NUMBER 7,609.

BOARDS OF LOCAL IMPROVEMENTS.

TWENTY-FIRST AND TWENTY-SECOND DISTRICTS, BOROUGH OF THE BRONX.

Minutes of the Fifteenth Meeting of the Local Board of the Twenty-first and Twenty-second Districts of the Borough of The Bronx.

Purport to call by President Haffen, the members of the Local Board, Twenty-first District, met at 2 P. M., May 12, 1898, at the office of the President of the Borough of The Bronx, Municipal Building, Crotona Park.

Present—President Haffen, Councilman Hottenroth, Councilman Murray, Alderman McGrath and Alderman Geiger.

Minutes of meeting held on April 28, 1898, read and adopted.

One Hundred and Seventy-seventh Street, Asphalted, from Bishop Street to Prospect Avenue.

Petition of Charles H. Sprössig and others was read and was laid over for further information.

One Hundred and Seventy-seventh Street, Sewer, from Existing Sewer in West Farms Road to Southern Boulevard.

Petition of D. J. McMahon and others was read, and on motion of Councilman Murray, it was resolved, That this Board recommend to the Board of Public Improvements and the Municipal Assembly that the work be done.

Adopted.

Jennings Street, Block Pavement, from Union to Stillman Avenue.

Petition of Property Owners' Association—Fox Estate and Validity, T. H. Stone, Secretary, dated April 25 last, was read, and on motion of Councilman Hottenroth, it was resolved, That this Board recommend to the Board of Public Improvements and the Municipal Assembly that the work be done.

Adopted.

Prospect Avenue, Amending, between Westchester Avenue and Harlem Road.

Petition of John H. Borgefeld and others, was read. A number of property-owners appeared in favor of this improvement, and on motion of Alderman Geiger, it was resolved, That this Board recommend to the Board of Public Improvements and the Municipal Assembly that the work be done.

Adopted.

Kingsbridge Avenue, Regulating, Grading, etc., from the Southerly Side of Southern Boulevard to the Southerly Side of Kingsbridge Road.

Petition of Susan A. Valentine and others, was read, and on motion of Alderman McGrath, it was resolved, That this Board recommend to the Board of Public Improvements and the Municipal Assembly that the work be done.

Adopted.

Kingsbridge Avenue (Morris Avenue), Sewer, from Kingsbridge Road, North, to Park View Terrace, and to Wellesley Street, from Jenne Avenue, East, to Creston Avenue.

Petition of Louis C. Hahn and others, was read, and on motion of Alderman Geiger, it was resolved, That this Board recommend to the Board of Public Improvements and the Municipal Assembly that the work be done.

Petition of Albert L. Lowenstein and others, was laid over for two weeks.

Simpson Street, Asphalted, from One Hundred and Sixty-seventh Street to Freeman Street.

Petition of Robert J. Rooney and others was laid over indefinitely.

Jennings Street, from Edgewater Road to Bronx River, Discontinuance.

Alderman Geiger, the Committee appointed, made the following report:

Hon. LOUIS F. HAFKEN, President, Borough of The Bronx:

DEAR SIR—The undersigned, Committee heretofore duly appointed to investigate and report as to the matters referred to in the petition of Olin J. Stephens and others, relating to the proposed change of section eleven of the final maps of the Twenty-third and Twenty-fourth Wards of The City of New York affecting Jennings street, from West Farms road to the Bronx river, respectfully submit the following report:

I have examined the final map above referred to and have made investigations on the premises which will be affected by the proposed change or alteration.

Jennings street as laid out or shown on said maps extends from Union avenue to the Bronx river.

No proceedings have as yet been instituted to secure the legal opening of the portion of Jennings street, between West Farms road and the Bronx river, to my knowledge.

The proposed street as shown on said final maps intersects the property lines of several owners diagonally and if actually opened on said lines would leave several irregular gore lots fronting on the same. If extended to the river on these lines the water frontage would be about sixty feet. The shortest dockage required for the average boat or other craft likely to use the same would be over seventy feet. Its terminus on the Bronx would thus be unavailable as a public dock.

