DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE TUESDAY, SEPTEMBER 8, 1925.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mails unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

CHARLES L. CRAIG, Comptroller.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment at its meeting held on Friday, July 31, 1925 (Cal. No. 140-B), adopted the following resolutions:

A copy of a resolution of the Local Board of the Jamaica District, duly adopted by said Board on the 22d day of July, 1925, and approved by the President of the Borough of Queens on the 22d day of July, 1925, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For the construction of the public beach along the ocean front from Beach 58th street to Beach 54th street, by building bulkheads, groynes, jetties and breakwaters and filling with sand; and for all work incidental thereto, Borough of Queens."

—and thereupon, on the 31st day of July, 1925, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Queens to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey, and further resolving that the Board of Estimate and Apportionment would consider the authorization of the construction of the proposed improvement after the President of the Borough of Queens had submitted certain statements as provided in the said resolutions, and the said resolutions having been duly complied with by the President of the Borough of Queens, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$122,000, and a statement of the assessed value according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of \$52,159,855, having also been presented; and

Whereas, The Board of Estimate and Apportionment is considering the advisability of authorizing the construction of the said local improvement and apportioning the cost and expense thereof, pursuant to the provisions of chapter 506 of the Laws of 1918, as amended by chapter 731 of the Laws of 1920, by chapter 610 of the Laws of 1921, by chapter 315 of the Laws of 1923, and by chapter 566 of the Laws of 1924,

the westerly line of 94th street to the intersection with the prolongation of a line distant 100 feet northeasterly from and parallel with the northeasterly line of 93d street, the said distance being measured at right angles to 93d street; thence southeasterly along the said line parallel with 93d street and along the prolongations thereof to the intersection with a line midway between 62d avenue and 62d road; thence southwesterly along the said line midway between 62d avenue and 62d road to the intersection with the northeasterly line of Queens boulevard; thence southwardly in a straight line to a point on the southwesterly line of Queens boulevard midway between 62d road and 63d avenue; thence southwesterly along a line midway between 62d road and 63d avenue to the intersection with a line midway between Wetherole street and Austin street; thence southeasterly along the said line midway between Wetherole street and Austin street to a point 100 feet northwesterly from the northwesterly line of 63d avenue; thence southwesterly and parallel with 63d avenue to the intersection with the southerly right of way line of the Main Line Division of the Long Island Railroad; thence generally southwardly along the rights of way of the Main Line Division, the Glendale cut-off, and the Rockaway Beach Division of the Long Island Railroad, to the intersection with a line parallel with Myrtle avenue and passing through a point on the westerly line of Woodhaven boulevard where it is intersected by the northerly boundary line of Forest Park; thence westwardly along the said line parallel with Myrtle avenue to the westerly line of Woodhaven boulevard; thence westwardly, southwardly, westwardly and northwardly along the northerly boundary line of Forest Park to the intersection with the southerly line of Myrtle avenue; thence westwardly along the southerly line of Myrtle avenue to the intersection with the prolongation of a line midway between Gertrude street and Frances street; thence northwardly along the said line midway between Gertrude street and Frances street and along the prolongations of the said line to the intersection with the prolongation of a line midway between 83d place and 83d street; thence northwardly along the said line midway between 83d place and 83d street and along the prolongations of the said line to the intersection with a line midway between 61st road and 61st drive; thence eastwardly along the said line midway between 61st road and 61st drive to the intersection with the prolongation of a line midway between 84th street and 83d place; thence northwardly along the said line midway between 84th street and 83d place and the prolongation thereof to the intersection with the prolongation of a line midway between 60th road and 60th drive (Woolley avenue); thence northwardly along the said line midway between 60th road and 60th drive (Woolley avenue) and along the prolongation of the said line to the intersection with the prolongation of a line midway between 85th street and 84th place; thence northwardly along the said line midway between 85th street and 84th place and along the prolongation of the said line to the intersection with a line midway between 58th avenue and 60th avenue; thence northwardly along the said line midway between 58th avenue and 60th avenue to the intersection with the northerly right of way line of the Main Line Division of the Long Island Railroad; thence westwardly along the said right of way line to the intersection with the prolongation of a line midway between 57th road and 58th avenue; thence northwardly along the said line midway between 57th road and 58th avenue and along the prolongation thereof to the intersection with a line midway between Seabury street and Van Horn street; thence northwardly along the said line midway between Seabury street and Van Horn street to the intersection with a line midway between 57th avenue and 57th road; thence northwardly along the said line midway between 57th avenue and 57th road to the intersection with a line distant 100 feet northeasterly from and parallel with the northeasterly line of Seabury street; thence northwardly along the said line parallel with Seabury street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment and apportionment of cost at a meeting of the Board to be held in the City Hall, on Friday, September 18, 1925, at 10.30 o'clock a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days, continuously, exclusive of Sundays and legal holidays, prior to the 18th day of September, 1925.

Dated, New York, September 5, 1925.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment at its meeting held on Friday, July 31, 1925 (Cal. No. 274-B), adopted the following resolutions:

A copy of a joint resolution of the Local Boards of the Jamaica and Newtown Districts, duly adopted by said Boards on July 8, 1925, and approved by the Acting President of the Borough of Queens on July 9, 1925, having been transmitted to the Board of Estimate and Apportionment, initiating proceedings for the following local improvement, to wit:

"For regulating, for setting curb, laying sidewalk and constructing receiving basins, where necessary, north of the centre line, for paving the northerly roadway with a permanent pavement of sheet asphalt upon a concrete foundation, and for all work incidental thereto, in Queens boulevard from Union turnpike to Hillside avenue. Incidental work shall include paving intersections opposite paved streets; also grading and paving with a preliminary pavement of granite block upon a sand foundation ramps connecting new and old pavements, where required by traffic, Borough of Queens."

—and thereupon, on the 31st day of July, 1925, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Queens to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey, and further resolving that the Board of Estimate and Apportionment would consider the authorization of the construction of the proposed improvement after the President of the Borough of Queens had submitted certain statements as provided in the said resolutions, and the said resolutions having been duly complied with by the President of the Borough of Queens, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$235,000; and a statement of the assessed value according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of \$700,000, having also been presented; and

Whereas, The Board of Estimate and Apportionment is considering the advisability of authorizing the construction of the said local improvement and apportioning the cost and expense thereof, pursuant to the provisions of section 247

of the Greater New York Charter, as amended, so as to place 36 per cent. of the entire cost and expense on The City of New York; 21 per cent. on the Borough of Queens, and the remaining 43 per cent. on the property deemed to be benefited by the said local improvement; and

Whereas, This Board proposes to provide that the portions of said cost and expense to be borne by The City of New York and the Borough of Queens shall be collected with the taxes upon the real property in said City and Borough in five (5) equal annual installments beginning with the first tax levy imposed after such cost and expense shall have been fixed and determined;

Resolved, That the Board of Estimate and Apportionment hereby fixes Friday, September 18, 1925, at 10.30 o'clock a. m., at which all persons interested will be given an opportunity to be heard upon the proposed action.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days, continuously, exclusive of Sundays and legal holidays.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment at its meeting held on Friday, June 19, 1925 (Cal. No. 283), adopted the following resolutions:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the real property required for the opening and extending of East 93d street from Foster avenue to Avenue M, and East 99th street from Foster avenue to Avenue K, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the real property required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceedings,

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 973 of the Greater New York Charter, as amended, hereby gives notice that the proposed area of assessment for benefit in these proceedings is as follows:

I. Beginning at a point on the southeasterly line of Foster avenue where it is intersected by a line midway between East 93d street and East 94th street, and running thence southeasterly along the said line midway between East 93d street and East 94th street to the intersection with the northwesterly line of Avenue M; thence southwesterly along the northwesterly line of Avenue M to the intersection with a line distant 100 feet southwesterly from and parallel with the southwesterly line of East 93d street, the said distance being measured at right angles to East 93d street; thence northwesterly along the said line parallel with East 93d street to the intersection with the southeasterly line of Avenue K; thence northwesterly in a straight line to a point on the northwesterly line of Flatlands avenue where it is intersected by a line bisecting the angle formed by the intersection of the prolongations of the centre lines of East 92d street and East 93d street as these streets are laid out where they adjoin Farragut road on the south; thence northwesterly along the said bisecting line to the intersection with the southeasterly line of Foster avenue; thence northwardly along the southeasterly line of Foster avenue to the point or place of beginning.

II. Beginning at a point on the southeasterly line of Foster avenue where it is intersected by a line midway between East 99th street and East 100th street and running thence southwardly along the said line midway between East 99th street and East 100th street to the intersection with the westerly right of way line of the New York Rapid Transit Railroad; thence southwardly along the said right of way line to the intersection with a line distant 190 feet southerly from and parallel with the southerly line of Farragut road, the said distance being measured at right angles to Farragut road; thence southwesterly along the said line parallel with Farragut road to the intersection with a line midway between East 98th street and East 99th street; thence northwesterly along the said line midway between East 98th street and East 99th street to the intersection with the southeasterly line of Foster avenue; thence northwardly along the southeasterly line of Foster avenue to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in the City of New York, Borough of Manhattan, in the City Hall, on Friday, September 18, 1925, at 10.30 o'clock a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record and in the corporation newspapers for ten days continuously, exclusive of Sundays and legal holidays, prior to Friday, September 18, 1925.

