THE CITY OF NEW YORK—MUNICIPAL ASSEMBLY.

BOARD OF ESTIMATE AND APPORTIONMENT.

Meeting of Friday, March 9, 1934.

The Board of Estimate and Apportionment Branch of the Municipal Assembly met pursuant to adjournment.

The Clerk called the roll, the following members being present: The Mayor; the Comptroller; the President of the Board of Aldermen; the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond.

Hon. Fiorello H. LaGuardia, the Mayor, presided.

The proceedings of the meeting held March 2, 1934, were approved.

On motion of the Mayor, and without objection, the rules of procedure were adopted for an additional period of thirty days.

On motion of the Chair, and without objection, the Mayor appointed a subcommittee consisting of the President of the Board of Aldermen and the President of the Borough of Manhattan to make a study of the rules of procedure.

The following message was received from the Board of Aldermen:

Communication, dated March 2, 1934, transmitting the following bills (two), certified as to passage on March 1, 1934, by the Board of Aldermen as a separate branch of the Municipal Assembly.

E. & A. Rec. No. 10 (B. of A. No. 6)—A local law authorizing the commissioner of buildings of the borough of Manhattan to reinstate Ermando P. Rubillo to the rank and grade he occupied and enjoyed prior to September fifteenth, nineteen hundred nineteen.

E. & A. Rec. No. 11 (B. of A. No. 10)—A local law to provide for the reassessment of the cost and expense of acquiring title to 219th street (Willow place) from 134th road (Broughton avenue) to 135th (5th) avenue, in the borough of Queens, city of New York.

—which, without objection, were referred to the Committee on Local Laws.

The Mayor moved that the Board stand in recess until called by the Chair, which, without objection, was so ordered.

The Board of Estimate and Apportionment Branch of the Municipal Assembly reconvened at 3.25 o'clock p. m.

The Clerk called the roll, the following members being present: The Mayor, the Comptroller; the President of the Board of Aldermen; the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond.

Hon. Fiorello H. LaGuardia, the Mayor, presided.

The Mayor introduced the following bill:

E. & A. Int. No. 16, Print No. 16—A local law to amend the Greater New York Charter, in relation to the foreclosure of tax liens and the right of the city of New York to purchase at a sale under such foreclosure or at any other judicial sale.

In connection with this bill, the Mayor thereupon presented the following message of necessity:

City of New York, Office of the Mayor.

To the Municipal Assembly of The City of New York:

It appearing to my satisfaction that the public interest requires it;

Therefore, in accordance with the provisions of section 13 of the City Home Rule Law and by virtue of the authority conferred upon me, I hereby certify to the necessity of the immediate passage of a proposed local law introduced in the Board of Estimate Branch of the Municipal Assembly by Mr. LaGuardia on March 9, 1934, entitled:

A local law to amend the Greater New York Charter, in relation to the foreclosure of tax liens and the right of the city of New York to purchase at a sale under such foreclosure or at any other judicial sale.

Given under my hand at the City Hall in the City of New York this 9th day of March, in the year of Our Lord one thousand nine hundred and thirty-four.

F. LA GUARDIA, Mayor.

The Mayor moved the passage of the bill, which was thereupon given its final reading.

The Chair then put the question whether the Board would agree to the passage of said bill, which, on roll call, was passed, receiving sixteen affirmative votes.

There being no further business, the Board, on motion unanimously adopted, adjourned to meet on Friday, March 16, 1934, at 10.30 o'clock a. m.

PEARL BERNSTEIN, Clerk.

BOARD OF ESTIMATE AND APPORTIONMENT.

Minutes of Meeting of the Board of Estimate and Apportionment Held in Room 16, City Hall, Friday, March 9, 1934.

The Board met in pursuance of an adjournment. Present—Fiorello H. LaGuardia, Mayor; W. Arthur Cunningham, Comptroller; Bernard S. Deutsch, President, Board of Aldermen; Samuel Levy, President, Borough of Manhattan; Raymond V. Ingersoll, President, Borough of Brooklyn; James J. Lyons, President, Borough of The Bronx; George U. Harvey, President, Borough of Queens, and Joseph A. Palma, President, Borough of Richmond.

The Mayor, Hon. Fiorello H. LaGuardia, presided.

Where no motion is recorded in the disposition of the following matters, the item was referred, as directed by the Chair, to which there was no objection.

Approval of Minutes (Cal. A).

The minutes of the meetings held February 16 and 26, 1934, as printed in the CITY RECORDS of March 1 and 3, 1934, respectively, were approved.

PUBLIC HEARINGS.

Statutory.

On Changes in the City Map.

Borough of Queens.

Hearing in the Matter of Changing the Map or Plan of the City of New York by Changing the Southwesterly Line of New York Boulevard in Such a Way as to Close and Discontinue a Narrow Strip of the Street Between Linden Boulevard and a Point Northwest of 116th Avenue, Borough of Queens (Cal. No. 1).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted February 9, 1934 (Cal. No. 14), and a report, dated February 5, 1934, of the Acting Chief Engineer (printed in the minutes of the meeting of February 9, 1934) recommending:

1. That a public hearing be given concerning the map, that the hearing be closed and approval of the plan be deferred until the owner or owners of the property abutting upon the strip of New York boulevard to be closed and discontinued have presented an instrument satisfactory as to form and sufficiency to the Corporation Counsel, agreeing—

(a) To release and save harmless The City of New York from any and all claims or cause of action for damages against the City incidental to the closing and discontinuing of New York boulevard as shown on the map.