It has been intimated that at some future time a bridge might be constructed across the Bronx river at this point. This is not probable, for the reasons:

Firstly—Such a bridge would interfere with the railroad bridge now standing across the Bronx river, used by the New Haven and Hartford Railroad, on westerly terminus of which extends to a point north of the prolongation of the southerly line or side of said Jennings street, as proposed, if continued at right angles to the thread of the stream.

Secondly—The grade of the roadway of said street would have to be raised to such a height as would seriously damage and retard improvements on adjoining properties.

Thirdly—So far as it has been possible to learn, no provision has been made as to likely or be made for the extension of Jennings street east of the Bronx river.

Fourthly—There are sufficient convenient proposed crossings over the Bronx river at other streets in the neighborhood.

Some of these conditions might be overcome by changing the lines of Jennings street to conform to the property lines in the immediate neighborhood; but in view of the obstructions and difficulties above recited, and such others as a personal investigation on the premises might better reveal, your Committee respectfully recommends that the portion of said Jennings street extending from West Farms road to the Bronx river on said final maps be removed therefrom.

Respectfully submitted,

(Signed), HENRY GEIGER, Committee.

Dated May 12, 1898.

The motion of Councilman Hottenroth, seconded by Councilman Murray, the report was adopted, and a resolution passed recommending petition for adoption by the Board of Public Improvements.

Adjournment.

JOSEPH P. HENNESSY, Secretary.

JOINT SESSION.

May 12, 1898.

Present—Louis F. Haffen, President; Councilman Murray, Councilman Hottenroth, Alderman McGrath, Alderman Geiger and Alderman Cass.

Minutes of the previous meeting read and adopted.

East One Hundred and Thirty-fifth Street, Widening, from Harlem River to a point 493.22 feet West of the Wysterly Side of Alexander Avenue. Proposition to have the City pay the entire cost; and

Public Place, bounded by East One Hundred and Thirty-eighth Street, Mill Avenue, and Railroad Avenue, East. Proposition to have the City pay the entire cost.

Mr. J. F. Stevens, Mr. George Stephens and Mr. Edward Gustavson appeared and urged that the Local Board recommend to the City authorities a reduction, at least, of the assessment. It was argued that the property-owners on One Hundred and Thirty-eighth street had paid some for acquiring title to East One Hundred and Thirty-eighth street, and that it was unfair to saddle them with another assessment so excessive as the one proposed. It was claimed that the assessment now should include the entire length of One Hundred and Thirty-eighth street, from Harlem river to Long Island Sound, and it was stated to be a hardship that the area should be so limited as to affect those in the immediate neighborhood of East One Hundred and Thirty-eighth street only. It was admitted that the property abutting the street was increased, but it was denied that it was benefited in proportion to the assessment proposed to be levied.

Mr. Gustavson said that, while his property was not on One Hundred and Thirty-eighth street, his proposed assessment was \$2,000. He remarked that when the new Third Avenue bridge would be completed, he would not, practically speaking, have to use East One Hundred and Thirty-eighth street for trucking.

An instance was cited of one individual property-owner proposed to be assessed for widening East One Hundred and Thirty-eighth street to the amount of \$15,000, who, it was represented, would receive no benefit at all. The cases of One Hundred and Forty-ninth street, One Hundred and Sixty-first street and Washington avenue, were cited as precedents of the City lending a portion of expense for the acquisition of land.

Mr. Charles Baxter asserted that the widening of East One Hundred and Thirty-eighth street was of far more benefit to the Borough of Manhattan than to the Borough of The Bronx. He submitted the following statement:

At different hours during May 2, 3 and 4, observations were taken by three men from different points on East One Hundred and Thirty-eighth street, for the purpose of ascertaining the number in travel in said street, between Madison Avenue bridge and Third Avenue, with following results:

• Vehicles of all kinds, not counting light wagons, coaches or families belonging to the Borough of Manhattan	400
• Vehicles belonging to Borough of Bronx, outside district assessed for widening	68
• Vehicles belonging to other boroughs and towns	18
• Total number of vehicles outside of the assessed district	516
• Total number of vehicles belonging within the limits of assessed district, which passed during the same hours	40
• Difference in favor of other boroughs and towns	476

Secretary O. G. Angle, of the North Side Board of Trade, submitted the following letter from the said Board:

NORTH SIDE BOARD OF TRADE OF THE CITY OF NEW YORK,
NO. 278 ALEXANDER AVENUE,
NEW YORK, May 12, 1898.

