#### MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Council the following message from his Honor the Mayor:

No. 674.

CITY OF NEW YORK—OFFICE OF THE MAYOR,  
June 13, 1898.

#### To the Honorable the Council:

I return herewith, without my approval, a resolution adopted by you on May 31, 1898, granting permission to the Women's Auxiliary to maintain lunch-wagons in the streets, avenues and public places of the city.

I am strongly impressed with the nature of the work carried on by this association and with the fact that the profits received from the operation of these wagons are not devoted to the personal benefit of members of the association, but are expended in providing and maintaining ice-water fountains for public use in various parts of the city.

I return the resolution, however, without my approval, because I am advised by the Corporation Counsel that it is not within the power of the Municipal Assembly to pass such a resolution, as the storing of wagons on the highways of the city is an "encroachment or obstruction" upon the street, and forbidden by law.

I transmit herewith a copy of the Corporation Counsel's opinion referred to.

ROBERT A. VAN WYCK, Mayor.

LAW DEPARTMENT,  
OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, June 14, 1898.

#### Hon. ROBERT A. VAN WYCK, Mayor:

DEAR SIR—I am in receipt of your communication, bearing date to June, inclosing a resolution adopted by the Municipal Assembly on the 31st day of May, permitting the lunch wagons of the Women's Auxiliary to be maintained on the streets, avenues and public places of the city during the pleasure of the Assembly.

You request me to advise you whether the Municipal Assembly has the power to pass such a resolution and give such permission.

The resolution in question, after a somewhat lengthy preamble, provided:

"Now, therefore, be it by the Municipal Assembly of The City of New York

"Resolved, That the maintaining of the lunch wagons of the Women's Auxiliary (C. T. S.), at such convenient places in the streets, avenues and public places of The City of New York, as shall not encroach upon or be any obstruction to the use of said streets and avenues for the purpose of reasonable transportation over the same by the public, is hereby granted and permitted as heretofore enjoyed during the pleasure of this Municipal Assembly, and until further notice and opportunity to be heard, subject, nevertheless, to the regulations of the proper City officers, not inconsistent herewith, provided the space covered by such wagons is by the Women's Auxiliary kept clean, and provided further that permission thus to occupy shall be obtained by the Women's Auxiliary from the owner or occupant of the premises abutting upon the location of such wagons."

It is provided by section 49 of the Charter as follows:

"Sec. 49. Subject to the provisions of this act, the municipal assembly shall have power within said city to make, establish, publish and modify, amend or repeal ordinances, rules, regulations and by-laws not inconsistent with this act, or with the constitution or the laws of the United States or of this State, for the following purposes: "

"Sec. 3. To regulate the use of streets, highways, roads, public places and sidewalks by foot passengers, animals, vehicles, cars, motors and locomotives, and to prevent encroachments upon and obstructions to the same, and to authorize and require their removal by the proper department; but they shall have no power to authorize the placing or continuing of any encroachment or obstruction upon any street or sidewalk, except the temporary occupation thereof, during the erection or repairing of a building on a lot opposite the same, nor shall they permit the erection of booths and stands within stoop-lines, except for the sale of newspapers, periodicals, fruits and soda-water, and with the consent in such cases of the owner of the premises."

The foregoing subdivision of section 49 of the Charter is the portion of the section which has relation to the powers of the Municipal Assembly in regard to the regulation of the use of streets.

This regulation of the use of the streets is, as has been held by the courts, a regulation for the promotion of travel, and the use of the streets by the public, not such a regulation as would be involved in the allowance of obstructions, which are indeed specifically forbidden in the same subdivision.

In other words, the use which is to be regulated, is the use of the streets for public traffic, not of their occupation for purposes which cause obstructions by private persons, however commendable and praiseworthy the objects of such occupation may be.

An instructive case on this question, under the laws regulating the former City of New York, is *Cohen vs. The Mayor*, 113 N. Y., 532, by which the City was held liable for an injury received from a wagon stored in the public highway, and the Court of Appeals held that the City by licensing it made itself liable for any damage resulting therefrom, the same as if it had itself maintained the nuisance.

This case has been several times followed, and lays down the law very clearly upon the subject, the Court saying:

"The defendant was also guilty. It assumed to authorize the erection and continuance of a public nuisance. To be sure, the legal power to grant the license to obstruct the street was, by the Legislature, withheld from the defendant, yet, nevertheless, it did grant just such a permit and took compensation on account of it. In thus doing, the City became a partner in the erection and continuance of such nuisance. It was a nuisance, not by reason of the manner in which the stalls were tied up, but because the wagon was stored in the street. It was not a mere negative attitude which the defendant adopted, such as would have been the case had it simply acquiesced in the manner in which the street was used. In this case it not only acquiesced in such use, but it actually encouraged it by making out and delivering a license to do it." (113 N. Y., 537).

It will be seen that in the *Cohen* case the City did exactly what the Municipal Assembly seeks to do in the present case, and the fact that in the case in question the City received a license fee, and that in the present one it does not, makes no difference in the legal principle.

The wagons in question would be an "encroachment or obstruction upon" the street, and as such would be unlawful.

It must be held therefore that the Municipal Assembly had no power to pass the resolution in question.

Yours respectfully,  
(Signed) JOHN WIALEN, Corporation Counsel.

