Office of the Branch Workhouse, Rikers Island, New York, June 30, 1909.

Hon. JOHN J. BARRY, Commissioner:

Dear Sir.—I have the honors to transmit to you attached quarterly report of the work accomplished by prisoners in the several departments on this Island during the quarter ending June 30, 1909.

The census on March 31, 1909, was 257 male prisoners during the quarter; 172 prisoners were received and 264 returned to the Workhouse, Blackwells Island, leaving on June 30, 1909, a census of 165.

The prisoners have been constantly employed and their health has been excellent.

Yours very respectfully, WM. H. McLAUGHLIN, Warden.

Quarterly Report, Branch Workhouse, Rikers Island, June 30, 1909.

Quarterly Report, Branch Workhouse, Rikers Island, June 30, 1909.

By the prisoners employed at outdoor labor, 300 cubic yards of earth was removed from bank and used to back up sea wall in course of construction. In doing this work one-eighth of an acre of ground was added to the Island, 440 feet of road was built along the front of the Island, the measurement of same being twenty-one feet wide and two feet deep, large stone and cobblestones being laid at bottom, the voids filled with smaller stone and seventy-five yards of small stone which was broken was used to finish the top of the road. Eight acres of farm was weeded and planted, the grass cut and lawns attended to.

The following dispositions of garden seed were made:

One and one-half acres in potatoes, one-half in green peas, one-quarter in butter beans, one-quarter in string beans, one-quarter in lima beans, one-quarter in turnips, one-half in corn, one-quarter in celery, one-quarter in onions, three-quarters in cabbage, one-quarter in cauliflower, three-quarters in tomatoes, one-quarter in beets, one-quarter in asparagus, one-quarter in strawberries, one-quarter in rimbarb, one-quarter

page, one-quarter in cauliflower, three-quarters in tomatoes, one-quarter in beets, one-quarter in spinach, one-quarter in strawberries, one-quarter in rimbarb, one-quarter in leek, one-quarter in spinach, one-quarter in lettuce. Five ox carts were loaded with hard pan and sent in Blackwells Island; 257 tons of coal was unloaded from barge "Wm. B. Farrell;" a ways was built at the north end of the Island to hauf out the launch when necessary to repair. During this quarter both the launches "Mohican" and "Sweep" have been taken up on these ways and their bottoms cleaned, painted and repaired.

Painting Industry:

Average number of inmates employed daily, 10.

Inmates connected with this industry have been continuously employed as heretofore mentioned in my last report, viz.; Painting outside of dormitories and other
luildings on the island, their work has been highly commended. Other inmates have
been employed in excavating for cellar and for foundation for a new dormitory holding, builting dirt, sand and cement, dormitory and mess hall work, thereby beeping
all at labor of some kind during the second quarter ending June 30, 1909.

Respectfully submitted,

JOHN E. VAN DE CARR, Overseer,

Department of Correction, Office of the City Primer Broaklyn No. 149 Raymond Street. New York, July 7, 1909.

Hon. JOHN J. BARRY, Commissioner of Correction:

Dear Sir—I most respectfully submit a report of the City Prison, Borough of Brooklyn, for the quarter commencing April 1, 1909, and ending June 30, 1909. The alterations and improvements covering and including the new roof on male prison, iron grill work on all the tiers and painting the interior of the prison are rapidly nearing completion. A new storchouse has been erected in the prison yard, and is now in use. The new administration office has been opened for business, and is near completion. The new female prison is now in course of construction.

The female prisoners under sentence here are employed in decaying and scrubbing in and almost the female prison and administration holding and working in the prison hundry.

hing in and almost the remate prison and administration holding and working in the prison laundry.

The male prisoners under sentence here are employed in cleaning around the male prison and repairing and painting about the institution.

Appended herewith please find a statement showing the number of prisoners at commencement of quarter, number received, discharged and disposed of the amount of fines received from the County Court, Special Sessions and ren City Magistrate's Courts, which have been paid to the City Chamberlain, as section 1550 of the Greater New York Charter requires.

Respectfully yours.

Respectfully yours,

DEPARTMENT OF DOCKS AND FERRIES.

New York, June 4, 1909.

The following communications were received, action being taken thereon as noted,

From the City Clerk (81823)—Transmitting certified copy of resolution adopted by the Hoard of Abdermen May 18, 1909, and approved by his Homer the Mayor June 1, 1909, authorizing the making of repairs, without public letting, to Pier 39, North River. Repairs ordered to pier substructure.

From the Corporation Counsel—

1 (81841, 81840). Returning, approved as to form, agreement with Eva J. Rogers and Estelle M. Ross, and the Lehigh Valley Raitroad Company relative to shed on bulk-bead between One Bundled and Twenty-foorth and One Hundred and Twenty-foorth and One Hundred and Twenty-foot of southerly half of pier foot of East One Hundred and Twelfith street, Harlem River. Filed,

2 (81538). Requesting certain information relative to the bridge over the tracks of the New York Central and Hudson River Railroad foot of West One Hundred and Fifty-first street, North River, and the roadway west of the railroad tracks. Information furnished.

From the President of the Borough of Richmond (81739)-Sulmitting statement

From the President of the Borough of Richmond (817.99)—Submitting statement relative to the status of the work being done by him in connection with the vinduct to be constructed by this department connecting Jay street with the trolley at the St. George Ferry terminal. Advised that a contract is being prepared by this department for the construction of the enaduct.

From the Braoklan Improvement Company (81835)—Requesting permission to erect a small frame shelter as a covering for brick pile on the easterly side of the Sixth street basin, Gowanus Canal, Brooklyn. Permit granted, the work to be done mader the supervision of the Chief Engineer, the structure to remain only during the pleasure of the Commissioner.

