MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Council the following message from his Honor the Mayor:

No. 469.

CITY OF NEW YORK—OFFICE OF THE MAYOR, }
April 19, 1898. }

To the Honorable the Council:

I return herewith, without my approval, a resolution adopted by you on the 8th of March last, requesting the Board of Estimate and Apportionment to make a further appropriation for lighting the streets and public places in the Borough of Brooklyn for the current year.

My objections to this resolution are that the recitals that precede it convey the inference that the Board of Estimate and Apportionment deliberately appropriated for lighting in the Borough of Brooklyn a sum less than the amount known to be necessary for that purpose. This is not the fact. The Commissioner of Public Buildings, Lighting and Supplies, who is charged by law with efficiently administering the public service in this particular, and who is presumed to be fully informed of the requirements of his Department, asked from the Board for lighting in the Borough of Brooklyn an appropriation of \$732,653.11, and he was voted that amount. He was allowed this sum, not upon the basis of a decrease of the public lighting, but upon the basis of a maintenance during the current year of the same service as was supplied during the year 1897.

A further objection to the resolution is that I cannot accept as correct the figures given in the recitals, as they differ materially from those furnished to me from sources where exact information should be found. Moreover, the entire subject has been taken under advisement by the Board of Estimate and Apportionment, and is now receiving careful investigation and consideration.

ROBERT A. VAN WYCK, Mayor.

Whereas, The amount of money expended in the City of Brooklyn during the year 1897 for lighting the streets of said city, exclusive of the lighting in the public parks, was \$777,477.99; and

Whereas, The annual cost of maintaining the lights now in use in the Borough of Brooklyn, including parks, is \$772,005.60; and

Whereas, The appropriation made by the Board of Estimate and Apportionment for the year 1898 is only \$732,653.11, leaving a deficit of \$39,352.49, as regards the maintenance of lights now in use, making no allowance for additional lights which may be required in all parts of the city, as special instances of which may be cited the cases of Gleason avenue, which is largely used for cycle riding; Fifth avenue, from Fortieth street to Sixty-fifth street, which is occupied by trolley lines of railroads, and the late Town of Gravesend, which, although paying its proportionate share of lighting the city, has no lights whatever furnished to it;

Resolved, That the Board of Estimate and Apportionment be earnestly requested to make a further and additional appropriation of one hundred thousand (100,000) dollars for the lighting of streets and public places in the Borough of Brooklyn for the year 1898, so that the absolute need of that portion of the territory of the Greater New York in this respect may be provided for.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

PETITIONS.

No. 591.

To the Honorable the Board of Aldermen of the City of New York, City Hall, New York:

GEORGE B. CHRISTMAN—We, the undersigned, a committee appointed by the residents of Kingsbridge and vicinity, hereby beg to respectfully call the attention of your Honorable Board to the fact that a petition was filed with your Board by said residents on or about the 17th day of February, 1898, laying before your Board the absolute necessity of the abolition of several most dangerous grade crossings in and around the vicinity of Kingsbridge.

We have not up to the present time heard anything in connection with said petition from your Board, and therefore feel constrained to take this opportunity of bringing the matter again before your Honorable Board, and more particularly in view of the fact that the Legislature of the State of New York has deemed it necessary to pass as an emergency just past a law appropriating \$200,000 to carry out the effect of the Grade Crossing Laws a copy of which was annexed to our petition, and under which any proceedings to accomplish the results indicated in our petition would have to be taken.

Realizing that any delay, no matter how small in this matter is attended with great danger to life and limb to the citizens of our city, we, therefore, on behalf of all the residents of Kingsbridge and vicinity, beg to request your Honorable Board to take some action upon the petition heretofore filed with your Board by said residents, and that a public hearing be given upon the matter mentioned in the application heretofore filed with your Honorable Board at an early day.

Yours most respectfully,

H. H. BROWN, President Kingsbridge Improvement Association, J. BOWIE DASH, RICHARD ALEXANDER, Committee.

The Clerk shall issue such notice to the members immediately after the signing of a call, and at least twenty-four hours before the time of such meeting.

CHAPTER II.