Whereas, The Women's Auxiliary (C. T. S.), an association located at No. 281 Fourth Avenue, in The City of New York, desiring to establish and maintain, at convenient places in the streets and avenues of said city, lunch wagons, which would supply to working people at all hours of the day and night wholesome food and drink at cheap rates, several years since applied to the city authorities having jurisdiction of the subject for the privilege of locating attractive vehicles or vans at such places as should least interfere with the use of said traffic over such streets and avenues;

And Whereas, Such application was granted, and relying upon such authorization, the Women's Auxiliary has caused to be built, at a cost of about one thousand dollars each, six of such lunch wagons, and has completely equipped and stocked the same and provided each wagon with two attendants, and has constantly dispensed from them the best quality of simple food, tea and coffee, at the lowest practicable prices (not however, underselling the prevailing market prices of the neighborhood), such beneficent service having always met with the approval of the many people who have patronized the wagons in constantly increasing numbers, and having encountered no opposition from the public at large;

And Whereas, The Women's Auxiliary has assumed the responsibility, care, labor and expense of this undertaking solely for the benefit of working people and without pecuniary compensation or gain, and has administered it in a way acceptable to right-minded citizens and not intrusive upon the just rights of any one, and has devoted the profits, if any, arising therefrom to establishing ornamental ice-water fountains in the crowded parts of the city and keeping them supplied with ice for the free use of the public; ten of these fountains having already been thus erected at a cost of about one hundred and fifty dollars each, the fee for each, for the summer, costing about seventy-five dollars;

And Whereas, These free ice-water fountains have proved a great relief and comfort to thousands of people, inasmuch that the Women's Auxiliary has from time to time urged upon the city authorities the desirability of furnishing at frequent intervals, in the streets and avenues, simple facilities for free Croton water for drinking purposes, but thus far without affirmative action on the part of the City;

And Whereas, Notwithstanding the foregoing facts, on or about the 10th of May, 1898, the Women's Auxiliary received from the Commissioner of Street Cleaning notice in writing that on and after June 1, 1898, he will consider the lunch wagons above described as illegal street encroachments, and will seize them accordingly, and this, so far as appears, without any objection to their continuance having been offered from any source, and at all events without opportunity for the Women's Auxiliary to be heard upon the questions of its legal rights, and the damage which would be inflicted upon it by this arbitrary interruption of its means for meeting the obligations incurred in this benevolent work, and upon the question of the serious loss to the working people for whose convenience these wagons are built, located and maintained;

And Whereas, In his notice the Commissioner of Street Cleaning assumes the right to seize such lunch wagons whether situated in places within his jurisdiction or within that of the Board of Park Commissioners, where, in fact, some of them, by consent of authority, have been located;

Now, Therefore, Be it by the Municipal Assembly of The City of New York

Resolved, That the maintaining of the lunch wagons of the Women's Auxiliary (C. T. S.) at such convenient places in the streets, avenues and public places of The City of New York as shall not encroach upon or be any obstruction to the use of said streets and avenues for the purpose of reasonable transportation over the same by the public, is hereby granted and permitted, as heretofore enjoyed during the pleasure of this Municipal Assembly, and until further notice and opportunity to be heard, subject, nevertheless, to the regulations of the proper city officers not inconsistent herewith, provided the space covered by such wagons is by the Women's Auxiliary kept clean, and provided further that permission thus to occupy shall be obtained by the Women's Auxiliary from the owner or occupant of the premises abutting upon the location of such wagons.

(No. 691). OFFICE OF THE COMMISSIONERS OF ACCOUNTS, STEWART BUILDING, No. 280 BROADWAY, NEW YORK, June 10, 1898.

Hon. F. J. SCULLY, Chief Clerk, New York City:

DEAR SIR—We herewith inclose a resolution for money for the contingent expenses of this office, to be offered to the Municipal Assembly for passage.

By giving the matter your prompt attention you will oblige. Yours very truly, JOHN C. HERTLE, EDWARD OWEN, Commissioners of Accounts.

Resolved, That, for the purpose of defraying minor or incidental expenses contingent to the office of the Commissioners of Accounts, said Commissioners of Accounts may by a requisition draw upon the Comptroller for a sum not exceeding three hundred dollars.

The Commissioners of Accounts may, in like manner, renew the draft as often as may be deemed necessary to the extent of the appropriation set apart for the contingencies of the office of the Commissioners of Accounts, but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmission of a voucher or vouchers certified to by the Commissioners of Accounts covering the expenditure of money paid thereon.

Which was referred to the Committee on Finance.

The President laid before the Council the following communication from the Department of Bridges, together with ordinance:

No. 692. WAR DEPARTMENT, WASHINGTON, May 17, 1898.

SIR—The Manufacturers' Association of the City of Brooklyn have complained to this Department that the bridges over Newtown creek at Greenpoint avenue and Grand street are unreasonable obstructions to navigation. This complaint has received the attention of the local engineer officer, who recommends that action on the said complaint be deferred until June 15, 1898, to allow the City opportunity to strengthen the piers of these bridges, so that eighteen feet depth at mean low water can be made in both draw spans of the Greenpoint Avenue Bridge and in the west draw span of the Grand Street Bridge. The views of Major Adams are concurred in by the Chief of Engineers, and have this day received Department approval.

Very respectfully, (Signed) K. A. ALGER, Secretary of War. Hon. JOHN L. SHEA, Commissioner of Bridges, Stewart Building, Manhattan, New York City.

