NOVEMBER 5, 1898.

Hon. JAMES H. MALONEY, Deputy Commissioner, D. H. S. B.:

DEAR SIR—In compliance with your instructions as per attached memorandum concerning the condition of the sidewalk on One Hundred and Forty-seventh street, between Willis and Brook avenues, I beg to state that I have caused an examination to be made by General Inspector William Gill, and that I respectfully forward herewith the report on the matter rendered by Mr. Gill for your information.

Respectfully, CHAS. H. GRAHAM, General Superintendent of Maintenance.

The following was Inspector Gill's report:

OCTOBER 31, 1898.

CHAS. H. GRAHAM, Esq., General Superintendent of Maintenance:

SIR—Referring to conditions of sidewalks on One Hundred and Forty-seventh street, between Willis and Brook avenues, I beg to report the conditions are as follows: On the south side of One Hundred and Forty-seventh street, between Willis and Brook avenues, from No. 710 to No. 700, sunken lots are unguarded; the bank of earth between basins and lots on one place near No. 700 is in very dangerous condition; at the west side of No. 692 the slope opposite sunken lots are higher than those in front of No. 692, and one is missing, making a hole that is dangerous to pedestrians. From Nos. 692 to 672 there are sunken lots on which Chris Vorotian, a junkie mover, stores material appertaining to his business, and some of it overflows on the sidewalk, and there are distinct wagon tracks from street across sidewalk into lots.

On the north side of One Hundred and Forty-seventh street, between Willis and Brook avenues, from Christian Rogers' Sons yard to No. 672, sunken lots are unguarded; about 25 feet of lagging, divided between two places, are missing, and bank of earth between lagging and lots is broken away.

Respectfully, WM. GILL, General Inspector, D. H. S. B.

Alderman McGrath reported that an owner of 100 feet of the property complained of bad made repairs since the above report, and that Mr. Vorotian was making repairs also.

It was resolved that another inspection should be made.

The following communication was read and referred to the Department of Public Buildings, Lighting and Supplies:

NOVEMBER 29, 1898.

Hon. LOUIS F. HAFEN:

DEAR SIR—Permit me to call your attention to the urgent need of street and avenue signs on the lamp-posts between Westchester Avenue and East One Hundred and Sixty-sixth street, and between Third Avenue and the Southern Boulevard. In that section there are a great many streets and avenues which it is quite impossible for a stranger to locate. It does seem to me as though this is a very important matter, and I trust it will receive your early attention.

Very truly yours, F. R. HOUGHTON, No. 111 Broadway.

The Secretary called attention to the fact that under section 397 of the Charter a local board was given power to provide signs designating names of streets. In view, however, of the fact that no appropriation had been made for this purpose, the above reference of the matter was made.

Craven (One Hundred and Fifty-ninth Street, from Leggett Avenue to Truxton Street).

Change of name from Craven to One Hundred and Fifty-sixth street.

Petition of George F. Johnston & Sons, dated November 29 last, was read and, on motion of Alderman McGrath, it was

Resolved, That this Board hereby recommends to the Municipal Assembly that the name of Craven street, between Leggett Avenue and Truxton street, in the Borough of The Bronx, be changed to East One Hundred and Fifty-sixth street.

Solgwick Avenue, Flagging and Curbing, between Perot Street and Bolton Avenue.

Petition of Frank J. Sheridan and others, dated November 14, 1898, was read. The matter was referred to the Department of Highways, Borough of The Bronx, with recommendation that the work be done.

No. 720 East One Hundred and Sixty-seventh Street, Fitting Post.

Petition of Sarah Jackson was read. The matter was referred to the Municipal Assembly, with recommendation that permission be granted to the owner to erect and maintain said post at her own expense.

Cement Testing Laboratory for Sewer Department in Basement of Annex, Municipal Building.

On motion of Councilman Murray, the following resolution was adopted:

Resolved, That, on application of the Deputy Commissioner of Sewers of the Borough of The Bronx for space twenty-five feet square in the southeast corner of the Municipal Building Annex, for use as a cement testing laboratory, the Local Board of the Twenty-first District hereby recommends to the Board of Public Improvements and the Municipal Assembly that said application be granted.

The following communication was referred to Alderman McGrath:

Petition to Local Board of Public Improvements.

We, the undersigned members of the Church of the Living Hope, request your Honorable Board to put two gas-lights in front of the above church on One Hundred and Thirty-fifth street, near Southern Boulevard.

Committee, Rev. Dr. STOKES and four others.

Adjournment. JOSEPH P. HENNESSY, Secretary.

