QUARTERLY REPORT FOR THE THREE MONTHS ENDING DECEMBER 31, 1913.

New York, January 1, 1914.

Hon. JOHN PURROY MITCHEL, Mayor:

Sir—In behalf of the Trustees of Bellevue and Allied Hospitals, I have the honor to make the following report for the three months ending December 31, 1913:

The Department as a Whole.

A few matters of great general interest affecting the Department as a whole have come up for consideration during the past three months.

The Trustees had prepared to take up with the Federal authorities in Washington the question of the maintenance of the indigent aliens that come to the hospitals of the Department. It was the opinion of the Commissioners of Accounts that the maintenance of these aliens was entirely chargeable upon the Federal authorities, but investigation showed that the Government could be charged only for those held pending deportation after the service of a warrant, and even then only on deportation. The Trustees have been receiving payment for this comparatively small number from the Federal Government. Since the investigation the Trustees have been notified by a circular letter from the Department of Labor that the Government will no longer pay for the care of aliens who become public charges from causes existing prior to landing.

The Trustees have included an estimate in their 1914 Budget for funds with which to purchase and install mattresses in all the hospitals of the Department. The new pavilions in Bellevue are now equipped with mattresses. It has been the policy of the Trustees to supply them gradually, to supersede the old system of springs covered with blankets.

The Trustees have protested energetically against a cut of \$68,000 in the departmental estimate for food supplies; there are already complaints among the employees of Bellevue about the quality of the food furnished them, and it would be impossible to supply good food with the new appropriation without a radical change of dietary. Whether or not other foods can be found to take the place of those hitherto relied upon is a question which time alone can decide.

A special issue of revenue bonds in the amount of \$45,400 was authorized by the Board of Aldermen on October 28 to replenish food, fuel and medical supply accounts for the year 1913. This represented a reduction of \$23,263.50 from the amount requested to make up the deficit. Other Departments of the City Government have been asked to consent to the transfer of any available balance in their accounts. If such cannot be had, it will be necessary to ask for additional revenue bonds.

Plans have been prepared by Messrs. McKim, Mead & White for a new hospital at Seaside Park, Rockaway, which is being erected for the City by the Association for Improving the Condition of the Poor. To facilitate the construction of the hospital building, it will be necessary to erect a temporary dock at Rockaway Point, and this the Department of Docks and Ferries has consented to, provided the necessary funds shall be found in the Budget of Bellevue and Allied Hospitals. A plan submitted by the Chief Engineer of the Department of Docks and Ferries estimates the cost of such a pier to be \$7,000.

In view of the increased cost of living, the Trustees have decided to allow the ambulance drivers rubber coats, caps, cap covers and boots required in the performance of their duties. This was formerly the custom of the Department, but was abandoned several years ago.

The Trustees have instructed the General Medical Superintendent to render them a monthly report on the attendance of physicians at the several Out Patient Departments under their charge, such report to include the time of the arrival and departure of each physician.

The Medical Board of each Hospital in the Department has been instructed to make provision for the establishment of a pre-natal clinic in each of the several Out Patient Departments. The necessary steps and equipment for this class will be arranged for, as it is expected to add very materially to the success of the obstetrical service of the Hospitals.

It has been decided to purchase a new electric ambulance from the General Motor Truck Company at a cost of \$2,918.

Bellevue Hospital.

PAVILIONS L AND M.

The Trustees were notified on December 5 that Pavilions L and M were completed and ready to be turned over to the City. Inspection of the new buildings was made on December 11. Arrangements were made for the appointment of a Watchman to care for the building and for the installation of permanent electric current. The building was then formally accepted by the Trustees on behalf of the City.

In response to a request of Messrs. John T. Brady & Co., the contractors, for permission to turn steam from the boiler house mains into the lines in the new pavilions, to provide heating until the City should take charge, the Trustees replied that they would sell steam to the contractors at the rate of 36 cents per 1,000 pounds, provided the entire water of condensation should be returned to the boiler house and that the contractors should install a 2-inch steam meter and make monthly payments.

Negotiations with the Department of Water Supply, Gas and Electricity, with a view to obtaining the early approval of plans for the lighting fixtures in these pavilions, were taken up late in October. Answer was received on December 9, stating that the preliminary type sheets for the fixtures would be approved in about a week or ten days.

An estimate from Messrs. John T. Brady & Co., amounting to \$18,288, for enclosing two of the open bays on the north and south balconies of the new buildings, was declined by the Trustees on account of the expense.

PAVILIONS I AND K.

The architects report as follows upon the progress of construction of Pavilions I and K:

All the exterior mason work, including the tile roof on these pavilions, as well as the loggias connecting them with Pavilions L and M, and the boiler house are finished. The interior partitions throughout the building are practically all erected, and the concrete fill for the tile and composition flooring is finished throughout the building.

The balconies, large as well as small, are completed, with the exception of the wire screens. All the remaining structural steel and ornamental iron work, including the stairs around the elevators and fire escapes have been erected; and about three-quarters of the iron corner guards are installed.

Over eighty per cent. of the plastering work is done throughout the building, and in only a few places does this work remain to be finished.

All the granite work is installed with the exception of the entrance steps on the east elevation and the copings on the south side of Pavilion I, and the west side of the circular operating amphitheatre of that building. About half the marble work is finished and the tile wainscoting is completed in all floors in the first and second sections from the first to the sixth floor, as well as a number of the clinical laboratories and the preparation and sterilizing rooms. All the tile flooring in the main corridors of sections one and two, as well as the flooring of the loggias, are laid. The cohesive tile arches of ceilings of the loggias are completed with the exception of the one on the sixth floor between Pavilions K and L and M.

About three-quarters of the plumbing fixtures have been delivered and are being put in place. The drainage lines along the floors are installed and about seventy-five per cent. of the total amount of the plumbing work is finished.

The steam mains and returns and high pressure exhaust lines are completed throughout the building. All the radiators and heating coils are erected and connected and are furnishing temporary heat in the building.

The conduit work for the electrical service, the mains and circuits are completed and all the outlet boxes for the lighting of the signals are completed throughout the building.

The Trustees considered the replacing of the coal burning equipment in the kitchens of Pavilions I and K with an outfit for gas cooking. In view, however, of the great expense involved, it was decided to make no change at present.

Estimates have been received from the John H. Parker Company for erecting two flights of stairs in the amphitheatre of the new pavilions. Before taking action upon the estimates, the opinion of a number of medical men has been sought regarding the desirability of providing these stairways.

The Trustees are furnishing steam to the contractors for this building on the same terms as those accorded the contractors for Pavilions L and M.

OTHER BUILDING MATTERS.

The Trustees were notified late in October that the National Surety Company, surety for Daniel J. Ryan, contractor for the roof wards on Pavilions A and B, had undertaken the completion of Ryan's contract. They further asked an extension of time, amounting to 120 working days from October 20th. Action upon their request was deferred pending the receipt of advice from the Corporation Counsel.

An estimate of \$987 for extending the dumbwaiter to the roof of Pavilions A and B was accepted by the Trustees upon the recommendation of the Building Committee and the architects.

Regarding the contract of J. M. Knopp, for the construction of additional balconies on Pavilions A and B, the Building Committee reports that their investigation into the cause of the delay in the completion of the contract convinced them that acts of omission on the part of the City were accountable for 69 days, and that the excess overtime, for which liquidated damages should be charged, amounted to 12 days. Action based upon this report was accordingly taken.

The estimates the Trustees obtained for the delivery of top soil, to be used in the sodding of the courtyards of Pavilions A and B, were so high that it was decided to take no action in the matter for the present.