DEPARTMENT OF BRIDGES—CITY OF NEW YORK, COMMISSIONER'S OFFICE, STEWART BUILDING, MANHATTAN, NEW YORK CITY, N. Y., June 13, 1898.

To the Municipal Assembly:

GENTLEMEN—You will have presented to you for your consideration at your meeting on the 14th instant a proposed ordinance permitting the Commissioner of the Department of Bridges of the City of New York to advertise for bids, and to award contract to the lowest bidder, for necessary repairs to bridge crossing Newtown creek at Grand street, in the Boroughs of Brooklyn and Queens, which ordinance has been recommended by the Board of Public Improvements.

It is important that your Honorable Body adopt this ordinance at the earliest possible moment, in order that the repairs proposed shall be commenced before the time limited in the notice of the Secretary of War, a copy of which is annexed hereto. If your Honorable Body will adopt this resolution at the meeting mentioned, I will then be in a position to say to the War Department that we have commenced the work required by their notice, and so secure from such Department an extension of the time limited therein.

The money necessary for the doing of the work required has been appropriated by the Board of Estimate and Apportionment, and the necessary plans for the repair have been prepared, and work may be commenced immediately upon the expiration of the time required for advertising, according to law. If this work is delayed, the War Department will proceed with the dredging of Newtown creek, and render the bridge useless for traffic.

I, therefore, respectfully urge your Honorable Body to take immediate action upon the proposed ordinance.

Respectfully, JOHN L. SHEA, Commissioner of Bridges.

BOARD OF PUBLIC IMPROVEMENTS—CITY OF NEW YORK, No. 346 BROADWAY, BOROUGH OF MANHATTAN, NEW YORK, June 10, 1898.

DEPARTMENT OF HIGHWAYS—COMMISSIONER'S OFFICE, No. 150 NASSAU STREET, NEW YORK, May 26, 1898.

Hon. RANDOLPH GUGGENHEIMER, President of the Council:

DEAR SIR—Among the appropriations made for the year 1898 to the Department of Highways by the Board of Estimate and Apportionment is the sum of two thousand dollars (\$2,000) for contingencies, such as postage, special messenger service, telegraphing, car-fares and other incidentals.

Prior to January 1 it was the custom in the late Department of Public Works to draw, by requisition on the Contingent Fund, for the sum of three hundred dollars (\$300) in advance, as provided by the ordinances of 1897, and to make an itemized return to the Comptroller of the expenditure of that amount, and then repeat the draft as often as necessary.

I desire to pursue this course in drawing from the appropriations allowed to this Department for contingencies, and herewith inclose draft of a resolution to give me authority to draw on the Comptroller for a sum not exceeding one hundred dollars (\$100) for the purpose of defraying minor and incidental expenses of this Department, and to renew the draft as often as may be necessary, within the limits of the appropriation for contingencies of the Department of Highways.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

The President put the question whether the Council would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—The President, the Vice-Chairman, Councilmen Allen, Bodine, Christman, Doyle, Engel, Foley, Francisco, Goodwin, Hart, Hottenroth, Hyland, Leich, McGarry, Murphy, Murray, O'Grady, Ryder, Sulzer, Van Nostrand, Williams, and Woe—23.

No. 669.—(S. R. 234.)

The Committee on Finance, to whom was referred the annexed resolution in favor of authorizing the Comptroller to advance to the School Board of the Borough of Queens the sum of two hundred and fifty dollars (\$250), to be used by said Board for petty cash expenses (see Minutes, June 7, 1898, page 586), respectfully

REPORT:

That, having examined the subject, they believe the proposed authorization and appropriation to be necessary.

They therefore recommend that the said resolution be adopted.

OFFICE OF THE BOARD OF EDUCATION, CORNER OF GRAND AND ELN STREETS, NEW YORK, June 6, 1898.

To the Board of Education:

The Finance Committee respectfully reports that the School Board for the Borough of Queens adopted a resolution on the 14th instant as follows:

Resolved, That a requisition be presented to the Central Board for the sum of two hundred and fifty dollars, for use as petty cash in the office of the Board, for the purpose of postage, car-fare, etc."

The Committee would report that a similar matter was presented to this Board on April 27, 1898 (Journal, pages 208, 209 and 210), at which time correspondence between the Chairman of the Finance Committee and the Comptroller of the City upon the subject was presented.

Under the circumstances the Committee sees no objection to a request being made to the Municipal Assembly to authorize the Comptroller to advance to the School Board for the Borough of Queens the sum asked, to be used for petty cash expenses.

The following resolution is submitted for adoption: Resolved, That the Municipal Assembly be and it hereby is respectfully requested to authorize the Comptroller of the City of New York to advance to the School Board for the Borough of Queens, from the fund entitled "Incidental Expenses," the sum of two hundred and fifty dollars (\$250), said sum to be used for petty cash expenses of the said School Board for the Borough of Queens, and to be accounted for by vouchers to be subsequently submitted to the Comptroller for his approval.

ALDERMEN

- William H. Gladhill, Vice-President; Henry Geiger, Bernard Glick, Elias Goodman, Elias Helgass, Frank Hennessy, William T. James, William Keegan, Jeremiah Kennefick, Francis P. Kenney, John P. Koch, John T. Lang, Michael Ledwith, John T. McCall, Thomas F. McCaul, Edward F. McEneaney, Lawrence W. McGrath, James H. At the conclusion of the Roll-call Alderman John S. Geagan, of the Nineteenth Assembly District, arose in his place and spoke as follows:

Mr. President and Members of the Board—I have sat here with you as a duly accredited member of your Honorable Body for the past five months, acquitting myself of the duties entailed upon the office—how well—you are the best judges.

