BOARD OF ARMORY COMMISSIONERS.

MAYOR'S OFFICE, CITY HALL, NEW YORK, August 11, 1893.

A meeting of the Armory Board was held this day at 11 o'clock A. M., at the office of the Mayor.

Present—The Mayor, the President of the Department of Taxes and Assessments, and the Commissioner of Public Works.

The reading of the minutes of the last meeting was dispensed with.

The following communication was received from John R. Thomas, Architect, for the Seventy-first Regiment Armory :

J. R. THOMAS, GUERNSEY BUILDING, No. 160 BROADWAY, NEW YORK CITY, August 3, 1893.

The Board of Armory Commissioners, New York City :

GENTLEMEN—In the progress of the work upon the Seventy-first Regiment Armory to this date, the terms and conditions of the contract have been complied with by the contractor, with the exception of the east wall of the drill-room building, as explained in my communication of July 28. Since that date the contractor has informed me that he will carry up the wall as I have directed and as is called for in his contract.

The granite work of the executive building has been carried up to about two-thirds of the height of the top story. The roof of the drill-room building has been nearly completed. The fire-proofing of the overhanging company rooms is nearly completed, and the plastering underneath same has been commenced.

I hereby name the sum of fifty thousand (\$50,000) dollars as the possible damage to the work in case of fire at this time, which is \$25,000 in addition to the \$25,000 already certified to.

Very respectfully yours, JOHN R. THOMAS, Architect.

The President of the Department of Taxes and Assessments presented an application and affidavit from P. Gallagher for payment to him of eighteen thousand nine hundred and ninety-seven dollars and fifty cents (\$18,997.50) on account of his contract for the erection of the Seventy-first Regiment Armory, with the Architect's certificate that the work had been performed in accordance with the contract and specifications, and offered the following :

Resolved, That the Comptroller be authorized to pay to P. Gallagher the sum of eighteen thousand nine hundred and ninety-seven dollars and fifty cents (\$18,997.50) as per accompanying voucher, on account of his contract for the erection of the Seventy-first Regiment Armory Building ; Which was adopted by the following vote :

Ayes—The Mayor, the President of the Department of Taxes and Assessments and the Commissioner of Public Works.

On motion, adjourned.

E. P. BARKER, Secretary.

MAYOR'S OFFICE, CITY HALL, NEW YORK, September 15, 1893.

A meeting of the Armory Board was held this day, at 10.30 A. M., at the office of the Mayor.

Present—The Mayor, the President of the Department of Taxes and Assessments and the Commissioner of Public Works.

The minutes of the meetings held July 19 and August 11 were read and approved.

The following communication was received from John R. Thomas, the Architect of the Seventy-first Regiment Armory, and ordered filed :

J. R. THOMAS, GUERNSEY BUILDING, No. 160 BROADWAY, NEW YORK, September 12, 1893.

The Board of Armory Commissioners, New York City :

GENTLEMEN—In the progress of the work upon the Seventy-first Regiment Armory to this date, the terms and conditions of the contract have been complied with by the contractor, except that the work has not been completed by the time mentioned in the contract.

The plastering of the drill-room building has been completed. The woodwork of galleries and company rooms is nearly finished, as also the locust sleepers and concrete for the floors.

There has been delay in the delivery of the granite, but a large quantity is now being delivered at the site.

Very respectfully yours, JOHN R. THOMAS, Architect.

The President of the Department of Taxes and Assessments reported that the time of the contract of P. Gallagher for the completion of the work of construction of the Seventy-first Regiment Armory expired on September 11, and the Mayor directed that a note of the same be entered in the minutes.

A notice of a lien was filed with the Board by the Chester Steel Casting Company against P. Gallagher, contractor, and the Riverside Bridge and Iron Works Company, sub-contractor, for the sum of \$2,352.56. The Secretary was requested to notify the Comptroller of the same.

The President of the Department of Taxes and Assessments presented an application and affidavit from P. Gallagher for payment to him of eleven thousand six hundred and two dollars and fifty cents (\$11,602.50), on account of his contract for the erection of the Seventy-first Regiment Armory, with the Architect's certificate that the work has been performed in accordance with the contract and specifications, and offered the following :

Ayes—The Mayor, the President of the Department of Taxes and Assessments and the Commissioner of Public Works.

