To the Honorable the Council:

I return herewith, without my approval, a resolution adopted by you on April 2, 1901, giving permission to John B. Robertson to lay tracks from his warehouse property to the bulkhead-line.

My objection to this resolution is that the privileges granted are too general and indefinite.

They therefore recommend that the accompanying resolution be substituted:

Resolved, That permission be and the same is hereby given to John B. Robertson, executors and heirs, assigns, to lay tracks across West street, from No. 252 West street to the bulkhead-line of Piers 27 and 28, North river, in the Borough of Manhattan, as shown on the accompanying diagram, the rails to be of a pattern approved by the Commissioner of Highways, and to be laid and maintained flush with the surface of the street, so as not to interfere with the full use thereof by the public; all the work of laying the tracks, paving between the tracks and two feet outside the outer rails of the same, and maintaining the said pavement in good order, to the satisfaction of the Commissioner of Highways, to be done and material supplied at the expense of the said John B. THE CITY OF NEW YORK—DEPARTMENT OF PARKS,
OFFICE OF COMMISSIONER FOR THE BOROUGH OF THE BRONX,
ZBROWSKI MANSION, CLAREMONT PARK,

April 22, 1901.

To the Honorable the Board of Aldermen:

GENTLEMEN—I beg to again call your attention to the immediate necessity for the passage of the resolution authorizing the appropriation of \$15,000 for preliminary surveys, soundings, etc., for a bridge over Eastchester Bay in Pelham Bay Park.

The matter has been before your Honorable Body for nearly four months.

The Chief Engineer of this department has to-day reported that the old bridge is in a very bad condition—in fact, dangerous to life and limb. This bridge is one of the main arteries to Westchester County and Western Connecticut. Its enforced closing would result in serious inconvenience to thousands of people, and to possible complications with the Federal authorities.

I cannot too earnestly impress upon you the necessity of immediate action.

I am, very respectfully yours,

AUGUST MOEBUS, Commissioner of Parks, Borough of The Bronx.

Which was referred to the Committee on Finance.

Whereas, Senate Bill No. 1507, entitled "An Act to facilitate connections with wharves, docks and piers in the cities of this State," has passed the Legislature and is now awaiting the official action of the Governor of the State of New York; and

Whereas, This bill, though affecting only the interest of The City of New York, has been drawn in general terms so as to evade the constitutional requirement that all bills affecting the property of cities shall be submitted to the local representatives thereof for their approval or disapproval; and

Whereas, This bill is designed to permit the construction and operation of a freight and passenger railroad on West street and other streets of The City of New York, and provides for no adequate compensation to be paid to said City for the immensely valuable franchise privileges thus bestowed; and

Whereas, This bill affords no security that the construction of such a railroad would ever be accompanied or followed by the construction of a bridge across the North river, but, on the contrary, it seems altogether probable that the West Street Railroad, which would be not only feasible but profitable in itself as a separate enterprise, would be built, and the construction of such a bridge which would be in itself unprofitable, would be indefinitely postponed; and

Whereas, This bill is offensive to every honest citizen by reason of its form, its substance, its manner of passage in the Legislature, its defiance of the principles of home rule which are embodied in the Constitution, its grant of a franchise practically in perpetuity and its sacrifice of the City's financial interests by the absurdly inadequate provisions which it contains relative to the compensation for the grant of the franchise; be it

Resolved, by the Municipal Assembly of The City of New York, That the Governor of the State of New York be and hereby is earnestly requested to withhold his approval from said bill.

No. 679.