Until about two weeks ago I had no official notice that there was any doubt as to my being the duly elected member of this Honorable Body, and the choice of the people of the Nineteenth District.

About that time a decision was handed down from the Court of Appeals, the effect of which was to issue another Certificate of Election for the Representative of the Nineteenth District, and when the gentleman to whom this certificate was issued presented himself to this Board for recognition my Democratic friends here, acting according to that section of the Charter of this City which declares that the Municipal Assembly is the judge of the qualifications and election of its members, refused to recognize him as a member of this body, and while I believed that my right to sit with you and continue to represent the Nineteenth District would be preserved by this action of the Charter, still, I believe that there is a higher duty which we owe to the people of this city, that of obedience to the dictate of the highest court of this State, and while I feel the importance and eminent honor associated with the office of Alderman of The City of New York, still I believe that my duty as a good citizen is paramount to all other inducements, and leaving that it might appear to many of the citizens of this great city, and especially to those of the district from which I come, that we, who should be first in upholding the power and dignity of our highest tribunal, were, to say the least, in danger of disrespecting it; therefore, after due deliberation and consultation with several Democratic friends, I believe it is for the best interest of honest Democracy, and that no opportunity may be given to its enemies to charge that we are attempting to usurp an office to which the title had been given to another by the highest court in the State.

I beg of you, my Democratic colleagues, to support me in this opinion, and allow me to retire. Taking for granted that I have your permission to do so, I wish to thank you, Mr. President, and members of the Board and the clerical staff for the kind consideration which you have all shown me during the time which I have been among you.

Alderman John T. McCall moved that Alderman Geagan be allowed to withdraw as a member of the Board of Aldermen.

The President put the question whether the Board would agree with said motion. Which was decided in the affirmative.

Alderman Byrne moved that a vote of thanks be extended to retiring Alderman John S. Geagan for his uniform courtesy and efficiency during the period for which he had served in the Board of Aldermen.

Alderman Goodman moved as an amendment that the privileges of the floor be extended to Mr. Geagan during the term of the present Board.

Which amendment was accepted.

The motion of Alderman Byrne, as amended by Alderman Goodman, was then adopted by a rising vote.

Alderman Borleigh moved that a recess of two minutes be taken to allow the members to bid farewell to Mr. Geagan.

The President put the question whether the Board would agree with said motion. Which was decided in the affirmative.

AFTER RECESS.

PRESENT:

Hon. Thomas F. Woods, President.

MICHAEL F. BLAKE, Esq., Clerk of the Board of Aldermen, New York: SIR—I have the honor to transmit herewith the enclosed documents adopted by the Council at their stated meeting held on Tuesday, May 31, 1898, and scheduled as follows: Introductory Nos. 643, 645, 646.

Respectfully, P. J. SCULLY, City Clerk.

The communications above referred to are as follows:

No. 818. ROCKAWAY LINE, THE KNICKERBOCKER STEAMBOAT COMPANY, NO. 199 MONTAQUE STREET, BROOKLYN, May 26, 1898.

P. J. RYDER, Esq., Councilman, No. 154 Spring street, New York: DEAR SIR—This company respectfully makes application to you for a permit to place a net banner across Thirteenth avenue, Manhattan, at the foot of West Twentieth street. The same can be strung with the erection, probably, of only one hole at the head of the dock, foot of West Twentieth street. The other side of the banner can be fastened to the building of the Consolidated Ice Company, southeast corner of Twentieth street and Thirteenth avenue.

This company has leased the south side of the Pier at the foot of West Twentieth street, and in view of the great number of passengers carried on their boats, and the fact that they have been landing for many years from West Twenty-second street, it is very necessary that they should have some houses or sign attracting the public, in order to avoid confusion and annoyance to everybody in the vicinity.

Very truly yours, F. A. BARNABY, General Manager.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote: Affirmative—The President, Aldermen Ackerman, Bridges, Burlingame, Burdell, Hyman, Fleck, Flinn, Follen, Gass, Geiger, Gluck, Goodman, Helgans, James, Keegan, Kewenick, Koch, Lang, Ledwith, McCull, McCaul, McEneaney, McGrath, McIntosh, McNiel, Mott, Newfield, Oatman, Roddy, Schneider, Scott, Sherman, Sietke, Smith, Stewart, Vaughan, Velton, Wafer, Wentz, and Woodward—41.

Negative—Alderman Elliott—1.

Deputy Commissioner of Water Supply for the Borough of Brooklyn.

Mr. JAMES MOPPETT, Deputy Commissioner of Water Supply:

Dear Mr. MOPPETT:—Your Department, I understand, has control of drinking fountains. The lower of this block, Mrs. Banks, has been sent to me by Mr. Profascio of the Bridge. She represents the society which constructed the drinking fountain at the junction of Liberty and Fulton streets, which is under the jurisdiction of the Bridge Commissioners, I think. This has been found insufficient, and her society propose to put a much larger one there, and wishes to locate the present one at some other useful spot, all without any expense to the City.

I have assured her that you would facilitate her project all possible.