(b) To waive all claims and rights to an award for building damage in the opening proceeding.

(c) To refund to The City of New York a sum of money, plus interest, representing the prorated portion of the award received from the City for the land acquired for street purposes which it is proposed to close and discontinue.

(d) To apply to the Commissioners of the Sinking Fund for a release of the City's interest in the strip of New York boulevard to be closed and discontinued.

(e) To agree that upon the removal of the present structure on the strip of land to be closed, the railway company will cede the strip to the City of New York for street purposes upon the relaying out thereof as a part of New York boulevard.

2. That after the conditions designed to protect the City's interest have been satisfactorily complied with, the map be approved, such action being predicated upon a determination by the Board that the strip of New York boulevard is no longer needed for a public purpose.

3. That following the approval of the map the President of the Borough of Queens be requested to release jurisdiction over the strip of New York boulevard closed and discontinued to the Commissioners of the Sinking Fund in order that it may be disposed of by that body to the owner or owners of the abutting property.

4. That a copy of the map be forwarded to the Commissioners of the Sinking Fund for their information.

Charles Shankroff; and C. J. Noyes, representing the Jamaica Central Railway Company, appeared in opposition.

No one else appeared.

On motion of the President of the Borough of Queens, the hearing was closed and on motion of his Honor the Mayor, the matter was laid over one week (March 16, 1934) pending presentation of waivers by property owners, etc.

Borough of Richmond.

Hearing in the Matter of Changing the Map or Plan of the City of New York by Laying Out a Public Beach Along the Shore of Lower New York Bay from the United States Government Reservation at Fort Wadsworth to the United States Government Aviation Field at New Dorp, Excluding an Area Reserved for the Entrance to New Creek; and by Changing the Pierhead and Bulkhead Lines of Lower New York Bay Within the Limits of the Proposed Public Beach, Borough of Richmond (Cal. No. 2).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted February 9, 1934 (Cal. No. 15), and a report, dated February 2, 1934, of the Acting Chief Engineer (printed in the minutes of the meeting of February 9, 1934) recommending:

1. That a public hearing be given concerning the map, that the hearing be closed and that approval thereof be deferred until the approval of the Commissioner of Docks has been obtained.

2. That the President of the Borough be requested to submit a supplementary plan providing for properly terminating the street system at the inshore boundary of the public beach.

3. That following approval of the map a resolution be adopted requesting the Secretary of War to modify the pierhead and bulkhead lines heretofore established for Lower New York Bay from the United States Government reservation at Fort Wadsworth to the United States Government Aviation Field at New Dorp to conform with the treatment shown upon the map presented, the application to be made through the New York Harbor Line Board.

The Secretary also presented a communication, dated March 3, 1934, from the Commissioner of Docks, returning the plan with his approval endorsed thereon and submitting the following suggestions:

1. That in order to avoid increased costs, the application to the Secretary of War for the modification of the bulkhead line be deferred until title to the proposed public beach is vested in the City.

2. That consideration be given to providing commercial facilities in the vicinity of Lincoln avenue.

3. That consideration be given to obtaining the approval of the army authorities in charge of the Miller Field Air Coast Defense.

4. That consideration be given to condemning riparian rights of the owners bound upon New Creek in order that a continuous beach may be provided.

Charles Shankroff appeared in opposition.

The following appeared in favor:

James Graham, property owner; Art Hedquist, Secretary of the Chamber of Commerce; Robert Molinari, representing United Civic League of Staten Island, and George Gatz and Charles Neu, representing the Midland Beach Colony Club.

No one else appeared.

On motion of his Honor the Mayor, the hearing was closed, the matter laid over one week (March 16, 1934) and the Secretary was directed to request the Commissioner of Docks to submit to the members of this Board an explanation of his suggestions with regard to the proposed map change.

On Franchises.

Hearing on the Form of Contract for the Grant of a Franchise to Green Bus Lines, Inc., to Maintain and Operate Motor Omnibuses on Routes M-1 (Madison and Chambers Streets) and M-3 (49th Street and 50th Street), Borough of Manhattan (Cal. No. 3).

(On February 9, 1934 (Cal. No. 18), the Board adopted a resolution fixing this day as the date for a public hearing on the proposed form of contract.)

Affidavits of publication were filed prior to the hearing.

Jacob I. Goodstein, representing the East Side Omnibus Corporation, appeared.

No one else appeared.

On motion of the President of the Board of Aldermen the hearing was continued until April 5, 1934.

Hearing on the Form of Contract for the Grant of a Franchise to Green Bus Lines, Inc., to Maintain and Operate Motor Omnibuses on Routes M-2 (Spring and Delancey Streets), M-4 (79th Street), M-5 (86th Street) and M-6 (96th Street), Borough of Manhattan (Cal. No. 4).

(On February 9, 1934 (Cal. No. 20), the Board adopted a resolution fixing this day as the date for a public hearing on the proposed form of contract.)

Affidavits of publication were filed prior to the hearing.

M. B. Greenberg, representing the Green Bus Lines, Inc., appeared.

No one else appeared.

On motion of the President of the Board of Aldermen the hearing was continued until April 5, 1934.

Miscellaneous Hearings.

Borough of The Bronx.