Dated, New York, September 5, 1925.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment at its meeting held on Friday, June 12, 1925 (Cal. No. 120), adopted the following resolutions:

Whereas, The President of the Borough of Manhattan, in a communication dated April 28, 1925, has requested preliminary authorization for the reconstruction of the sewer in Avenue C from East 4th street to East 14th street; in East 8th street from Avenue C to the East River, and in East 11th street from Avenue C to the East River, Borough of Manhattan; and

Whereas, It appears that portions of the existing sewer have entirely collapsed, leaving the street in a condition unsafe for traffic; and

Whereas, It appears that the Local Board has declined to grant the necessary authority to reconstruct the sewer; and

Whereas, It appears that the estimated cost of the proposed work or improvement is \$465,800, and the assessed valuation of the property benefited is \$97,000,000; and

Whereas, The Board of Estimate and Apportionment is considering the advisability of authorizing the reconstruction of the sewer in Avenue C from East 4th street to East 14th street; and to construct storm water overflow sewers at East 8th street and East 11th street, as well as relief sewers in East 8th street and East 11th street from Avenue C to the East River; and a sanitary outlet sewer at the foot of East 8th street; be it

Resolved, That this Board consider the proposed action at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on Friday, September 18, 1925, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed action

will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 18th day of September, 1925.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment at its meeting held on Friday, June 19, 1925 (Cal. No. 516), adopted the following resolutions:

Whereas, The Board of Estimate and Apportionment by resolutions adopted on November 10, 1922, authorized proceedings for the acquisition of title to the real property required for the opening and extending of East 2d street from Avenue L to Avenue N, and East 8th street from Avenue O to Avenue P, Borough of Brooklyn; and

Whereas, This Board is considering the advisability of amending the aforesaid proceedings so as to authorize the acquisition of title to the real property required for the opening and extending of East 2d street from Avenue N to a line 340 feet north of Avenue M, and East 8th street from Avenue O to Avenue P, Borough of Brooklyn;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the proposed modified area of assessment for benefit in these proposed amended proceedings is as follows:

I. Bounded on the north by a line distant 340 feet northerly from and parallel with the northerly line of Avenue M; on the east by a line midway between East 2d street and East 3d street; on the south by the northerly line of Avenue N; and on the west by a line midway between East 2d street and Gravesend avenue.

II. Bounded on the north by the southerly line of Avenue O; on the east by a line midway

between East 8th street and East 9th street; on the south by the northerly line of Avenue P; and on the west by a line midway between East 7th street and East 8th street.

Resolved, That this Board consider the proposed modified area of assessment at a meeting of the Board, to be held in the City of New York, Borough of Manhattan, in the City Hall, on Friday, September 18, 1925, at 10.30 o'clock a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record and in the corporation newspapers for ten days continuously, exclusive of Sundays and legal holidays, prior to Friday, September 18, 1925.

Dated, New York, September 5, 1925.

Notices of Public Hearings.

FRANCHISE MATTERS.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day, the following resolutions were adopted:

Whereas, The Tompkins Bus Corporation has by a petition dated August 11, 1925, applied to this Board for the right and privilege to maintain and operate stages or omnibuses for the carrying of passengers from the intersection of Richmond road and New Dorp lane upon and along various streets and avenues to Cedar Grove Beach, in the Borough of Richmond; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter as amended by chapters 629 and 630 of the Laws of 1905 and chapter 467 of the Laws of 1914, provide for the manner and procedure of making such grants; and

Whereas, Pursuant to such laws this Board adopted a resolution on August 11, 1925, fixing the date for public hearing thereon as August 28, 1925, at which citizens were entitled to appear and be heard and publication was had for at least two (2) days in the *New York American* and the *New York Evening Journal*, newspapers designated by the Mayor, and in the *CITY RECORD* for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Tompkins Bus Corporation and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Tompkins Bus Corporation containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Tompkins Bus Corporation, the franchise or right full set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made and executed in duplicate this day of September, 1925, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Tompkins Bus Corporation, a domestic corporation (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to maintain and operate stages or omnibuses for public use in the Borough of Richmond, in the City of New York, upon the following streets and avenues, to wit:

Beginning at the intersection of Richmond Road and New Dorp Lane, thence along New Dorp Lane to Cedar Grove Avenue, thence along Cedar Grove Avenue to Cedar Grove Beach.

And to cross such other streets and avenues, named and unnamed, as may be encountered by the above described streets and avenues, provided that temporary deviation herefrom may be permitted as hereinafter set forth.

Section 2. The grant of this privilege is subject to the following conditions:

First—The said right to maintain and operate said stages or omnibuses upon the streets and avenues herein described shall continue only during the pleasure of the Board and shall be revocable upon thirty (30) days' notice by the Board to the Company, but in no event shall it extend beyond a term of one year from the date upon which this contract is signed by the Mayor, and thereupon all rights of the Company by virtue of this contract shall cease and determine.

Second—The Company shall pay to the City for this right and privilege a sum which shall be

equal to five (5) per cent of the gross receipts of the Company, as hereinafter defined, and for the duration of this contract, but which sum shall not be less than forty (40) dollars per month.

The gross receipts mentioned above shall be the gross receipts of the Company from whatever source derived, either directly or indirectly, in any manner, from or in connection with the operation hereby authorized within the limits of the City.

The charges shall commence on the date upon which this contract is signed by the Mayor.

The charges as above shall be paid into the treasury of the City monthly within five (5) days after the expiration of each calendar month or portion thereof, except in the case of the last payment, when such charges shall be paid within five (5) days after the termination of this right and privilege.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The charges or payments shall continue throughout the whole term of this contract, notwithstanding any clause in any statute or in the charter of any other Company providing for payments for similar rights or franchises at a different rate.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any other corporation or to any individual a similar right and privilege upon the same or other terms and conditions, over the same streets and avenues hereinbefore described.

Fifth—At the termination, revocation or forfeiture of this grant the City, at the election of the Board, shall have the right to purchase all or any part of the property and plant of the Company used for the purpose of the operation of the stages or omnibuses hereby authorized, at a sum equal to a fair valuation of such property and plant, exclusive of any value which such property and plant may have by reason of this contract. Such property and plant are to be valued as if the Company had not exercised the right and privilege granted by this franchise for the said period of this contract, and no allowance shall be made to the Company in such valuation by reason of such exercise.

If the Company and the City cannot agree upon such valuation of such property and plant then such valuation thereof shall be determined and fixed by three arbitrators selected in the following manner:

One disinterested person shall be chosen by the Company; one disinterested person shall be chosen by the Board, and the two so chosen shall choose a third disinterested person. The decision under oath of any two of such persons who shall be so selected shall be final and conclusive.

If either the Company or the City fails to appoint an arbitrator as herein provided, or should the first two arbitrators fail to agree on the selection of the third arbitrator within thirty (30) days after the first two arbitrators are chosen, or if no two arbitrators so selected shall agree upon the valuation of such property within sixty (60) days after the arbitrators shall be so selected, then such valuation may be fixed by a commissioner appointed by the Supreme Court on the application of either party.

Sixth—The rights and privileges hereby granted shall not be assigned or transferred, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument, under seal, anything herein contained to the contrary thereof in any way notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents, and no assignment, lease or sublease of the rights or privileges hereby granted, or of any part thereof, or of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Seventh—The Company shall commence operation immediately upon receiving the necessary approval or authority from the Transit Commission as required by law. If, however, such approval or authority shall not be obtained by the Company within thirty (30) days from the date upon which this contract is signed by the Mayor the right and privilege hereby granted shall cease and determine and no operation shall take place hereunder.

Eighth—Nothing herein contained shall be construed as permitting the grantee to erect any structures whatever upon City streets, and the Company shall not construct or maintain any fixture or structure in the street unless especially authorized by resolution of the Board.

Ninth—All vehicles which may be operated pursuant to this contract shall comply with the following general requirements:

1. They shall be propelled by power generated or contained within the vehicle itself, but no power shall be used which will in its generation or use produce smoke or noxious odors sufficient in the opinion of the Board or its authorized representatives to constitute a nuisance.
2. The maximum weight, including fuel, water, oil or any other material or any accessories used in operation, shall not exceed thirteen thousand (13,000) pounds.
3. The maximum width shall not exceed seven feet ten inches (7'10").
4. The maximum height of floor of upper deck shall not exceed nine feet seven inches (9'7").
5. The maximum length shall not exceed thirty feet (30').
6. They shall be designed and constructed in a manner which will permit ease and freedom of movement under all conditions.
7. The distribution of weight on axles, length of wheel base and other features of design shall be such as to avoid skidding as far as possible and shall be such as to permit easy steering and control.
8. They shall be fitted with brakes capable of stopping and holding the same under all conditions.
9. They shall be so constructed that the oil or grease cannot drop on the roadway.
10. All parts shall be so constructed that no undue noise or vibration shall result from operation.
11. All wheels shall be equipped with either pneumatic tires, solid rubber tires, or tires which shall be approved by the Board or its authorized

representatives; provided, however, that if solid rubber tires be used on vehicles having a weight of over eight thousand (8,000) pounds, the rear wheels of such vehicles shall be equipped with dual tires, each tire having a width of not less than five (5) inches, and the front wheels shall be equipped with tires having a width of not less than five (5) inches.

Tenth—No stage or omnibus shall be operated pursuant to this contract unless there shall be painted thereon in letters not less than six inches (6") in height:

(a) The name of the company owning and operating such vehicle.