By the same—  
To the Board of Aldermen of The City of New York:

Your petitioner, Theodore A. Sartor, respectfully shows:  
That he is the owner in fee of the following described property in the Borough of Brooklyn and City of New York, viz.:

Beginning at a point on the northerly side of the old road formerly leading from the Town of Flatbush to Bedford, now commonly known as the Old Clove road, distant sixty-three (63) feet eight and one-half (8½) inches, more or less, westerly from the point where the westerly side of Nostrand Avenue is intersected by said northerly side of Old Clove road; running thence northerly at right angles, or nearly so, to said northerly line of the Old Clove road one hundred (100) feet to the Kings County Penitentiary ground; thence westerly, parallel or nearly so with said northerly side of Old Clove road fifty (50) feet; thence southerly, at right angles or nearly so to said northerly side of Old Clove road one hundred (100) feet to said northerly side of Old Clove road; and thence easterly along said northerly side of Old Clove road fifty (50) feet to the point or place of beginning; being the same premises conveyed to Joseph Antoine Sartor by Ralph Malbone and Ann M. Malbone, his wife, by deed dated January 16, 1853, and recorded in the office of the Register of Kings County on January 24, 1853, in Liber 308 of Conveyances, at page 80.

Your petitioner further shows that he is also the owner in fee of all that part of the said Old Clove road lying in front of the property above described, which portion or part of said Old Clove road is bounded and described as follows:

Beginning at the southeasterly corner of said first above-described premises, at a point on the northerly side of said Old Clove road, distant sixty-three (63) feet eight and one-half (8½) inches westerly from the point where the said northerly side of Old Clove road intersects the westerly side of Nostrand Avenue; running thence southerly, at right angles to said Old Clove road, forty-nine (49) feet six (6) inches, more or less, to the southerly side of said Old Clove road, at a point distant seventeen (17) feet and seven (7) inches westerly from the point where the westerly side of Nostrand Avenue is intersected by the southerly side of Old Clove road; thence running westerly along the southerly side of Old Clove road fifty (50) feet; thence northerly, at right angles to said Old Clove road, forty-nine (49) feet and six (6) inches to the northerly side of Old Clove road, at the south-westerly corner of the premises heretofore first described, and running thence easterly along the northerly side of said Old Clove road fifty (50) feet to the point or place of beginning.

That the portion of the Old Clove road heretofore described has been closed ever since the opening of Nostrand Avenue, now nearly twenty years ago, and that said portion of said Old Clove road so closed was a portion of the old farm of Ralph Malbone, and that the whole thereof belongs to your petitioner, as the sole surviving devisee and heir-at-law of said Joseph Antoine Sartor, the original purchaser from said Ralph Malbone, who by his deed conveyed to said Joseph Antoine Sartor the fee of the whole road to the southerly side thereof in front of said premises, heretofore first described.

Annexed hereto is a copy of a survey made April 1, 1897, by Samuel H. McElroy, City Surveyor, showing the property and surroundings.

Your petitioner respectfully requests that he be granted a quit-claim deed from The City of New York for the portion of the Old Clove road above described and belonging to him, by reason of the closing and abandonment of said Old Clove road as aforesaid.

No. 829.

To the Honorable the Board of Aldermen of The City of New York:

GENTLEMEN:—On February 15 last, nearly four months ago, the residents of Kingsbridge and vicinity sent a petition to your Honorable Board requesting you to take some action with reference to the abandonment of certain grade crossings at Kingsbridge, the existence of which is a constant menace to the life and limb of the hundreds of people who are daily compelled to pass such points. This petition was referred to the Railroad Committee of your Honorable Board, where it is still pending.

Previous to the filing of our petition with your Honorable Board, the Legislature of the State of New York had enacted a law to meet the exigencies of situations similar to those which exist at Kingsbridge, but which law could not be availed of by reason of the fact that no appropriation had been made therein for any expenses that would necessarily have to be incurred in the carrying out of the provisions therein contained.

The Legislature, alive to the situation and appreciating the necessity of prompt and effective action that would immediately remove the dangers at grade crossings, passed, at its last session, a law making such appropriation, which law, therefore, is now in a condition in which advantage can be taken of it.

On April 19 last our residents presented another petition to your Honorable Board requesting a public hearing upon that petition and also upon the first petition.

Such public hearing was afforded by the Railroad Committee of your Honorable Board, at which hearing all those who were desirous of being heard upon this subject attended and were heard, and all were unanimous in pointing out the necessity of early action by your Board and by the City authorities tending to relieve the situation of affairs as it now exists with reference to the present grade crossings at Kingsbridge.

There was not one single protest against such action being taken from any source whatsoever. The unanimous sentiment expressed at such public hearing, it would seem to us, shows clearly that the subject is important enough for the prompt consideration of, and immediate action by, your Honorable Board.

Every day's delay makes more probable the happening of some accident, possibly a fatal one, at the points above referred to, and should such accident occur by reason of lack of action by your Board, many regrets which should and easily could be avoided, would be felt.

We, representing the citizens of Kingsbridge and vicinity, therefore respectfully, yet most earnestly, apply to you to aid us in securing the relief sought for at the earliest possible moment.

To the Honorable the Board of Aldermen of The City of New York:

SIRS—Your ordinance, No. 641, relative to repaving West Third street, from Broadway to Sixth avenue, which was referred to this Board on the 26th of April, was referred to the Commissioner of Highways for investigation and report.