Powers and Duties of the President.

He shall furnish each member of the Board with a copy of the calendar for the next meeting, as soon as printed, and shall place copies on calendar files on the desks of the members and keep copies on file in his office, the same as other documents. He shall also see that all proposed ordinances and resolutions are acted upon in the order in which they are reported and stand upon the calendar, unless otherwise directed by the Board in the manner hereinafter provided.

15. He shall certify to the passage of all ordinances or resolutions in the Board of Aldermen, and shall transmit the same to the City Clerk.

Every report shall state the time when the subject-matter of such report was referred to the committees by the Board, and shall lay over for one week.

22. It shall require a three-fourths vote of all the members present to discharge a committee from further consideration of any matter referred to such committee. No matter that has been referred to a committee shall be acted upon by the Board until the committee has reported thereon, or has been discharged.

CHAPTER IX.

The Introduction and Passage of Ordinances and Resolutions.

23. All enactments shall be by ordinance, so far as practicable.

24. Every proposed ordinance or resolution shall be introduced by a member, or on the report of a committee, or by a message from the Council, or upon the recommendation and by message from some other branch of the Municipal Government, and unless otherwise ordered, be referred to a standing or special committee to consider and report thereon.

25. There shall be two classes of unfinished business, known respectively as General Orders and Special Orders. All motions, resolutions, ordinances, reports of committees, etc., not finally disposed of on the legislative day introduced, shall be placed on the list of General Orders, unless otherwise ordered.

26. The list of General Orders shall be prepared in the alphabetical order of the names of the members. Each Alderman, in his alphabetical turn, may call up two General Orders.

27. When introduced, all ordinances and resolutions may be immediately considered whenever such action is not in conflict with the provisions of the Charter of The City of New York, as follows: Ordinances or resolutions of the character referred to in section 36 of said Charter, by unanimous consent; all others, excepting those relating to the granting of franchises, by the assent of a majority of the members present. In case consent is obtained for immediate consideration, the proposed ordinance or resolution shall be read section by section, and shall be subject to amendment and debate before being adopted.

SECTION 30 OF THE CHARTER.

Certain ordinances and resolutions: how passed and approved:ayer and news published.

Sec. 30. No ordinance or resolution providing for or contemplating the alienation or disposition of any property of the city, the granting of a franchise, terminating the lease of any property or franchise belonging to the city, or the making of any specific improvement, or the appropriation or expenditure of public moneys, or authorizing the incurring of any expense, or the taxing or assessing of property in the city, shall pass the council or board of aldermen at the same session at which it is first offered, unless by unanimous consent; and the same shall not be finally passed or adopted by the municipal assembly until at least five days after such abstract of its provisions shall have been published, as provided in section 29. No such ordinance or resolution shall be approved by the mayor until three days after such abstract shall have been so published after its passage; but if an abstract of any resolution or ordinance shall have been once published after its introduction, it shall not thereafter be necessary to publish the same again, but only to refer to the date and page of the former in the City Record, and to state the amendments, if any, made therein. In all cases the eyes and noses upon the final passage of such resolution or ordinance shall be taken, recorded and published.

28. The certificate of the Clerk of the Board shall be attached to every proposed ordinance or resolution, to the effect that the same has been duly passed by a vote, as required by the provisions of the Charter of The City of New York, and he shall transmit the proposed ordinance or resolution by message to the Clerk of the Council. He shall also attach a similar certificate to all ordinances or resolutions originating in the Council when favorably acted upon by the Board of Aldermen, and return the same with an appropriate message to the Clerk of the Council. When a special order is under consideration it shall take precedence of any special order for a subsequent hour of the same day, but such subsequent special order may be taken up immediately after the previous special order has been disposed of.

29. When any proposed ordinance or resolution requiring the concurrence of two-thirds, three-fourths, four-fifths or five-sixths of the members, as provided in the Charter of The City of New York, is under consideration, such concurrence shall not be requisite except on the question of its final passage.

SECTION 39 OF THE CHARTER.

Vote Required to Pass Ordinances and Resolutions.