THE MEDICAL SERVICE.

The question of designating certain wards for the exclusive use of patients suffering from typhoid fever was discussed with a Committee from the Medical Board.

The difficulties in the way of carrying out the proposed purpose were so numerous, and the advantages from a medical standpoint so problematical, that the plan was finally abandoned. Permission was granted to Dr. Bailey to install a calorimeter in Ward B6. The only expense to the hospital involved was the installation of water in the room in which the apparatus is used, all expense for equipment and nursing being met by private funds.

Certain statements affecting the medical, and more particularly the surgical, service at Bellevue Hospital, were made in the report of a committee representing the Board of Estimate, headed by Mr. Henry C. Wright. The Medical Board requested a conference with Mr. Wright upon these matters and were able to show that many of the statements included in his report were erroneous.

THE NEW MORGUE.

The Trustees regret to report the continued disregard of the facilities provided by the City in the new morgue, occupying the lower floors of the Pathological Building. They had hoped that long before the present time the unsightly edifice of the present morgue, situated directly in front of the new medical wards at Bellevue Hospital, would have been removed. They have ascertained that no provision has been made in the Budget of the Department of Public Charities for 1914 to equip and man the new morgue. Until steps in this direction are taken, the present unfortunate situation, so far as the public is concerned, will be likely to continue.

THE SCHOOL FOR MIDWIVES.

Action has been taken by the Board of Health, compelling all applicants for permission to practice midwifery to present a diploma from a school registered by the Department of Health. Information regarding the character, course of instruction and requirements of the Bellevue School was supplied the Department of Health. The school is a great success in the work of instructing candidates for the Board of Health certificate.

NURSING SERVICE.

With the increasing number of probationers resident in the Nurses' home at Bellevue, that building is becoming crowded to its capacity. It will be necessary very shortly to secure an appropriation for extending the building. In the meanwhile, it has been resolved to request the Commissioners of the Sinking Fund to obtain the lease of a floor in Osborn Hall, the adjoining building.

MISCELLANEOUS.

It has been decided to establish a new position in the information office at Bellevue, the appointee to be a Hospital Clerk at a salary of \$60 per month. The qualities required in this position include tact and sympathy, as well as experience and responsibility, this being the point at which the hospital first comes in contact with the prospective patient and his friends.

A slight restriction in the visiting hours has been adopted, the time having been limited to the hours from 2 to 4 p. m. on three afternoons of the week instead of 1 to 4, as previously allowed.

The two new electric ambulances ordered some time ago from the Lansden Company were finally delivered on November 24th.

The Trustees have continued their negotiations with the Commissioner of Public Works for the improvement of the sewerage facilities at 29th st. and 1st ave. These negotiations are in charge of the Building Committee of the Board.

A report dated December 10th has been received from Mr. H. F. J. Porter, the expert employed by the Trustees to report upon the means of providing resistance against the fire hazard in the old building at Bellevue. This has been referred to the Building Committee for their consideration.

MEDICAL REORGANIZATION.

Dr. Abraham Flexner, the well-known educator and expert on the management of medical institutions, has been invited by the Trustees to undertake the study of the medical administration at Bellevue Hospital, with a view to submitting suggestions and plans for its reorganization. Before accepting the appointment, Dr. Flexner stipulated that his service should be rendered without compensation and in co-operation with the Hospital Committee of the Board of Estimate. This latter was at once promised by President McAneny, the Chairman of that Committee. In accordance with the recommendations of the Board of Estimate Committee, funds were included in the departmental Budget of 1914 for a salaried visiting Physician and Surgeon on each division at Bellevue Hospital, together with the creation of the position of a salaried resident on each division. According to the terms of the recommendation, one-half of the salaries of the three collegiate divisions was to be paid by the medical colleges. The Trustees have taken steps to learn the attitude of the responsible officers of the three medical colleges concerned toward this proposal, but it seems probable that they will decide to await the report of Dr. Flexner upon the whole situation before endeavoring to put into effect any portion of the proposed plan of reorganization.

MEDICAL APPOINTMENTS.

During the quarter the following medical appointments and changes were made in Bellevue Hospital: October 6th, 1913: Dr. Edward J. May, appointed Assistant Physician to Out Patients on the tuberculosis service of the First Division, appointment to date from September 1st; Dr. Robert Sloan, Interne, Third Division, resignation accepted as of September 18th. October 28th, 1913: Dr. Charles L. Dana resigned as Visiting Physician to the Second Division and was appointed Consulting Physician to Bellevue Hospital; Dr. Charles E. Gaupin, appointed Interne on Third Division, to serve from October 1st, 1913, to December 31st, 1914, in place of Dr. Sloan, resigned. November 11th, 1913: Dr. Edward Hand, Physician to Out Patients, children's service, Second Division, resigned. November 25th, 1913: Dr. Frank Sherman Meara, promoted to Visiting Physician, Second Division; Dr. J. S. Ferguson appointed Physician to Out Patients, children's service, Second Division. December 9th, 1913: Dr. Dudley S. Conley appointed Assistant Surgeon to Out Patients, First Division; Dr. Edward M. Colie, Jr., Assistant Surgeon to Out Patients, Fourth Division, resignation accepted, to take effect December 31st, 1913. December 16th, 1913: Dr. Francisco R. deJesus, appointed Interne on obstetrical service for six months, beginning January 1st, 1914; Dr. Catherine R. Kelley appointed Assistant Physician to Out Patients, tuberculosis service, First Division; Dr. Joel M. Chasis appointed Assistant Genito-urinary Surgeon to Out Patients, Fourth Division; Dr. Mercer Blanchard, Interne, Second Division, resignation accepted as of November 30th; Dr. John B. Voor appointed Interne on Second Division to serve from December 1st, 1913, to December 31st, 1914. December 30th, 1913: Dr. James D. Benjamin, Interne, Third Division, resignation accepted as of December 12th; Dr. Robert C. Williams and Dr. E. A. Sherrill appointed Internes on the Third Division for six months, beginning January 1st, 1914; Dr. Anthony C. Freeman, Assistant Physician to Out Patients, tuberculosis service, Fourth Division, resignation accepted as of December 31st.

Dental Service—October 6th, 1913: Dr. August E. Kraft appointed Dental Interne for one year, beginning October 1st, 1913.

Gouverneur Hospital.

A great deal of consideration has been given by the Trustees during the past quarter to the plans for the new Out Patient Department building in connection with Gouverneur Hospital. At first it was planned to combine with the dispensary a nurses' home, and possible quarters for employees, but it has been deemed wiser, especially in view of the fact that only \$200,000 is available for the purpose, to confine the building to the uses of a dispensary, but to make the walls of sufficient thickness to provide, should it be found necessary, three additional floors to be used later in providing accommodation for nurses. At first it was proposed to arrange for a day camp for tuberculous patients on the roof of the new building, and to have a separate staircase leading to it. This plan was later abandoned. The original plans, prepared by Messrs. McKim, Mead & White, with the co-operation of Dr. Goldwater, the Department's expert in hospital construction, called for an expenditure considerably in excess of the appropriation, and it was suggested by the architects that permission be obtained from the Board of Estimate to complete the exterior construction with the present appropriation and then to apply for more funds before the contracts for plumbing and heating should be let. The architects also intimated that they cannot prepare new plans for the smaller building without reimbursement. It was finally decided to reduce the size of the building about 20 per cent., adhering to all the principal features of the architect's plans, but to provide for its construction within the cost of the appropriation for the purpose. The architects were instructed to plan for the installation of exhaust ventilation of ample capacity for the needs of the building.