I inclose herewith copy of the report submitted by him at the meeting of this Board held on the 5th instant, and am directed to advise you that in view of said report it will be impossible for this Board to approve said ordinance.

DEPARTMENT OF HIGHWAYS—COMMISSIONER'S OFFICE, } No. 150 NASSAU STREET, } NEW YORK, June 8, 1898. }

Hon. MAURICE F. HULAHAN, President, Board of Public Improvements:

DEAR SIR—With a letter, dated May 6, from your Secretary, I received, for investigation and report, an ordinance of the Board of Aldermen providing that the carriageway of West Third street, from the westerly side of Broadway to the easterly side of Sixth avenue, Borough of Manhattan, be repaved with asphalt upon the present foundation; that crosswalks be laid at each intersecting street or avenue, and curbstones set where not already done.

The present pavement on West Third street, between Broadway and Sixth avenue, has been examined, and the Chief Engineer reports that it is in fair condition, except in front of No. 82, where there is a depression between the railtracks, and at the intersection of Mercer street. The traffic on this street is heavy, and it might not be advisable to lay an asphalt pavement. However, no money is available to pay for either granite or asphalt pavement at this time.

Very respectfully, JAMES P. KEATING, Commissioner of Highways.

In connection with the foregoing, Alderman Egan offered the following resolution:

No. 834.

Resolved, That the ordinance to provide for repaving West Third street, from Sixth avenue to Broadway, Borough of Manhattan (Int. No. 641, Minutes of April 26, 1898), be and the same is hereby taken from the list of references to the Board of Public Improvements and ordered on file with the foregoing communication.

The President put the question whether the Board would agree with said resolution. Which was decided in the affirmative.

The President laid before the Board the following communication from the office of the President of the Borough of Queens:

DEPARTMENT OF HIGHWAYS, COMMISSIONER'S OFFICE, No. 150 NASSAU STREET, NEW YORK, May 26, 1898.

Hon. THOMAS V. WOODS, President, Board of Aldermen:

DEAR SIR—Among the appropriations made for the year 1898 to the Department of Highways, by the Board of Estimate and Apportionment, is the sum of two thousand dollars (\$2,000) for contingencies, such as postage, special messenger service, telegraphing, car-fares and other incidentals.

Prior to January 1, it was the custom in the late Department of Public Works to draw by requisition on the contingent fund for the sum of three hundred dollars (\$300) in advance, as provided by the Ordinances of 1897, and to make an itemized return to the Comptroller of the expenditure of that amount, and then repeat the draft as often as necessary.

I desire to pursue this course in drawing from the appropriations allowed to this Department for contingencies, and herewith inclose draft of a resolution to give me authority to draw on the Comptroller for a sum not exceeding one hundred dollars (\$100) for the purpose of defraying minor and incidental expenses of this Department, and to renew the draft as often as may be necessary, within the limits of the appropriation for contingencies in the Department of Highways.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

By Alderman Goodman—

Whereas, Many matters are referred by this Board to the several Boards of Local Improvements, to the Board of Public Improvements and to the various City Departments; and

Whereas, Such references are voted on our calendar of unfinished business, and are apt to remain there for an indefinite period, because of failure to receive official information of the disposition by such Boards or Departments of the several matters so noted, thereby cumbering our calendar and involving the City, because thereof, in unnecessary expense; therefore

Resolved, That the Clerk of this Board be and he is hereby required to arrange with the Presidents of the several Boroughs, with the President of the Board of Public Improvements and with the heads of all the City Departments for prompt and official information as to the final disposition of each matter so committed by this Board to the several branches of the City Government above referred to.

Resolved, That, as soon as such information is obtained by the Clerk, he shall notify the Aldermen whose districts are affected, or who presented the subjects thus reported on to the Board, in order that suitable resolutions or ordinances may be prepared and introduced, or removed, if necessary, the record thereof from our calendar of unfinished business, or to collectively dispose of the matter in some other manner.

Resolved, That whenever it shall appear to the Clerk of this Board that any papers are introduced or introduced wrongly, as above set forth, he shall without delay, when possible to do so, notify the Aldermen representing the districts affected, in order that proper consideration may thus be given to the accreted local representatives elected by such districts to this Board.

Resolved, That this rule is not intended to apply in any respect to resolutions appointing Commissioners of Deeds, it being eminently proper for the respective Aldermen to seek the appointment of their friends, wherever in the city such friends may reside.

Whereas, The objects of the said League of American Municipalities (clearly defined in the annexed copy of the discussion of its purposes, etc.) are worthy of our encouragement and support, and especially deserving of the co-operation of such municipalities as hold membership therein; therefore

Resolved, That the Finance Committee of this Board be and it is hereby instructed to consider the feasibility of the Municipal Assembly being officially represented at the said convention—the advisability being conceded—and to recommend suitable resolutions, which will provide for the appointment of a joint committee of the Council and the Board of Aldermen to attend the said convention at Detroit, in the name and on behalf of this city.

Resolved, further, That the said Finance Committee also take such steps as will insure the attendance at said convention of representatives of the several departments of our City Government.

Resolved, also, That his Honor the Mayor be conferred with, be urged to attend the convention in person and to lend such aid to carry out the purposes of the foregoing as may be deemed advisable by him.

(Copy of invitation to "Mayors, Aldermen, Councilmen and City Officials" published in the official journal "The Bulletin.")