To the Municipal Assembly:

GENTLEMEN—In accordance with a motion passed by the Miscellaneous Section of the Central Federated Union at its meeting held on Tuesday, April 23, 1901, I am instructed to inform your Honorable Body that they have indorsed the following resolutions:

Whereas, It is universally conceded that the improvements and economies which have been made in recent years in transportation, have made possible the reduction of the present standard rate of fare without injustice to the investors in railways; and

Whereas, We believe that the public should derive a fair benefit from advances made in inventions, which in non-competitive enterprises such as a railroad can only come through legislative enactment; and

Whereas, We believe a low rate of fare would do much toward breaking up the obnoxious trolley-house system, by making it possible for people of small means to live at a distance from the places where they work; and

Whereas, The saving of four cents or more per day for each person would be a material benefit to people struggling to live on the low wages now prevailing; therefore be it

Resolved, That we most emphatically protest against the making of a contract, or the acceptance of a bid for the construction of any extension to existing railroads, or the granting of any new franchises, either by the Municipal Assembly or the Rapid Transit Commission, unless it contains a proviso stipulating a maximum fare of three cents per passenger.

No. 703.

We, the Grand Jury, at a Supreme Court, held in and for the County of Queens, April Term, 1901, having examined into the condition of the water supply in the Third Ward of the Borough of Queens, and into the administration thereof, find that the same is wholly inadequate to the needs of public comfort and public safety. For the reason that the conditions are evident beyond dispute, and are well known to the authorities of The City of New York, we do not deem it fitting to discuss them herein in detail.

There is pending in Municipal Council a measure which we are promised will afford relief. We urge the speedy adoption of said measure.

We request that the Clerk of the Court be directed to transmit a copy hereof to the Municipal Council, to the Mayor and to the Commissioner of Water Supply for The City of New York.

MOTIONS, ORDINANCES AND RESOLUTIONS.

No. 2688.

By Alderman Muh—

Whereas, Senate Bill No. 1597, entitled "An Act to facilitate connections with wharves, docks and piers in the cities of this State," has passed the Legislature and is now awaiting the official action of the Governor of the State of New York; and

Whereas, This bill, though affecting only the interests of The City of New York, has been drawn in general terms so as to evade the constitutional requirement that all bills affecting the property of cities shall be submitted to the local representatives thereof for their approval or disapproval; and

Whereas, This bill is designed to permit the construction and operation of a freight and passenger railroad on West street and other streets of The City of New York, and provided for no adequate compensation to be paid to said City for the immensely valuable franchise privileges thus bestowed; and

Whereas, This bill affords no security that the construction of such a railroad would ever be accompanied or followed by the construction of a bridge across the North river, but on the contrary it seems altogether probable that the West street railroad, which would be not only feasible but profitable in itself as a separate enterprise, would be built, and the construction of such a bridge which would be in itself unprofitable, would be indefinitely postponed; and

Whereas, This bill is offensive to every honest citizen by reason of its form, its substance, its manner of passage in the Legislature, its defiance of the principles of home rule which are imbedded in the Constitution, its grant of a franchise practically in perpetuity and its sacrifice of the City's financial interests by the absurdly inadequate provisions which it contains relative to the compensation for the grant of the franchise; be it

Resolved, by the Municipal Assembly of The City of New York, That the Governor of the State of New York be and hereby is earnestly requested to withhold his approval from said bill.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative.

The roll was called, and the following members answered to their names: Edward M. Grout, President; Aldermen Wirth, McInnes and Wentz.

The President submitted the following:

(No. 295.)

Communication from the Board of Public Improvements, transmitting a report of the Department of Sewers, in which it was recommended that for the purpose of enabling the construction of an outlet sewer Paerdegat avenue and Paerdegat basin be stricken from the map, between East Thirty-first street and Flatlands avenue, and that the streets intersecting Paerdegat avenue, between East Thirty-first street and Flatlands avenue, be extended across said avenue and said basin.

The following resolution was offered:

Resolved, That the Local Board of the Eighth District, Borough of Brooklyn, after hearing had this 28th day of March, 1901, deeming it for the public interest so to do, hereby recommends to the Board of Public Improvements of The City of New York that, in pursuance of the provisions of section 436 of chapter 378 of the Laws of 1897, proceedings be initiated to alter the map or plan of the City of New York by removing therefrom Paerdegat avenue and Paerdegat basin, in the Borough of Brooklyn, as laid down on the Commissioners' Map, between East Thirty-first street and Flatlands avenue, and extending all streets now intersecting Paerdegat avenue, between Albany avenue and Flatlands avenue, across said avenue and said basin.