(b) The number of the vehicle which shall be assigned to it by the Company and which shall not be changed so long as such vehicle shall be operated by the Company.

(c) The number of adults for which the vehicle has seating space.

Eleventh—No advertising signs shall appear on the outside of any stage or omnibus.

Twelfth—The destination of each stage or omnibus shall be plainly indicated on the outside front of the vehicle, and shall be illuminated at night.

Thirteenth—The inclosed portion of all stages or omnibuses which are operated on the streets and avenues hereinabove described shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force affecting surface railway cars or such laws and ordinances affecting stages or omnibuses as may hereafter, during the term of this contract, be in force, or as may be required by resolution of the Board.

Fourteenth—The inclosed portion of all stages or omnibuses operated on the streets and avenues hereinabove described shall be well lighted and as may be required by resolution of the Board.

Fifteenth—All vehicles operated pursuant to this grant shall conform in all particulars with the requirements herein contained and shall be maintained in good and safe repair and in a manner which will in all ways render the vehicle fit for public service. The Company shall permit the Board or its authorized representative to inspect at all reasonable times any or all the vehicles used by the Company or by order of the Board shall submit any such vehicle to the Board or its authorized representatives for inspection. If upon inspection any vehicle shall appear in the judgment of said Board or its authorized representatives to be unfit for public service, then the Company shall, upon notice, immediately withdraw such vehicle from service, and shall cause it to conform with the requirements herein contained or shall remedy the defect and notify the Board or its authorized representatives that such vehicle has been made to conform with said requirements or that the defect has been remedied before such vehicle shall be restored to service.

Sixteenth—All laws and ordinances affecting the operation of stages or omnibuses now in force or which may be in force during the term of this contract shall be complied with by the Company. The Company shall also comply with and enforce the carrying out of any orders or regulations which may be issued by the Board designed for the protection of persons or of property or of the comfort and health of the public.

Seventeenth—The rate of fare for any passenger upon the stage or omnibus routes operated pursuant to this contract shall not exceed five (5) cents and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on said routes, or on any other connecting route, line or branch, operated by it or under its control, to any other point on said routes or on any other connecting route, line or branch within the limits of the City.

It is the intention and of the essence of this contract that the Company shall not charge any passenger more than five (5) cents for one continuous ride as above provided during the term of this contract, and should the Company at any time during the term of the contract, without the consent of the Board, charge a fare in excess of five (5) cents, as above provided, the right and privilege hereby granted may be cancelled and annulled and no effect by resolution of said Board without legal or other proceedings and upon the adoption of such resolution all rights and privileges granted by this contract shall cease and determine. Such action may be taken by the Board whether a fare in excess of five (5) cents, as above provided is charged by the Company acting on its own initiative or in alleged compliance with an order or orders issued by any other Board or Commission having or claiming to have jurisdiction over the operation of the stage or omnibus routes operated pursuant to this contract.

Eighteenth—Stages or omnibuses shall be run on the routes operated pursuant to this contract on a schedule providing for intervals of not more than thirty (30) minutes during the period of each day between 7 o'clock A. M. and 12 o'clock Midnight, and as much oftener as reasonable convenience of the public may require, or as may be directed by resolution of the Board. Such schedule of 30-minute intervals, or such other schedule as may be directed by resolution of the Board shall be maintained as nearly as possible, except when the Company is prevented from so doing by reasons not within its control.

Nineteenth—The Company shall, at its own expense, do anything and everything within its power to keep its vehicles in operation on regular schedules during the existence of snow and ice in the streets and avenues upon which the Company is hereby authorized to operate, and if it shall be necessary to remove such snow and ice to the side of the roadway in order to so operate, then such removal shall be done by the Company under the supervision and to the satisfaction of the President of the Borough, but in no event shall snow or ice so removed be allowed by the Company to obstruct the crosswalks of any street.

Twentieth—It is understood that the Company shall operate, pursuant to this contract, only upon the streets and avenues herein described, but should vehicular traffic be diverted from any portion of any of said streets or avenues because of fires, parades or any other event which will close the street to vehicular traffic temporarily, then the Company may use such other streets or avenues as are necessary to continue the operation; and, however, for any reason any of the streets and avenues in which operation is hereby authorized shall be closed to vehicular traffic for a longer period than twenty-four (24) hours, then the Company shall communicate with the Board or its authorized representatives and obtain authority for the operation upon other streets and avenues for the period during which said street or avenue may be closed.

Twenty-first—The Company shall at all times keep accurate books of account of its gross receipts from all sources and shall, within five (5) days after the expiration of each calendar month, during the term of this contract, and within five (5) days after the termination of this right and privilege, make verified reports to the Board and the Comptroller of the City of the business done by the Company during such calendar month or portion thereof. Such reports shall be in such form as the Board or the Comptroller may prescribe and shall contain a statement of such

gross receipts, the total miles in operation within the limits of the City and the miles operated under this contract, and such other information as the Board or the Comptroller may require. The Board or the Comptroller shall have access to all books and records of the Company for the purpose of ascertaining the correctness of its reports, and may examine its officers and employees under oath.

Twenty-second—In case of any violation or breach or failure to comply with any of the provisions herein contained or with any orders of the Board or its authorized representatives, acting under the powers herein reserved, the right and privilege herein granted may be forfeited by resolution of said Board, without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring this right and privilege forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Any false entry in the books of the Company or false statement in the reports to the Board or to the Comptroller as to a material fact, knowingly made by the Company, shall constitute such a violation or breach or failure to comply with the provisions herein contained as to warrant the forfeiture of the right and privilege hereby granted.

Nothing herein contained shall affect in any way the right of the Company to apply to a court of competent jurisdiction for a review of any action of the Board forfeiting the franchise or consent hereby granted.

Twenty-third—If the Company shall fail to give efficient public service at rates not exceeding those herein fixed, or fail to maintain its equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company, specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of fifty dollars (\$50) as fixed or liquidated damages, or at the option of the Board, this contract may be forfeited upon ten (10) days' notice to the Company.

Twenty-fourth—The Company shall assume all liability for damages to persons or property occasioned by reason of the operation or maintenance of the stages or omnibuses hereby authorized, and it is a condition of this contract that the City shall assume no liability whatsoever either to persons or property on account of the same, and the Company shall repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-fifth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the right and privilege conferred hereby, shall deposit with the Comptroller of the City the sum of one thousand dollars (\$1,000) either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved. The said fund of one thousand dollars (\$1,000) shall be security for the performance by the Company especially of those terms and conditions of this contract which relate to the payment of the charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, and the maintenance of vehicles in good condition throughout the whole term of this contract; and in case of default in the performance by the Company of such terms and conditions or compliance with such orders or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board acting hereunder, relating to the roadway, repair, maintenance or withdrawal from service of vehicles, the Company shall pay to the City as liquidated damages the sum of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each vehicle that shall not be properly heated or lighted in case of the violation of the provisions relating to those matters, all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the sums so fixed or liquidated damages in this contract shall be as follows:

The Board on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not pay such liquidated damages in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith require the payment of said sums herein provided for, or where the damages are not liquidated by the terms of this contract, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw such amount from the security fund deposited with him. In case of any drafts made upon the security fund, the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of one thousand dollars (\$1,000), and in default thereof this contract may be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City. These provisions for the recovery of such damages are in addition to the right to forfeit the franchise conferred by Section 2, Subdivision Twenty-third of this contract.

Twenty-sixth—The words "notice" or "direction" wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-seventh—The words "streets" or "avenues" and "streets and avenues" wherever used in this contract shall be deemed to mean streets, avenues, highways, parkways, driveways, courses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the

City has title or over which the public has an easement encountered by the streets and avenues hereinabove described and upon or in which authority is hereby given to the Company to operate stages or omnibuses.

Twenty-eighth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 3. The Company promises, covenants and agrees on its part and behalf during the entire term of this contract to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In Witness Whereof, the party of the first part, by its Mayor, thereto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

THE CITY OF NEW YORK, by

(Corporate Seal.) Attest:, City Clerk. TOMPKINS BUS CORPORATION, by, President.

(Seal.) Attest:, Secretary.

(Here add acknowledgments.)

Resolved, That the result of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions including the provisions as to rates and charges, are, as hereinabove specified, and fully set forth, in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Tompkins Bus Corporation and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry after the same shall be entered in the minutes of this Board, shall be published in full for at least fifteen (15) days immediately prior to Friday, September 25, 1925, in the City Record, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment before authorizing any contract for the grant of the franchise or right applied for by the Tompkins Bus Corporation and fully set forth and described in the foregoing form of proposed contract, for the grant of such franchise or right, and before adopting any resolutions authorizing such contract, will at a meeting of said Board to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Friday, September 25, 1925, at 10.30 o'clock A. M., hold a public hearing thereon at which citizens shall be entitled to appear and be heard.

Resolved, That a notice of such hearing stating that copies of the proposed contract and resolution of consent thereto, may be obtained by all those interested therein, at the Division of Franchises, Room 1307, Municipal Building, Centre and Chambers Streets, Borough of Manhattan, City of New York, on Friday, September 25, 1925, at 10.30 o'clock A. M., hold a public hearing thereon at which citizens shall be entitled to appear and be heard.

