The finding of the Commissioners appointed as aforesaid as to the value of such building or buildings shall be final and conclusive upon all parties, and the expenses of such Commissioners shall be paid and borne equally by the City and one-half by the lessee.

BIRD S. COLER, Comptroller. CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, JUNE 17, 1901.

THE CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE.

To the Holders of Six Per Cent. Gold Consolidated Stock of the County of New York, Payable July 1, 1901.

THE FOLLOWING IS AN EXTRACT FROM the proceedings of the Commissioners of the Sinking Fund at a meeting held Tuesday, February 10, 1901.

The Comptroller presented the following report and accompanying resolutions relative to the redemption of six per cent. Gold Consolidated Stock of the County of New York, maturing July 1, 1901:

CITY OF NEW YORK, DEPARTMENT OF FINANCE

COMPTROLLER'S OFFICE, February 15, 1901.

To the Commissioners of the Sinking Fund:

Whereas Six per cent. Gold Consolidated Stock, amounting to eight million eight hundred and eighty-five thousand five hundred dollars (\$8,845,000), which was issued by the County of New York prior to its consolidation with the former City of New York, matures on July 1, 1901.

The said stock is all held by the public and is payable from the Sinking Fund for the Redemption of the City Debt (No. 1), under the provisions of section 217 of chapter 278 of the Laws of 1899.

Under an amendment to the Constitution of the State of New York adopted at the general election held in the year 1895, the said stock is exempted, for the debt-reduction purposes of section 10 of article VIII of the Constitution, from classification as a City debt.

In view of the present heavy demands upon the City's debt-paying capacity, especially for rapid transit and bridge construction, it is desirable to retain the advantage gained by such exemption. This advantage would be practically lost as the amount of said stock if it were to be redeemed out of the Sinking Fund, or if it were redeemed by the issue of Corporate Bonds of the City of New York.

I therefore propose to extend the maturity of a considerable proportion, if not the whole of such stock, for periods not exceeding twenty years, under the authority conferred upon me by chapter 670 of the Laws of 1900 upon the best obtainable terms for the City.

It is not unlikely, however, that it may prove impossible to extend certain portions of said stock upon advantageous terms, and I therefore recommend that a resolution be adopted authorizing the Comptroller to redeem from the Sinking Fund such portions of said stock.

Respectfully, (Signed) BIRD S. COLER, Comptroller.

Whereas Six per cent. Gold Consolidated Stock issued by the County of New York prior to its consolidation with the former City of New York, amounting to eight million eight hundred and eighty-five thousand five hundred dollars (\$8,845,000), matures July 1, 1901, and is payable from the Sinking Fund for the Redemption of the City Debt (No. 1), under the provisions of section 217 of chapter 278 of the Laws of 1899.

Whereas the Comptroller proposes, under the authority of chapter 670 of the Laws of 1900, to extend for periods not exceeding twenty years the maturity of as much of said stock as may be able to so extend upon terms advantageous to the City; therefore

Resolved, That the Comptroller be and he is hereby authorized to pay out of the Sinking Fund for the Redemption of the City Debt (No. 1), such portion of the six per cent. Gold Consolidated Stock of the County of New York, payable July 1, 1901, as he may be able to extend upon terms deemed by him to be advantageous to the City.

The report was accepted and the resolution unanimously adopted.

For the reasons set forth in the foregoing report to the Commissioners of the Sinking Fund, the Comptroller of the City of New York will avail himself of the provisions of chapter 670 of the Laws of 1900, which reads as follows:

CHAPTER 670.

AN ACT to authorize the extension of the funded indebtedness of the counties of New York, Kings, Queens and Richmond.

ENACTED BY THE CITY.

Section 1. Be it enacted by the Council, with the approval of the Mayor, that a majority being present in Senate and Assembly, do enact as follows:

Section 2. It shall be lawful for the comptroller of the city of New York, in his discretion, to provide for the extension of all or any part of the funded indebtedness of the counties of New York, Kings, Queens and Richmond, as the same may from time to time mature. Certificates of stock or bonds so extended shall bear interest at a rate not exceeding three and one-half per centum per annum, and shall be stamped across their face with the terms of such extension, which shall be for a period not exceeding twenty years.

Sec. 3. This act shall take effect immediately.