Which was decided in the affirmative by the following vote:

Affirmative—The President, and Aldermen Wirth, McInnes and Wentz.

The matter of acquiring title to Paerdegat basin, between Flatlands avenue and Jamaica Bay was laid over.

(No. 399.)

Communication from the Board of Public Improvements, referring to the Local Board for further consideration the matter of laying-out a complete circle or plan at the southeasterly entrance to Prospect Park where Fort Hamilton avenue and Ocean avenue intersect. Laid over.

(No. 399.)

Communication from the Board of Public Improvements, transmitting to the Local Board a report of the Chief Topographical Engineer to the effect that the proposed change of grades of Coney Island avenue, East Eleventh, East Twelfth, East Thirteenth, East Fourteenth and East Fifteenth streets, between Beverly road and Avenue C, would not require the relaying of any existing pavements. Laid over.

The Local Board also took action, requesting the Board of Public Improvements not to act on the matter of laying out Slocum place, previously recommended to the Board of Public Improvements, until the matter of the proposed change of grades in the locality be determined.

(No. 410.)

Petition of James McMahon, representing the House of the Good Shepherd, for the grading and paving of Hopkinson avenue, between Atlantic avenue and St. Mark's avenue. At the request of the property-owners the improvement was limited to between Atlantic avenue and Dean street.

Following report from the Department of Highways:

CITY OF NEW YORK,
BOROUGH OF BROOKLYN—DEPARTMENT OF HIGHWAYS,
MUNICIPAL BUILDING, April 4, 1901.

Hon. Edward M. GROUT, President of the Borough of Brooklyn:

DEAR SIR—The receipt of your letter of the 2d instant, asking for an additional report in the matter of grading and paving Hopkinson avenue, between Atlantic avenue and Dean street instead of between Atlantic avenue and St. Mark's avenue, submitted previously, is hereby acknowledged.

In accordance with your request I beg to submit the following estimate for grading and paving Hopkinson avenue, between Atlantic avenue and Dean street, with asphalt pavement on a concrete foundation:

1,088 linear feet of curbing;
2,055 square yards asphalt pavement on concrete foundation;
5,800 square feet of cement sidewalk;

Total estimated cost based on 5 years of maintenance, \$5,500.

The approximate assessed value of the land, exclusive of improvements, within one-half block on each side of the street is \$25,000.

Respectfully,

(Signed) THOS. R. FARRELL, Deputy Commissioner of Highways.

The following resolution was offered:

Resolved, That the Local Board of the Eighth District, Borough of Brooklyn, after hearing had this 28th day of March, 1901, deeming it for the public interest so to do, hereby recommends to the Board of Public Improvements of The City of New York that proceedings be initiated to regulate, grade and pave Hopkinson avenue with asphalt pavement, between Atlantic avenue and Dean street, in the Borough of Brooklyn, and to set or reset curb and pave sidewalks with cement of said street where not already done.

Which was decided in the affirmative by the following vote:

Affirmative—The President, and Aldermen Wirth, McInnes and Wentz.

(No. 402.)

Petition for opening New York avenue, between Malbone street and Sterling street.

Following report from the Assistant Topographical Engineer in charge of Division No. 4:

(Copy.)

CITY OF NEW YORK,
PRESIDENT OF BOARD OF PUBLIC IMPROVEMENTS,
TOPOGRAPHICAL BUREAU,
November 29, 1900.

Mr. J. W. STEVENSON, Secretary to President, Borough of Brooklyn:

SIR—In reopening New York avenue, from Malbone street to Sterling street, I have to report as follows:

New York avenue is laid down on the Kings County Town Survey Map, filed in the Register's office, Kings County. There are buildings on the land.

