOSED IN A sealed envelope, with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received at this office on Thursday, April 20, 1893, until 12 o'clock M., at which place and hour they will be publicly opened by the head of the Department.

FOR FURNISHING MATERIALS, BUILDING AND ERECTING PUMPING ENGINES, BOILERS AND APPURTENANCES FOR THE HIGH SERVICE WORKS AT THE NEW AQUEDUCT, BETWEEN TENTH AVENUE AND HARLEM RIVER.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Room 10, No. 31 Chambers street.

MICHAEL T. DALY,
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 21 CHAMBERS STREET,
NEW YORK.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

NEW MUNICIPAL BUILDING COMMISSION.

PLANS FOR A MUNICIPAL BUILDING IN THE CITY OF NEW YORK.

NOTICE TO ARCHITECTS.

IN ACCORDANCE WITH THE PROVISIONS of chapter 299 of the Laws of 1890, entitled "An act to amend chapter 323 of the Laws of 1888, entitled 'An act to provide for the erection of a building for certain purposes relating to the public interests in the City of New York,' and chapter 414 of the Laws of 1892, amending the same, the Board of Commissioners hereby constituted will, until 12 o'clock M., the first day of September, 1893, receive plans and specifications for a New Municipal Building, provided for in said statutes, to be erected in the City Hall Park.

In the examination and judgment of the designs the Board of Commissioners will be assisted by a committee to be selected by the said Board from a list nominated by the New York Chapter of the American Institute of Architects and the Architectural League of New York. This committee will consist of three competent architects who do not take part in the competition.

Five equal premiums, of two thousand dollars each, shall be awarded to the authors of the designs adjudged by the Board of Commissioners to be the second, third, fourth, fifth and sixth, best, of those submitted, and the author of the designs adjudged to be the first best by the said Board of Commissioners will be appointed Architect for the construction of the building, provided

his professional standing is such as to guarantee a proper discharge of his duties. He will be paid a commission on the total cost of the work, namely, five per cent, on the first \$1,000,000 of the cost, four per cent, on the second \$1,000,000 and three per cent, on the remainder.

Each set of drawings is to be accompanied by a brief specification of the materials proposed to be employed, and of the mode of construction and of heating and ventilation to be adopted, and of the manner of lighting.

An approximate estimate of the cost of the building is also to be submitted.

No plans or papers submitted are to have upon them any mark by which they can be known, but there shall be sent with them a sealed letter, addressed in typewriting, to the Mayor, giving the author's name and address. This letter will not be opened until the awards shall have been made. The drawings and papers will be known by numbers corresponding with numbers given to the letters.

The conditions under which this competition is to be conducted and the requirements of the Board are described in a paper entitled "Instructions to Architects," which may be obtained, on application, at the Comptroller's office, 268 Broadway.

M. of

WEDNESDAY, APRIL 26, 1893,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Two Thousand Six Hundred Dollars.

The Engineer's estimate of the nature, quantities and extent of the work is as follows:

- CLASS I. Labor of removing the outer portion of the existing Pier. CLASS II. Mud Dredging, about 10,000 cubic yards. CLASS III. Crib Dredging, about 4,000 " CLASS IV. Dredging Cribwork not filled in with Stone, about 200 "

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1.) Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2.) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for each class of the work before mentioned, which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 15th day of June, 1893, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day. All the old material taken from the structures to be removed under the contract will become the property of the contractor, and bidders must estimate the value of such material when considering the prices for which they will do the work under the contract.

Bidders will state in their estimates a price for the whole of the work to be done in each class in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each class of this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters

stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards reserves the right to reject all bids received for any particular work if he deems it for the best interests of the City.

In the matter of the application of the Commissioners of the Department of Public Parks, for and on behalf of the Mayor, Aldermen and Commonality of the City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to that part of TREMONT AVENUE (although not yet named by proper authority), extending from Aqueeduct avenue to Boston road, in the Twenty-fourth Ward of the City of New York, as the same has been heretofore laid out and designated as a first class street or road by said Department.

TO THE OWNER OR OWNERS, OCCUPANT OR OCCUPANTS OF PREMISES TO WHICH TITLE IS SOUGHT TO BE ACQUIRED IN THE ABOVE ENTITLED PROCEEDING, AND KNOWN AS DAMAGE MAPS NOS. 1, 7, 93, 94, AND 103 THERIN, AND TO ANY PERSON OR PERSONS, PARTY OR PARTIES INTERESTED THEREIN.

NOTICE IS HEREBY GIVEN THAT THE awards heretofore made by us in the above entitled proceeding for the parcels known and designated in our abstract and upon our Damage Map, as heretofore filed herein, as Parcel No. 1, the award for which is made to unknown owners; Parcel No. 7, the award for which is made to unknown owners; Parcel No. 93, the award for which is made to Tappen & Haskin; Parcel No. 94, the award for which is made to Tappen & Haskin, and Parcel No. 103, the award for which is made to Chauncey Kiner, and for all of which parcels substantial awards were heretofore made, have been reduced by us to the nominal sum of one dollar for each of such parcels, the said property having been, in our opinion, dedicated to public use.