Hearing on a Proposed Amendment of the Use District Map, Sections Nos. 1, 3 and 6, by Changing from a Residence District and a Business District to a Retail District, the Property Abutting Upon Grand Boulevard and Concourse from East 161st Street to a Line North of Bedford Park Boulevard on the Westerly Side, and to the Centre Line of East 201st Street on the Easterly Side, Etc., Borough of The Bronx (Cal. No. 5).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted December 16, 1932 (Cal. No. 176), fixing January 20, 1933, as the date for a public hearing and a report, dated December 9, 1932, of the Chief Engineer (printed in the minutes of the meeting of December 16, 1932), expressing the opinion that the Concourse should not be zoned for business uses. In recognition, however, of the unusually substantial sentiment in favor of the change on behalf of the owners of the property directly affected, as well as in view of the business development which now exists, the Board may desire as a compromise measure to consider the establishment of a retail district and in this event he suggested that in order to more fully develop the merits of the case a public hearing be given relating to a change from a residence district to a business district to a retail district for the section of the Concourse extending from East 161st street to a line 100 feet north of Bedford Park boulevard on the westerly side and to the centre line of East 201st street on the easterly side, together with incidental changes

from residence and business districts to retail and business districts in the immediately adjacent blocks, exclusive of the park properties adjoining the Concourse, and as more particularly shown upon a diagram accompanying the report.

The Secretary also presented:

(1) Report, dated December 7, 1932, of the Commissioner of City Planning (printed in the minutes of the meeting of December 16, 1932 (Cal. No. 176), making certain recommendations and suggesting that a date be set for a public hearing.

(2) Communication, dated January 16, 1933, from the Fordham-Bedford Community Council, in opposition to the rezoning of the Grand Boulevard and Concourse from a residence to a business district.

(3) Communication, dated February 18, 1933, from the Bronx Board of Trade, in favor of rezoning as a retail district Grand Concourse from East 161st to East 201st street.

(4) Memorandum, dated March 20, 1933, from the Chief Engineer, stating that acknowledged protests to the proposed change have been received from two property owners, the Land Estates, Inc., and the Liberard Holding Corporation, also from the New York Title and Mortgage Co., as guarantor of mortgage certificates for \$13,000,000 covering property fronting upon Grand Boulevard and Concourse. The holdings of the individual owners represent one per cent. of the frontages proposed to be altered which is insufficient to require a unanimous vote of the Board in order to make the change effective.

(5) Statement submitted by Dr. J. Lewis Amster, President of the Grand Concourse Association, Inc., in favor.

(6) Protests submitted by John Carrington Yates, representing Vincent Astor.

(7) Petition favoring the change from the Taxpayers Alliance of The Bronx.

(8) Protest (undated), from Milton Kleban and others to the inclusion of Grand Boulevard and Concourse from 161st street to 167th street, in the change.

(9) Memorandum, dated April 3, 1933, from the Chief Engineer, stating that additional protests to the proposed change have been received from John Carrington Yates, agent for Vincent Astor; Louis E. Kleban & Son, Inc., Walton-164th Street Corporation, Bronx Maternity Hospital, 955 Walton Avenue Corporation, Frank J. Miehfeld, Nyleo Realty Co., Inc., and the Andrew Freedman Home, but the signatures of the protestants are not acknowledged. These protests, in addition to those previously received, represent four per cent. of the frontages proposed to be altered, which is insufficient to require a unanimous vote of the Board in order to make the change effective.

The memorandum further stated that a communication, dated March 24, 1933, had been received from the Grand Concourse Association, Inc., stating that all owners of Concourse property have received a questionnaire with reference to the proposed change of zone and that there have been filed with the Board 211 replies favoring the proposed change from the owners of 80 per cent. of the entire Concourse frontage.

(10) Communication, dated April 7, 1933, from the Grand Concourse Association, in favor.

(11) Verified protests of property owners.

(12) Memorandum, dated April 24, 1933, from the Chief Engineer, stating that seven additional protests to the proposed change have been received, some of which are improperly acknowledged. These protests, with those previously received represent seven per cent. of the frontages proposed to be altered which is insufficient to require a unanimous vote of the Board in order to make the change effective.

The Chief Engineer stated that a communication, dated April 19, 1933, has been received from the President of the Borough of The Bronx, submitting a list of new property owners along the Concourse who favor the proposed change and three additional petitioners. The petitioners now represent 61 per cent. of the total frontages proposed to be changed.

(13) Communication (additional), dated April 27, 1933, from the President of the Borough of The Bronx, submitting additional list of petitioners in favor of rezoning.

(14) Memorandum, dated January 8, 1934, from the Chief Engineer, stating that in several communications received from the President of the Borough of The Bronx, he has transmitted the names of property owners along the Concourse who have requested the amendment. The holdings of these owners represent 63 per cent. of the area proposed to be changed.

Protests objecting to the proposed change have been received from 17 property owners. Their holdings represent 8 per cent. of the area proposed to be changed, which is insufficient to require a unanimous vote of the Board in order to make the amendment effective.

(On January 20 (Cal. No. 12), February 17 (Cal. No. 7), March 24 (Cal. No. 16), April 7 (Cal. No. 6), April 28, 1933 (Cal. No. 8), January 12, 1934 (Cal. No. 13), the hearing was continued; on the latter date to this meeting, and referred to the Committee on City Plan and Public Improvements.)

No one appeared in opposition to or in favor of the proposed change.

On motion of the President of the Borough of The Bronx, the Committee on City Plan and Public Improvements was discharged from further consideration of this matter; the hearing was closed and the matter referred to the President of the Borough of The Bronx, without prejudice.

Borough of Queens.