A report from the Clerk and Assistant Clerk of the Work was presented in relation to the work required to complete the Seventy-first Regiment Armory, and also a communication from Col. Greene on the same subject, which was referred to the President of the Department of Taxes and Assessments for examination and report.

The Architect for the Seventy-first Regiment presented a revised drawing for a door to drill-room, Thirty-fourth street elevation, which was referred to the President of the Department of Taxes and Assessments.

The Architect for the Seventy-first Regiment Armory appeared and recommended a modification of the contract and specifications, so as to permit the use, without extra cost to the City, of the McClellan Anti-Syphon Trap Vent and wrought-iron screw joint connections for the soil and waste pipes extending to the roof in place of cast-iron pipes as called for.

M., of the 27th day of September, 1893. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed, "Bid or Estimate for furnishing Coal for Riverside Hospital," and with his or their name or names, and the date of its presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Board and read.

The Board of Health reserves the right to reject all bids or estimates, as provided in section 64, chapter 410, Laws of 1882, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.
 The Coal to be of good quality, and the quantity that will be required will be about Five Hundred (500) Tons of White Ash Coal, to be well screened and in good order, each ton to be 2,250 pounds, in accordance with the specification attached to and which forms a part of the contract aforesaid.

Delivery to be made at the Riverside Hospital, North Brother Island, in such quantities and at the time required by the Board of Health; any changes in the time or place of delivery, however, may be made in writing by the Board of Health.

The above quantity is estimated and approximated only, and bidders are notified that the Board of Health reserves the right to increase or diminish said quantities by an amount not exceeding fifteen per cent. of the estimated quantities, and the contractor will be paid therefor only at the rate or price named in the contract, and that in case the above-named quantity shall not be required by the Department, no allowance will be made for any real or supposed damage or loss of profit.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of FIFTEEN HUNDRED (1,500) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair, and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters therein stated are in all respects true.

Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Bidders will be required to furnish testimonials that they are engaged in the coal business in the City of New York, and have the plant necessary to carry out promptly and regularly the contract, if it be awarded, to the entire satisfaction of the Board of Health, and must furnish an undertaking for the faithful performance of all the provisions thereof in the manner provided by law, executed by two householders or freeholders of the City of New York, each justifying in the penal sum of FIFTEEN HUNDRED (1,500) DOLLARS, and agreeing that if he shall omit or refuse to execute the said contract they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract shall be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract is awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or estimate, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

DEPARTMENT OF PUBLIC WORKS, COMMISSIONER'S OFFICE, NO. 31 CHAMBERS STREET, NEW YORK.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage), on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereupon liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

MICHAEL T. DALY, Commissioner of Public Works

ARMORY BOARD.

ARMORY BOARD—OFFICE OF THE SECRETARY, No. 280 BROADWAY, NEW YORK, September 8, 1893.

PROPOSALS FOR ESTIMATES FOR FURNISHING MATERIALS AND WORK IN THE ERECTION OF AN ARMORY BUILDING ON THE EASTERLY SIDE OF MADISON AVENUE, EXTENDING FROM NINETY-FOURTH TO NINETY-FIFTH STREET, NEW YORK CITY.

PROPOSALS FOR ESTIMATES FOR FURNISHING materials and work in the erection of an Armory Building on the easterly side of Madison avenue, extending from Ninety-fourth to Ninety-fifth street, City and County of New York, will be received by the Armory Board at the MAYOR'S OFFICE, CITY HALL, UNTIL 10.30 O'CLOCK A. M. OF THE 4TH DAY OF OCTOBER, 1893, at which time and place they will be publicly opened and read by said Board.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the President of said Armory Board, indorsed "Estimate for Furnishing Materials and Work in the erection of an Armory Building on the easterly side of Madison avenue, extending from Ninety-fourth to Ninety-fifth street," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, in the amount of FIFTY THOUSAND (\$50,000) DOLLARS.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Armory Board, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work; and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or the Armory Board may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New

York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of TWENTY-FIVE HUNDRED DOLLARS (\$2,500). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt on contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Board, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be seen upon application at the office of the Architect, J. R. THOMAS, No. 160 BROADWAY, New York City.

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

Plans may be examined and specifications and blank forms for bids or estimates obtained by application to the Architect, at his office, No. 160 BROADWAY, New York City.
