**MUNICIPAL ASSEMBLY.**

**PUBLIC NOTICE.**

AN ORDINANCE GRANTING TO THE WEST TENTH STREET CONNECTING RAILWAY COMPANY THE RIGHT OR FRANCHISE TO CONSTRUCT AND OPERATE A STREET SURFACE RAILROAD IN, UPON AND ALONG CERTAIN STREETS, AVENUES, PARKWAYS AND HIGHWAYS IN THE CITY OF NEW YORK.

Be it Ordained by the Municipal Assembly of The City of New York, as follows:

**WHEREAS**, THE WEST TENTH STREET Connecting Railway Company has duly presented to the Municipal Assembly of The City of New York, by presenting and filing with each house thereof, its application, in writing, for a grant of the franchise in right to use the streets, avenues, parkways and highways in The City of New York hereinafter mentioned, for the construction, maintenance and operation of a single-track street surface railroad in or upon the surface of the same; and

**Whereas**, The said Municipal Assembly, by resolution adopted March 20, 1900, approved by his Honor the Mayor of said city on March 23, 1900, gave public notice of such application, and that at the Council Chamber, in the City Hall, in The City of New York, on the 19th day of April, 1900, at 2.30 o'clock in the afternoon, such application of said railway company would be first considered and a public hearing had thereon, which notice was published daily for at least fifteen (15) days successively prior to the hearing, in two daily papers published in The City of New York, viz., in the "New York Press" and in the "New York Journal and Advertiser," which papers were first designated, in writing, by his Honor the Mayor of said city, on March 23, 1900; and

**Whereas**, After public notice given as aforesaid and at a public hearing duly held in pursuance of such notice, wherein all persons so desiring were given an opportunity to be heard and were heard, such application was first considered by the Railroad Committee of both houses of said Municipal Assembly;

**Section 1.** The Municipal Assembly of The City of New York hereby grants to the West Tenth Street Connecting Railway Company, subject to the conditions and provisions hereinafter set forth, the right and franchise to use the streets, avenues, parkways and highways of the said city, and to construct, maintain and operate a single-track street surface railroad in

and upon the following streets, avenues, parkways and highways, viz.: Commencing at the intersection of Sixth avenue and West Tenth street, in The City of New York, running southwesterly with single track thereon, upon said West Tenth street to the intersection of said West Tenth street with Greenwich avenue, all in the Borough of Manhattan, City of New York.

**Sec. 2.** The grant of said franchise or right to use said streets, avenues, parkways and highways is made subject to the following conditions:

**First**—That the said right, privilege and franchise to construct and operate its said railway shall be held and enjoyed by said railway company, its lessee or successors, for the term of twenty-five years with the privilege of a renewal of said grant for the further period of twenty-five years upon a fair revaluation of the right, such revaluation to be of the right, privilege and franchise to maintain and operate said railway by itself, and not to include any value derived from the ownership, control or operation of any other railroad, line or tracks by the grantee, its successors or assigns; provided, however, that the consent of the owners of one-half in value of the property bounded on such streets, avenues, parkways and highways shall be first obtained, or so long thereof the favorable determination of three Commissioners, approved by the Appellate Division of the Supreme Court, that such railroad should be constructed and operated.

**Second**—Upon the termination of the said franchise or right, whether original or renewed, there shall be a fair valuation of the plant and property of the grantee in the streets, avenues, parkways and highways aforesaid, with its appurtenances; and the said plant and property shall be and become the property of the City on the termination of the grant on paying the grantee such valuation. Such payment shall be at a fair valuation of the said plant and property as property, excluding any value derived from the franchise.

**Third**—The mode of determining the valuations and revaluations herein provided for shall be as follows: One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment, one disinterested freeholder shall be chosen by the railroad company; these two shall choose a third disinterested freeholder; the three so chosen shall act as appraisers and shall make the valuations and revaluations aforesaid. Such appraisers shall be chosen at least sixty days prior to the expiration of the grant, or of the renewal thereof, and their reports shall be filed with the Comptroller of the City not more than thirty days thereafter. They shall act as appraisers and not as arbitrators; they may base their judgment upon their own experience and upon such information as they may obtain by inquiry and investigation without the presence of either party; they shall have the right to examine the books of the railroad company. The valuation so ascertained, fixed and determined shall be conclusive upon both parties.