Resolved, That a notice of such hearing stating that copies of the proposed contract and resolution of consent thereto, may be obtained by all those interested therein, at the Division of Franchises, Room 1307, Municipal Building, Centre and Chambers Streets, Borough of Manhattan, City of New York, on Friday, September 25, 1925, at 10.30 o'clock A. M., hold a public hearing thereon at which citizens shall be entitled to appear and be heard.

PETER J. MCGOWAN, Secretary, Telephone, 4550 Worth.

Dated, New York, August 28, 1925. s8.25

PUBLIC NOTICE IS HEREBY GIVEN THAT

at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Queens Bus Lines, Inc., has by a petition dated July 1, 1925, applied to this Board for the right and privilege to maintain and operate stages or omnibuses for the carrying of passengers upon and along various streets and avenues from the intersection of 53d Street and 1st Avenue to the intersection of Nostrand and Newkirk avenues, Borough of Brooklyn; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905 and chapter 467 of the Laws of 1914 provide for the manner and procedure of making such grants; and

Whereas, Pursuant to such laws this Board adopted a resolution on July 1, 1925, fixing the date for public hearing thereon as July 31, 1925, at which citizens were entitled to appear and be heard and publication was had for at least two (2) days in the New York American and the New York Evening Journal, newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to Queens Bus Lines, Inc., and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Queens Bus Lines, Inc., containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Queens Bus Lines, Inc., the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made and executed in duplicate this day of 1925, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Queens Bus Lines, Inc., a domestic corporation (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions herein set forth, the right and privilege to maintain and operate stages or omnibuses for public use in the Borough of Brooklyn, in the City of New York, in connection with and as a part of other authorized stage or omnibus routes operated by the Company, upon the following streets and avenues, to wit:

Beginning at the intersection of 53d Street and First Avenue, thence along 53d Street to Fourth Avenue, thence along Fourth Avenue to 49th Street, thence along 49th Street to Eighteenth Avenue, thence along Eighteenth Avenue to Coney Island Avenue, thence along Coney Island Avenue to Foster Avenue, thence along Foster Avenue to Nostrand Avenue, thence along Nostrand Avenue to Newkirk Avenue.

And to cross such other streets and avenues named and unnamed as may be encountered by the above described streets and avenues provided that temporary deviation therefrom may be permitted as hereinafter set forth.

Section 2. The grant of this privilege is subject to the following conditions:

First—The said right to maintain and operate said stages or omnibuses upon the streets and avenues herein described shall continue only during the pleasure of the Board and shall be revocable upon thirty (30) days' notice by the Board to the Company, but in no event shall it extend beyond a term of six (6) months from the date upon which this contract is signed by the Mayor, and thereupon all rights of the Company by virtue of this contract shall cease and determine.

Second—The Company shall pay to the City for this right and privilege a sum which shall be equal to five (5) per cent. of the gross receipts of the Company, as hereinafter defined, and for the duration of this contract, but which sum shall not be less than three hundred dollars (\$300) per month.

The gross receipts mentioned above shall be the gross receipts of the Company from whatever source derived, either directly or indirectly, in any manner, from or in connection with the operation hereby authorized within the limits of the City.

The charges shall commence on the date upon which this contract is signed by the Mayor. The charges as above shall be paid into the Treasury of the City monthly within five (5) days after the expiration of each calendar month or portion thereof, except in the case of the last payment when such charges shall be paid within five (5) days after the termination of this right and privilege.

Any and all payments to be made by the terms of this contract to the City by the Company, shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City or resolution of the Board, or any law of the State of New York.

Third—The charges or payments shall continue throughout the whole term of this contract, notwithstanding any clause in any statute or in the charter of any other Company providing for payment for similar right or franchises at a different rate.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any other corporation or to any individual a similar right or privilege upon the same or other streets and avenues hereinbefore described.

Fifth—At the termination, revocation or forfeiture of this grant, the City at the election of the Board, shall have the right to purchase all or any part of the property and plant of the Company used for the purpose of the operation of the stages or omnibuses hereby authorized, at a sum equal to a fair valuation of such property and plant, exclusive of any value which such property and plant may have by reason of this contract. Such property and plant are to be valued as if the Company had not exercised the right and privilege granted by this franchise for the said period of this contract, and no allowance shall be made to the Company in such valuation by reason of such exercise.

If the Company and the City cannot agree upon such valuation of such property and plant, then such valuation thereof shall be determined and fixed by three arbitrators selected in the following manner:

One disinterested person shall be chosen by the Company; one disinterested person shall be chosen by the Board, and the two so chosen shall choose a third disinterested person. The decision under oath of any two of such persons, who shall be so selected, shall be final and conclusive.

If either the Company or the City fails to appoint an arbitrator as herein provided, or should the first two arbitrators fail to agree on the selection of the third arbitrator within thirty (30) days after the first two arbitrators shall be chosen, or if no two arbitrators so selected shall agree upon the valuation of such property within sixty (60) days after the arbitrators shall be so selected, then such valuation may be fixed by a commissioner appointed by the Supreme Court on the application of either party.

Sixth—The rights and privileges hereby granted shall not be assigned, or transferred, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise without the consent of the City, acting by the Board, evidenced by an instrument, under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim any liability to perform each and all of the conditions of this contract.

Seventh—The Company shall commence operation immediately upon receiving the necessary approval or authority from the Transit Commission as required by law. If however such approval or authority shall not be obtained by the Company within thirty (30) days from the date upon which this contract is signed by the Mayor the right and privilege hereby granted shall cease and determine and no operation shall take place hereunder.

Eighth—Nothing herein contained shall be construed as permitting the grantee to erect any structures whatever upon City streets, and the Company shall not construct or maintain any fixture or structure in the street unless especially authorized by resolution of the Board.

Ninth—All vehicles which may be operated pursuant to this contract shall comply with the following general requirements:

1. They shall be propelled by power generated or contained within the vehicle itself, but no power shall be used which will in its operation or use produce smoke or noxious odors sufficient in the opinion of the Board or its authorized representatives to constitute a nuisance.

2. The maximum weight, including fuel, water, oil or any other material or any accessories used in operation, shall not exceed three thousand (3,000) pounds.

3. The maximum width shall not exceed seven feet ten inches (7'10").

4. The maximum height of floor of upper deck shall not exceed nine feet seven inches (9'7").

5. The maximum length shall not exceed thirty feet (30').

6. They shall be designed and constructed in a manner which will permit ease and freedom of movement under all conditions.

7. The distribution of weight on axles, length of wheel base and other features of design shall be such as to avoid skidding as far as possible and shall be such as to permit easy steering and control.

8. They shall be fitted with brakes capable of stopping and holding the same under all conditions.

9. They shall be so constructed that the oil or grease cannot drop on the roadway.

10. All parts shall be so constructed that no undue noise or vibration shall result from operation.

11. All wheels shall be equipped with either pneumatic tires, solid rubber tires, or tires which shall be approved by the Board or its authorized representatives; provided, however, that if solid rubber tires be used on vehicles having a weight of over eight thousand (8,000) pounds, the rear wheels of such vehicles shall be equipped with dual tires, each tire having a width of not less than five (5) inches, and the front wheels shall be equipped with tires having a width of not less than five (5) inches.

Tenth—No stage or omnibus shall be operated pursuant to this contract unless there shall be painted thereon in letters not less than six (6) inches in height:

(a) The name of the company owning and operating such vehicle.

(b) The number of the vehicle which shall be assigned to it by the Company and which shall not be changed so long as such vehicle shall be operated by the Company.

(c) The number of adults for which the vehicle has seating space.

Eleventh—No advertising signs shall appear on the outside of any stage or omnibus.

Twelfth—The destination of each stage or omnibus shall be plainly indicated on the outside front of the vehicle, and shall be illuminated at night.

Thirteenth—The inclosed portion of all stages or omnibuses which are operated on the streets and avenues hereinabove described shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force affecting such railway cars or such laws and ordinances affecting stages or omnibuses as may hereafter, during the term of this contract, be in force, or as may be required by resolution of the Board.

Fourteenth—The inclosed portion of all stages or omnibuses operated on the streets and avenues hereinabove described shall be well lighted and as may be required by resolution of the Board.

Fifteenth—All vehicles operated pursuant to this grant shall conform in all particulars with the requirements herein contained and shall be maintained in good and safe repair and in a manner which will in all ways render the vehicle fit for public service. The Company shall permit the Board or its authorized representatives to inspect at all reasonable times any or all the vehicles used by the Company, or by order of the Board shall submit any such vehicle to the Board or its authorized representatives for inspection. If upon inspection any vehicle shall appear in the judgment of said Board or its authorized representatives to be unfit for public service, then the Company shall, upon notice, immediately withdraw such vehicle from service, and shall cause it to conform with the requirements herein contained or shall remedy the defect and notify the Board or its authorized representatives that such vehicle has been made to conform with said requirements or that the defect has been remedied before such vehicle shall be restored to service.

Sixteenth—All laws and ordinances affecting the operation of stages or omnibuses now in force or which may be in force during the term of this contract shall be complied with by the Company. The Company shall also comply with and enforce the carrying out of any orders or regulations which may be issued by the Board designed for the protection of persons or of property or of the comfort and health of the public.

Seventeenth—The rate of fare for any passenger upon the stage or omnibus routes operated pursuant to this contract shall not exceed five (5) cents and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on said routes, or on any other connecting route, line or branch, operated by it or under its control, to any other point on said routes or on any other connecting route, line or branch within the limits of the City.