39. Every legislative act of the municipal assembly shall be by ordinance or resolution. No ordinance or resolution shall be passed except by a vote of a majority of all the members elected to each house. In case any ordinance or resolution involves the expenditure of money, the creation of a debt, the laying of an assessment, or the grant of a franchise, the votes of three-fourths of all the members elected to each house shall be necessary to its passage. No money shall be expended for any celebration, procession, funeral ceremony, reception or entertainment of any kind, or on any occasion, unless by the votes of four-fifths of all the members elected to each house.

No additional allowance beyond the legal claim which shall exist under any contract with the corporation or with any department or officer thereof, or for any services on its account or in its employment, shall ever be passed by the municipal assembly, except by the unanimous vote of both houses thereof, and in all cases the provisions of any such contract shall determine the amount of any claim thereunder or in connection therewith, against the said corporation, or the value of any such services.

30. The vote on the passage of proposed ordinances or resolutions appropriating moneys or property shall not be reconsidered whenever any such proposed ordinance or resolution shall be lost, unless by a vote of a majority of all the members of the board elected, but all other proposed ordinances and resolutions, when the same shall have been lost, may be reconsidered by a vote of the majority of all the members present and voting; nor shall any proposed ordinance or resolution be referred to a special committee with power to report complete, unless such proposed ordinance or resolution has previously been read through and considered by action.

CHAPTER XI.

Motions and Their Precedence.

31. When a question is before the Board, only the following motions shall be received, and such motions shall have precedence in the order stated here, viz.:

- 1. For an adjournment.
2. For a call of the Board.
3. To lay on the table.
4. The previous question.
5. To postpone indefinitely.
6. To postpone to a certain day.
7. To refer.
8. To amend.

The motion to adjourn, or for a call of the Board, or to lay on the table, shall be decided without debate, and shall always be in order.

32. All motions shall be reduced to writing, if desired by the President or any member of the Board, delivered to the Clerk, and read before the same shall be debated; any motion may be withdrawn at any time before decision or amendment by general consent.

If the question in debate contains several points, a member may have the same divided, provided the sense will admit thereof.

A motion to postpone, commit or refer, until it is decided, shall preclude all debate of the main question.

When a blank is to be filled, and different sums and time shall be proposed, the question shall be first taken on the highest sum and the longest time.

33. When a question has once been put and decided, it shall be in order for any member of the Board who voted in the majority to move for the reconsideration thereof; but no motion for the reconsideration of any vote shall be in order after the proposed ordinance, resolution, message, report, amendment or motion upon which the vote was taken shall have gone out of the possession of the Board; nor shall any motion for reconsideration be in order unless made on the same day on which the vote was taken, or on the legislative day next succeeding. But when a proposed ordinance or resolution shall have been recalled from the Mayor or from the Council, a motion for reconsideration may be made at any time thereafter while the same is in the possession of the Board, and all resolutions recalling a proposed ordinance or resolution from the Mayor or Council shall be regarded as privileged. No vote shall be reconsidered upon either of the following motions:
To adjourn.
To lay on the table.

34. All concurrent resolutions shall lie on the table at least one legislative day, except as otherwise directed by Rule 33, and except concurrent resolutions referring to adjournment.

CHAPTER XII.

Questions of Order.

35. All questions relating to the priority of business shall be decided without debate. When the reading of a paper is called for, except petitions, and the same is objected to by any member of the Board, it shall be determined by a vote without debate.

36. When a point of order is raised, the member speaking shall take his seat until the President shall have determined whether he is in order or not; and every question of order shall be decided by the President, subject to an appeal by any member of the Board. No second appeal shall be determined until the original appeal shall have been decided; and if a member shall be called to order for words spoken, the words excepted to shall be immediately taken down in writing by the Clerk.

CHAPTER XIV.

Attendance of Quorum—Call of the Board.