Proceedings have been initiated for New York avenue, from Church avenue to the East New York avenue, February 14, 1900 (see page 742). Minutes of the Board of Public Improvements, February 14, 1900. In these circumstances it is in my estimation better to consolidate the two proceedings so as to make the proceeding read: "New York avenue, from Malbone street to Church avenue."

Very respectfully,

(Signed) GEO. J. BISCHOF,

Assistant Engineer in Charge of Division No. 4, Topographical Bureau.

The following resolution was offered:

Resolved, That the Local Board of the Eighth District, Borough of Brooklyn, hereby rescinds the following resolution adopted on January 11, 1900:

Resolved, That the Local Board of the Eighth District, Borough of Brooklyn, deeming it for the public interest so to do, hereby recommends to the Board of Public Improvements of The City of New York that proceedings be initiated to open New York avenue, between Church avenue and East New York avenue, in the Borough of Brooklyn.

Which was decided in the affirmative by the following vote:

Affirmative—The President, and Aldermen Wirth, McInnes and Wentz.

(No. 411.)

Petition for flagging sidewalks as described in the following report of the Department of Highways:

CITY OF NEW YORK,
BOROUGH OF BROOKLYN—DEPARTMENT OF HIGHWAYS,
MUNICIPAL BUILDING, March 14, 1901.

Hon. Edward M. GROUT, President of the Borough of Brooklyn:

DEAR SIR—The receipt of your letter of the 5th instant, forwarding petition signed by Samuel W. Murphy, of No. 771 Macon street, and others, for flagging on the northwest corner of Macon street and Howard avenue, is hereby acknowledged.

In reply, after an inspection by this Department I beg to submit the following estimate that the matter may be referred for the action of the Local Board of the District.

Flagging sidewalk on the north side of Macon street, between Ralph and Howard avenues, and on the west side of Howard avenue, between Macon and Halsey streets, in front of Lot No. 85, Block 56, Twenty-fifth Ward Map, with bluestone flagging, five feet in width. Estimated cost of flagging, \$100; assessed value of lot, \$2,000.

Respectfully,

(Signed) THOS. R. FARRELL, Deputy Commissioner of Highways.

The following resolution was offered:

Resolved, That the Local Board of the Eighth District, Borough of Brooklyn, deeming it for the public interest so to do, hereby directs that the sidewalk opposite the lot lying on the north side of Macon street, between Ralph avenue and Howard avenue, and on the west side of Howard avenue, between Macon street and Halsey street, known as Lot No. 85, Block 56, Twenty-fifth Ward Map, be flagged with bluestone flagging, five (5) feet in width, at the expense of the owner or owners of the said lot.

Resolved, That this resolution be forwarded to the Board of Public Improvements for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—The President, and Aldermen Wirth, McInnes and Wentz.

(No. 412.)

Petition for grading and paving Union street, between Nostrand and New York avenues. Laid over.

(No. 413.)

Petition for grading and paving New York avenue, between President street and Malbone street.

Following report from the Department of Highways:

CITY OF NEW YORK,
BOROUGH OF BROOKLYN—DEPARTMENT OF HIGHWAYS,
MUNICIPAL BUILDING, February 23, 1901.

Hon. Edward M. GROUT, President of the Borough of Brooklyn:

DEAR SIR—The receipt of your letter of the 9th instant, inclosing petition signed by F. W. Rows, Secretary, Eastern Parkway Company, No. 257 Broadway, asking for the grading and paving of New York avenue, between President and Malbone streets, with asphalt pavement, is hereby acknowledged.

In reply I beg to advise you that to carry out this improvement would involve 15,000 cubic yards of grading which would bring the estimated cost up to \$25,100, while the assessed value of the property within one-half block on each side of the street is but \$20,400, very little more than the cost of the improvement. This would make the assessment prohibitive and in my opinion the improvement should be limited to regulating, grading, curbing and guttering, and I therefore beg to submit the following estimate that the matter may be referred for the action of the Local Board of the district:

Regulating, grading, curbing and guttering New York avenue, between President and Malbone streets:

15,000 cubic yards grading;
2,084 linear feet curbing;
671 square yards gutter paving;
Total estimated cost, \$8,100.