From Edith C. Bryce (81834)—Requesting permission to construct a sheet pile bulkhead, platform, etc., and to fill in in rear of same, between the southerly side of Bennett street and the northerly side of Maspeth avenue and also entirely around Mussel Island, Newtown Creek, horough of Queens. Permit granted, the work to be done in accordance with general plan submitted, as amended, and under the supervision of the Chief Engineer, it being understood, however, that before the commencement of the work detailed plans of construction will be submitted to the Chief Engineer, for approval.

sion of the Chief Engineer, it being understood, however, that before the commencement of the work detailed plans of construction will be submitted to the Chief Engineer, for approval.

From Michael Egan (81890)—Requesting permission to dredge under dumping board on the south side of the pier foot of West Thirty-minth street. North River. Permit granted, the work to be done under the supervision of the Chief Engineer.

From the Iran Steamboat Company (81703)—Requesting permission to install elective lights on Pier 62. North River. Permit granted, the work to be done under the supervision of the Chief Engineer, the consent of the Department of Water Supply, Gas and Electricity to be obtained.

From P. J. Carlin Construction Company (81704)—Requesting permission to cut off the upper portion of some piles in the anchorage landing frame in rear of the buildhead wall on the new Bellevae section, in permit the company to flust its pile drivers and other floating plant over the piles at high water, and to continue the construction of the foundation for the lader house and coaling station. Permit granted, the work in he done under the supervision of the Chief Engineer.

From Miss R. Isaacs (20518)—Requesting permission to maintain stand for the sale of nilk and movie on the lower deck of the recreation pier foot of West One Hundred and Twenty-ninth street. North River. Privilege granted, to continue during the pleasure of the Commissioner but not longer than the close of the season of 1909, cental to be at the rate of \$2 per month, payable monthly in advance to the Dockmaster.

From Thomas James (81733)—Requesting permission to maintain stand for the sale of newspapers at the approach to Pier 10, North River. Privilege granted, to continue during the pleasure of the Commissioner but not longer than December 31, 1909, cental to be at the rate of \$2 per month, payable monthly in advance to the Dockmaster.

From George Stenger (81550)—Requesting permission to permy Lot No. \$ of

1919, rental to be at the rate of \$2 per month, payable monthly in anymous to Duckmaster.

From George Stenger (81550)—Requesting permission to occupy Lot No. 5 of Block 34, at Broad Chaonel, Januaica Ray, borough of Queens. Privilege granted, to commence June 1, 1909, and to cominue during the pleasure of the Commissioner but not longer than May 1, 1912, rental to be at the rate of \$38,40 per annum, payable in advance to the Cashier.

From J. K. Larkin (81486)—Requesting an extension of time on Contract 1119 for oils, etc. Granted, to and including May 31, 1909.

From Dennis F. O'Brien, Attorney for the Marine Engineers' Beneficial Association (81836)—Protesting against the assignment of Oilers to act as Marine Engineers on the Municipal ferryboats. Referred to the Municipal Civil Service Commission for advice us to whether the assignment of Oilers to act as Engineers, pending the preparation of promotion list, is proper.

From John A. Philbrick & Bro. (81760)—Stating they will not occupy the area for which they hold permit, between One Hundred and Thirty-second and One Hundred and Thirty-third streets. North River, after May 31, 1909. Permit revoked as of May 31, 1909.

dred and Thirty-third streets. North River, after May 31, 1909. Permit revoked as of May 31, 1909. From the North-Eastern Construction Company (81741)—Suggesting the appointment of E. McLean Long for inspection of etcel to be used on Contract 1150 for the engineers of the Chelsea section aheds, and the Fidelity and Casualty Company of New York City for the inspection of boilers. Advised that Hildreth & Co. have been designated to are as fitted Inspections, but that the certificate of the Fidelity and Casualty Company will be acceptable in connection with the inspection of the boilers. From Benedic: Brothers (81731)—Officing to place and maintain clocks at the ferry terminal at Supleton, Staten Island, free of expense to the City. Accepted.

From the Chief Engineer (81846)—Recommending that the Department of Street Cleaning be notified that its method of placing filling in rear of the embankment around Riters Island, Fast River, is objectionable, and that no method of filling which contemplates depositing the material toward any portion of the embankment should be allowed. Department of Street Cleaning so notified.

From the Superintendent of Ferries—

I (41847). Reporting that Samuel Ackerman, Clifford H. Keep, James F. Mellon, Gaorge M. Schumacher, Benjamin M. Weatherwax and George F. Shaw, have declined to accept a change of title from Financial Clerk to that of Ticket Agent. All contined that their services will not be required after the close of the day, James F. Mellon, and names forwarded to the Municipal Civil Service Commission accordingly.

2 (81848). Recommending that, for the purpose of having a uniform system of taking samples of coal for analysis on both classes of Contract No. 1179, the Comptroller be requested to have his representative present at the time that this Department is taking samples. Comptroller requested, as recommended.

3 (81849). Recommending that Frank A. Cassidy and Alex. O. Gettler be changed from Financial Clerk to Ticket Agent, and that Gustave Glaser, Clarence H, Graves, Denis Hennessy and M. D. Minor be changed from Financial Clerk to Gateman. All changed.

The Board of Estimate and Apportionment was requested to establish additional grades for Clerk in this Department, at \$3,500 and \$4,000.

The Department of Health was requested to make a physical examination of John P. Clarke, Topographical Draughtsman.

In accordance with the provisions of Article 19 of Contract No. 1150, for the installation of equipment on the Chelsea Section piers, North River, Hildreth & Co. were appointed for the purpose of inspecting and testing at the mills and shops the materials required under said contract to be so inspected and tested, the cost of such inspection and testing to be borne by the contractors, the North-Eastern Construction Company, at a rate of \$1 per net ton of finished material.