It is the intention and of the essence of this contract that the Company shall not charge any passenger more than five (5) cents for one continuous ride as above provided during the term of this contract, and should the Company at any time during the term of this contract, without the consent of the Board, charge a fare in excess of five (5) cents, as above provided, the right and privilege hereby granted may be cancelled and annulled and this contract declared to be null and void and of no effect by resolution of said Board without legal or other proceedings and upon the adoption of such resolution all rights and privileges granted by this contract shall cease and determine. Such action may be taken by the Board, whether a fare in excess of five (5) cents, as above provided, is charged by the Company acting on its own initiative or in alleged compliance with an order or orders issued by any other Board or Commission having or claiming to have jurisdiction over the operation of the stage or omnibus routes operated pursuant to this contract.

Eighteenth—Stages or omnibuses shall be run on the routes operated pursuant to this contract on a schedule providing for intervals of not more than thirty (30) minutes during the period of each day between 7 o'clock A. M. and 12 o'clock Midnight, and as much oftener as reasonable convenience of the public may require, or as may be directed by resolution of the Board. Such schedule of 30-minute intervals, or such other schedule as may be directed by resolution of the Board shall be maintained as nearly as possible, except when the Company is prevented from so doing by reasons not within its control.

Nineteenth—The Company shall, at its own expense, do anything and everything within its power to keep its vehicles in operation on regular schedules during the existence of snow and ice on the streets and avenues upon which the Company is hereby authorized to operate, and if it shall be necessary to remove such snow and ice to the side of the roadway in order to so operate, then such removal shall be done by the Company under the supervision and to the satisfaction of the Commissioner of Street Cleaning, but in no event shall snow or ice so removed be allowed by the Company to obstruct the crosswalks of any street.

Twentieth—It is understood that the Company shall operate, pursuant to this contract, only upon the streets and avenues herein described, but should vehicular traffic be diverted from any portion of any of said streets or avenues because of fires, parades or any other event which will close the street to vehicular traffic

temporarily, then the Company may use such other streets or avenues as are necessary to continue the operation. If, however, for any reason any of the streets and avenues in which operation is hereby authorized shall be closed to vehicular traffic for a longer period than twenty-four (24) hours, then the Company shall communicate with the Board or its authorized representatives and obtain authority for the operation upon other streets and avenues for the period during which said street or avenue may be closed.

Twenty-first—The Company shall at all times keep accurate books of account of its gross receipts from all sources and shall, within five (5) days after the expiration of each calendar month, during the term of this contract and within five (5) days after the termination of this right and privilege, make verified reports to the Board and to the Comptroller of the City of the business done by the Company during such calendar month or portion thereof. Such reports shall be in such form as the Board or the Comptroller may prescribe and shall contain a statement of such gross receipts, the total miles in operation within the limits of the City and the miles operated under this contract, and such other information as the Board or the Comptroller may require. The Board or the Comptroller shall have access to all books and records of the Company for the purpose of ascertaining the correctness of its reports, and may examine its officers and employees under oath.

Twenty-second—In case of any violation or breach or failure to comply with any of the provisions herein contained or with any orders of the Board or its authorized representatives, acting under the powers herein reserved, the right and privilege herein granted may be forfeited by resolution of said Board, without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring this right and privilege forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Any false entry in the books of the Company or false statement in the reports to the Board or to the Comptroller as to a material fact, knowingly made by the Company, shall constitute such a violation or breach or failure to comply with the provisions herein contained as to warrant the forfeiture of the right and privilege hereby granted.

Nothing herein contained shall affect in any way the right of the Company to apply to a court of competent jurisdiction for a review of any action of the Board forfeiting the franchise or consent hereby granted.

Twenty-third—If the Company shall fail to give efficient public service at rates not exceeding those herein fixed, or fail to maintain its equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company, specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of fifty dollars (\$50) as fixed or liquidated damages, or at the option of the Board, this contract may be forfeited upon ten (10) days' notice to the Company.

Twenty-fourth—The Company shall assume all liability for damages to persons or property occasioned by reason of the operation or maintenance of the stages or omnibuses hereby authorized, and it is a condition of this contract that the City shall assume no liability whatsoever either to persons or property on account of the same, and the Company shall repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-fifth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the right and privilege conferred hereby, shall deposit with the Comptroller of the City the sum of one thousand five hundred dollars (\$1,500) either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved. The said fund of one thousand five hundred dollars (\$1,500) shall be security for the performance by the Company especially of those terms and conditions of this contract which relate to the payment of the charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, and the maintenance of vehicles in good condition throughout the whole term of this contract; and in case of default in the performance by the Company of such terms and conditions or compliance with such orders or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board acting hereunder, relating to the roadway, repair, maintenance or withdrawal from service of vehicles, the Company shall pay to the City as liquidated damages the sum of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each vehicle that shall not be properly heated or lighted in case of the violation of the provisions relating to those matters, all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the sums as fixed or liquidated damages in this contract shall be as follows:

The Board on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not pay such liquidated damages in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith require the payment of said sums herein provided for, or where the damages are not liquidated by the terms of this contract, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw such amount from the security fund deposited with him. In case of any drafts made upon the security fund, the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of one thousand five hundred dollars (\$1,500), and in default thereof this contract may be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City. These provisions for the recovery of such damages are in addition to the right to forfeit the franchise conferred by Section 2, Subdivision Twenty-third of this contract.

Twenty-sixth—The words "notice" or "direction" wherever used in this contract, shall be

deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-seventh—The words "streets" or "avenues" and "street and avenues" wherever used in this contract shall be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement encountered by the streets and avenues hereinabove described and upon or in which authority is hereby given to the Company to operate stages or omnibuses.

Twenty-eighth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 3. The Company promises, covenants and agrees on its part and behalf during the entire term of this contract to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In Witness Whereof, the party of the first part, by its Mayor, hereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, hereunto duly authorized, has caused its corporate name to be hereunto affixed the day and year first above written.

THE CITY OF NEW YORK, by..... Mayor, (Corporate seal) Attest:..... City Clerk. QUEENS BUS LINES, INC., by..... President. (Seal) Attest:..... Secretary. (Here add acknowledgments.)

Resolved, That the result of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions including the provisions as to rates and charges, are, as hereinabove specified, and fully set forth, in and by the foregoing form of proposed contract, for the grant of such franchise or right.

Resolved, That these preambles and resolutions including the said resolution for the grant of a franchise or right applied for by the Queens Bus Lines, Inc., and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published in full for at least fifteen (15) days immediately prior to Friday, September 25, 1925, in the City Record, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment before authorizing any contract for the grant of the franchise or right, applied for by Queens Bus Lines, Inc., and fully set forth and described in the foregoing form of proposed contract, for the grant of such franchise or right and before adopting any resolution authorizing such contract, will at a meeting of said Board, to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Friday, September 25, 1925, at 10.30 o'clock A. M., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

Resolved, That a notice of such hearing, stating that copies of the proposed contract and resolution of consent thereto may be obtained by all those interested therein at the Division of Franchises, Room 1307, Municipal Building, Centre and Chambers street, Borough of Manhattan, shall be published at least twice at the expense of the proposed grantee during the ten (10) days immediately prior to Friday, September 25, 1925, in the New York American and the New York Evening Journal, the two daily newspapers in which the petition and notice of hearing thereon have been published.

PETER J. MCGOWAN, Secretary. Telephone, 4560 North. Dated, New York, August 28, 1925. \$8.25

PUBLIC NOTICE IS HEREBY GIVEN PURSUANT to law that at a meeting of the Board of Estimate and Apportionment, held July 31, 1925, the following petition was received:

To the Board of Estimate and Apportionment, Municipal Building, New York City: Queens Auto Traction Corporation hereby respectfully petitions, in accordance with a resolution of the Board of Estimate and Apportionment adopted on the 13th day of March, 1925, for a franchise to operate the following routes in the Borough of Queens, City of New York:

The applicant is a transportation corporation duly organized and existing under and by virtue of the Transportation Corporation Law of the State of New York.

Route No. 1, eight miles. Beginning at the intersection of Beach 95th street and Rockaway Beach boulevard at Rockaway Beach, in the Borough of Queens, City of New York, running thence northerly along Jamaica Bay boulevard to Woodhaven boulevard, thence along Woodhaven boulevard to Jamaica avenue, Jamaica, and return by the same route.

Route No. 2, four miles. Beginning at the intersection of Forest avenue and Myrtle avenue, in the Borough of Queens (Ridgewood), City of New York, thence along Forest avenue to Metropolitan avenue, thence along Metropolitan avenue to Fresh Pond road, thence along Fresh Pond road to Flushing avenue, thence along Flushing avenue to Maspeth avenue, thence along Maspeth avenue to Betsy avenue, thence along Betsy avenue to 5th street, thence along 5th street to Woodside avenue at Woodside, and return by the same route.

Route No. 3, three miles. Beginning at the 92d Street Ferry on East River at Astoria, thence along Astoria avenue to Boulevard, thence along Boulevard to Main street, thence along Main street to Grand avenue, thence along Grand avenue to 17th avenue, thence along 17th avenue to Broadway, thence along Broadway to Northern boulevard, thence along Northern boulevard to 5th street, thence along 5th street to Roosevelt avenue, thence along Roosevelt avenue to 8th street at the Woodside Station of the Long Island Railroad Company, and return by the same route. Your petitioner intends to use said streets in accordance with the approval of the proper authorities and such other streets adjacent and nearly parallel thereto, as such authorities may direct your petitioner to use temporarily or otherwise in lieu of any of the foregoing streets.