Respectfully,

(Signed) THOS. R. FARRELL, Deputy Commissioner of Highways.

Which was decided in the affirmative by the following vote:

Affirmative—The President, and Aldermen Wirth, McInnes and Wentz.

(No. 414.)

Petition for grading and paving Kingston avenue, between St. John's place and Eastern parkway.

Following report from the Department of Highways:

CITY OF NEW YORK,
BOROUGH OF BROOKLYN—DEPARTMENT OF HIGHWAYS,
MUNICIPAL BUILDING, February 21, 1901.

Hon. Edward M. GROUT, President of the Borough of Brooklyn:

DEAR SIR—Your letter of the 8th instant, forwarding petition signed by John P. Foley, No. 71 Wall street, Borough of Manhattan, for the grading and paving of Kingston avenue, between St. John's place and Eastern parkway, with asphalt pavement, at hand.

In reply I beg to submit the following estimate of the amount of work and the cost of the improvement that the matter may be referred for the action of the Local Board of the District.

Grading and paving Kingston avenue, between St. John's place and Eastern parkway, with asphalt pavement on concrete foundation:

2,000 cubic yards grading;
1,100 linear feet curbing;
2,570 square yards asphalt pavement on concrete foundation;

Total estimated cost, based on five years of maintenance, \$10,000.

A proper district of assessment would be half the block on each side of the street, having an assessed value of \$43,000.

Respectfully,

(Signed) THOS. R. FARRELL, Deputy Commissioner of Highways.

CITY OF NEW YORK,
BOROUGH OF BROOKLYN—DEPARTMENT OF HIGHWAYS,
MUNICIPAL BUILDING, February 23, 1901.

Hon. Edward M. GROUT, President of the Borough of Brooklyn:

DEAR SIR—Your letter of the 9th instant, transmitting petition signed by F. W. Rows, Secretary, Eastern Parkway Company, No. 257 Broadway, asking for the grading and paving of Kingston avenue, between Eastern parkway and Malbone street, with asphalt pavement, at hand.

In reply I beg to call your attention to the fact that this work will involve 18,000 cubic yards of excavation, besides filling, which in some places would be 12 feet in height, therefore in my opinion it would not be wise to include such filling in the same contract with asphalt pavement. The total estimated cost is \$40,400, while the assessed value of the property within the probable district of assessment is \$77,100, and the assessments on a number of lots would considerably exceed one-half their assessed value. I would therefore suggest that the improvement be limited to regulating, grading, curbing and guttering, and herewith submit the following estimate for the action of the Local Board of the District:

Regulating, grading, curbing and guttering Kingston avenue, between Eastern Parkway and Malbone street:

18,000 cubic yards grading;
3,800 linear feet curbing;
950 square yards gutter paving;

Total estimated cost, \$10,400.

A proper district of assessment would be one-half the block on each side of the street, having an assessed value of \$77,100.

Respectfully,

(Signed) THOS. R. FARRELL, Deputy Commissioner of Highways.

Hon. Edward M. GROUT, President of the Borough of Brooklyn:

DEAR SIR—Your letter of the 6th instant, forwarding petition signed by Alderman James H. McInnes for grading and paving Hawthorne street, between Rogers and Nostrand avenues, with asphalt pavement, at hand.

In reply I beg to submit the following estimate that the matter may be referred for the action of the Local Board of the District:

Grading and paving Hawthorne street, between Rogers and Nostrand avenues, with asphalt pavement on a concrete foundation :
 1,800 cubic yards of grading ;
 1,616 linear feet of curbing ;
 3,053 square yards of asphalt pavement on concrete foundation ;
 5,000 square feet of cement sidewalk ;
 Total estimated cost, based on five years of maintenance, \$14,000.
 A proper district of assessment would be one-half block on each side of the street, having an assessed valuation of \$82,000.