The Executive Committee of the League of American Municipalities take this means of extending to you a cordial invitation to attend and participate in the deliberations of the second annual convention of the League, to be held at Detroit, Michigan, August 1 to 4 inclusive. It is our desire to have every progressive municipality in the United States and Canada represented at this convention, which promises to be the most important gathering of city officials ever held in the world.

Your presence will enable you to exchange ideas and experiences with those holding positions similar to yours in other cities, and will afford you an opportunity to witness all the latest and best appliances and materials used in municipal work. This convention will be composed of practical men, those who have had actual experience in municipal work and understand conditions that must be met in the solution of the various problems involved in the administration of civic affairs. An interchange of experiences, ideas and knowledge between such men must necessarily result to the benefit of their constituencies. We recognize the impossibility of reaching every city official in the United States and Canada with a special invitation, and have, therefore, decided to extend

this general invitation to our brother officials throughout the land. We would be glad to have your acceptance addressed to the Secretary, Mr. B. F. Gibbons, Dowling Building, New York City.

Yours cordially,

- JOHN MAC VIGAN, Mayor, Des Moines.
- C. A. COLLIER, Mayor, Atlanta, Ga.
- S. L. BLACK, Mayor, Columbus, O.
- JOHN WATSON, Mayor, Florida, Ill.
- C. M. LITTLE, Counsel, Wilmington, Del.
- F. A. WATKINS, Counsel, Trenton, N. J.

(Copy of editorial discussing the general objects of the League of American Municipalities, and indicating the character of the convention, its order, business, etc.)

During the first four days of August the City of Detroit will entertain from one to three thousand mayors, councilmen and city officials, who will journey thither for the purpose of discussing the numerous and complex problems involved in the management of municipal business. The occasion will be the second annual convention of the League of American Municipalities, which is composed of a large number of the most progressive cities and towns in the United States and Canada. This League was organized last September at Columbus, Ohio, where 478 mayors and councilmen from 101 cities and 23 States got together for the purpose of devising some way to advance the interests of good government. Good government, in this sense, means an intelligent, economical and progressive transaction of the business of a municipality. It does not mean experimenting with theoretical forms, nor the copying of European methods. The officials who gathered at Columbus, being ripe with experience, recognized that municipal government in this country was in a state of evolution, that its advancement from the crude to the perfect state was progressing slowly but surely, and that the best way to expedite this advancement was to educate the powers that govern. A perpetual, effective system of education for those who rule the destinies of our cities was the thing needed for a better administration of civic affairs, according to the ideas of the delegates at Columbus. As doctors of law, physics and divinity form reform clubs and civic federations for the purpose of setting up ideal municipal governments on theoretical foundations, the city officials concluded to go them one better by organizing themselves into a national body for the purpose of studying the practice of municipal government and in that way accomplish the best possible, if not the ideal, results. To study the correct as well as the mistaken methods of carrying on municipal work, and thereby profit by the experience of one another, is the educational work for which the League of American Municipalities was organized. Its purpose is to inform its members where and how mistakes have been made by city officials and where and how this or that department of the municipal service has been improved.

The first article of the constitution of the League sets forth its objects clearly:

The objects of this organization shall be the general improvement and facilitation of every branch of municipal administration by the following means: First, the perpetuation of the organization as an agency for the co-operation of American cities in the practical study of all questions pertaining to municipal administration. Second, the holding of annual conventions for the discussion of contemporaneous municipal affairs. Third, the establishment and maintenance of a central bureau of information for the collection, compilation and dissemination of statistics, reports and all kinds of information relative to municipal government.

Each city belonging to the League is entitled to send its mayor and so many members of its council as it chooses as delegates to the annual convention, where every delegate may participate in all the discussions; but each city represented is entitled to but one vote on any vote.

The topics on the convention programme for general discussion are:

Municipal Ownership of Public Service Industries.—What progress has been made in this line in the United States and Canada and with what results? What should be the limitations?

Remuneration to Cities for Franchise Rights, in Over and Under Public Streets and Avenues.—What remuneration, if any, should be exacted from light, water, street railway, telephone and subway corporations, and how should it be collected?

The Civil Service.—What results have been attained by requiring applicants for positions in city departments to pass an examination and making their tenure of office dependent on good behavior and mental and physical ability? To what departments should civil service laws apply?

Garbage Disposal.—What has been the experience of municipalities in attempting to collect and dispose of garbage in a sanitary and economical manner? Are the present utilization and incineration inventions satisfactory and what does it cost to operate them?

Public Water Supplies.—What means should a municipality employ to supply its people with an ample supply of pure water at equitable rates? Is the general use of ocean desirable? What systems of filtration are satisfactory?

Boards, Single-Headed Commissions or Council Committees.—Should the administrative affairs of the departments of public works, water, fire, police, parks, charities and correction be conducted by boards, single-headed commissions or council committees?

Street Paving.—What are the relative merits and cost of the various paving materials?

Regulation of Saloons.—What policy is best to use in enforcing the laws pertaining to saloons?

Which was referred to the Committee on Public Education.

