BOARDS OF LOCAL IMPROVEMENTS.

BOROUGH OF QUEENS.

Meeting of the Local Board of the Borough of Queens was held in the Hackets Building, Long Island City, on November 18, 1898, at which was present Councilmen Van Nostrand and Cassidy, Aldermen James and Geiser and President Bowley.

Minutes of previous meeting read and, on motion, duly approved.
 Public hearing was had on the petition to open De Lap place through to Bergen avenue, in Jamaica, Fourth Ward, this Borough. Opposition thereto was made on the grounds that the same matter had been before the Board of Trustees of the Village of Jamaica in the year 1897, and was not successful; that it was doubtful that said De Lap place is a public highway, as its width is but forty-five feet, whereas no duly accepted street is less than fifty feet wide, that Bergen avenue is a wide thoroughfare, with long blocks, and in such improved condition and prospects as to be destined to become a very desirable avenue for dwellings of no mean pretensions; and that the value of lands along said avenue are held accordingly high, and that the extending of De Lap place through into Bergen avenue would be to the advantage of said place to the greater detriment of values on Bergen avenue in vicinity of said place.

The owner of lands on Bergen avenue, across De Lap place, stated that he had purchased said premises for the benefits which said avenue held forth; that the condemnation of so much of his lands as would be required for the cutting through of De Lap place would leave him two corners, the area of which would not be sufficient to utilize in accordance with the general character of said avenue, both present and prospective.

On behalf of the petitioners it was claimed that at the time they purchased land on said place the same was described as so many feet from Bergen avenue, which, naturally, made them believe that De Lap place commenced at Bergen avenue, in which they claimed to have been assured by reason of the County Clerk having searched title and passed same as good.

That they now find said place as being in a pocket, hence their application to this Board for relief in the premises.

On motion, the President appointed Councilman Van Nostrand and Alderman James a committee to make a personal inspection of the lands involved in the subject matter of said petition, and to report thereon to this Board at its next meeting.

In the matter of public hearing on petition to construct public sewer on Twenty-first street, from Seventh to Eighth avenues, Whitestone, Third Ward, this Borough, the representative thereof stated, that he was in possession of another petition by property holders on same street, which together would be from Fifth avenue to Eighth avenue, in which sewer is required.

Said last mentioned petition having been delivered to the President of the Board, he designated Friday, December 2, 1898, at 10:30 A. M., as time for public hearing thereon.

Whereupon, on motion, the further consideration of petition for sewer, from Seventh to Eighth avenue, was postponed to December 2, 1898, and Councilman Van Nostrand and Alderman James appointed a committee to confer with the signers of both petitions as to the construction of said sewer under private contract.

The following was read:

Hon. FREDERICK BOWLEY, President, Board of Local Improvements, Borough of Queens:

We the undersigned property owners on Water View place, Fifth Ward, Borough of Queens, do respectfully request your Honorable Body to direct the Queens County Water Company to extend their mains, from Trist place, along Baywater avenue and through Water View place, Far Rockaway, Fifth Ward, Borough of Queens, in order to supply tenants and owners of property along said line with water. This block is about eight hundred feet, and without a supply except that taken from wells, which is not satisfactory either in quantity or quality.

Signed by RICHARD MOYTT and others.

The question arose as to the precise obligations as between said company and City of New York, of which the Board required to be informed before taking any action thereon, for which purpose the Secretary was instructed to obtain same from the Corporation Counsel.

Communication from Alfred A. Gardner, headed Long Island Railroad Company, Law Department, No. 32 Nassau street, New York City, and dated 15th instant, with letter of W. E. Potter, General Superintendent, was read:

The letter contained the following:

"The switch engines in our North Shore yards are burning a mixture of soft and hard coal and coke, which is the only mixture which can be used to advantage on these engines."

"The engines will not burn hard coal alone."

Drs. Kennedy and McKeown, on behalf of the complainants, asserted that the conditions have not been changed, and urged that action towards abatement of the nuisance be taken.

Dr. Kennedy stated also that he had been keeping himself posted as to the use of other than all soft coal on the locomotives, and was informed by those having opportunities to know that no change in the objectionable fuel has been made by the company. Councilman Cassidy's suggestion to defer action until next week, during which time the committee appointed to investigate would do so and report, was adopted.