Hearing on a Proposed Amendment of Use District Map, Section No. 30, by Changing from a Residence to a Business District the Property Abutting Upon the Northernly Side of Ocean Promenade from a Line West of Beach 116th Street to Beach 121st Street, Borough of Queens Cal. No. 6).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted February 9, 1934 (Cal. No. 16), and a report, dated January 30, 1934, of the Acting Chief Engineer (printed in the minutes of the meeting of February 9, 1934), recommending the amendment of Use District Map, Section No. 30, by changing from a residence to a business district the property abutting upon the northernly side of Ocean promenade to a depth of 100 feet from a line 100 feet west of Beach 116th street to Beach 121st street.

(On February 9, 1934 (Cal. No. 16), this matter was also referred to the Committee on City Plan and Public Improvements.)

The Committee on City Plan and Public Improvements, which considered the matter at its meeting held on February 21, 1934, recommended approval of the amendment in accordance with the report of the Acting Chief Engineer.

The Secretary also presented:

(1) Communication, dated March 6, 1934, from the Commissioner of Parks, urging that this Board deny the above application, inasmuch as the property sought to be changed adjoins the northernly side of the boardwalk, which is under the jurisdiction of the Park Department and not under the jurisdiction of the Borough President, who recommended the change. Furthermore, this property was given to the City under the condition that it would be kept forever open, to preserve light, air and access to the ocean to the property owners adjoining it on the north. The proposed change, therefore, is contrary to the terms of the original deed of gift, jeopardizing to the title of the City to this land as well as contrary to proper zoning principles affecting areas adjacent to parks.

(2) Communication, dated March 6, 1934, from Clinton T. Roe, requesting an opportunity to be heard.

Clinton T. Roe, representing property owners, appeared and stated that he would consent to the withdrawal of the petition on behalf of his clients. Thereupon the President of the Borough of Queens withdrew the matter.

No one else appeared.

On motion of the President of the Borough of Queens, the hearing was closed and the matter was ordered filed.

Informal Hearings.

Informal Hearing in the Matter of the Selection of a Site for a Civic Centre, Borough of Queens (Cal. No. 7).

(On January 19, 1934 (Cal. No. 55), the matter was laid over until January 26, 1934.)

The Secretary presented a report, dated January 13, 1934, of the Chief Engineer (printed in the minutes of the meeting of January 26, 1934), stating that the Borough President has informally urged that this matter be considered by the Board in order that an application may be made to the Federal government for funds to finance the project. The Borough President and civic organizations have submitted for consideration proposed sites at Long Island City, Thomson Hill, Juniper Valley, Elmhurst, Kew Gardens, Jamaica and at the Parental Home. These sites vary in area from seven

acres to about 175 acres and the assessed valuations vary from about \$200,000 to \$5,000,000.

In view of the present financial situation, it is doubtful if the City is in a position to purchase land for a civic centre, and it is believed that the Federal government would not advance funds for this purpose. On the basis of this assumption the development of the Parental Home site, which has an area of about 38 acres, would appear to be the only site that could be proceeded with immediately and even in this event the land would have to be released by the Board of Education.

Through the absence of proper City planning, adequate civic centres have not been provided in any of the Boroughs, but in the Boroughs of Queens and Richmond there are still large undeveloped areas where sites could still be obtained at a reasonable cost, and proper planning would appear to clearly dictate the necessity of giving this question serious consideration.

The Chief Engineer expressed the opinion that under existing conditions the Board should determine the following questions:

1. Is it desired to construct a civic centre in the Borough of Queens at the present time through an application for Federal funds to finance the project?

2. Are there funds available to purchase land for a site for a civic centre?

3. If no funds are available to purchase a site, does the Board favor the selection and improvement of the Parental Home site?

The Committee of the Whole, to which this matter was referred on January 26, 1934 (Cal. No. 55), directed that it be restored to the calendar for the meeting of February 9, 1934, for the purpose of fixing March 9, 1934, as the date for an informal hearing on the question of the selection of a site.

(On February 9, 1934 (Cal. No. 17), a resolution was adopted fixing this day as the date for an informal public hearing.)

On motion of his Honor the Mayor the Board resolved itself into the Committee of the Whole (the Comptroller presiding) for the purpose of conducting an informal hearing on this matter.

When the Board resumed in session his Honor the Mayor, on behalf of the Committee of the Whole, which considered the matter, as well as communications, maps, etc., relative thereto at the informal hearing, at which numerous persons appeared and were heard, announced that it had come to no conclusion and recommended that the matter remain in said Committee.

On motion of his Honor the Mayor the informal hearing was closed and the matter referred back to the Committee of the Whole.

Informal Hearing on the Petition of Elizabeth V. B. Slattery, Submitted by Messrs. Nevius, Brett & Kellogg, Attorneys, Requesting Reconsideration of the Action Taken by This Board on December 22, 1933 (Cal. No. 73), Denying Her Application for an Accidental Death Pension as the Beneficiary of John R. Slattery, Deceased, Member of the Retirement System, and Requesting a Hearing Upon the Grounds Set Forth in Her Petition (Cal. No. 8).

(On February 2, 1934 (Cal. No. 14), the Board adopted a resolution fixing this day as the date for an informal hearing, and the matter was referred to the Corporation Counsel.)

The Secretary presented:

(1) Report, dated March 1, 1934, of the Corporation Counsel, advising that the Board of Estimate and Apportionment has no power to reopen and reconsider the action taken by the prior Board on December 22, 1933, denying the application of the petitioner for an accidental death pension and stating that the decision of the Appellate Division, under the Workmen's Compensation Law, appears not to be conclusive upon the Board of Estimate and Apportionment under the Retirement Law.