Compensation to Be Paid to City. The applicant will pay five (5) per centum of the gross annual receipts. The minimum

amount which it will annually pay to The City of New York is \$2,000.

Commencement of Operation. The applicant proposes to commence permanent operation of these routes within sixty days after permission to operate is granted and a temporary operation within thirty days.

The applicant proposes to commence operation daily at approximately 6 a. m. and terminate operations at about 12 p. m.

The buses will be operated at an estimated 15-minute headway in rush hours, and an estimated 25-minute headway at all other hours of the operating day.

Specifications of Equipment. As Estimated.

- A. Maximum weight, 7,000 pounds. B. Maximum width, 88 inches. C. 28. D. 104 inches to roof from ground. E. 260 inches with bumpers.

F. (1) The chassis is designed for use in passenger transportation. The design is such that safety, comfort and speed have been combined in a medium weight vehicle. The motor is a six-cylinder type especially designed to relieve vibration.

(2) The turning radius is 31 feet. G. (1) Of the total weight of chassis and body, approximately 3,000 pounds is on the front axle and approximately 4,000 pounds on the rear axle. Loaded to its capacity, the percentage of weight is 15 per cent. on the front axle and 80 per cent. on the rear. There is no overhang beyond the end of frame.

(2) The wheelbase is approximately 175 inches. H. The following will approximately describe the equipment intended to be used, with estimates:

The framework throughout is of hardwood construction with iron braces used at every point where there is the least possibility of twist or strain. The under construction of the body consists of seven three by three-inch bulkheads running the entire length. These bulkheads are held in place by three inch by one and one-quarter inch channel irons securely bolted to the outside sills, making the most rigid and durable under frame possible to construct. The pillars are held in place by hand-forged steel braces bolted to the sills and pillars. The roof is constructed in a most substantial manner, being in accordance with the accepted standard of street car roof construction. The whole of the inner construction is primed with lead primers to avoid inside rusting of panels and braces and as a protection against woodwork deterioration. The dimensions of the body are: Width over all, 88 inches; height above frame, 88 inches; length over all, 208 inches. The seats are of the street car type covered with cane which makes them exceptionally sanitary and easy to keep clean. A brass hand grip is formed in the upper aisle corner of each seat back by a brass strip which extends entirely across the seat back attaching to the metal back rest supports on either side. Heavy cast iron brackets which bolt to the body floor, support each seat at either end. All seat backs are stationary. Six of the seats face forward, two face backward, while there is a continuous seat across the rear. The individual type of driver seat has been adopted which is in accordance with the coming requirements of the law. It is deeply upholstered over coil springs and both seat and back are covered with genuine black leather in dull finish.

Two weather-tight ventilators in the roof insure continuous circulation of fresh air when it is not possible to have the windows lowered.

The engine exhaust is used for the heating of this body. An even distribution of heat is obtained by the use of a separate heater pipe for each side of the body. The pipes pass under the passenger seats and have separate exhausts to the atmosphere at back of bus. These heating pipes are of seamless steel tubing with metallic ring pack joints to insure maximum heat radiation and to prevent leakage of exhaust gases into body. Heavy guards prevent the hot pipes from coming in contact with the passengers' person or clothes. A heater regulator lever in the toe board accessible to the driver, makes possible any interior temperature desired. For use in an emergency such as fire, accident, etc., a door has been formed in the rear of the body. This door can be opened from the inside only.

There are seven windows on the left side, two in front, six on right side and three in the rear. The permanent upper windows are of heavy clear glass, so that passengers may have an outside view when standing. These windows have the standard type of railway coach regulator, it being possible to open the windows to eight different levels. Three heavy guard rails are fastened to the outside of body, making it impossible for anyone to lean or fall out of a window. Heavy draw shades of the standard railway coach type, using friction adjustments, are at all side and rear windows. Windshield wiper of the automatic vacuum type is used. A round brass rail extending from the floor to ceiling is placed at the left of entrance. This rail affords a convenient hand grip for passengers when entering or leaving body, and prevents passengers from accidentally stepping off the floor. Brass hand grips are afforded passengers entering and leaving the bus.

A push button switch is set in each window pillar and operates a small bell in the right front corner of the body.

The interior of the body is equipped with five dome lights, four of which burn steadily, while the right front one is switched on and off by opening and closing the door.

Above the windshield is a destination sign having a clear opening of thirty-five and three-quarter inches by four and five-eighths inches, equipped with necessary bulbs.

Seating capacity is 22 passengers, including the driver.

I. This chassis is fitted with both front and rear wheel brakes. The front brakes are of the internal expanding type and have 103 square inches of braking area. The rear axle is fitted with internal expanding and external contracting brakes. The total braking area is 624 square inches. The rear drums have an outside diameter of 15 inches and the front wheel brake drums have an outside diameter of 13 1/2 inches. Braking efficiency is shown by the chassis having one square inch of braking area for every five and three-quarters pounds of chassis weight.

J. The motor of six cylinder type is set on a subframe attached to the main frame which acts as a cradle for the motor and enables the drive shaft to run parallel with the ground. This arrangement positively relieves the chassis of any vibration and permits it to run without jerk or jar. The entire bus operates as noiselessly as a passenger automobile.

K. The oil and grease arrangement is of such design that no oil or grease drop on the roadway. The oiling system used throughout is simple, clean and positive. A heavy pressed steel mud pan extends beneath the radiator, motor, clutch and transmission to protect these units from dust and mud splash, and keeps any dripping of oil from dripping to the roadway.

L. (1) The front wheel tires of the pneumatic type. Standard cord bus type. The rear tires are of the dual type. Standard cord bus type.

(2). Dual equipment consists of thirty-two by six dual rear tires and single fronts of the same size mounted on thirty-two by six type B Firestone rims.

Service. The number of buses to be provided is approximately five, with an additional bus in reserve; with the promise and agreement of the applicant that in the event of the inadequacy in the number of buses contemplated to be provided, then, and in that event, such additional equipment will be added so as to comply with a proper and reasonable demand.

Rate of Fares. A uniform single fare of five cents is intended to be provided for one passage on this entire route.

Security Fund. The applicant proposes to deposit a surety company bond in the sum of Two Thousand Dollars to assure the faithful performance of the obligation of the franchisee.

Garage and Repair Shop Facilities. An agreement of lease will be entered into for garage facilities.

The applicant will enter into an agreement for repairs to be made on the premises of such garage. This garage will be equipped to store at least five buses of this proposed type. This agreement of lease will provide for an annual rent estimated at fifteen hundred dollars for garage and repair shop facilities.

Total Investment. The cost of each of the five buses will be approximately Five Thousand Dollars \$25,000 00

Table with 2 columns: Description and Amount. The amount of working capital will be approximately 15,000 00. The annual rental is 1,500 00. Total \$41,500 00.

The cash capital is the sum of \$50,000. The applicant intends to utilize solely its own financial resources as the plan of financing this project.

The applicant as an entity has never operated buses but will have among the personnel of the organization an experienced traffic manager and experienced operators for each of the buses. These individuals have already been engaged in anticipation of the establishment of the proposed routes and are presently available.

The traffic manager engaged for these proposed bus routes is an individual who has had five years' active and actual experience in the management and operation of a bus route within the City of New York. This individual is ready to immediately engage himself in the operation of this proposed route upon its inception.

The applicant desires the franchise to be issued for a period of four years, with an option for the renewal thereof for an additional period of four years, with the right of the City to recapture.

The applicant pledges itself to comply strictly with all the laws of the State, City and County authorities which may in any wise affect such operation, and further pledges himself to immediately respond to the wishes and dictates of your honorable Board, and every other board having jurisdiction of the operation of this franchise, as well as pledging itself to comply with the reasonable and proper demands of the public to the end that the public may be properly and adequately served.

The undersigned officer of the applicant wishes to respectfully state that in his opinion, based on a careful survey of conditions along the proposed route, that a service of this nature is an absolute necessity, and will serve as a great convenience to the public along such route and in the vicinity thereof.

All of which is respectfully submitted. Dated July 31, 1925.

QUEENS AUTO TRACTION CORPORATION, by WILLIAM G. GREENE, President. State of New York, County of New York, ss.:

On this 31st day of July, 1925, before me personally appeared William G. Greene, to me known and known to me to be the individual described in and who executed the foregoing instrument, and he duly acknowledged to me that he executed the same.

PUBLIC NOTICE IS HEREBY GIVEN PURSUANT to law that at a meeting of the Board of Estimate and Apportionment held July 31, 1925, the following petition was received:

To the Board of Estimate and Apportionment, Municipal Building, New York City: The Corona Astoria Bus Line Corporation hereby respectfully petitions, in accordance with a resolution of the Board of Estimate and Apportionment adopted on the 13th day of March, 1925, for a franchise to operate a bus route in the Borough of Queens, City of New York, from Cedar Grove Cemetery, Flushing, to Ditmars and 2d avenue, Astoria, with termini at these two points.

The applicant is a transportation corporation duly organized and existing under and by virtue of the Transportation Corporation Law of the State of New York.

Route, Five Miles.