In the meantime, the crowded conditions continue in the dispensary. The additional salaried positions asked for by the Trustees in their Budget for the coming year were denied by the Board of Estimate. The Trustees have had to warn the physicians and surgeons attending this dispensary of the necessity of prompt attendance at their

several classes. They are in a position to insist upon this where salaries are paid, but in the numerous positions which are still unsalaried, it is difficult, in view of the scarcity of competent men willing to undertake this work, to exact a strict standard of attendance.

The installation of an independent X-Ray laboratory and also a Pathological laboratory, in charge of a resident Pathologist, have been requested by the Medical Board of the Hospital.

MEDICAL APPOINTMENTS.

October 6, 1913: Appointment of Dr. Hubbard T. Buckner as Interne for two years, beginning January 1, 1914, cancelled; Dr. W. D. McLelland, appointed Interne for two years, beginning January 1, 1914. October 28, 1913: Dr. John J. Davis, appointed Assistant Physician to Out Patients (gynaecology). November 11, 1913: Dr. Walter H. Mytinger, Interne, resignation accepted as of October 11; Dr. Bernard Frankel, Assistant Physician to Out Patients, dropped for non-attendance; Dr. William H. W. Knipe promoted to Visiting Obstetrician. November 25, 1913: Dr. Samuel S. Arluck, appointed Assistant Surgeon to Out Patients; Dr. Samuel Blumenfeld, appointed Assistant Physician to Out Patients (children); Dr. James M. Kent, appointed Assistant Physician to Out Patients (tuberculosis). December 16, 1913: Dr. W. D. McLelland and Dr. Clarence S. Gardner, Internes, resignations accepted as of November 7 and 13, respectively. December 30, 1913: Dr. Frederick W. Bancraft and Dr. Samuel J. Scadron, appointed first and second Assistant Visiting Obstetricians; Dr. James M. Kent, Assistant Physician to Out Patients, resigned.

Harlem Hospital.

Progress of work on the new wing at Harlem Hospital is reported on by the architects as follows:

Excavation was begun on October 6th and completed by the 15th of November. In the meantime, all the concrete walls and piers were started and are now finished to the ground level.

The contractor erected a derrick and is ready for the steel construction.

The preliminary plans and specifications of Mr. J. H. Freedlander, architect, for the alterations to the power house and ambulance station at Harlem Hospital, were approved by the Board of Trustees at their meeting on December 9th. The complete set of final working drawings and specifications were submitted later, and, after acceptance by the Trustees, transmitted to the Board of Estimate and Apportionment for their approval.

The new Nurses' residence, on the grounds of Harlem Hospital, received its final inspection at the hands of the Board of Trustees early in December. The Trustees voted to accept the building on behalf of the City, but withhold a part of the final payment pending the completion of the electrical connection between it and the power house. A watchman was then appointed to take the place of the contractor's representative in charge of the building.

Request had previously been made of the Board of Estimate for permission to use the Corporate Stock Appropriation for equipment and furnishing, as well as construction of this building. Permission to do so was accorded on November 25th, and it is expected that the building will shortly be ready for occupancy.

Drawings and specifications from the architect, R. F. Almirall, for the lighting fixtures of this building were received in a letter dated November 26th, the estimated cost of such fixtures being \$8,000. The Trustees immediately voted to reject these plans, owing to the very high cost, and to require of the architect submission of designs calling for a lower expenditure. In the meanwhile, an investigation into the cost of providing lighting fixtures for the several buildings recently erected by the Department was ordered and undertaken.

The Trustees are considering the continuation of the high fence now enclosing the hospital in a straight line in front of the Nurses' residence, with a provision for grass plots between the wall of the building and this fence. Estimates upon the cost of effecting this change are being prepared.

A proposal to furnish a wooden slat roof with canopy and iron railing on the present Nurses' residence at a cost estimated at \$12,437, was declined on the advice of the Building Committee on account of the expense.

The proposal to erect a separate Out Patient Department building in connection with Harlem Hospital has been abandoned for the present, owing to the improbability of the City being able to make financial provision at the present time for such purpose.

An advertisement for bids for the rewiring of Harlem Hospital has been authorized, in order that this work may be taken up in connection with the extension of the present hospital. The Trustees' request for a special appropriation for this purpose was denied, but it is hoped to be able to take funds for it from the annual appropriation. The architects have been advised to arrange for the installation of gas ranges for cooking purposes on the top floor of the hospital. It is anticipated that no further delay will occur in the plans for the hospital extension and alterations.

The Trustees are much indebted to Mr. Charles E. Knox for his report on the cost of producing electric current at Harlem Hospital. Mr. Knox was especially engaged by the Trustees to report upon this subject. His findings justified completely the Trustees in their policy of providing a separate electric plant here and at the new Bellevue Hospital in preference to the plan of relying upon the Edison Company for supply of this current. A comparison of the relative cost of the two methods at Harlem Hospital shows the following:

"If current were purchased from the Edison Company instead of generating current by means of your own plant, their wholesale rate would apply in the case of the Harlem Hospital. Their wholesale rate is as follows: First, 100,000 K. W. H. yearly consumption at 5 cents; next 100,000 K. W. H. yearly consumption at 4 cents; over 200,000 K. W. H. yearly consumption at 3 cents. Assuming the annual current consumption is \$240,000 kilowatt hours, the annual cost of current if purchased from the Edison Company would be: First, 100,000 K. W. H. at 5 cents, \$5,000; second 100,000 K. W. H. at 4 cents, \$4,000; balance, 40,000 K. W. H. at 3 cents, \$1,200. Total annual cost of current if purchased from Edison Company, \$10,200.

Summary.

"The total cost of producing electricity, including fixed charges (interest and depreciation) on the investment, and the various operating charges, as given hereinabove, are as follows:

Interest and depreciation at 13 per cent. on \$27,734.....	\$3,605 42
Additional labor required for generating plant	600 00
Additional coal required for generating plant	3,990 60
Additional oil and waste required for generating plant.....	180 00
Additional repairs required for generating plant	360 00

Total annual cost of producing electricity

\$8,736 02
"The total annual cost, as stated hereinabove, for purchasing current from the Edison Company would be \$10,200. The estimated cost of generating electricity with your own plant is \$8,736.02, or an annual saving of \$1,463.98."

The Trustees have decided to approve of the regular appointment of twelve members of the house staff for a two-year service instead of ten Internes for twenty months' service, as at present arranged.

Arrangements have been made for the opening, in the evening, of a genito-urinary clinic in the Out Patient Department of this Hospital. This will be conducted largely as an experiment to learn whether there is need for a clinic of this description at a time of day when it should prove more accessible to those whose occupations debar them from attending a class during the day time hours.

Permission to erect a bronze tablet in the Hospital in memory of Dr. Richard Van Santvoord was asked of the Trustees by the Medical Board. The Trustees were most happy to grant the permission required, but were obliged to state that the City had no funds available for erecting such a memorial of its own initiative.

MEDICAL APPOINTMENTS.

October 6, 1913: Dr. George L. Brodhead, appointed Visiting Obstetrician; Dr. Gustav A. Fried, Physician to Out Patients and Assistant Visiting Physician, resigned; Dr. Thomas A. Mulcahy, Assistant Physician to Out Patients, resigned. November 11, 1913: Dr. William H. Bates, appointed Assistant Physician to Out Patients (eye clinic); Dr. Luigi Celano and Dr. J. E. Arjoria, appointed Internes for one year, beginning July 1, 1913. December 16, 1913: Dr. Thomas H. Cherry and Dr. Arthur Stein, appointed Assistant Visiting Obstetricians. December 30, 1913: Dr. Leopold H. Berliner, promoted to Physician to Out Patients and Assistant Visiting Physician; Dr. L. Mortocci-Pisculli, appointed Assistant Surgeon to Out Patients (gynaecology).