(2) Findings, dated May 24, 1933, of the State Industrial Board, submitted by Franklin Nevius, attorney, representing Elizabeth V. B. Slattery.

The following appeared:

Franklin Nevius, representing petitioner; Ralph L. Van Name, representing New York City Employees' Retirement System; John H. Delaney, Chairman of the Board of Transportation; and Stewart Browne, President of the United Real Estate Owners' Association.

On motion of his Honor the Mayor, the informal hearing was closed; the matter was laid over until April 27, 1934, and referred to the Corporation Counsel for opinion.

Note—The attorney for the petitioner is to submit brief to this Board which, when received, is to be referred to the Corporation Counsel.

Fixing Dates for Future Hearings.

Street System—Territory Bounded by Palisade Avenue, West 254th Street, Sycamore Avenue, West 249th Street, Independence Avenue, West 247th Street and Its Westerly Prolongation and West 248th Street, Borough of The Bronx—Changing and Establishing Lines and Grades and Discontinuing (Cal. No. 9).

(On December 8, 1933 (Cal. No. 178), this matter was referred to the Chief Engineer of the Board.)

The Secretary presented a communication, dated November 14, 1933, from the Acting President of the Borough of The Bronx, herein, and the following report of the Acting Chief Engineer:

Report No. 50032.

February 21, 1934.

Hon. FIORELLO H. LAGUARDIA, Mayor, Chairman, Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on December 8, 1933 (Cal. No. 178), the Chief Engineer was instructed to submit a report concerning a map providing for changing and establishing the lines and grades of the street system within the territory bounded approximately by Palisade avenue, West 254th street, Sycamore avenue, West 249th street, Independence avenue, West 247th street and its westerly prolongation, including discontinuing of portions of West 248th street and Sycamore avenue, Borough of The Bronx, which was made the subject of a communication addressed to the Board by the Acting President of the Borough under date of November 14, 1933.

The map provides for discontinuing the lines of West 248th street as heretofore established from Palisade avenue to Independence avenue; for re-establishing them in a position ranging from coincidence with the present lines where they intersect Independence avenue to a maximum of about 225 feet southerly thereof at Palisade avenue; for discontinuing Sycamore avenue from West 247th street to West 249th street; and for establishing a block dimension heretofore lacking on the southerly side of West 254th street from Palisade avenue to Sycamore avenue.

Grades are proposed for the new West 248th street conforming reasonably close to the existing surface considering the rugged topography of this territory. A slight adjustment in the established elevations at the intersection with Palisade avenue is also proposed for the purpose of conforming more closely with existing conditions.

An inspection shows that the portion of West 248th street proposed to be discontinued embraces a private road (Spauldings lane), which is paved and used at widths ranging from 20 to 40 feet; that Palisade avenue is used south of West 248th street at a width of about 30 feet; but that the other streets affected are not marked upon the ground and no buildings are adversely affected.

The President of the Borough advises that the proposed change was approved by the Local Board of Van Courtlandt on June 21, 1933. The engineer for the owners of property abutting the new street states in a communication addressed to your engineer under date of February 1, 1934, that the purpose of the map is to lay out a street bisecting this property and to provide a layout which will afford a better grade and conform more closely to topographical conditions than the established layout. He also states that the owner of the property on the north side of Spauldings lane, the present 248th street, joined in the petition to discontinue the street; is aware of the effect on her property; and is a part owner of the property abutting the proposed new street.

The proposed layout of West 248th street will permit of a more advantageous development of the abutting property, but will have the effect of impairing access and egress from the private road (Spauldings lane) embraced within the present lines of West 248th street when the new street is physically improved, but, in view of what is understood to be the attitude of owners affected by the change, I can see no objection to affording the map favorable consideration, providing the interests of the City are favorably protected. The City has not acquired title to either of the streets proposed to be discontinued.

I would recommend that a public hearing be given concerning the map; that the hearing be closed and that formal approval be deferred until the owner or owners of all the property abutting the portion of West 248th street proposed to be discontinued

have submitted an instrument satisfactory in form and sufficiency to the Corporation Counsel—

(a) Certifying they are the owner or owners of property having the right to use the existing private road embraced within the lines of West 248th street as heretofore established, and that the proposed change in the location of West 248th street is satisfactory to them.

(b) Agreeing to release and discharge The City of New York from any and all claims or causes of action for damages against the City incidental to the relocation of West 248th street. Respectfully, VERNON S. MOON, Acting Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of the City of New York, by changing and establishing the lines and grades of the street system within the territory bounded approximately by Palisade avenue, West 254th street, Sycamore avenue, West 249th street, Independence avenue, West 247th street and its westerly prolongation, including discontinuing portions of West 248th street and Sycamore avenue, Borough of The Bronx, in accordance with a map bearing the signature of the Secretary of the Board of Estimate and Apportionment and dated November 14, 1933.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on Friday, April 13, 1934, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions, and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD for 10 days continuously, Sundays and legal holidays excepted, prior to the 13th day of April, 1934.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Little Neck Parkway from the Boundary Line Between the City of New York and Nassau County to Northern Boulevard, Borough of Queens—Changing Lines and Grades (Cal. No. 10).

(On March 4, 1932 (Cal. No. 159), this matter was referred to the Chief Engineer of the Board.)

The Secretary presented a communication, dated January 20, 1932, from the Acting President of the Borough of Queens, herein, and the following report of the Acting Chief Engineer:

Report No. 48109.

March 5, 1934.