Hon. LOUIS F. HAFKEN, President of the Borough of The Bronx:

DEAR SIR—At the meeting of the North Side Board of Trade, held on Monday, May 10, 1898, a resolution was adopted that the North Side Board of Trade respectfully recommend to the Local Board of Improvements the passage of a resolution to place the assessments on both of the Boroughs of Manhattan and The Bronx, for the widening of One Hundred and Thirty-eighth street, from Third Avenue to Madison Avenue Bridge.

Very respectfully,

O. G. ANGLE, Secretary.

After discussion by the members of the Boards, on motion of Councilman Hottenroth, seconded by Councilman Murray, it was recommended that the City pay one-half of the assessment for the legal opening of East One Hundred and Thirty-eighth street in the proceeding to question and pay the entire cost of the land acquired in the proceeding for the public place before mentioned, on the ground that the square in question would be of no benefit to the property-owners in the immediate neighborhood and could be used only for cab service, etc.

Adjournment.

JOSEPH P. HENNESSY, Secretary.

DEPARTMENT OF DOCKS AND FERRIES.

At a special meeting of the Board of Docks called in accordance with section 3, article 4 of the by-laws, held Friday, April 29, 1898, at 11:45 P. M.

From Katharine Smith—Requesting permission to erect bath-houses, etc., at the pier foot of West One Hundred and Fifty-fifth street, North river.

On motion, the permit to Ann Elizabeth Snook to maintain bath-houses and floats at the Pier foot of West One Hundred and Fifty-fifth street, North river, and the land adjacent thereto, was revoked, to take effect immediately, and the Secretary directed to notify her to remove the structures therefrom at once, the work to be done under the supervision of the Engineer-in-Chief of this Department; and permission granted Katharine Smith to place bath-houses and floats at said location, compensation to be paid therefor at the rate of \$250 per annum, payable quarterly in advance to the Treasurer, commencing from the time said bath-houses and floats are located thereat; the structures to be erected under the supervision of the Engineer-in-Chief.

From the Cunard Steamship Company, Limited—Requesting permission to erect shed on the northerly half of the bulkhead between Piers, new 39 and 40, North river.

On motion, the following resolutions were adopted: Resolved, That by virtue of the power and authority vested in this Board by law, the bulkhead extending from the southerly side of Pier, new 40, North river, southerly a distance of ninety-four feet, be and hereby is appropriated to the sole use of the special kind of commerce carried on by steam transportation.

Resolved, That by virtue of the power and authority vested in this Board, and especially by Section 544 of Chapter 378 of the Laws of 1897, permission be and hereby is granted the Cunard Steamship Company, Limited, to construct a shed over the entire bulkhead from the southerly side of Pier, new 40, North river, southerly a distance of ninety-four feet and extending ashore a distance of fifty feet from said bulkhead, in conformity with the statutes in such cases made and provided, and in accordance with plans and specifications to be submitted to and approved by this Board, said shed to remain vested in and owned by said company, and said company to have the privilege of removing same at any time during the term or at the expiration of the lease of the right to collect wharfage, etc., said shed to be public auction April 18, 1898.

From the Treasurer—1st. Recommending that the application of Bernard Campbell for permission to unload manure at the pier foot of West Seventeenth street, be denied. Recommendation adopted.

2d. Recommending that the compensation to be charged Ferdinand Gray for the privilege of maintaining float and foot-bridge north of Railroad avenue, Baychester, be fixed at the rate of \$12 per annum, payable to the Dock Master of the district. Recommendation adopted.

3d. Recommending that the compensation to be charged John D. Dalley for the use of land under water covered by temporary pier foot of Tiffany street, Borough of The Bronx, be fixed at the rate of \$20 per month, payable monthly in advance to the Treasurer, commencing from the time said pier was erected thereat. Recommendation adopted.