Fordham Hospital.

In view of the very serious overcrowding of the Nurses' residence at Fordham Hospital, the Trustees lately intended to procure a portable house for the accom-

modation of some of the Nurses, but a house has been found immediately adjoining the grounds of the hospital, and it has been decided to rent this for a period of three years at an annual rental of \$660. This will afford immediate relief to a situation which was becoming intolerable.

The estimates of the contractors for furnishing a plate-warmer and gas-toaster instead of a combination steam table on the new roof ward was accepted after careful inquiry into the cost of the various items. The ward has now been opened for patients. A proposal to enclose it with screens at a cost of approximately \$2,000, was rejected.

Negotiations have been entered into with the Department of Public Charities, the Board of Coroners and the Police Department in an effort to arrive at a definite understanding with regard to the care and transfer of bodies of unknown and unclaimed persons found at the Fordham Hospital Morgue.

The practice of admitting substitutes to the list of successful candidates for appointment on the Interne Staff without examination has been discontinued by order of the Board of Trustees. Hereafter the substitutes must be examined with the rest of the candidates.

Defective histories and bedside charts in the wards of this hospital have been the subject of criticism by the Trustees, and directions have been issued that ways must be found by the Medical Board to secure accurate and complete records.

The request of the Medical Board for the appointment of two additional Internes

on the house staff was denied, as in the opinion of the Trustees the number now on the house staff is large enough to care properly for the service.

The position of Social Service Nurse to attend the children's clinic at this hospital has been established by the Board of Estimate at an annual salary of \$900.

Considerable correspondence has been had with the Corporation Counsel on the subject of the claim of the L. J. Wadsworth Construction Company that the Trustees were in error in charging liquidated damages against the contract of this firm. Nothing has been done by the Trustees in the absence of clear instructions from Corporation Counsel.

Plans for the installation of a Pathological Department in the proposed northerly extension of Fordham Hospital have been placed on file pending the receipt of funds for such an enlargement of the hospital building.

DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE THURSDAY, MAY 7, 1914.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number. WILLIAM A. PRENDERGAST, Comptroller.

Large table with columns: Finance Voucher No., Invoice Dates or Contract Number, Received in Department of Finance, Name of Payee, Amount. Lists various payees like Army Board, Bellevue and Allied Hospitals, Department of Bridges, etc.

VOUCHERS RECEIVED IN DEPARTMENT OF FINANCE THURSDAY, MAY 7, 1914.

A statement is herewith submitted of all vouchers filed in the Department of Finance on this date, in which is shown the Department of Finance voucher number, the date of the invoices or the registered number of the contract, the name of the payee and the amount of the claim. Where two or more bills are embraced in one voucher the date of the earliest is given, excepting that when such vouchers are submitted under a contract the registered number of the contract is shown instead.

If the vouchers are found to be correct and properly payable to the respective claimants it will be my endeavor to have the warrants therefor made ready for payment within the next seven days.

If any claimant within the time stated does not receive his warrant or a written notice in relation thereto then written or verbal inquiry may be made at this office, using the Department of Finance voucher number as a ready means of reference.

WILLIAM A. PRENDERGAST, Comptroller.

NEW CONSTRUCTION WORK BY DEPARTMENT FORCE.

The work of extending the North River piers out to the recently modified pier-head line has been in progress at Pier No. 25, N. R., foot of North Moore st.; Pier No. 28, N. R., foot of Lighthouse st.; Pier No. 36, N. R., foot of Charlton st.; Pier No. 38, N. R., foot of King st., and preparations are being made for the work of extending Pier No. 33, N. R., foot of Canal st.

The work of constructing the new W. 46th st. pier is in progress, dredging having been done in the vicinity and the contract for a portion of the work has been awarded.

On the East River, work has been in progress in connection with the bulkhead wall at Old slip section, Corlears section, E. 16th st. section, Yorkville section, E. 90th st. section and E. 123rd st. section.

Pier at the foot of W. 55th st., North River, is being rebuilt, and a new pier, to be known as Pier New No. 45, East River, has also been constructed.

In the Borough of Brooklyn a temporary platform structure has been erected at the Brooklyn tower of the Manhattan Bridge. The approach to 33rd st. pier has been widened, and work has been done to widen the approach to 39th st. ferry. The old ferry structure at Main st., Brooklyn, has been removed.

In order to advance the efficiency of the force working at Pier "A," alterations and changes have been made in the main offices of the Department.

NEW CONSTRUCTION WORK BY CONTRACT.

On the North River the construction of the new W. 46th st. pier has been begun under Contract 1401, Class 2, the dredging having been done under Contract 1383.

The ferry terminal structures at 39th st., Brooklyn, are in course of erection under Contract 1294, and steel awning along the rear of the ferry building, over the trolley platforms, at St. George, S. I., is being erected under Contract 1393.

GENERAL REPAIRS BY DEPARTMENTAL LABOR.

General repairs by departmental labor have been made to 43 structures. Minor repairs have been made during the quarter to all of the recreation buildings located at Barrow st., N. R.; W. 50th st., N. R.; W. 129th st., N. R.; E. 3rd st., E. R.; E. 24th st., E. R.; E. 122nd st., E. R.

The temporary pavement has been repaired on both rivers, where necessary.

GENERAL REPAIRS UNDER CONTRACT.

The work of repairing the asphalt pavement on the marginal street along the North River has been in progress under Contract 1411.

At Pier No. 51, between Rivington and Stanton sts., East River, repairs have been made under Contract 1391.

SUPERVISION OF PERMIT WORK.

Work done by private parties, lessees and others during the quarter under permit from the Commissioner of Docks has been supervised under: 79 permit orders in the Borough of Manhattan, 44 permit orders in the Borough of The Bronx, 123 permit orders in the Borough of Brooklyn, 22 permit orders in the Borough of Queens, 62 permit orders in the Borough of Richmond; total, 336, in all Boroughs.

WORK DONE FOR OTHER DEPARTMENTS AND FOR PRIVATE PARTIES.

Repairs to E. 26th st. pier for Department of Public Charities. Repairs to coal and ash dock at Blackwell's Island for the Department of Public Charities.

Repairs to Nurses' Home dock at Blackwell's Island for the Department of Public Charities.

Repairs to platform at Riverside Hospital dock, North Brothers Island, for the Department of Health.

Supervision of contract for repairs to piers, bulkhead platform and landing stage at North Brothers Island, and to pier and landing stage at E. 132nd st., for the Department of Health.

Repairs to float at 24th st., East River, for the Department of Water Supply, Gas and Electricity.

Use of diving outfit at Lexington avenue, Harlem River, for the Public Service Commission.

Various and sundry repairs to piers, bulkheads, sheds and platforms have been made for owners, lessees and others by departmental labor authorized by the issuance of Bureau orders.

CONSTRUCTION SUPPLIES.

Materials for construction have been delivered, received and properly stored, as follows: Riprap under Contract 1389, cement under Contract 1392, Class 1; sand under Contract 1392, Class 2; 2-inch broken stone under Contract 1392, Class 3; granite headers and stretchers under Contract 1376, Class 1; granite coping under Contract 1376, Class 3.

FLOATING PLANT.