Adjourned to December 2, 1898.

J. FIESEL, Secretary.

without any connection with any other person making an estimate for the same purpose, and in all respects fair and without collusion or fraud; and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and let, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officers or clerk of the Department who has charge of the estimate box, and an estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no details from the specifications will be allowed unless a written permission shall previously have been obtained from the Board of Police.

Plans may be examined and specifications and blank estimates may be obtained by application to the undersigned at his office in the Central Department.

By order of the Board, WILLIAM H. KIPP, Chief Clerk.

of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct.

All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and retold as provided by law.

Bidders will write out the amount of their estimates in addition to inserting the same in figures. Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, from time to time, as the Commissioner may determine. The form of the contract, including specifications, and showing the manner of payment and other details, can be obtained at the office of the Department, No. 148 East Twentieth street, or James J. Kirwin, Deputy Commissioner of Correction, No. 2 Borough Hall, Borough of Brooklyn, and bidders are cautioned to examine each and all of their provisions carefully, as the Commissioner of Correction will insist upon its absolute enforcement in every particular.

All to be more or less (see specifications for full details), will be received at the office of the Department of Correction, No. 148 East Twentieth street, in the City of New York, until 12 o'clock a. m. of

THURSDAY, DECEMBER 22, 1898.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Fresh Fish, etc., for the year ending December 31, 1899," and with his or their name or names, and the date of presentation, at the head of said Department of Correction, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the Commissioner, or his duly authorized agent, of said Department and read.

The Commissioner of Correction reserves the right to reject all bids or estimates if deemed to be for the public interest, as provided in section 419, chapter 378, Laws of 1897.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, or surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids. Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioner, and to be free of all expense.

Any bidder for this contract must furnish testimonials that he is engaged in the business of selling fish in the City of New York, and has the plant necessary to carry out promptly and regularly the contract. It is required, to the entire satisfaction of the Commissioner of the Department of Correction, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of TWO THOUSAND DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders or trust or security companies in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the Fresh Fish, etc., by which the bids are made. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of One Hundred Dollars, being five per centum of the

amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and retold as provided by law.

Bidders will write out the amount of their estimates in addition to inserting the same in figures. Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, from time to time, as the Commissioner may determine.

The form of the contract, including specifications, and showing the manner of payment and other details, can be obtained at the office of the Department, No. 148 East Twentieth street, New York City, and bidders are especially cautioned to examine each and all of their provisions carefully, as the Commissioner of Correction will insist upon its absolute enforcement in every particular.

Dated New York, December 9, 1898. FRANCIS J. LANTRY, Commissioner, Department of Correction.

The Commissioner of the Department of Correction reserves the right to reject all bids or estimates if deemed to be for the public interest, as provided in section 419, chapter 378, Laws of 1897. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, or surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids. Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioner.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of FIVE THOUSAND DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, trust, deposit or security companies in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the articles by which the bids are made. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of Two Hundred and Fifty Dollars, being five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. The Commissioner of the Department of Correction reserves the right to reject all bids or estimates if deemed to be for the public interest, as provided in section 419, chapter 378, Laws of 1897.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, or surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids. Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioner, and to be free of all expense.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of TWO THOUSAND DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of One Hundred Dollars, being five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and retold as provided by law.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-book, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the person making the same within three days after the contract is awarded. shown to the order of the Comptroller or money to the amount of five per centum of the amount of the bonds required for the bonded performance of the contract. Such check or money must be retained in the office of the Comptroller until the bonds are returned to the Comptroller. The Comptroller who has charge of the performance, and no other person, is authorized to issue such check or money, unless he has been examined by said officer or clerk and found to be correct. All such checks, except that of the successful bidder, will be returned to the person making the same within three days after the contract is awarded. If the successful bidder shall refuse to accept, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the money retained by him shall be forfeited to the City of New York, and the bonds retained by the City of New York shall be returned to the successful bidder, and if he shall refuse to execute the same within the time specified, the amount of the deposit will be returned to him.

Should the person or persons to whom the contract may be awarded prefer to refuse to accept the contract within five days after written notice that the same has been awarded to him or his bid or proposal, or if he or they accept and do not execute the contract and give the proper receipts, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-provisioned and let as provided by law.

Bidders will write the amount of their estimate in plain or printing, in figures.