In the Borough of Queens, City of New York. Commencing at Strongs causeway and Cedar Grove Cemetery, Flushing, running along Strongs causeway to Corona avenue; thence along Corona avenue to Alburts avenue; thence along Alburts avenue to Polk avenue; along Polk avenue to 46th street; along 46th street to Astoria avenue, East Elmhurst; along Astoria avenue to Potter avenue, Astoria; along Potter avenue to Purdy street, Astoria; along Purdy street to Ditmars avenue; along Ditmars avenue to 2d avenue, at which point terminating, and then returning to Strongs causeway and Cedar Grove Cemetery, Flushing, by the same route.

Compensation to Be Paid to City. The applicant will pay 5 per centum of the gross annual receipts. The greatest minimum amount which it will pay to the City is \$2,000.

Commencement of Operation. The applicant proposes to commence permanent operation of this route within 30 days after permission to operate is granted and a temporary operation within ten days.

The applicant proposes to commence operation daily at 6 a. m. and terminate operations at 12 p. m.

The buses will be operated at a 15-minute headway in rush hours, and a 25-minute headway at all other hours of the operating day.

Route "B." Jersey Street—4 1/2 Miles.

Leaving the Viaduct, running south on Bay street, west on Slosson place, north on Central Marks place, west on Hyatt street, northwest on St. Westervelt avenue, southwest on Crescent avenue, south on Jersey street and west and southwest on Brighton avenue to Lafayette avenue, returning over the same route.

Route "C." Forest Avenue—4 1/2 Miles.

Leaving the Viaduct, running south on Bay street, west and southwest on Richmond turnpike, west on Forest avenue to Richmond avenue, returning over the same route.

Route "D." Targee Street—4 1/2 Miles.

Viaduct to Bay street, south on Bay street to Grant street, west on Grant street to Van Duzer street, south on Van Duzer street to Targee street, south on Targee street to junction of Fingerboard and Richmond roads. Returning over the same route.

Route "E." Port Richmond—South Beach—4 1/2 Miles.

Commencing Bergen Point Ferry, south on Jewett avenue to Richmond terrace, east on Richmond terrace to Clove road, southeast on Clove road to Richmond road, east on Clove road to Fingerboard road, east on Fingerboard road to Sand lane, south on Sand lane to Seaside boulevard. Returning over the same route.

The term applied for is four years with an option in us to renew for another four year, but the renewal term to be subject to cancellation by you on six months' notice and on payment to us of the value of equipment and all expenses plus 10%, but without compensation for good-will.

The first three of these routes are Routes No. 3, 5 and 6 named and mapped in the April 9th petition and named in our certificate of incorporation and now operated under the said 100-day consent. Route D is approximately Route 15 and Route E is approximately Routes 13 and 14 named therein. These routes have heretofore had no facilities for public travel.

We have at considerable expense put in operation 33 buses, all but four of which are Mack buses, each costing \$9,200, and each having a seating capacity of 29 passengers. We are now carrying a daily average of over seventeen thousand passengers. We believe it would be just and to the interest of the City and the public for you to grant to us at this time a franchise for these five routes without the delay required for reference to the Board of Transportation as to the advisability of the grant and we submit that we have sufficiently demonstrated our ability to serve the public and the necessity of this service to warrant this action by you.

But if this form of franchise be delayed through reference to the Board of Transportation, or otherwise, we ask that the present 100-day franchise granted to us on May 25th last and expiring August 23, 1925, be renewed for another 100 days, and that the renewal include a grant of the two additional routes "D" and "E."

Respectfully submitted, TOMPKINS BUS CORPORATION, by MINTHORNE T. GORDON, Jr., President.

Attest: A. C. BATES, Secretary. State of New York, County of New York, ss.: MINTHORNE T. GORDON, Jr., being duly sworn, deposes: That he is the president of Tompkins Bus Corporation, the petitioner herein; that he has read the foregoing petition subscribed by him and knows the contents thereof; that the same is true to his own knowledge, except as to the matters therein stated to be alleged on information and belief and as to those matters he believes it to be true.

MINTHORNE T. GORDON, Jr. Sworn to before me this 17th day of June, 1925. JOSEPHINE M. POWER, Notary Public. Queens County No. 885. Certificate filed New York County No. 148. Commission expires March 30, 1926.

and the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the Tompkins Bus Corporation, dated July 17, 1925, was presented to the Board of Estimate and Apportionment at a meeting held July 31, 1925;

Resolved, That, in pursuance of law, this Board sets Friday, the eighteenth day of September, 1925, at 10.30 o'clock in the forenoon, and Room 16, in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and it further

Resolved, That the petition and these resolutions shall be published for at least twice in two daily newspapers in the City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

A heavy pressed steel mud pan extends beneath the radiator, motor, clutch and transmission to protect these units from dust and mud splash, and keeps any dripping oil from falling to the roadway.
 L. (1) The front wheel tires are of the pneumatic type, United States cord, bus type. The rear tires are of the dual type, United States cord, bus type.
 (2) Dual equipment consists of 32 by 6 dual rear tires and single fronts of the same size mounted on 32 by 6 Firestone rims.
Service.
 The number of buses to be provided is three, with an additional bus in reserve; with the promise and agreement of the applicant that in the event of the inadequacy in the number of buses contemplated to be provided, then, and in that event, such additional equipment will be added so as to comply with a proper and reasonable demand.
Rate of Fares.
 A uniform single fare of five cents is intended to be provided for one passage on this entire route.
Security Fund.
 The applicant proposes to deposit a surety company bond in the sum of \$2,000 to assure the faithful performance of the obligation of the franchise.

Garage and Repair Shop Facilities.
 An agreement of lease has been entered into with Muro's Garage, at 51st street and Lurting street, Corona, with garage facilities.
 The applicant has entered into an agreement for repairs to be made on the premises of this garage. This garage is equipped to store at least 15 buses of this proposed type. This agreement of lease provides for an annual rent of \$1,500 for garage and repair shop facilities.

Total Investment.
 The cost of each of the four buses will be the sum of \$5,200..... \$20,800 00
 The amount of working capital will be 8,000 00
 The annual rental is 1,500 00
 \$30,300 00

The cash capital is the sum of \$15,000.
 The applicant intends to utilize solely its own financial resources as the plan of financing this project.
 The applicant as an entity has never operated buses but will have among the personnel of the organization an experienced traffic manager and experienced operators for each of the buses. These individuals have already been engaged in anticipation of the establishment of the proposed route and are presently available.
 The traffic manager engaged for this proposed bus route is an individual who has had five years active and actual experience in the management and operation of a bus route within the City of New York. This individual is ready to immediately engage himself in the operation of this proposed route upon its inception.
 The applicant desires the franchise to be issued for a period of four years, with an option for the renewal thereof for an additional period of four years, with the right of the City to recapture.
 The applicant pledges itself to comply strictly with all the laws of the State, City and County authorities which may in any wise affect such operation, and further pledges himself to immediately respond to the wishes and dictates of your honorable Board, and every other board having jurisdiction of the operation of this franchise, as well as pledging itself to comply with the reasonable and proper demands of the public to the end that the public may be properly and adequately served.
 The undersigned officer of the applicant wishes to respectfully state that in his opinion, based on a careful survey of conditions along the proposed route that a service of this nature is an absolute necessity, and will serve as a great convenience to the public along such route and in the vicinity thereof.
 All of which is respectfully submitted.

BOARD OF TRANSPORTATION.
Invitation to Contractors.
Construction of a Part of a Rapid Transit Railroad.

SEALED BIDS OR PROPOSALS FOR THE construction of Section No. 1 of Route No. 105, a part of a Rapid Transit Railroad, will be received by the Board of Transportation of the City of New York (hereinafter called the "Board") at the office of the Board, at No. 49 Lafayette street, Borough of Manhattan, New York City, until the 18th day of September, 1925, at eleven-thirty (11.30) o'clock a. m., at which time and place, or at a later date to be fixed by the Board, the proposals will be publicly opened.

The said Section No. 1 of Route No. 105 is to be part of a subsurface railroad extending along and under Fort Washington avenue, Broadway and private property from Overlook terrace to Dyckman street, in the Borough of Manhattan.
 The work to be done will include the care and support of surface, subsurface and overhead structures, the maintenance of traffic and the restoration of street surface.
 The method of construction will be partly by trench excavation under cover and partly by tunneling.
 The contractor must within thirty-six (36) months from the delivery of the contract complete the railroad and such other work covered by the contract as may be necessary to put the railroad in condition for the installation of tracks and signals and the construction of station finish work, and must complete all other work covered by the contract within forty-two (42) months from the delivery of the contract.
 A fuller description of the work and other requirements, provisions and specifications are given in the information for contractors and in the forms of contract, bond and contractor's proposal, and in the contract drawings, which are to be deemed a part of this invitation and copies of which may be inspected and purchased at the office of the Board.
 The receipt of bids will be subject to the requirements specified in said information for contractors.

TERMS OF SALE.

Quantities: All quantities are to be more or less, and are estimated only.

Quality: All qualities to be "as is."

Examination: All articles above mentioned are stored in the storerooms and yards at the several places specified in the different lots, and may be examined by intending bidders any day prior to sale between the hours of 9 a. m. and 12 m., upon application to the offices of the Engineers in charge of the several divisions as set forth above in the several lots.

Auctioneer's Fee: The highest bidder on each lot shall pay to the Auctioneer at the time and place of sale a sum equal to five (5) per cent. of the amount of his bid, which amount will be returned in the event of the rejection of the bid.