**Fourth**—The said West Tenth Street Connecting Railway Company shall, for and during the first five years after the commencement of the operation of any portion of its railroad, annually, on November 1, pay into the treasury of the City, to the credit of the Sinking Fund thereof, three per cent of its gross receipts for said during the year ending September 30 next preceding; and after the expiration of such five years make a like annual payment into the treasury of the City, to the credit of the same fund, of five per cent of its gross receipts, as required by section 95 of the Railroad Law, but such percentage of gross receipts shall not be less than one hundred and fifty dollars (\$150) annually for the first five years and not less than three hundred dollars (\$300) annually thereafter.

That but one fare shall be exacted for passage over the railroad constructed under this grant and over the lines of any railroad system or systems operated in connection therewith, and that the gross receipts from joint business shall be divided in the proportion that the length of said railroad operated hereunder shall bear to the entire length of the railroad system or systems which shall be operated in connection therewith, and of the railroad to be constructed hereunder.

Wherever and whenever this connecting railway shall make it possible for the cars of a non-percentage paying line to operate upon the tracks of a percentage paying line, the former line shall keep a separate and accurate account of all fares collected from passengers who enter said cars upon the routes of percentage lines, and account to the City for them the same as if they had been collected on the percentage line, and to pay the same percentages thereon as is now provided by law to be paid by the company upon whose route they operate.

**Fifth**—The said railroad may be operated by underground electrical power substantially similar to the system of underground traction now in use on the railroads in Second, Sixth, Eighth, Lenox and Madison avenues in this city, and by any other motive power, except locomotive steam power, which may be approved by the Board of Railroad Commissioners and consented to by the owners of property, in accordance with the provisions of the Railroad Law.

**Sixth**—The said railroad shall be constructed and maintained subject to the supervision and control of the Commissioner of Highways and the Commissioner of Public Buildings, Lighting and Supplies of The City of New York, in all matters with respect to which said Commissioners are respectively invested with the power of regulation and control by the Charter of said city; and the consent of the City, as owner of property bounded on West Tenth street and on Christopher street, is hereby given to the operation of the railroads now or hereafter constructed on said streets by the forms of motive power provided in section fifth.

**Sec. 3.** The said grant is also upon the further conditions, namely:

**First**—The said railroad shall be constructed and operated in the latest improved manner of street railway construction, and the railroad and property of said company shall be maintained in good condition throughout the full term of this grant.

**Second**—The rate of fare for any passenger upon said railroad shall be five cents; and said company shall not charge any passenger more than said sum for one continuous ride from any point on its road, or any road, line or branch operated by it or under its control, to any point thereon or any connecting branch thereof within the limits of The City of New York. The cars on said railroad shall be run as often as the public convenience may require.

**Third**—The said railroad company shall apply to each car a proper fender and wheel-guard conformably to such laws and ordinances as may hereafter be enacted or adopted by the State or City authorities.

**Fourth**—All cars of said railroad company shall be heated during cold weather conformably to such laws and ordinances as are now in force or may hereafter be enacted or adopted by the State or City authorities, and each car shall be well lighted either by the kerosene gas system or by electricity, or by some system of lighting equally efficient.

**Fifth**—In case of any violation or breach of or failure to comply with any of the provisions of this section, this grant may be forfeited by suit brought by the Corporation Counsel on notice of ten days to the said railroad company.

**Sec. 4.** This grant is also upon the further and expressed condition that the provisions of article IV of the Railroad Law applicable thereto be complied with.

**Sec. 5.** The said company shall at all times keep the street between its tracks and for a distance of two feet beyond the rails upon either side thereof free and clear from ice and snow.

**Sec. 6.** The said railroad company, so long as it shall continue to use any of its tracks upon said streets, avenues or public places, shall have and keep in permanent repair that portion of such streets, avenues and public places between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe.