Following report from the Department of Highways :

CITY OF NEW YORK,
BOROUGH OF BROOKLYN—DEPARTMENT OF HIGHWAYS,
MUNICIPAL BUILDING, February 15, 1901.

Hon. EDWARD M. GROUT, President of the Borough of Brooklyn :

DEAR SIR—The Municipal Assembly have passed ordinances authorizing the grading and paving of Caton avenue, between Flatbush and Ocean avenues, with asphalt pavement. Discovery has been made in the preparation of the plans that while the grade at Flatbush avenue and at Ocean avenue, both of which are improved, corresponds with the legal grade, the present surface at Kenmore place, which runs north from Caton avenue at a point midway between Flatbush and Ocean avenues, is about fourteen inches lower than the present legal grade at that point. Sewer-basins have been built at Kenmore place on each side of Caton avenue and sidewalks have been laid, which in the event of the change of the present grade to the legal grade would be left a foot below the curb and would consequently be ruined, as a considerable portion of them are cement, and no doubt the abutting property-owners would be entitled to damages on account of this change of grade, Caton avenue being in use at its present grade for some years prior to the adoption of the grade chart of the Town of Flatbush.

I would therefore respectfully recommend that steps be taken, as promptly as possible, to institute proceedings to have the legal grade at the intersection of Caton avenue and Kenmore place changed to conform with the present conditions by lowering it from an elevation of 53.57, which is the present legal grade, to an elevation of 52.40, in order that this much desired improvement may not be unnecessarily delayed.

Respectfully,

(Signed) THOS. R. FARRELL, Deputy Commissioner of Highways.

Resolved, That the Local Board of the Eighth District, Borough of Brooklyn, after hearing had this 28th day of March, 1901, deeming it for the public interest so to do, hereby recommends to the Board of Public Improvements of The City of New York that, in pursuance of the provisions of section 436 of chapter 378 of the Laws of 1897, proceedings be initiated to alter the map or plan of The City of New York by changing the grade of Caton avenue, at its intersection with Kenmore place, in the Borough of Brooklyn, to conform with the present conditions by lowering said grade from an elevation of 53.57 to an elevation of 52.40.

Following communication from the Department of Highways :

CITY OF NEW YORK,
BOROUGH OF BROOKLYN—DEPARTMENT OF HIGHWAYS,
MUNICIPAL BUILDING, March 14, 1901.

Hon. EDWARD M. GROUT, President of the Borough of Brooklyn :

DEAR SIR—My attention has been called to the fact that the property-owners intend to petition for the grading and paving, with asphalt, of East Twenty-first street, between Avenue C and Avenue D.

In connection with the above improvement, I beg to advise you that this block is well built up and most of the houses are built according to the natural grade. The legal grade of East Twenty-first street, between the above-mentioned points, calls for a crown in the center of the block, having an elevation of 29.40, the rate of grade on each side of this crown being 6½ inches to 100 feet. In my opinion the grade called for is somewhat steeper than necessary for such a pavement, and I would therefore respectfully recommend that steps be taken to institute proceedings to change the grade of this block by substituting for the present crown, which is 29.40, a crown 355 feet south of the southerly line of Avenue C, with an elevation of 28.46, the rate of grade on each side of the crown to be 3 inches in 100 feet, the present established grade of Avenue C (27.52) and of Avenue D (27.82) to remain as they are.

Respectfully,

(Signed) THOS. R. FARRELL, Deputy Commissioner of Highways.

The highest bidder will be required to pay the auctioneer's fee and twenty-five percent of the amount of the yearly rental bid at the time and place of sale. The amount so paid for one quarter's rent to be forfeited if the successful bidder does not execute the lease for the said premises when notified that it is ready for execution. He will also be required to give a bond in double the amount of the annual rental bid, with two sufficient sureties to be appraised by the Comptroller, conditioned for the payment of the rent quarterly, in advance, and for the performance and fulfillment of the covenants and terms of the lease on his part.