37. It at any time during a session a question shall be raised by any member of the Board as to the presence of a quorum, the presiding officer shall forthwith direct the Clerk to call the roll, and shall announce the result, and such proceedings shall be without debate; but no member, while speaking, shall be interrupted by raising the question of a lack of a quorum, and the question as to the presence of a quorum shall not be raised often than once in every hour, unless the lack of a quorum shall be disclosed upon a roll-call of the ayes and noes. Whenever, upon a roll call, any member who is upon the floor of the Aldermanic Chamber refuses to make response when his name is called, it shall be the duty of the presiding officer, either upon his own motion or upon the suggestion of any member of the Board, to request the member so remaining silent to respond to his name, and if such member fails to do so, the fact of such request and the refusal shall be entered in the journal, and such member shall be counted as present for the purpose of constituting a quorum.

38. For the purpose of securing the attendance of members, a call of the Board may be ordered at any time, but such call shall not be in order when the voting on any question has begun, unless it shall appear upon an actual count by the President that a quorum is not present.

CHAPTER XV.

Miscellaneous Provisions.

39. A rule of the Board shall not be altered, suspended or rescinded without a vote of a majority of all the members elected, and a resolution to suspend, alter or rescind any such rule, or any joint rule of the Municipal Assembly, shall not be in order without the unanimous consent of the Board, unless one week's previous notice thereof in writing shall be given, specifying the purpose of the proposed suspension, alteration or rescission.

40. Whenever a claim is referred to a committee, and the committee reports that the claim ought not to be allowed, and the report is adopted by the Board, it shall not be in order to move to take the papers from the files for the purpose of subsequent introduction, unless the claimants shall present a memorial for that purpose, stating in what manner the committee have erred in their report, or that new evidence had been discovered since the report, and setting forth the same in the memorial.

The President laid before the Board the following communication from the Board of Public Improvements:

No. 607.

BOARD OF PUBLIC IMPROVEMENTS—CITY OF NEW YORK,
 No. 346 BROADWAY, BOROUGH OF MANHATTAN,
 NEW YORK, April 14, 1898.

To the Honorable the Board of Aldermen of The City of New York:

SIR—Referring to your resolutions, Nos. 89, 222 and 400, recommending the erection of drinking fountains at Southern Boulevard and Webster Avenue, Southern Boulevard and Willis Avenue, and Robbin Avenue and East One Hundred and Forty-ninth Street, which matters were referred by this Board to the Commissioner of Public Buildings, Lighting and Supplies for a report, I enclose herewith a copy of his report relative to same, which was presented to this Board at the meeting held on the 13th instant and which explains itself.

Under the circumstances, you will see that this Board cannot approve these resolutions.

Respectfully,
 JOHN H. MOONEY, Secretary.

DEPARTMENT OF WATER SUPPLY—COMMISSIONER'S OFFICE,
 No. 150 NASSAU STREET,
 NEW YORK, April 12, 1898.

Hon. MAURICE F. HODGKIN, President, Board of Public Improvements:

DEAR SIR—I have the honor to acknowledge receipt of the letter of 7th inst., from the Secretary of your Board, inclosing for investigation and report copies of three communications from the Board of Aldermen, relative to erecting drinking fountains at the southwest corner of the Southern Boulevard and Willis Avenue; southeast corner of One Hundred and Forty-ninth Street and Robbin Avenue, and the northwest corner of Southern Boulevard and Webster Avenue.

In reply I would state that the only, but paramount, objection to the erection of these drinking fountains is that the appropriation for "Public Drinking Hydrants, Boroughs of Manhattan and The Bronx" for 1898 is only \$2,000, which is barely sufficient to pay the expense of keeping in proper repair the drinking fountains now in place, leaving no margin for the expense of purchasing and placing new fountains.

I respectfully recommend that your Board disapprove of the resolutions or ordinances on this ground.

Very respectfully,
 WM. DALTON, Commissioner of Water Supply.

Which was ordered on file.

The President laid before the Board the following communication from the office of the President of the Borough of The Bronx:

 OFFICE OF PRESIDENT OF THE BOROUGH OF THE BRONX,
 MUNICIPAL BUILDING, CROTONA PARK,
 April 18, 1898.

The Municipal Assembly of The City of New York, Board of Aldermen, Hon. THOMAS F. WOODS, President:

DEAR SIR—In accordance with section 384, chapter 378, Laws of 1897, I hereby certify that the appended preamble and resolution were adopted by the Local Boards of the Twenty-first and Twenty-second Districts, at a special meeting held this day.