NINTH DISTRICT, BOROUGH OF BROOKLYN.

Meeting in Room 4, Borough Hall, at 4:30 P. M., Thursday, October 27, 1898.

The roll was called and the following members answered to their names: Edward M. Grant, President, in the chair, and Aldermen Schmitt, Lang and Helgans. The President submitted the following:

(No. 41.)

Petition of F. H. Von Damm and others for the repaving of Maujer street, from Florence place to Morgan Avenue.

The following resolution was adopted:
 Resolved, That the Local Board of the Ninth District, Borough of Brooklyn, after hearing had this 27th day of October, 1898, believes that Manjer street, between Florence place and Morgan avenue, should be repaved with granite blocks, and it therefore requests that the Board of Public Improvements refer said matter to the Department of Highways for action.

(No. 42.)
 Petition of Leopold Michael, John O'Grady and the estate of J. M. Waterbury for the opening of Scott avenue, between Metropolitan and Flushing avenues.

Following report made by the Chief Topographical Engineer to the Board of Public Improvements:

JULY 11, 1898.

Col. JOHN H. MOONEY, Secretary, Board of Public Improvements:
 Sir—In reply to the action taken by the Board of Public Improvements on the 15th ultimo, referring for report the resolution of the Ninth District, Borough of Brooklyn, recommending that proceedings be initiated to open Scott avenue, between Metropolitan avenue and Johnson avenue, in the Borough of Brooklyn, I have to state that I have not found any record that the title to Scott avenue, between Metropolitan and Johnson avenues, is vested in the City.

I have examined the location, and found that a part of the street near Johnson avenue is being filled in at the present time, and that from there to Metropolitan avenue the street will have to be constructed over swamps and a branch of the Newtown Creek. The petitioner, Leopold Michael, requests the Local Board to declare Scott avenue an open street, probably assuming that the Board has such power under the new Charter of the city. This is not the case; and since the proceedings for acquiring title involve certain assessments on the property, I recommend that the petitioner be advised of that fact, and that the Local Board of the Ninth District transmit the petition of Leopold Michael, or a copy of the same, to the Board of Public Improvements. In addition, I wish to say that Scott avenue is laid out from Metropolitan avenue to Flushing avenue, which is about 110 feet distant from Johnson avenue, and which part should be opened at the same time, initiating, therefore, proceedings for opening Scott avenue, from Metropolitan avenue to Flushing avenue.

There are no buildings on the land.

The papers in this matter are herewith returned.

Respectfully,
 (Signed) LOUIS A. RISSE,
 Chief Topographical Engineer and Engineer of Concourse.

The following resolution was adopted:
 Resolved, That the Local Board of the Ninth District, Borough of Brooklyn, after hearing had this 27th day of October, 1898, hereby recommends to the Board of Public Improvements of The City of New York that proceedings be initiated to open Scott avenue, between Metropolitan avenue and Flushing avenue, in the Borough of Brooklyn.

(No. 43.)
 Petition of August Weber, of No. 217 Snodder avenue, and others, for removing a wire fence maintained by the Long Island Railroad Company over the crossing at Belmont and Vesta avenues. Also for the construction of a proper crossing at Belmont and Vesta avenues.

A representative of the Long Island Railroad Company appeared before the Board and maintained that Belmont avenue at the point mentioned is not an open street, and also that before the grade crossing can be opened it is necessary that action be taken by the State Board of Railroad Commissioners.

A representative of the petitioners stated that he would have a new petition drawn and presented to the Local Board at its next meeting for the opening of Belmont avenue at Vesta avenue.

Laid over.

(No. 44.)
 Proposed ordinance referred to the Board of Public Improvements by the Municipal Assembly, and to the Local Board by the Board of Public Improvements, for repaving Crescent street, between Jamaica and Atlantic avenues, with asphalt. Laid over.

(No. 45.)
 Petition of George L. Meyran and others for the grading and paving of Granite street, between Bushwick and Evergreen avenues.

Following report from the Department of Highways:

CITY OF NEW YORK, BOROUGH OF BROOKLYN,
 DEPARTMENT OF HIGHWAYS,
 MUNICIPAL BUILDING, October 10, 1898.