The floating plant of the Department, comprising tugs, launches, derricks, pile drivers, scows, etc., has been kept in repair by the force of the Department, and the construction of a new coaling scow, as an addition to the floating plant, is in progress at the W. 57th st. yard.

DEPARTMENT YARDS.

Work is in progress whereby the Department yards are being rearranged, so that the pier at W. 57th st., North River, may be entirely eliminated from yard purposes, repaired and made available for leasing as a steamship pier.

NEW WHARFAGE ROOM AND PIER AREA.

The wharfage room made by the City and by private parties during the quarter, involving the destruction of old wharfage room as well, is as follows: Wharfage room destroyed by work done by the City, 768 linear feet; new wharfage room made by the City, 754 linear feet; net wharfage room destroyed by work done by the City, 14 linear feet; wharfage room made by private parties, 1,559 linear feet; wharfage room destroyed by private parties, 427 linear feet.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on April 17, 1914, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the proceeding authorized by said Board on January 12, 1911, for acquiring title to Elderts lane, from Jamaica avenue to Atlantic avenue, in the Boroughs of Brooklyn and Queens, so as to conform to a resolution adopted by the Board on March 27, 1914, and approved by the Mayor on April 10, 1914, changing the street alignment so as to include an existing highway.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed modified district of assessment for benefit in this proposed amended proceeding:

Bounded on the north by a line always distant 100 feet northerly from and parallel with the northerly line of Jamaica avenue, the said distance being measured at right angles to Jamaica avenue; on the east by a line always distant 200 feet easterly from and parallel with the easterly line of Elderts lane and the prolongations thereof, the said distance being measured at right angles to Elderts lane; on the south by a line distant 100 feet southerly from and parallel with the southerly line of Atlantic avenue, the said distance being measured at right angles to Atlantic avenue; and on the west by a line always distant 100 feet westerly from and parallel with the westerly line of Elderts lane and the prolongations thereof, the said distance being measured at right angles to Elderts lane.

Resolved, That this Board consider the proposed modified district of assessment at a meeting of the Board to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 15th day of May, 1914, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 15th day of May, 1914.

Dated May 2, 1914.
JOSEPH HAAG, Secretary, Municipal Building. Telephone, 4560 Worth. m2,13

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on April 17, 1914, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the proceeding authorized by the Board on November 14, 1912, for acquiring title to West 180th street, from Aqueduct avenue to Osborne place, in the Borough of The Bronx, so as to include in said proceeding authorization for acquiring title to the unacquired portions of Wiegand place and of Andrews avenue from the northerly line of West 180th street to a line distant about 30 feet northerly therefrom;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed district of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the southeasterly line of Andrews avenue where it is intersected by a line passing through a point on the northwesterly line of Andrews avenue and a point on the easterly line of Osborne place, respectively midway between West 179th street and West 180th street, and running thence westwardly along the line so located to a point distant 100 feet westerly from the westerly line of Osborne place, the said distance being measured at right angles to Osborne place; thence northwardly and parallel with Osborne place and its prolongation as laid out at West 180th street, to the intersection with the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of West 180th street as this street adjoins Osborne place, the said distance being measured at right angles to West 180th street; thence eastwardly along the said line parallel with West 180th street and along the prolongation of the said line, to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Andrews avenue, as this street is laid out north of West 180th street, the said distance being measured at right angles to Andrews avenue; thence northwardly along the said line parallel with Andrews avenue to the intersection with the prolongation of the southerly property line of the University of the City of New York as this extends across the northerly terminus of Wiegand place; thence eastwardly along the said property line and its prolongation to the intersection with the westerly line of Aqueduct avenue; thence eastwardly at right angles to Aqueduct avenue a distance of 200 feet; thence southwardly and always distant 200 feet easterly from and parallel with the westerly line of Aqueduct avenue to the intersection with a line at right angles to Aqueduct avenue and passing through a point on its westerly side where it is intersected by a line parallel with West 179th street as this street is laid out between Andrews avenue and Aqueduct avenue and passing through the point of beginning; thence westwardly along the said line at right angles to Aqueduct avenue to the intersection with its westerly side; thence westwardly along the said line parallel with West 179th street to the point or place of beginning.

Resolved, That this Board consider the proposed district of assessment at a meeting of the Board to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 15th day of May, 1914, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons

Scaled bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 368, Municipal Building, Borough of Manhattan, until 11 a. m. on the 19th day of May, 1914, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to the City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened May 18, 1914," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 368, Municipal Building, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

Parcel No. 65. Part of two and one-half story frame house on the southwest corner of Beach ave. and Beacon ave. Cut 2 feet on front of bay window by 2.1 feet on rear of house. Upset price, \$25.

Scaled bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 368, Municipal Building, Borough of Manhattan, until 11 a. m. on the 18th day of May, 1914, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder, within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to the City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened May 18, 1914," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 368, Municipal Building, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

PUBLIC SERVICE COMMISSION

Proposals.

INVITATION TO CONTRACTORS.

Installation of Tracks for Rapid Transit Railroad.

The Public Service Commission for the First District (hereinafter called the "Commission") invites proposals to install tracks for a portion of the Broadway-Fourth Avenue Rapid Transit Railroad in the Borough of Brooklyn.

The points within the City of New York between which said portions of said Rapid Transit Railroad is to run and the number of tracks to be installed therein are briefly as follows:

Beginning at the easterly pin centre of the Manhattan Bridge in the Borough of Brooklyn and running thence along the Brooklyn Approach of the Manhattan Bridge and along Flatbush Avenue Extension, as a four (4) to eight (8) track railroad, to a point at or near Willoughby Street; thence along Flatbush Avenue Extension, Fulton Street and Ashland Place, as a four (4) track railroad, to Fourth Avenue; thence continuing along Fourth Avenue, as a four (4) track railroad, to a point at or near 65th Street; thence still along Fourth Avenue, as a two (2) track railroad, to a point at or near 86th Street; including all turnouts and junctions within said limits.

The Contractor will not be required to furnish Open-Hearth Rails, Manganese Rails, Splice Bars, End Inclines, Adjustable Separators, Cut Track Spikes, Screw Spikes, Ties, Bolts and Nuts, Nut Locks, Washers, Rail Braces, Tie Plates, Felt Pads, Anti-creepers, Ballast, and Special Work (Frogs and Switches), which are to form a part of the completed tracks, nor to furnish or install electrical or signal material or apparatus. The work under the contract will include all other work, labor and material necessary for the complete installation of the tracks and for the transportation of material supplied by the City.

A fuller description of the work and other requirements, provisions, details and specifications are given in the form of contract and on the contract drawings therein referred to. Copies of the form of contract, contract drawings, bond and contractor's proposal may be inspected and purchased at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, New York City. The forms of contract, bond and contractor's proposal and the contract drawings are to be deemed a part of this Invitation. Copies of the form of contract made or to be made by the City for the purchase of the materials (except Special Work) to be supplied by the City to the Contractor may also be inspected and purchased at the said office of the Commission.

Bidders must examine the form of contract and the specifications and contract drawings and must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

Tariffs for the transportation of material over the lines of the South Brooklyn Railway Company may be inspected at the office of the Commission or at the office of the South Brooklyn Railway Company at No. 85 Clinton street, Borough of Brooklyn, New York City.

The Contractor must complete the work within five (5) months after the date of the delivery of the contract.