Hon. FIORELLO H. LAGUARDIA, Mayor, Chairman, Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on March 4, 1932 (Cal. No. 159), the Chief Engineer was instructed to submit a report concerning a map providing for changing the lines and grades of Little Neck parkway from the boundary line between the City of New York and Nassau County to Northern boulevard, Borough of Queens, which was made the subject of a communication addressed to the Board by the Acting President of the Borough under date of January 20, 1932.

The map provides for widening Little Neck parkway from 60 feet, as heretofore laid out, generally to 80 feet between 38th avenue and Depew avenue and for modifying the lines where heretofore laid out 80 feet wide between the City line and 38th avenue, in order to provide a uniform width between the City line and Depew avenue, to lessen damage to buildings and to improve the alignment. The width now proposed conforms with the recommendation contained in Report No. 4566, dated January 27, 1931, of the Chief Engineer concerning the matter of acquiring title to Little Neck parkway from Depew (Deppe) avenue to the City line at Nassau County, a proceeding for which was authorized by the Board on March 6, 1931. An amendment of this proceeding will be required if the map is approved. The grade changes are incidental to the change in lines.

The section of the street now under consideration together with continuing sections will ultimately provide an important cross-Borough thoroughfare extending from the Nassau County line southwardly to Hillside avenue. The spur of Little Neck parkway extending eastwardly from 250th street to Northern boulevard is to be retained 60 feet wide as heretofore laid out, which width would appear to be adequate as practically all of the north and south traffic will ultimately follow the 250th street, Marathon parkway route.

An inspection shows that Little Neck parkway is paved part width and that sidewalks have been constructed through short sections. With the exception of one 2½-story dwelling apparently no buildings encroach.

The Long Island Railroad crosses Little Neck parkway at grade between 39th avenue and 39th road. The railroad area is to be excluded from consideration until such time as necessity warrants the widening and construction of a bridge at this crossing.

The map appears to be a proper one and its approval is recommended after a public hearing with the understanding that the proceeding for acquiring title to Little Neck parkway will be amended to relate to the lines of the street as shown upon the map and with the further understanding that 250th street between Depew avenue and Northern boulevard will be laid out and widened to form an adequate connection between Little Neck parkway and Marathon parkway.

Respectfully, VERNON S. MOON, Acting Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of the City of New York, by changing the lines and grades of Little Neck parkway from the boundary line between The City of New York and Nassau County to Northern boulevard, Borough of Queens, in accordance with a map bearing the signature of the President of the Borough and dated December 30, 1931.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on Friday, April 13, 1934, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions, and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD for 10 days continuously, Sundays and legal holidays excepted, prior to the 13th day of April, 1934.

125th Street from 111th Avenue to Linden Boulevard, Borough of Queens—Changing Grades (Cal. No. 11).

(On February 9, 1934 (Cal. No. 39), this matter was referred to the Acting Chief Engineer of the Board.)

The Secretary presented a communication, dated January 26, 1934, from the Acting President of the Borough of Queens, herein, and the following report of the Acting Chief Engineer:

Report No. 50047.

March 3, 1934.

Hon. FIORELLO H. LAGUARDIA, Mayor, Chairman, Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on February 9, 1934 (Cal. No. 39), the Chief Engineer was instructed to submit a report concerning a map providing for changing the grades of 125th street from 111th avenue to Linden boulevard, Borough of Queens, which was made the subject of a communication addressed to the Board by the Acting President of the Borough under date of January 26, 1934.

The map relates to one block or a length of 600 feet of this street and provides for adjusting the grades to more nearly conform to existing surface improvements, resulting in changes ranging from about ¼ of a foot above to about one foot below the established street elevations and in one instance in an extremely flat gradient for a short section of the street. Adequate surface drainage, however, can be supplied by the installation of special gutter treatment.

An inspection shows that 125th street is roughly graded and flagged. The abutting property is fully developed and improved with two-story dwellings and stores erected in conformity with the existing street surface which will be benefited by the grades proposed.

The map appears to be a proper one and its approval is recommended after a public hearing. Respectfully, VERNON S. MOON, Acting Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of the City of New York, by changing the grades of 125th street from 111th avenue to Linden boulevard, Borough of Queens, in accordance with a map bearing the signature of the President of the Borough and dated December 8, 1933.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on Friday, April 13, 1934, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions, and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD for 10 days continuously, Sundays and legal holidays excepted, prior to the 13th day of April, 1934.

Steinway Creek; and Bowery Bay and Flushing Bay from Steinway Creek to Harper Avenue, Borough of Queens—Changing and Establishing Pierhead and Bulkhead Lines (Cal. No. 12).

(On March 2, 1934 (Cal. No. 52), this matter was referred to the Acting Chief Engineer of the Board.)

The Secretary presented a communication, dated February 10, 1934, from the Acting President of the Borough of Queens, herein, and the following report of the Acting Chief Engineer:

Report No. 50057.

March 5, 1934.

Hon. FIORELLO H. LAGUARDIA, Mayor, Chairman, Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on March 2, 1934 (Cal. No. 52), the Chief Engineer was instructed to submit a report concerning a map providing for changing and establishing the pierhead and bulkhead lines of Steinway Creek; and of Bowery Bay and Flushing Bay from Steinway Creek to Harper avenue, Borough of Queens, which was made the subject of a communication addressed to the Board by the Acting President of the Borough under date of February 10, 1934.

The harbor lines of Steinway Creek north of 19th avenue and of Bowery Bay and Flushing Bay have been established by the Secretary of War at various dates between 1891 and 1921, but only disconnected portions have been incorporated on the City plan.