The lease will in terms contain the following covenants: That the lessee shall erect upon the said premises substantial buildings, the same to be erected in accordance with and to conform in all respects with the plans as made by Mr. William H. Fuby, the architect for the City as per contract made with him by the City of Brooklyn, pursuant to the provisions of chapter 876, Laws of 1890, and which plans were heretofore adopted for buildings to be erected in Wallabout Market; the plans and specifications for said buildings to be submitted to and approved by the Commissioners of the Sinking Fund and the Department of Buildings.

That the premises leased shall be used as and for market purposes only.

That the lessee will be entitled to a renewal term thereof for an additional term of ten years upon giving six months' notice prior to the expiration of the term of the original lease, of his desire to renew the same.

That the lessee further covenants that the buildings so erected upon the premises leased shall, upon the expiration or sooner termination of the lease, and if renewed upon the expiration of said renewal term, revert to and become the property of The City of New York, upon payment to the lessee or his legal representatives or assigns of the then value of the buildings built as hereinabove provided, such value to be fixed, determined and agreed upon by and between the Comptroller of The City of New York and the said lessee, his legal representatives or assigns, not less than four months prior to the expiration of said lease or of the renewal thereof, if renewed, and in the event that no such agreement can be reached by the said Comptroller and the said lessee four months prior to and preceding the expiration of such lease or of the renewal term thereof, then such value shall be ascertained by three disinterested Commissioners to be nominated and appointed by a Justice of the Supreme Court on the application of the Comptroller of The City of New York, on ten days' notice of such application to the lessee or lessees of said premises, or their legal representatives or assigns. The finding of the Commissioners appointed as aforesaid as to the value of such building or buildings shall be final and conclusive upon all parties, and the expenses of such Commissioners shall be paid and borne, one-half by the City and one-half by the lessee.

No person will be received as lessee or surety who is a delinquent on any former lease from the Corporation, and no bid will be accepted from any person who is in arrears to the Corporation upon debt or contract, or

Certificates of stock or bonds so extended shall bear interest at a rate not exceeding three and one-half per centum per annum, and shall be stamped across their face with the terms of such extension, which shall be for a period not exceeding twenty years.

Sec. 6. This act shall take effect immediately.

Proposals will be received by the Comptroller at his office, No. 346 Broadway, New York City, from the holders of six per cent Gold Consolidated Stock of the County of New York, payable July 1, 1901, for extending the maturity of all or any part of the respective amounts of such stock held by them in the following dates:

JULY 1, 1901,
JULY 1, 1902,
JULY 1, 1903,
JULY 1, 1904, and
JULY 1, 1905.

Stock so extended will be payable in gold and will bear interest from July 1, 1900, at the rate of three and one-half (3½) per cent. per annum, payable also in gold, semi-annually on the first day of January and of July in each year. The Comptroller proposes to apportion the amount of stock thus extended so that, as nearly as practicable, one-fifth of the whole amount extended shall be redeemable at each of the five maturity dates above mentioned. Preference will, as far as possible, be given to the proposals received according to priority on the date of their receipt, the premiums first received being entitled to the privilege of the longest extension period, unless such proposal shall indicate a preference for the shorter terms. The stock which is to be extended in accordance with the terms of this circular must be delivered to the Comptroller upon demand, when the certificates will be stamped across their face with the terms of the extension, in accordance with the provisions of chapter 630 of the Laws of 1900, provided, however, that such stock now outstanding in coupon form when presented for extension will be extended in the form of registered stock. Thereafter transfers may be made of such stock on the books of the Corporation in accordance with the general provisions of law and the rules of the Department of Finance in regard thereto. The right to discontinue the offer contained in this circular at any time without further notice is expressly reserved.

Dated New York, March 1, 1901.