Respectfully,
 LOUIS F. HAFFEN, President.

No. 608.

Whereas, The Comptroller has made application to the Local Boards of the Twenty-first and Twenty-second Districts, Borough of The Bronx, for their endorsement of his application for the assignment to the Finance Department of the first and second floors of the new wing of the Municipal Building in Crotona Park, and

Whereas, The Comptroller has submitted statements going to show that it will be necessary for the Finance Department to have office space equal to the area embraced within the first and second floors of the Municipal Building Annex; and

Whereas, We, the members of the Local Boards of the Twenty-first and Twenty-second Districts find upon investigation that the Finance Department will need for the transaction of its business all the space requested in the building mentioned by the Comptroller; and

Whereas, The relations of the Finance Department to the people generally and the other City Departments are of such an important nature that we deem it most essential that the Comptroller have every facility for carrying on the business of his office in the Borough of The Bronx, as elsewhere; and

Whereas, We regard the establishment of a fully equipped branch of the Finance Department in the Borough of The Bronx as a matter of great convenience to the people; we hereby rescind the recommendation made on April 7th to the Municipal Assembly for one floor for the use of the Comptroller, and in its stead we hereby recommend to the Municipal Assembly the adoption of the following resolution:

Resolved, That all of the first and second floors of the Crotona Park Municipal Building Annex, in the Borough of The Bronx, be assigned to the Department of Finance, for the use of the Auditing Bureau, the Bureau for the Collection of Assessments and Arrears and the Bureau for the Collection of Taxes of said Department, for office purposes.

In connection therewith, the President presented the following:

Present—President Dooling, Commissioners Ten Eyck, Murray and Power. The minutes of stated meeting of March 30, 1898, were read and approved.

Chairman Murray, of the Committee of Finance and Audit, reported the examination and audit of estimates contained in Vouchers Nos. 12,231 to 12,238, inclusive, amounting to \$29,621.99, and of bills contained in Vouchers Nos. 12,235 to 12,242, inclusive, amounting to \$148.74.

Which were approved and ordered certified to the Comptroller for payment, by the following vote: Affirmative—President Dooling, Commissioners Ten Eyck, Murray and Power—4.

Chairman Murray, of the Committee of Finance and Audit, presented the following: New York, April 6, 1898.

To the Aqueduct Commissioners: GENTLEMEN—In accordance with the direction contained in a resolution adopted by the Commissioners at their last meeting, the Committee of Finance and Audit report: That they have examined the security deposits accompanying the bids received and opened on March 30, 1898, for constructing retaining and stairway masonry, etc., near Shaft No. 25 of the New Croton Aqueduct.

The security deposits, amounting to \$24,000, were correct, and were transmitted to the Comptroller, whose receipt therefor is on file.

Certain of the bids not being properly filled out, the Secretary was directed to refer them to the Corporation Counsel for his opinion as to their formality.

Respectfully,

CHARLES H. MURRAY, Chairman, Committee of Finance and Audit.

Commissioner Murray moved that the same be approved and ordered filed. Which was carried by the following vote: Affirmative—President Dooling, Commissioners Ten Eyck, Murray and Power—4.

The Construction or Executive Committee presented the following communication, received from the Chief Engineer: New York, April 6, 1898.

To the Honorable the Committee on Construction: GENTLEMEN—You have already heard that Superintendent of Dam Construction Tillson was seriously injured at the New Croton Dam on March 31st ultimo, and I regret to say that he does not show so far any very good signs of improvement.

In accordance with a number of precedents in cases of illness of employees, especially when it is due to injury received during the performance of duty, I have given Mr. Tillson full time on the weekly pay-roll, and respectfully submit that I shall do so until otherwise instructed by the Aqueduct Commissioners.

Yours respectfully, A. FTELEY, Chief Engineer.

Commissioner Murray moved that the same be approved and ordered filed. Which was carried by the following vote: Affirmative—President Dooling, Commissioners Ten Eyck, Murray and Power—4.