4th. In relation to the communication from James McLaughlin as to the charge for unloading sand along the water-front.

On motion, the following resolution was adopted: Resolved, That on and after May 1, 1898, before any brick, sand, gravel or similar material shall be unloaded on any wharf property, an application shall be submitted to the Secretary of the Board, accompanied by a receipt from the Dock Master for ten dollars, specifying the name of the vessel from which the cargo is to be unloaded, and a permit issued therefor at the Secretary's office; at the expiration of ten days from the date of said permit if any portion of said cargo remains, a similar application accompanied by a receipt for an additional ten dollars shall be submitted as in the first instance. If the owner of the material shall fail to obtain a permit in the manner herein set forth, the Dock Master shall collect at the rate of five cents per cubic yard for each day that any portion of said cargo remains on the wharf property after the expiration of twenty-four hours from the time of unloading, in accordance with the provisions of section 862 of the Charter; that the Dock Master be directed to strictly enforce Rule No. 9 of the rules and regulations of the Department in reference to the placing of canvas to prevent the falling of sand into the water, and that no vessel carrying similar cargo shall be allowed to occupy a berth for a period longer than three days when said berth is required by another vessel.

From Commissioner Meyer—1st. Recommending that permission be granted the Bush Company, Limited, to construct a pier between Fortieth and Forty-first streets, Borough of Brooklyn, in accordance with plans submitted as amended, the work to be done under the supervision of the Engineer-in-Chief of this Department. Recommendation adopted.

2d. Recommending that permission be granted D. S. Jones & Company to extend their dock at Flushing Creek, Borough of Queens, in accordance with plans and specifications to be first submitted to and approved by the Engineer-in-Chief of this Department. Recommendation adopted.

From the Secretary—Reporting that the Knickerbocker Steamboat Company does not intend to avail itself of the permit granted February 18, 1898, to land at the Pier foot of East Third, East Twenty-fourth and East Thirty-first streets, and recommending that the permit be revoked. Recommendation adopted.

From the Dock Superintendent—Report for the week ending April 23, 1898.

From Dock Master Stand—Reporting repairs required to Battery Landing. Engineer in Chief directed to repair.

From Dock Master Kennedy—Reporting repairs required to the pavement on the bulkhead, between Piers, old 58 and 59, and to approach to Pier, old 59, North river. Engineer in Chief directed to repair.

From Dock Master Harrison—1st. Reporting repairs required to the bulkhead between Piers 11 and 12, East river. Engineer in Chief directed to repair.

2d. Reporting repairs required to Pier, new 7, and bulkheads between Piers 7 and 9, and between Piers 12 and 13, East river. Owners and occupants directed to repair.

From the Engineer-in-Chief—1st. Report for the week ending April 23, 1898.

2d. Stating that the request of the Consolidated Ice Company for dredging in the slips north and south of the Pier foot of Forty-sixth street, North river, cannot be complied with until after the award of Contract No. 625 for dredging on the North river, north of Thirty-fourth street. On motion, the Corporation Council was requested to advise whether, in view of the fact that certain leases of water front property provide for dredging thereat by this Department, the Board has not the right to award such a contract for doing the work.

3d. Reporting the completion of Contract No. 617, April 23, 1898.

4th. Recommending that repairs be made to the plank on an approach to Piers, new 26 and 47, North river, to the Pier foot of West Thirtieth street and to the dock at Riker's Island. Recommendation adopted.

5th. Report on Secretary's Order No. 18675, recommending that he be directed to cut five gangways on Pier, new 44, North river, the cost thereof to be collected from the Catalil and New York Steamship Company. Recommendation adopted.

The Treasurer, Commissioner Murphy, submitted his report of receipts for the week ending April 26, 1898, amounting to \$6,795.58, which was read and ordered to be spread in full on the minutes as follows:

Table with columns: Date, From Whom, For What, Amount. It lists various receipts from different companies and individuals, including amounts for piers, dredging, and other services.