Partial payments will be made to the Contractor monthly as the work proceeds, as provided in the form of contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities in a sum equal to ten per centum (10%) of the total estimated amount to be paid to the Contractor under the contract as calculated from the quantities and the prices contained in the Schedule of Prices in the Contractor's Proposal exclusive of the price stipulated in Schedule Item 3001 for the installation of certain tracks for temporary operation.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 21st day of May, 1914, at twelve-fifteen (12:15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission.

Every proposal must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Installation of Tracks" and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received unless accompanied by a separate certified check drawn upon a national or State bank or trust company having its principal office in the City of New York, satisfactory to the Commission and payable to the order of the Comptroller of the City of New York for the sum of Five Thousand (\$5,000) Dollars. Such check must not be enclosed in the envelope containing the proposal.

The prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interest may be rejected.

In comparing the bids submitted the Commission will either consider the price stipulated in Schedule Item 3001 for the installation of certain tracks for temporary operation or will disregard such price, as it may elect.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Deposits made by bidders whose proposals are not accepted will be returned within three (3) days after the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with, unless all proposals shall be rejected, in which event such deposits will be returned within three (3) days after such rejection. The deposit of the successful bidder will be returned when the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

New York, May 1, 1914.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
By EDWARD E. McCALL, Chairman.
TRAVIS H. WHITNEY, Secretary. m5,21

INVITATION TO CONTRACTORS.

Part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad.

The Public Service Commission for the First District (hereinafter called the "Commission") invites proposals to construct Section No. 6-A of Routes 4 and 38, a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad.

The points within the City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 6-A. Beginning at a point under 7th avenue, in the Borough of Manhattan, about one hundred (100) feet south of the southerly building line of West 43d street, and extending thence northerly under 7th avenue to a connection with the present Manhattan-Bronx Rapid Transit Railroad.

The general plan of construction calls for a subsurface railroad having four tracks.

The contractor will not be required to provide or lay tracks, ties or ballast, except for the temporary operating track in the Manhattan-Bronx Rapid Transit Railroad, as provided in the form of contract.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the maintenance of traffic, the restoration of pavements and other surfaces and the removal and reconstruction of portions of the Manhattan-Bronx Rapid Transit Railroad, in order to provide a connection with the railroad.

The removal and reconstruction of portions of said Manhattan-Bronx Rapid Transit Railroad must be so conducted as not to interfere with or interrupt the safe and continuous operation of trains in said railroad and the contractor shall be responsible for the support, maintenance, safety and protection of said railroad, including its equipment and rolling stock, and for the safety and protection of passengers and other persons therein. Before removing any part of said railroad the contractor must obtain a permit from the Interborough Rapid Transit Company. The contractor will be required to furnish security to said Interborough Rapid Transit Company in connection with said permit by depositing a bond, cash or securities in the sum of five hundred thousand dollars (\$500,000).

The method of construction will be by trench excavation under cover, unless otherwise permitted by the Commission.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done and other requirements, provisions, details and specifications are stated in the form of contract and in the contract drawings therein referred to, which are to be deemed a part of this invitation. Copies of the form of contract, contract drawings, bond and contractor's proposal may be inspected and purchased at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, New York City.

The City of New York (hereinafter called the "City") and the Interborough Rapid Transit Company will both be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of disbursing part of its contribution toward the cost of construction as provided in the contract dated March 19, 1913, between the City, acting by the Commission, and Interborough Rapid Transit Company for the equipment, maintenance and operation of additional rapid transit railroads. The liability of Interborough Rapid Transit Company under the contract will be limited to an amount equal to ninety-five (95) per centum of the total estimated amount to be paid to the contractor under the contract.

Partial payments to the contractor will be made monthly, as the work proceeds.

The contractor must complete the work within thirty-three (33) months from the delivery of the contract.

Sealed bids or proposals will be received at the office of the Commission at No. 164 Nassau street, Borough of Manhattan, City of New York, until the 13th day of May, 1914, at twelve-fifteen (12:15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission.

A statement based upon estimate of the Engineer, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedule forming a part of the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

Every proposal must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Routes Nos. 4 and 38, Section No. 6-A," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check for the sum of fifteen thousand dollars (\$15,000), payable to the order of the Comptroller of the City and drawn upon a national or State bank or trust company satisfactory to the Commission, having its principal office in the City of New York. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

At the time of the delivery of the contract the contractor shall furnish security to the City by depositing a bond in the form annexed to the form of contract, or cash or approved securities in the sum of four hundred thousand dollars (\$400,000). Before removing any part of the Manhattan-Bronx Rapid Transit Railroad the contractor will also be required to give a bond, cash or securities in the sum of five hundred thousand dollars (\$500,000) to Interborough Rapid Transit Company in connection with the permit to be obtained from said Company, as aforesaid.

As further security fifteen (15) per centum of the amounts certified from time to time to be due to the contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the total estimated amount to be paid to the contractor under the contract. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the contractor.

Deposits made by bidders whose proposals are not accepted will be returned within five (5) days after the contract is executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect to the bond or deposit are complied with.

The right to reject any and all bids is reserved.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
By EDWARD E. McCALL, Chairman.
TRAVIS H. WHITNEY, Secretary. a27,m13

INVITATION TO CONTRACTORS.

Route No. 48, Section No. 3.

The Public Service Commission for the First District (hereinafter called the Commission) hereby invites proposals to construct Section No. 3 of Route No. 48, a part of the Park Place, William and Clark Street Rapid Transit Railroad.

The points between the City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 3. Beginning at a point under Old Slip, in the Borough of Manhattan, at or near the southeasterly line of Pearl street and extending thence southeasterly under Old Slip and easterly under the East River to a point under Furman street, in the Borough of Brooklyn, at or near the foot of Clark street produced, thence easterly under Clark street produced, Clark street and Fulton street to a point about one hundred and forty-eight (148) feet south of the southerly line of Clark street; with a station at Henry street.

The general plan of construction calls for a subsurface railroad having two tracks.

The contractor will not be required to provide or place permanent track, ventilating apparatus, nor to do station finish.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the maintenance of traffic and the restoration of pavements and other surfaces.

The method of construction will be generally by tunneling and partly by excavation from the surface.

Sites for permanent shafts to be used as working shafts, sites for the contractor's air-compressing plant, and water-front facilities, as indicated on the contract drawings, will be furnished to the contractor for his use.

Bidders must examine the form of contract and the specifications and the contract drawings, must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

The attention of bidders is especially directed to the contract requirements as to an adequate plant, the use of compressed air, the methods of tunneling in soft ground, the contractor's responsibility for damage to property, the order of progress of work, and the damages for non-completion within the time prescribed.

A fuller description of the work and other requirements, provisions, details and specifications are given in the form of contract drawings therein referred to. Copies of the forms of contract, bond and contractor's proposal and of the contract drawings may be inspected and purchased at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, New York City. The forms of contract, bond and contractor's proposal and the contract drawings are to be deemed a part of this invitation.

The City of New York (hereinafter called the City) and Interborough Rapid Transit Company will be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of disbursing part of its contribution toward the cost of construction, as provided in the contract dated March 19, 1913, between the

City and said Company, for additional rapid transit railroads. The contractor shall look to Interborough Rapid Transit Company for the payment of the sums earned under the contract to an amount equal to ninety-five (95) per centum of the total estimated amount to be paid to the contractor under the contract as calculated from the estimated approximate quantities of items and the prices contained in the Schedule in the Contractor's Proposal, and to the City for all sums over and above such amount. The Interborough Rapid Transit Company shall not be liable under the contract beyond said amount. Such amount is to be inserted in the contract before the contract is executed.

Partial payments to the contractor will be made as the work proceeds.