Whereas, It is now admitted that the debt limit of this City has not been exceeded nor even reached by the last administration; and

Whereas, This concession has caused the Board of Estimate and Apportionment to provide for important and necessary public improvements, which had been retarded, and in some instances entirely stopped; and

Whereas, Because of the apparent necessity to curtail the expenditure of public moneys, in view of the mistaken impressions and opinions on the question of our debt limit, the public lamps, known as index lamps, on many of our prominent thoroughfares, have been absolutely extinguished, to the inconvenience and detriment of the traveling public and citizens generally; therefore

Resolved, That the Commissioner of Public Buildings, Lightening and Supplies be and he is hereby is most urgently requested to use these public lamps for the commendable purposes intended, when they were placed in position, with the names and numbers of the streets therein.

TO CONTRACTORS.

(No. 634.)

PROPOSALS FOR ESTIMATES FOR FURNISHING AND DELIVERING ABOUT 700 TONS OF ANTHRACITE COAL.

ESTIMATES FOR FURNISHING AND DELIVERING ABOUT 700 TONS of Anthracite Coal will be received by the Board of Commissioners at the head of the Department of Docks and Ferries, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 1.45 P.M. of

FRIDAY, JUNE 25, 1898,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day or hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of One Thousand Two Hundred Dollars.

The Engineer's estimate of the quantity of coal to be furnished and delivered is about 700 tons.

It is expected that about 700 tons will be required to be delivered at the West Fifty-seventh Street Yard of the Department of Docks and Ferries, and that about 200 tons will be required to be delivered at the East Twenty-fourth Street Yard.

Where The City of New York owns the wharf, pier or bulkhead at which materials under this contract

are to be delivered, no charge will be made to the contractor for wharfage upon vessels conveying said materials.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed delivery of materials, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and Ferries and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor, per ton, to be specified by the lowest bidder, shall be due or payable for the entire work.

A ton of coal under these specifications shall be 2,240 pounds avoirdupois.

The work to be done under this contract is to be commenced within ten days from the date of the receipt of an order from the Engineer to begin the delivery of coal, and the delivery will be continued in lots of about 250 tons at such times and places, and in such manner as may be directed by the Engineer, and the delivery of said coal will be fully completed on or before the 30th day of September, 1898, and the damages to be paid by the Contractor for each day that the contract may be unfulfilled after the time fixed for fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price, per ton, for furnishing and delivering coal, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performance of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimate for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect so to do he or they will be considered as having abandoned it and as in default to the City of New York, and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimate their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested the estimate shall distinctly state the fact; also, that the estimate is made without any consultation, connection or agreement with, and the amount thereof has not been discussed to, any other person or persons making an estimate for the same purpose, and is not higher than the lowest regular market price for the same kind of labor or material, and is in all respects fair and without collusion or fraud; that no combination or pool exists of which the bidder is a member or in which he is directly or indirectly interested, or of which he has knowledge, either personal or otherwise, to bid a certain price, or not less than a certain price, for said labor or material, or to keep others from bidding therefor; and also that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk thereof, or any other officer or employee of the City of New York or any of its departments, is directly or indirectly interested in this estimate, or in the supplies or work to which it relates, or in any portion of the profits thereof, and has not been given, offered or promised, either directly or indirectly, any pecuniary or other consideration by the bidder or anyone in his behalf with a view to influencing his action or judgment in this or any other transaction heretofore had with this Department, which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true.

Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested. Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract is awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance, and that if he or she shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he or she would be entitled in its completion and the sum which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above when his liabilities as bail, surety and otherwise, and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are warned that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from or contract awarded to any person who is in arrears to the City of New York, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CITY OF NEW YORK.

Bidders are requested in making their bids or estimates to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of TWO THOUSAND DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, in the City of New York, with their respective places of business or residences, to the effect that if the contract is awarded to the person making the estimate, they will, as its being so awarded, become sureties for his faithful performance, and that he shall not or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled on the completion and that which the Corporation may be entitled to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are made. The consent above mentioned shall be accompanied by the oath, in writing, of each of the persons signing the same, that he is a non-resident freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 7 of the Revised Ordinances of the City of New York. No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money in the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the chief of the estimates, or, as aforesaid, can be deposited in said box and such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the person making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after making the contract, to execute the same, he shall be liable to the Corporation for the amount of the deposit made, but he shall be entitled to the amount of his deposit within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they neglect to do so, he or they shall be considered as having abandoned it and as a defaulter to the Corporation, and the contract will be re-advertised and let, as provided by law.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Materials and Work Required for Installation of New Gas-Making Apparatus at Gas House, Randall's Island," with his or their name or names and address, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

The Board of Public Charities reserves the right to reject all bids or estimates if deemed to be for the public interest, as provided in Section 44, Chapter 410, Laws of 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of TWO THOUSAND DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, in the City of New York, with their respective places of business or residences, to the effect that if the contract is awarded to the person making the estimate, they will, as its being so awarded, become bound as his sureties for his faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled on the completion and that which the Corporation may be entitled to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are made. The consent above mentioned shall be accompanied by the oath, in writing, of each of the persons signing the same, that he is a non-resident freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 7 of the Revised Ordinances of the City of New York. If the contract shall be awarded to the person or persons for whom he consents to become surety, the warranty and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money in the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the chief of the estimates, or, as aforesaid, can be deposited in said box and such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the person making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after making the contract, to execute the same, he shall be liable to the Corporation for the amount of the deposit made, but he shall be entitled to the amount of his deposit within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they neglect to do so, he or they shall be considered as having abandoned it and as a defaulter to the Corporation, and the contract will be re-advertised and let, as provided by law.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 2 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-book, and no estimate can be deposited in said book until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded.