The map under consideration provides for establishing the harbor lines, where not heretofore established; for discontinuing the present bulkhead lines of Bowery Bay and Flushing Bay from Steinway Creek to a point about 1,400 feet southwest of Harper avenue; for establishing a new bulkhead line 500 feet further offshore extending from Steinway Creek in southeasterly, northeasterly and southeasterly directions to an angle located about 650 feet northwest of the easterly boundary of the North Beach Airport, thence continuing to an intersection with the established pierhead line at a point about 1,050 feet east of the airport boundary; for converting the present pierhead line to a combined pierhead and bulkhead line from the intersection just described to a point hereinbefore mentioned 1,400 feet southwest of Harper avenue, and for correcting established angles and dimensions at various points.

The City has acquired title to the land fronting on Flushing Bay between lines about 1,600 feet and 7,500 feet east of the airport and a proceeding for acquiring title to the intervening property, for use in developing Grand Central parkway extension, is under consideration. Information has also been presented to show that permission has been granted by the War Department to the Curtiss Airport Corporation and to other owners further west to fill their property inshore of the proposed bulkhead lines.

Harbor line maps indicate that the depth of water inshore of the proposed bulkhead lines ranges from 2 to 4 feet at mean low water and that the shallow water extends offshore for a considerable distance.

The proposed changes in the harbor lines do not appear to adversely affect the interests of commerce and navigation but it will be necessary to obtain the consent of the Secretary of War before the plan can be made effective. The approval of the Commissioner of Docks has been obtained.

I would recommend:

1. That the map be approved after a public hearing.
2. Following approval of the map a resolution be adopted requesting the Secretary of War to modify the pierhead and bulkhead lines heretofore established for Steinway Creek; and for Bowery Bay and Flushing Bay from Steinway Creek to Harper avenue, to conform with the treatment shown upon the map presented, the application to be made through the New York Harbor Line Board.

Respectfully, VERNON S. MOON, Acting Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of the City of New York, by changing and establishing the pierhead and bulkhead lines of Steinway Creek, and of Bowery Bay and Flushing Bay from Steinway Creek to Harper avenue, Borough of Queens, in accordance with a map bearing the signature of the President of the Borough and dated January 15, 1934.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on Friday, April 13, 1934, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions, and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD for 10 days continuously, Sundays and legal holidays excepted, prior to the 13th day of April, 1934.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Territory Bounded by Sheridan Square, Barrow Street and a Line East of 7th Avenue South, Borough of Manhattan—Amendment of Building Zone Resolution by Changing Use Restrictions (Cal. No. 13).

(On March 2, 1934 (Cal. No. 37), this matter was referred to the Acting Chief Engineer of the Board.)

The Secretary presented a verified petition of the M. Hallanan Realty Corporation; protests of property owners, herein, and the following report of the Acting Chief Engineer:

Report No. 50056.

March 5, 1934.

Hon. FIORELLO H. LAGUARDIA, Mayor, Chairman, Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on March 2, 1934 (Cal. No. 37), the Chief Engineer was instructed to submit a report concerning the petition of the M. Hallanan Realty Corporation requesting a change from a residence to a business district for the property bounded by Sheridan square, Barrow street and a line 100 feet east of 7th avenue, in the Borough of Manhattan.

At the same time protests were submitted by three property owners objecting to the proposed change. The signatures of the protestants were sworn to but not acknowledged, and although their holdings are located on the southerly side of Barrow street, they are not directly opposite the property sought to be changed and therefore not directly affected by the change.

The petitioner owns 82 per cent. of the area under consideration and states that it is desired to use the property for business purposes. Evidence has been presented

indicating that the rule of the Board regarding the posting and service of notices has been complied with.

Upon the use map the property in question is zoned as a residence district and the opposite frontages of Barrow street and Sheridan square are similarly zoned. The adjacent property fronting upon 7th avenue is unrestricted. The only exception to the existing zoning granted by the Board of Appeals in the area under consideration is the gored corner of a lot located at the southwesterly corner of Sheridan square and Grove street which extends about 20 feet into the residence district, and permission was granted to erect a bank building covering the entire lot.

An inspection shows that the property sought to be changed is fully improved with a hotel and four old buildings used as dwellings or apartments. A real estate office occupies the ground floor at the corner of Sheridan square and Barrow street. The opposite side of Sheridan square is improved by modern apartment buildings, one of which contains a store on the ground floor fronting upon Grove street. The southerly side of Barrow street directly opposite the area sought to be changed is occupied by an eight-story loft building said to be largely used for printing offices and two buildings used as night clubs, to the west of which are dwellings, apartment buildings and a community house. In the adjacent unrestricted district there are dwellings, apartment buildings, stores, night clubs and a gasoline service station.

In 1920 a petition was submitted requesting a change from a residence to a business district for the frontages of Sheridan square including most of the property now under consideration. The Chief Engineer recommended the change but the petition was later withdrawn. In 1924 a petition requesting a change from an unrestricted to a business district for a considerable portion of Varick street and 7th avenue, including the area adjacent to that now sought to be changed, was denied by the Board. The Chief Engineer recommended such action since 7th avenue was laid out so that it cut diagonally across the existing street system and thus gored most of the lots, and it was felt that the zoning should offer the maximum encouragement for developing the frontages of this street.

The area now sought to be changed consists of a triangular shaped plot comprising about one-quarter of the block bounded by Sheridan square, Barrow street and 7th Avenue South, the remainder of which is unrestricted. Although the opposite side of Barrow street is zoned for residence use the frontages directly opposite those under consideration are used entirely for business purposes. Under these conditions it is felt that the property sought to be changed has become undesirable for strictly residence purposes and therefore the request of the petitioner appears reasonable.