Hon. EDWARD M. GROUT, President of the Borough of Brooklyn:

DEAR SIR—Herewith I return original petition from property-owners to the repaving of Granite street, from Bushwick to Evergreen avenues, upon which the Engineer of this Department has reported as follows:

- * * *
- " I would report that the amount of work involved in the improvement is as follows:
- " 1,070 square yards of macadam.
- " 270 square feet of bridging.
- " 1,200 linear feet of new curb.
- " 1,500 cubic yards of grading.
- " The petition does not state what kind of pavement is desired. I presume, however, it would be either granite or trap-block. If granite is used, the estimated cost of the work is \$5,300. If trap-block is used, it is estimated that the cost will be \$2,600. A proper district of assessment would be one-half of the block on each side of the street, including an area of 115,200 square feet, of which the assessed value in 1897 was \$44,930."

Respectfully,
 (Signed) THOS. R. FARRELL, Deputy Commissioner of Highways.

The following resolution was adopted:
 Resolved, That the Local Board of the Ninth District, Borough of Brooklyn, after hearing had this 27th day of October, 1898, hereby recommends to the Board of Public Improvements of The City of New York, that Granite street, between Bushwick avenue and Evergreen avenue, be graded and paved with granite-block pavement.

(No. 47.)

Petition of Christian Lendenthal for the grading of lot on the west side of Central avenue, 44 feet north of Suydam street, known as Lot No. 32, Block 48, Twenty-seventh Ward Map.

Following report from the Department of Highways:

CITY OF NEW YORK, BOROUGH OF BROOKLYN,
 DEPARTMENT OF HIGHWAYS,
 MUNICIPAL BUILDING, May 31, 1898.

Hon. THOS. R. FARRELL, Deputy Commissioner of Highways:

DEAR SIR—The communication of President GROUT of May 15 asks for a report on the grading of lot on the west side of Central avenue, 24 feet north of Suydam street, known as Lot No. 32, Block 48, Twenty-seventh Ward Map.

This lot is now occupied by a frame building with brick foundation. The level of the yard at the front of the building, which is about 20 feet back from the building line, is 2 feet 2 inches higher than the curb, while the back yard is 3 feet 2 inches higher than the curb.

I do not believe that it is proper or necessary to take any action toward digging down this lot which has a dwelling on it. The ordinances of the City of Brooklyn provide for the maintaining of the grade of yards above the established grade, if the owner will maintain a retaining-wall such as may be necessary to protect his neighbor. This is a question which ought to be settled between the two property-owners, and I do not see that the City is called upon to take any action.

Respectfully,
 (Signed) N. P. LEWIS, Engineer of Highways, Borough of Brooklyn.

Following resolution was adopted:
 Resolved, That the Local Board of the Ninth District, Borough of Brooklyn, hereby directs that the lot lying on the west side of Central avenue, twenty-four feet nine inches north of Suydam street, known as Lot No. 32, Block 48, Twenty-seventh Ward Map, be graded to the level of the adjoining street at the expense of the owner or owners of the said lot.

Resolved, That this resolution be forwarded to the Board of Public Improvements for its approval.

CONTRACT FOR THE REMOVAL OF SNOW AND ICE FROM THE STREETS AND AVENUES AND PUBLIC PLACES OR PORTIONS THEREOF OF THE BOROUGHS OF MANHATTAN AND THE BRONX, IN THE CITY OF NEW YORK, AND THE UNLOADING AND FINAL DISCHARGE OF THE SAME AT THE SEVERAL DUMPS OR OTHER PLACES OF FINAL DISPOSITION AND DISCHARGE DESIGNATED BY THE COMMISSIONER OF STREET CLEANING, FOR AND DURING THE PERIOD BEGINNING WITH THE DATE OF EXECUTION THEREOF AND UNTIL AND INCLUDING THE 15TH DAY OF APRIL, 1899.

BIDS OR ESTIMATES FOR THE ABOVE contract, enclosed in sealed envelopes, with the title of the work, and indorsed with the name and address of the person or persons making the same, and the date of presentation, will be received at the Main Office of the Department of Street Cleaning, New York Life Building, No. 110 Broadway, Borough of Manhattan, in the City of New York, until 12 o'clock on FRIDAY, THE 9TH DAY OF DECEMBER, 1898.

at which time and place the said bids or estimates will be publicly opened and read.

The person or persons to whom the said contract may be awarded will be required to execute the said contract within five (5) days after receipt of a notice to that effect, and in case of failure or neglect so to do, the Commissioner of Street Cleaning may re-advertise and let the work and so on until the contract be accepted and executed.

Bidders are required to state under oath or affirmation in their bids or estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested, they shall distinctly state that fact; also that the bid is made without any connection with any other person making any bid or estimate for the above work, and that it is in all respects fair and without collusion or fraud, and also that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officers of the Corporation, is directly or indirectly interested therein, or in the work to which it relates, or in any portion of the profits thereof. Where more than one person is interested it is required that each bid or estimate and the affidavit thereon be made and subscribed by all the parties interested.