**Sec. 7.** This grant shall not become operative unless, within ten days after the approval thereof by the Mayor of said City, or the final passage thereof, suc-

ceeding the return with the disapproval thereof, or subsequent to the taking effect of said grant by reason of the failure of said officer to return the same with his disapproval, the said railroad company shall duly execute under its corporate seal an instrument in writing, wherein said company shall promise, covenant and agree on its part and behalf to pay the compensation and to conform to, abide by and perform all the conditions and requirements in this ordinance fixed and contained, and within the said period file the said instrument in the office of the Comptroller of The City of New York.

**Sec. 8.** This ordinance shall take effect immediately. Published in accordance with a resolution adopted by the Municipal Assembly of The City of New York on the 22nd day of May, 1901, and approved by his Honor the Mayor on the 25th day of May, 1901.

New York, May 24, 1901.

THE PERSON OR PERSONS TO WHOM THE CONTRACT MAY BE AWARDED WILL BE REQUIRED TO ATTEND AT THE OFFICE OF THE DEPARTMENT OF PUBLIC BUILDINGS, LIGHTING AND SUPPLIES, WITH THE SURETIES OFFERED BY HIM OR THEM, AND EXECUTE THE CONTRACT WITHIN FIVE DAYS FROM THE DATE OF THE SERVICE OF A NOTICE TO THAT EFFECT.

N. B.—Inspection will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bids will be received only for the whole work in gross. Bidders are required to state in their estimates, under oath, their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested they shall distinctly state the fact; also, that it is made without any connection with any other person making any bid or estimate for the same purpose, and that it is in all respects fair and without collusion or fraud; and also that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residences, or of a guaranty or surety company duly authorized by law to act as surety, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, as stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith, and with an intention to execute the bond required by law. Should a guaranty or surety company be offered, the consent of the said company shall be submitted. The adequacy and sufficiency of the security offered will be subject to the approval of the Comptroller, after the award is made and prior to the signing of the contract.

For the nature and extent of the work to be done bidders are referred to the specifications and the plans and drawings therein mentioned, which can be seen at the office of the architect, John H. Thomas, No. 120 Broadway; said specifications, plans and drawings form part of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired are, by a clause in the contract, fixed and liquidated at TWO HUNDRED AND FIFTY DOLLARS PER DAY.

Bidders must state in writing, and also in figures, a price for the whole work complete, which price is to cover the furnishing of all necessary materials and labor and the performance of all the work set forth in the specifications and form of agreement.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn in the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract and give the proper security within the time aforesaid, the amount of his deposit will be returned to him.

The amount of security required is FIVE HUNDRED THOUSAND DOLLARS, as hereinabove specified.

The right is reserved by the Board to reject any or all bids if they shall deem it for the interest of the Corporation so to do.

To the Holders of Six Per Cent. Gold Consolidated Stock of the County of New York, Payable July 1, 1901:

**THE FOLLOWING IS AN EXTRACT FROM** the proceedings of the Commissioners of the Sinking Fund at a meeting held Tuesday, February 19, 1901:

The Comptroller presented the following report and accompanying resolutions relative to the redemption of six per cent. Gold Consolidated Stock of the County of New York, maturing July 1, 1901:

**CITY OF NEW YORK, DEPARTMENT OF FINANCE,**  
COMPTROLLER'S OFFICE, February 12, 1901.

To the Commissioners of the Sinking Fund:

**GENUINENESS**—Six per cent. Gold Consolidated Stock, amounting to eight million eight hundred and eighty-five thousand five hundred dollars (\$8,885,500), which was issued by the County of New York prior to its consolidation with the former City of New York, matures on July 1, 1901.

The said stock is held by the public and is payable from the Sinking Fund for the Redemption of the City Debt (No. 1), under the provisions of section 213 of chapter 378 of the Laws of 1897.

Under an amendment to the Constitution of the State of New York adopted at the general election held in the year 1899, the said stock is exempted, but the debt-reducing purposes of section 10 of article VIII of the Constitution, from classification as a City debt. In view of the present emergency demands upon the City's debt-paying capacity, especially for rapid transit and bridge construction, it is desirable to retain the advantage gained by such exemption. This advantage would be practically lost as to the amount of said stock if it were to be redeemed out of the Sinking Fund, or if it were refunded by the issue of Corporate Stock of The City of New York.