The contractor must complete the work within forty-two (42) months from the delivery of the contract.

At the time of the delivery of the contract the contractor must furnish security to the City by depositing a bond, cash or securities in the sum of five hundred thousand dollars (\$500,000). As further security ten (10) per centum of the amounts certified from time to time to be due to the contractor will be deducted.

Sealed bids or proposals will be received at the office of the Commission at No. 164 Nassau street, Borough of Manhattan, New York City, until the 22d day of May, 1914, at twelve-fifteen (12:15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form or forms prescribed by the Commission. Proposals are invited in either of two forms. In Form "A" the bidder is to state his prices for the work proposed without dependence upon the award of any other contract. In Form "B" the bidder is to state his prices for the work proposed in case he should be awarded the contract, advertised concurrently herewith, for the construction of Section No. 2 of Route No. 33, being that portion of the Whitehall Street-East River-Montague Street Rapid Transit Railroad extending from a point under Whitehall street at South street in the Borough of Manhattan to a point under Montague street near Clinton street in the Borough of Brooklyn. Proposals in Form "B" must be accompanied by a proposal or proposals for the construction of said Section No. 2 of Route No. 33.

A statement, based upon the estimate of the Chief Engineer of the Commission, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedule forming a part of the form or forms of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City for damages or anticipated profit or loss of profit on account of any excess or deficiency, absolute or relative, in the same.

Every proposal must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 48, Section No. 3," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received unless accompanied by a separate certified check for the sum of one hundred thousand dollars (\$100,000) payable to the order of the Comptroller of the City and drawn upon a national or state bank or trust company satisfactory to the Commission and having its principal office in New York City. Such check must not be enclosed in the envelope containing the proposal. One such check will be sufficient to enable a bidder to submit proposals in both Forms "A" and "B."

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn.

The award of the contract will be made as soon as practicable after the opening of the proposals.

Deposits made by bidders whose proposals are not accepted will be returned within three (3) days after the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with, unless all proposals shall be rejected, in which event such deposits will be returned within three (3) days after such rejection. The deposit of the successful bidder will be returned when the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
By EDWARD E. McCALL, Chairman.
TRAVIS H. WHITNEY, Secretary. a24,m22

INVITATION TO CONTRACTORS.

Route No. 33, Section No. 2.

The Public Service Commission for the First District (hereinafter called the Commission), acting for and in behalf of the City of New York (hereinafter called the City), hereby invites proposals to construct Section No. 2 of Route No. 33, a part of the Whitehall Street-East River-Montague Street Rapid Transit Railroad.

The points within the City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 2. Beginning at a point under Whitehall street, in the Borough of Manhattan, about twelve (12) feet south of the northerly line of South street, and extending thence southerly and easterly under Whitehall street and South street and under the East River to a point under Furman street, at or near the foot of Montague street, in the Borough of Brooklyn, and thence easterly under Montague street to a point about seventy-five (75) feet west of the westerly line of Clinton street; with a spur beginning at a point under Broad street, in the Borough of Manhattan, about eight (8) feet south of the northerly line of South street, and extending thence southerly and easterly under Broad street and the East River to a connection with the main line above described, at or near the pierhead line.

The general plan of construction calls for a subsurface railroad having two tracks.

The contractor will not be required to provide or place permanent track or ventilating apparatus.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the maintenance of traffic and the restoration of pavements and other surfaces.

The method of construction will be generally by tunneling and partly by excavation from the surface.

Sites for permanent shafts to be used as working shafts, sites for the contractor's air-compressing plant, and water-front facilities, as indicated on the contract drawings, will be furnished to the contractor for his use.

Bidders must examine the form of contract and the specifications and the contract drawings, must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

The attention of bidders is especially directed to the contract requirements as to an adequate plant, the use of compressed air, the methods of tunneling in soft ground, the contractor's responsibility for damage to property, the order of progress of work, and the damages for non-completion within the time prescribed.

A fuller description of the work and other requirements, provisions, details and specifications are given in the form of contract and in the contract drawings therein referred to. Copies of the forms of contract, bond and contractor's proposal and of the contract drawings may be inspected and purchased at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, New York City. The forms of contract, bond and contractor's proposal and the contract drawings are to be deemed a part of this invitation.

Partial payments to the contractor will be made as the work proceeds.

The contractor must complete the work within forty-two (42) months from the delivery of the contract.

At the time of delivery of the contract, the contractor must furnish security to the City by depositing a bond, cash or securities in the sum of five hundred thousand (\$500,000) dollars. As further security ten (10) per centum of the amounts certified from time to time to be due to the contractor will be deducted.

Sealed bids or proposals will be received at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, New York City, until the 22d day of May, 1914, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form of forms prescribed by the Commission. Proposals are invited in either or both of two forms. In Form "A" the bidder is to state his prices for the work proposed without dependence upon the award of any other contract. In Form "B" the bidder is to state his prices for the work proposed in case he should be awarded the contract, advertised concurrently herewith, for the construction of Section No. 3 of Route No. 48, being that portion of the Park Place, William and Clark Street Rapid Transit Railroad extending from a point under Old Slip near Pearl street in the Borough of Manhattan to a point under Fulton street near Clinton street in the Borough of Brooklyn. Proposals in Form "B" must be accompanied by a proposal or proposals for the construction of said Section No. 3 of Route No. 48.

A statement, based upon the estimate of the Chief Engineer of the Commission, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedule forming a part of the form or forms of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City for damages or anticipated profit or loss of profit on account of any excess or deficiency, absolute or relative in the same.

Every proposal must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 33, Section No. 2," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received unless accompanied by a separate certified check for the sum of one hundred thousand dollars (\$100,000) payable to the order of the Comptroller of the City and drawn upon a national or state bank or trust company satisfactory to the Commission and having its principal office in New York City. Such check must not be enclosed in the envelope containing the proposal. One such check will be sufficient to enable a bidder to submit proposals in both Forms "A" and "B."

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn.

The award of the contract will be made as soon as practicable after the opening of the proposals.

Deposits made by bidders whose proposals are not accepted will be returned within three (3) days after the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with, unless all proposals shall be rejected, in which event such deposits will be returned within three (3) days after such rejection. The deposit of the successful bidder will be returned when the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

New York, April 21, 1914.
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
By EDWARD E. McCALL, Chairman.
TRAVIS H. WHITNEY, Secretary. a24,m22

INVITATION TO CONTRACTORS.

Part of the Broadway-Fourth Avenue Rapid Transit Railroad.

The Public Service Commission for the First District (hereinafter called the "Commission"), acting for and in behalf of The City of New York (hereinafter called the "City"), invites proposals to construct Section No. 2 of Route No. 20, a part of the Broadway-Fourth Avenue Rapid Transit Railroad.

The points within The City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 2. Beginning at a point under Canal street, in the Borough of Manhattan, about thirty (30) feet east of the easterly building line of Broadway and extending thence easterly under Canal street to a point about thirty-five (35) feet east of the easterly building line of the Bowery.

The general plan of construction calls for a subsurface railroad having two tracks. The Contractor will not be required to provide or lay tracks, ties or ballast, nor to do station finish work.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the maintenance of traffic and the restoration of pavements and other surfaces.

Two alternative designs for the Railroad have been prepared, which are known as Alternative S and Alternative T, respectively. The design for Alternative S calls for a steel beam and concrete structure, and the design for Alternative T calls for a structure partly of steel beam and concrete construction and partly of cast iron tunnel construction. The method of construction for Alternative S is by trench excavation under cover, unless otherwise permitted by the Commission, and the method of construction for Alternative T is partly by trench excavation under cover and partly by tunneling, unless otherwise permitted by the Commission, as set forth in the forms of contract. Proposals may be submitted for either or both of such Alternatives.