Each bid or estimate must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, or of two guaranty or surety companies duly authorized by law to act as sureties, as shall be satisfactory to the Comptroller of the City of New York, to the effect that if the contract be awarded to the person or persons making the bid or estimate, they will, upon being so awarded, become bound as surety for the faithful performance of the same, and that if he or they shall omit or refuse to execute the same, they will pay to the City of New York any difference between the sum to which he or they would be entitled on its completion and that which the City of New York may be obliged to pay to the person or persons to whom the contract may be subsequently awarded, the amount to be calculated upon the estimated amount of work by which the bids are tested. The consent above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law, and a like affidavit as to sufficiency shall be required of an officer of a guaranty or surety company so consenting. The adequacy and sufficiency of the securities offered shall be subject to approval by the Comptroller of the City of New York.

A special deposit of Ten Thousand Dollars (\$10,000) in lawful money of the United States will be required to be made with the Comptroller of the City of New York on or before the execution of said contract, said deposit to be retained by said Comptroller, as provided in said contract, as an additional security for the purpose described in the said contract.

The prior to the bids or estimates must be written, and must also be given in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Commissioner of Street Cleaning to reject all of the bids should he deem it for the interest of the City so to do. No bid or estimate will be accepted from, nor will the contract be awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate must be accompanied by a certified check on one of the State or National banks of the City of New York, payable to the order of the Comptroller of said city, for Two Thousand Five Hundred Dollars (\$2,500), or money to that amount. On the acceptance of any bid, the checks or money of the unaccepted bidders will be returned to them, and upon the execution of the contract, the check or money of the accepted bidder will likewise be returned to him or them; but should the said accepted bidder refuse or neglect to execute the said contract within five days after due notice that the said contract has been awarded to him or them, the amount of said deposit shall be forfeited to the City of New York as liquidated damages for such neglect or refusal.

All bids or estimates must be made with reference to the form of contract and the requirements thereof, on file at the main office of the Department of Street Cleaning, or being not so made they will be rejected.

The form of agreement (with specifications) showing the manner of payment for the work, may be seen and forms of bids or estimates may be obtained at the main office of the Department.

DEPARTMENT OF CORRECTIONS,
No. 148 East Twentieth Street,
New York, December 5, 1898.

TO CONTRACTORS.

SEALED BIDS OR ESTIMATES FOR ICE FOR THE KINGS COUNTY PENITENTIARY, BOROUGHS OF BROOKLYN.

SEALED BIDS OR ESTIMATES FOR 200 tons prime quality ICE, 12 1/2 inch blocks to the ton, not to be less than 12 inch thick, for Kings County Penitentiary, Borough of Brooklyn, will be received at the office of the Department, No. 148 East Twentieth street, in The City of New York, until

THURSDAY, DECEMBER 15, 1898,
until 10 o'clock A. M.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, addressed "Bid or Estimate for Ice for Kings County Penitentiary, Borough of Brooklyn," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the Commissioner, or his duly authorized agent, and read.

The Commissioner of Correction reserves the right to reject all bids or estimates if deemed to be for the public interest, as provided in section 416, CHAPTER 478, LAWS OF 1897.

No bid or estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penalty of Six Hundred (\$600) Dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; also that it is made without any collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the contract may be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, or trustees, or security, or trust or deposit companies in the City of New York, with their respective places of business or residence, in the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his surety for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. This consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 42 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The sufficiency and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of Thirty Dollars, being five per centum of the amount of the security required for the faithful performance of the contract, such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and let as provided by law.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

...satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent of the bid for each article.

Each bid or estimate shall contain and state the name and price of each item of each of the persons making the same, the names of all persons interested with him or them therein, and if an other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is required that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent in writing of two householders or freeholders in the City of New York, within their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and to the best of his knowledge and belief he has no interest in the contract, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimates-book, and no estimate can be deposited in said book until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having defaulted, and as in default to the Corporation, and the contract will be re-awarded and refer as provided by law.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Comptroller may determine.

The terms of the contract, including specifications, and showing the manner of payment, will be obtained at the office of the Department, No. 29 Elm Street, Brooklyn, and notices are continued to examine each and all of its provisions carefully, as the Board of Public Charities will meet upon its absolute preference in every particular.

JOHN W. KELLER, President,
 ADOLPH SMITH, Jr., Commissioner,
 JAMES FENNY, Commissioner,
 Department of Public Charities.