The Construction or Executive Committee also presented the following: New York, April 6, 1898.

To the Honorable the Committee on Construction: GENTLEMEN—In accordance with the resolution of the Aqueduct Commissioners, passed on March 30, the undersigned have calculated and tabulated the bids submitted on March 30 for "Constructing Retaining and Stairway Masonry at Shaft No. 25 of the New Croton Aqueduct," and beg to submit the following:

Table with 2 columns: Bidder Name and Bid Amount. Includes entries for John J. Hart & Co., Thomas W. Reilly, Simon Hess, W. E. Dean Company, John Twinnam, Kelly & Kelly, A. C. Chenoweth, W. G. Priest and P. R. Yates, Christopher Nally Company, J. W. Armstrong, John J. Hopper, and F. Pidgeon.

The estimate of the Engineer for the said work, which was submitted to you on March 30, before the opening of the bids, was \$23,937.50, the amount being between those of the fifth and sixth bidders for the above work.

Yours respectfully,

A. FTELEY, Chief Engineer.

HARRY W. WALKER, Secretary.

Commissioner Murray moved that the same be approved and ordered filed. Which was carried by the following vote: Affirmative—President Dooling, Commissioners Ten Eyck, Murray and Power—4.

The Construction or Executive Committee also presented the following communication, received from the Chief Engineer: New York, April 6, 1898.

To the Honorable the Committee on Construction: GENTLEMEN—In view of the large amount of work being done at the New Croton Dam, I would recommend an enlargement of the cement-works in which the tests are taking place.

The fence around the Janitor's house should also be rebuilt. I have asked bids for doing the above work from two residents of Song Sing, whose bids are \$144 and \$179 respectively; the lower bid being furnished by Charles Halsted and the other by Daniel Carpenter. These two bidders have worked before for the Aqueduct Commissioners, and are entirely reliable.

I would respectfully recommend that the work be given to Charles Halsted at his bid of \$144.

For the proper maintenance of the office building, which in the future is to become a Keeper's House, it should be painted. The prices that I have obtained for that work appear to me to be too high, and I think it would be better to buy the material and engage the necessary labor.

For the whole of the above-mentioned work, including also such other small repairs as are now necessary, I would ask you to allow the Engineer to spend the sum of two hundred and ninety dollars (\$290).

Yours respectfully,

A. FTELEY, Chief Engineer.

Commissioner Murray moved the above communication and the subject-matter thereof be laid over for one week. Which was carried by the following vote: Affirmative—President Dooling, Commissioners Ten Eyck, Murray and Power—4.

In the matter of the bids received and opened on Wednesday, March 30, 1898, for constructing retaining and stairway masonry, etc., near Shaft No. 25 of the New Aqueduct, Commissioner Murray moved that, owing to certain informalities in some of the bids, which bids had been referred to the Corporation Counsel, the consideration thereof be postponed until the next stated meeting.

Which was carried by the following vote: Affirmative—President Dooling, Commissioners Ten Eyck, Murray and Power—4. The Commissioners then adjourned. HARRY W. WALKER, Secretary.

Bidders to obtain a pass from the Secretary of the Board at the Central Office, 50 Third Avenue, and to examine the articles at the Metropolitan Hospital themselves. The bid is to be made for all the articles under this number combined, and to include all cost of dismounting, removal, cartage and reconnection.

The articles, supplies, goods, wares and merchandise are to be delivered, free of expense, at the General Drug Department on the grounds of Bellevue Hospital, East Twenty-sixth Street, east of First Avenue, and are to be delivered in such quantities and at such times as may be required.

The quality of the Hospital Supplies must conform in every respect to the specifications and samples, and bidders are cautioned to examine both specifications and samples of the articles required before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

The Board of Public Charities reserves the right to reject all bids and estimates if deemed to be for the public interest, as provided in SECTION 64, CHAPTER 415, LAWS OF 1893.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners, or be provided for by the specifications.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled by its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded or any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the person making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation and the contract will be re-advertised and relet, as provided by law.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the General Bookkeeper and Auditor, No. 15 Third Avenue, and bidders are cautioned to examine such and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.