Partial payments to the Contractor will be made as the work proceeds, as provided in the forms of contract.

The Contractor must complete the work within thirty-two (32) months from the delivery of the contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities in the sum of three hundred thousand dollars (\$300,000). As further security fifteen (15) per centum of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the total estimated amount to be paid to the Contractor under the contract. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the Contractor.

A fuller description of the work to be done in the case of each Alternative and other requirements, provisions, details and specifications are given in the form of contract for each Alternative and in the contract drawings therein referred to. A separate form of contract has been prepared for each Alternative. Copies of the forms of contract, contract drawings, and forms of bond and contractor's proposal may be inspected and purchased at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, New York City. The forms of contract and the contract drawings and the forms of bond and contractor's proposal are to be deemed a part of this invitation.

Bidders must examine the forms of contract and the specifications and contract drawings, must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 12th day of May, 1914, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Separate forms of proposal have been prepared for Alternatives S and T. Proposals for each Alternative must be in the form prescribed for such Alternative by the Commission. The Commission may award the contract for either Alternative.

A statement based upon the estimate of the Chief Engineer of the Commission of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required in the case of each Alternative is to be found in the Schedule in the form of contractor's proposal for such Alternative. The quantities given in such Schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and forms of contract.

Every proposal must when submitted be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 20, Section No. 2, Alternative" and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. If any bidder shall submit proposals for both Alternatives, the proposal for each Alternative shall be in a separate sealed envelope properly endorsed as aforesaid. No proposal will be received unless accompanied by a separate certified check for thirty thousand dollars (\$30,000) payable to the order of the Comptroller of the City and drawn upon a National or State bank or trust company satisfactory to the Commission and having its principal office in New York City. One such certified check for thirty thousand dollars (\$30,000) will be sufficient to enable a bidder to bid upon both alternatives. Such check must not be enclosed in the envelope or envelopes containing the proposal or proposals.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Deposits made by bidders whose proposals are not accepted will be returned within three (3) days after the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with, unless all proposals shall be rejected, in which event such deposits will be returned within three (3) days after such rejection. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

The dates of the practical and mental tests will be announced later.

For the practical test each candidate will be required to bring his own camera and equipment to take such photos of subjects as will be offered that day. The subjects will consist of persons, articles or flat prints.

The camera must not be less than 4 by 5. The negatives are to be developed and the prints therefrom are to be made by the candidates under circumstances to be announced later so as to insure personal and individual work.

In the mental test the candidates must show an intimate knowledge of photographic processes, solutions and apparatus. Their experience must clearly show work done privately or in photographic studios. Experience as an operator, not merely as a casual amateur, is desired.

The minimum age is 21 years. The usual salary is \$1,200 per annum. There is one vacancy at \$900 per annum in the Board of City Magistrates, First Division, where the appointee will be engaged on finger print photos. This list will also be used for similar positions in other Departments of the City when such vacancies may occur.

Filing Preliminary Abstracts.
FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of NEWTON AVENUE, from West Two Hundred and Fifty-third Street to West Two Hundred and Sixtieth street, in the 24th Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing duly verified, with them at their office, Room 1557, 15th floor, Municipal Building, Chambers and Centre streets, in the Borough of Manhattan, in The City of New York, on or before the 25th day of May, 1914, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 27th day of May, 1914, at 2 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, room 1557, 15th floor, Municipal Building, Chambers and Centre streets, in the Borough of Manhattan, in the City of New York, on or before the 25th day of May, 1914, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 28th day of May, 1914, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 11th day of January, 1912, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the prolongation of a line midway between Sylvan avenue and Newton avenue, distant 100 feet southerly from the southerly line of West Two Hundred and Fifty-third street, the said distance being measured at right angles to West Two Hundred and Fifty-third street, and running thence northwardly along a line always midway between Sylvan avenue and Newton avenue and the prolongations thereof, to the intersection with a line midway between Mosholu avenue and Faraday avenue; thence westwardly along the said line midway between Mosholu avenue and Faraday avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Huxley avenue and Newton avenue as these streets are laid out between Mosholu avenue and West Two Hundred and Fifty-ninth street; thence northwardly along the said bisecting line to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Newton avenue, as this street is laid out where it adjoins West Two Hundred and Sixtieth street, the said distance being measured at right angles to Newton avenue; thence northwardly along the said line parallel with Newton avenue to the intersection with the southerly line of West Two Hundred and Sixtieth street; thence northwardly at right angles to West Two Hundred and Sixtieth street a distance of 160 feet; thence eastwardly and always distant 100 feet northerly from and parallel with the northerly line of West Two Hundred and Sixtieth street to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Newton avenue as this street is laid out where it adjoins West Two Hundred and Sixtieth street, the said distance being measured at right angles to Newton avenue; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Newton avenue and the prolongations thereof to a point distant 100 feet southerly from the southerly line of West Two Hundred and Fifty-third street; thence westwardly and always distant 100 feet southerly from and parallel with the southerly line of West Two Hundred and Fifty-third street to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, room 1529, 15th floor, Municipal Building, Chambers and Centre streets, in the Borough of Manhattan, in said City, there to remain until the 25th day of May, 1914.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 26th day of June, 1914, at the opening of the Court on that day.

Sixth—In case, however, objections are filed

to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated New York, April 29, 1914.
CHAS. C. MARRIN, Chairman; CHAS. SCHANO, JAMES W. O'BRIEN, Commissioners of Estimate; CHAS. C. MARRIN, Commissioner of Assessment.

Filing Preliminary Abstracts.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the

opening and extending of AVENUE Z, from East Thirteenth street to Ocean parkway, in the Thirty-First Ward, Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First.—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing duly verified with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, on or before the 26th day of May, 1914, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 27th day of May, 1914, at 11 o'clock a. m.

Second.—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, on or before the 26th day of May, 1914, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 28th day of May, 1914, at 11 o'clock a. m.

Third.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 1st day of June, 1911, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the north by a line always midway between Avenue Y and Avenue Z; on the east by a line always midway between East Thirteenth street and East Fourteenth street; on the south by a line always midway between Avenue Z and Voorhies avenue, and by the prolongation of the said line; and on the west by a line always distant 100 feet westerly from and parallel with the westerly line of Ocean parkway, the said distance being measured at right angles to Ocean parkway.

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 8th day of June, 1914.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in the City of New York, on the 25th day of June, 1914, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated, New York, May 7, 1914.
EDWARD F. LINTON, JOHN F. CANAVAN,
JOHN M. DRENNAN, Commissioners of Estimate;
JOHN M. DRENNAN, Commissioner of Assessment.

Fourth.—That the abstract of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, in the Borough of Queens, in said City, there to remain until the 20th day of May, 1914.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 26th day of June, 1914, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated New York, April 22nd, 1914.
ROBERT WILSON, Chairman; ROBT. B. LAWRENCE, FRANK E. KNAB, Commissioners of Estimate; ROBT. B. LAWRENCE, Commissioner of Assessment.
WALTER C. SHEPPARD, Clerk. a28,m14

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in

the street and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that no work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary therefor, and will place proper and sufficient guards and fences and warning signs by day and night to the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamed, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS, GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a Department, chief of a Bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 42 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money shall not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel can be obtained upon application therefor at the office of the Department in which the work is to be done. Plans and drawings of construction work may also be seen there