Proposals will be received by the Comptroller at his office, No. 25, Broadway, New York City, from the holders of six per cent. Gold Consolidated Stock of the County of New York, payable July 1, 1901, for extending the maturity of all or any part of the respective amounts of such stock held by them to the following dates:

- JULY 1, 1917.
JULY 1, 1918.
JULY 1, 1919.
JULY 1, 1920, and
JULY 1, 1921.

Stock so extended will be payable in gold and will bear interest from July 1, 1901, at the rate of three and one-half per cent. per annum, payable, also in gold, semi-annually, on the first day of January and of July in each year. The Comptroller proposes to appropriate the amount of stock thus extended so that, as nearly as practicable, one-fifth of the whole amount extended shall be redeemable at each of the five maturity dates above mentioned. Preference will, as far as possible, be given to the proposals received according to priority in the date of their receipt, the proposals first received being entitled to the privilege of the longest extension period, unless such proposal shall indicate a preference for the shorter terms. The stock which is to be extended in accordance with the terms of this circular must be delivered to the Comptroller upon demand, when the certificates will be stamped across their face with the terms of the extension, in accordance with the provisions of chapter 670 of the Laws of 1900, provided, however, that such stock now outstanding in coupon form when presented for extension will be extended in the form of registered stock. Thereafter transfers may be made of such stock on the books of the Corporation in accordance with the general provisions of law and the rules of the Department of Finance in regard thereto. The right to determine the offer contained in this circular at any time without further notice is expressly reserved.

Dated New York, June 3, 1901.

BIRD S. COLER, Comptroller.

The person or persons to whom the contract shall be awarded will be required to attend at the office of the Department of Public Buildings, Lighting and Supplies, with the trustees of Public Buildings, Lighting and Supplies, at the time specified by him or them, and execute the contract within five days from the date of the service of a notice to that effect.

N.B.—Proposals will not be given for the work described in any bid or estimate. No bid will be accepted from a contractor awarded to any person who is an agent in his Corporation upon the contract, or who is a defaulter, or a surety or indemnitor, when any obligation is in the corporation.

Bids will be received only for the whole work in lots.

Bidders are required to state in their estimates, under each item, their names and places of residence, the names of all persons involved with them therein, and if another person be so interested they shall distinctly state the fact; also, that it is made without any connection with any other person making any bid or estimate for the same purpose, and that it is in all respects fair and without collusion or fraud, and also that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy clerk, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the certification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the amount in writing, of two hundred dollars or freeholders in the City of New York, with their respective places of business or residences, or of a guaranty in surety company duly authorized by law to act as surety to the effect that, if the contract be awarded in the period making the estimate, they will, upon its being awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation on any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting, the amount in such case to be calculated upon the estimated amount of the work by which the bids are tested. The contract, when awarded, shall be accompanied by the cash or affidavit, in writing, of each of the persons signing the same, that he is a freeholder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, as stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as surety, surety and otherwise, and that he has offered himself as a surety in good faith, and with an intention to execute the same, as required by law. Should a guaranty in surety company be offered, the consent of the said company shall be submitted. The adequacy and sufficiency of the security offered will be subject to the approval of the Comptroller, after the award is made and prior to the signing of the contract.

For the nature and extent of the work to be done bidders are referred to the specifications and the plans and drawings thereon mentioned, which can be seen at the office of the architect, John R. Thomas, No. 150 Broadway; said specifications, plans and drawings form part of the contract.

The entire work is to be progressed simultaneously with and finished within sixty days after the completion of the contract, dated December 17, 1901, for the "Mason Work, Earthwork, Work, Steel and Iron Work, Roofing and Sheet Metal Work and Other Work" in Hall of Records Building.

The amount to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, be, by a clause in the contract, fixed and liquidated at TWO HUNDRED AND FIFTY DOLLARS PER DAY.

Bidders must state in writing, and also in figures, a price for the whole work complete, which price is to cover the furnishing of all necessary materials and labor and the performance of all the work set forth in the specifications and form of agreement.

No estimates will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk who has charge of the estimates, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract and give the proper security within the time aforesaid, the amount of his deposit will be returned to him.

The amount of security required is FIVE HUNDRED THOUSAND DOLLARS, as hereinafter specified.

The right is reserved by the Board to reject any or all bids if they shall deem it for the interest of the Corporation so to do.

Blank forms of bids or estimates and the form of agreement, including the specifications for the work, and further information, if required, can be obtained on application at the office of the Architect, No. 150 Broadway.