Removal of Articles: All articles purchased at this sale are to be removed within fifteen days after the acceptance of the bid by the Commissioner. The removal shall be effected as directed by the Commissioner, without "picking." In case the purchaser shall fail to remove from the premises any of the articles within the time aforesaid, such articles may be removed and disposed of by the Commissioner in any manner he deems fit, and the contractor shall pay to the City for such articles as if the same had been delivered to and removed by such contractor.

Bids: Bids must be made on the pound, net ton, or other unit of measure, and awards shall be made to the highest bidder, subject to the right of the Commissioner to reject any and all bids on any item. No bid can be withdrawn pending action thereon. All articles sold by the pound or ton must be weighed before removal, and final adjustment of accounting made on this basis. All handling of materials for weighing must be done by the contractor.

Deposits: Each successful bidder will be required to pay in cash or certified check at the time and place of sale twenty-five (25) per cent. of the amount of his purchase. This amount will be held as security and may be applied as final payment at the close of the transaction.

Payment: Each successful bidder will be required to deposit in cash or certified check within three days after the sale and before the removal of his purchases the estimated amount of his purchases, and any difference due to variation in weights or counts shall be adjusted at the time of the removal of the articles. Dated September 3, 1925. \$5,17 WM. WIRT MILLS, Commissioner.

SUPREME COURT, FIRST DEPARTMENT.

Filing Preliminary Abstract.

In the Matter of the Application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of certain lands, lands under water, lands under water filled in, wharfage rights, incorporeal hereditaments, terms, easements, emoluments, privileges and appurtenances necessary to be taken for the improvement of the waterfront of the City of New York, on the North River, between the north side of West 44th street and the center line of the block between West 47th and West 48th streets, pursuant to the plan heretofore adopted by the Board of Docks,

and amended by the Board of Docks and the Commissioner of Docks, and approved by the Commissioners of the Sinking Fund.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate, in the above entitled proceeding, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands, pier or wharf property, or in any rights, privileges or interests pertaining thereto, affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our revised and corrected abstract of estimate as to Damage Parcels 5, 6, 9 and 10, and that all persons interested in this proceeding or in any of the uplands, lands, lands under water, pier and wharf property affected thereby, and having objections thereto, do file their said objections in writing, duly verified with us at our office, Room 80, 1521, Municipal Building, in the Borough of Manhattan, in the City of New York, on or before the 11th day of September, 1925, and that we the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at our said office on the 14th day of September, 1925, at 2 o'clock in the afternoon of that day.

Second—That said revised and corrected abstract as to Damage Parcels 5, 6, 9 and 10, together with our damage map, and also all the affidavits, estimates, proofs and other documents used by us in making our said abstract have been deposited in the Bureau of Street Opening in the Law Department of The City of New York, at the office of said Bureau, Municipal Building, in the Borough of Manhattan, in said City, there to remain until the 11th day of September, 1925.

Third—That, provided there be no objections filed to our said revised and corrected abstract as to Damage Parcels 5, 6, 9 and 10, our revised and corrected report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 6th day of October, 1925, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to our said revised and corrected abstract as to Damage Parcels 5, 6, 9 and 10, the motion to confirm our revised and corrected report herein will stand adjourned to a date to be hereafter specified, and of which notice will be given to all those who have heretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended.

Dated, New York, August 31, 1925.

SUPREME COURT—SECOND DEPARTMENT.

Filing Tentative Decree—Notice to File Objections.

In the Matter of Acquiring Title by The City of New York to certain lands and premises situated on the westerly side of 162D STREET (formerly Union avenue) between Jamaica avenue (Union street) and Shelton avenue, in the Borough of Queens, City of New York, duly selected as a site for a central fire house for the Fire Department of The City of New York according to law.

NOTICE IS HEREBY GIVEN TO THE OWNERS respectively entitled to or interested in the real property, title to which has been acquired in the above proceeding, and to all those whom it may concern, to wit: That the Supreme Court of the State of New York, at a Special Term for Trials, held in and for the County of Queens, at the County Court House, in the Borough of Queens, City of New York, has, after considering the testimony and proofs offered by The City of New York and the parties and persons who have appeared in the above proceeding, completed its estimate of the compensation which ought justly to be made by The City of New York to the respective owners of the real property so acquired, and has prepared a transcript of its estimate of the damages so ascertained and estimated. Said transcript of estimate is accompanied by the damage map used by said court upon the trial of said proceeding and states the several sums respectively estimated for each parcel shown on said damage map with the names of the owners so far as ascertained. Said transcript of estimate dated August 1, 1925, is signed by Hon. Norman S. Dike, Justice of the Supreme Court, presiding at the trial of the above proceeding, and said transcript, accompanied by said damage map, together with proofs upon which it is based, was filed in the office of the Clerk of the County of Queens on the 6th day of August, 1925, for the investigation of whomsoever it may concern.

NOTICE IS HEREBY GIVEN THAT THE CITY OF NEW YORK and any person or persons whose rights may be affected by said transcript of estimate, and who may object to the same, or any part thereof, may within fifteen (15) days after the first publication of this notice on September 8, 1925, set forth their objections to the same in writing, duly verified in the manner required by law for the verification of pleadings in an action, setting forth the real property owned by the objector, and his postoffice address, and file the same with the Clerk of the County of Queens, and within the same time serve upon the Corporation Counsel of The City of New York at his office, Room 1743, 17th floor, Municipal Building, Borough of Manhattan, City of New York, or if The City of New York files objections, serve upon the attorneys for the claimants a copy of such verified objections.

NOTICE IS HEREBY FURTHER GIVEN that on the 8th day of October, 1925, at 10 o'clock in the forenoon, or as soon thereafter as counsel can be heard thereon, the Corporation Counsel of The City of New York will apply to Hon. Norman S. Dike, Justice of the Supreme Court signing such transcript of estimate or tentative decree, at his chambers, at the County Court House, Borough of Brooklyn, New York City, to fix a time when the said Justice will hear the parties so objecting.

Dated, New York, September 8, 1925.

Application to Court to Condemn Property

In the Matter of Acquiring Title by The City of New York to certain lands and premises situated on the southerly side of 91ST AVENUE between 113th and 114th streets, Richmond Hill, Borough of Queens, City of New York, duly selected as a site for school purposes according to law.

PURSUANT TO THE STATUTES IN SUCH CASE MADE AND PROVIDED, notice is hereby given that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York, at a Special Term, Part I, thereof, for the hearing of motions, to be held in and for the County of Kings, at the County Court House, in the Borough of Brooklyn, City of New York, on the 16th day of September, 1925, at the opening of court on that day, or as soon thereafter as counsel can be heard thereon, to have the compensation which ought justly to be made to the respective owners of the real property proposed to be taken in the above proceeding ascertained and determined by said court without a jury.

The nature and extent of the improvement hereby intended is the acquisition of title in fee simple absolute by The City of New York to certain lands and premises, with the buildings thereon and appurtenances thereto belonging, situated on the southerly side of 91st avenue between 113th and 114th streets, Richmond Hill, in the Borough of Queens, City of New York, the same to be converted, appropriated and used as a site for school purposes. Said lands and

premises so to be acquired are bounded and described as follows:

"Beginning at the corner formed by the intersection of the southerly side of 91st avenue and the easterly side of 113th street, and running thence southerly along the easterly side of 113th street 214 feet to the southerly line of Lot No. 68; and thence easterly along the southerly line of Lot No. 68 100 feet to the center line of the block; thence again southerly along the center line of the block to the southerly line of Lot No. 1; thence again easterly along the southerly line of Lot No. 1 100 feet to the westerly side of 114th street; thence northerly along the westerly side of 114th street 220 feet to the southerly side of 91st avenue; thence westerly along the southerly side of 91st avenue 200 feet to the point or place of beginning, be the said several dimensions more or less, said premises being designated as Lots Nos. 1, 68, 71, 72, 74, 76, 79, 81, 83 and 86, in Block 268, Ward 4, on the tax maps of the Borough of Queens, together with all right, title and interest, if any, in and to the streets or avenue in front thereof to the center thereof, with the understanding that the southerly portion of the lands, as described above, will be taken in connection with the opening of 91st avenue from 114th street to 113th street, upon the closing of 91st avenue, as now laid out and in use between the said streets.

Dated, New York, August 31, 1925.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS ON WORK TO BE DONE FOR OR SUPPLIES TO BE FURNISHED TO THE CITY OF NEW YORK.

The person or persons making a bid for any service, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the bids will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid shall contain the name and place of residence of the person making the same, and the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making a bid for the same purpose, and is in all respects fair and without collusion or fraud and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereto, or clerk therein, or other officer or employee of The City of New York is, shall be, or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid must be verified by the oath, in writing, of the party or parties making the bid that the several matters stated therein are in all respects true.

No bid will be considered unless, as a condition precedent to the reception or consideration of such bid, it be accompanied by a certified check upon one of the State of National banks or trust companies of the City of New York, or a check of such bank or trust company signed by a duly authorized officer thereof, drawn to the order of the Comptroller, or money or corporate stock or certificate of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter. All bids for supplies must be submitted in duplicate.

The certified check or money should not be included in the envelope containing the bid, but should be either included in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid.

For particulars as to the quantity or quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department. No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in figures. Bidders are requested to make their bids upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to enclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done or the supplies are to be furnished. Plans and drawings of construction work may be seen there.