It therefore proposes to extend the maturity of a considerable proportion, if not the whole of such stock, for periods not exceeding twenty years, under the authority

conferred upon me by chapter 520 of the Laws of 1900 upon the best obtainable terms for the City.

It is not unlikely, however, that it may prove impossible to extend certain portions of said stock upon advantageous terms, and I therefore recommend that a resolution be adopted authorizing the Comptroller to redeem from the Sinking Fund such portions of said stock.

Respectfully,  
**(Signed) BIRD S. COLER,**  
Comptroller.

Whereas, six per cent. Gold Consolidated Stock issued by the County of New York prior to its consolidation with the former City of New York, amounting to eight million eight hundred and eighty-five thousand five hundred dollars (\$8,885,500), matures July 1, 1901, and is payable from the Sinking Fund for the Redemption of the City Debt (No. 1), under the provisions of section 213 of chapter 378 of the Laws of 1897.

Whereas, the Comptroller proposes, under the authority of chapter 520 of the Laws of 1900, to extend for periods not exceeding twenty years the maturity of as much of said stock as he may be able to so extend upon terms advantageous to the City; therefore

Resolved, That the Comptroller be and is hereby authorized to pay out of the Sinking Fund for the Redemption of the City Debt (No. 1), such portion of the six per cent. Gold Consolidated Stock of the County of New York, payable July 1, 1901, as he may be unable to extend upon terms deemed by him to be advantageous to the City.

The report was accepted and the resolution unanimously adopted.

For the reasons set forth in the foregoing report to the Commissioners of the Sinking Fund, the Comptroller of the City of New York will avail himself of the provisions of chapter 520 of the Laws of 1900, which reads as follows:

**CHAPTER 520.**

**AN ACT** to authorize the extension of the funded indebtedness of the counties of New York, Kings, Queens and Richmond.

**ACCEPTED BY THE CITY.**

Be it enacted by the People of the State of New York, represented in Senate and Assembly, do enact as follows:

**SECTION 1.** It shall be lawful for the comptroller of the city of New York, in his discretion, to provide for the extension of all or any part of the funded indebtedness of the counties of New York, Kings, Queens and Richmond, as the same may from time to time mature. Certificates of stock or bonds so extended shall bear interest at a rate not exceeding three and one-half per centum per annum, and shall be stamped across their face with the terms of such extension, which shall be for a period not exceeding twenty years.

**SECTION 2.** This act shall take effect immediately. Proposals will be received by the Comptroller at his office, No. 28 Broadway, New York City, from the holders of six per cent. Gold Consolidated Stock of the County of New York, payable July 1, 1901, for extending the maturity of all or any part of the respective amounts of such stock held by them to the following dates:

- JULY 1, 1917.
- JULY 1, 1918.
- JULY 1, 1919.
- JULY 1, 1920, and
- JULY 1, 1921.

Stock so extended will be payable in gold and will bear interest from July 1, 1901, at the rate of three and three-eighths (3 3/8) per cent. per annum, payable also in gold, semi-annually, on the first day of January and of July in each year. The Comptroller proposes to appraise the amount of stock thus extended so that, as nearly as practicable, one-fifth of the whole amount extended shall be redeemable at each of the five maturity dates above mentioned. Preference will, as far as possible, be given to the proposals received according to priority in the date of their receipt, the proposals first received being entitled to the privilege of the longest extension period, unless such proposal shall indicate a preference for the shorter terms. The stock which is to be extended in accordance with the terms of this circular must be delivered to the Comptroller upon demand, when the certificates will be stamped across their face with the terms of the extension, in accordance with the provisions of chapter 520 of the Laws of 1900, provided, however, that such stock now outstanding in coupon form when presented for extension will be extended in the form of registered stock. Hereafter transfers may be made of such stock on the books of the Corporation in accordance with the general provisions of law and the rules of the Department of Finance in regard thereto. The right to discontinue the offer contained in this circular at any time without further notice is expressly reserved. Dated New York, June 5, 1901.