I would recommend the amendment of Use District Map, Section No. 12, by changing from a residence to a business district the territory bounded by Sheridan square, Barrow street and a line 100 feet east of 7th Avenue South.

Respectfully, VERNON S. MOON, Acting Chief Engineer.

90th Avenue from the Rockaway Beach Division of the Long Island Railroad to 102d Street, Borough of Queens—Amendment of Building Zone Resolution by Changing Use Restrictions (Cal. No. 14).

(On January 19 (Cal. No. 75), and February 2, 1934 (Cal. No. 40), these matters were referred to the Acting Chief Engineer of the Board.)

The Secretary presented a verified petition of the Carl Follen Holding Corporation and others, acknowledged protests of property owners, herein, and the following report of the Acting Chief Engineer:

Report No. 50035. February 23, 1934.

Hon. FIORELLO H. LAGUARDIA, Mayor, Chairman, Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on January 19, 1934 (Cal. No. 75), the Chief Engineer was instructed to submit a report concerning the petition of the Carl Follen Holding Corporation and 40 other property owners requesting a change from an unrestricted and a business district to a residence district for 90th avenue from the Rockaway Beach Division of the Long Island Railroad to 102d street, in the Borough of Queens.

On February 2, 1934 (Cal. No. 40), acknowledged protests were submitted by four property owners objecting to the proposed change. They state that their property is adjoined by industrial establishments and the proposed change of zone would cause them substantial damage. Their holdings represent 20 per cent. of the area sought to be changed, which is sufficient to require a unanimous vote of the Board in order to make the change effective.

The petitioners own 74 per cent. of the area under consideration as well as most of the immediately adjacent area to the north and south and the opposite corners of 102d street. Evidence has been presented indicating that they have complied with the rules of the Board regarding the posting and service of notices.

Upon the use map 90th avenue is zoned as a business district for a distance of 100 feet west of 102d street and as an unrestricted district for the remaining distance to the railroad, the right-of-way of which is also unrestricted. The property to the north is zoned as a residence district while that to the south is unrestricted with the exception of the business district relating to 102d street. The easterly side of 102d street is zoned as a business district, to the east of which there is a residence district. Upon the area map the property in question is located in a D area district.

An inspection shows that the property sought to be changed is fully improved with 16 detached dwellings and the frontages east of 102d street are in general similarly improved. There are dwellings and apartment buildings on 102d street. 100th street, laid out adjacent to the railroad, is not defined upon the ground and the street area is occupied by a dwelling fronting upon 90th avenue and a brick bakery building fronting upon 91st avenue. The tracks of the Long Island Railroad are carried upon an embankment about 10 feet above the grade of 90th avenue.

When the zoning resolution was adopted in 1916, the territory south of Jamaica avenue between the Long Island Railroad and 102d street, including the property sought to be changed, was zoned as an unrestricted district, evidently for the reason that in general, areas adjacent to railroad lines are considered particularly adaptable for garages, coal yards and other industrial uses essential in every community. In this case, however, it would be difficult to obtain sidings as the railroad is on an embankment. In the case of 90th avenue no industrial development has taken place. Immediately in the rear of the southerly side of 90th avenue, however, there are a garage, a gasoline station and a bakery.

In 1922, the westerly side of 102d street from Jamaica avenue to 91st avenue was changed from an unrestricted district to a business district and 89th avenue from the railroad to 102d street was changed from an unrestricted district to a residence district as the result of petitions from property owners requesting these changes. In the case now under consideration the change is requested by the owners of three-quarters of the area involved. While 102d street is zoned for business, it is developed largely along residential lines.

The principal question at issue would appear to be, is it reasonable to retain business and unrestricted designations for property developed entirely along residential lines when a large majority of the owners desire to protect their holdings from business or industrial uses? The opinion is expressed that the conditions outlined in this report justify the request that the zoning be changed to conform with the existing use of the property.

I would recommend the amendment of Use District Map, Section No. 18, by changing from an unrestricted and a business district to a residence district the property abutting upon both sides of 90th avenue, to a depth of 100 feet, from the Rockaway Beach Division of the Long Island Railroad to 102d street.

Respectfully, VERNON S. MOON, Acting Chief Engineer.

The Secretary presented a verified petition of Henry Moskowitz and others, herein, and the following report of the Acting Chief Engineer:

Report No. 50029.

February 20, 1934.

Hon. FIORELLO H. LAGUARDIA, Mayor, Chairman, Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on March 24, 1933 (Cal. No. 177), there was presented the petition of Henry Moskowitz and several other property owners, for relief from assessment in the proceeding for acquiring title to 54th (1st) street from Northern boulevard (Jackson avenue) to Woodside avenue, subject to the right, if any, of the New York Connecting Railroad Company, and of the Long Island Railroad Company, Borough of Queens.

This proceeding was authorized by resolutions of the Board, adopted on May 24, 1928, and amended November 7, 1929, with provision for assessing the entire cost upon a local area extending to the middle line of the blocks on each side of the street.

The proceeding relates to four blocks, or a length of about 2,100 feet of 54th street which has been assigned a width, generally, of 60 feet. To admit of carrying out sewer construction, title has been vested in the City to the two blocks between 37th avenue and 39th avenue and to two individual parcels at Broadway in connection with construction of the rapid transit line in Broadway.

The tentative decree of the court in the proceeding shows that the total estimated cost is about \$69,000, of which about \$34,000 is the total award for lands, about 19,000 the total awards for improvements, and the remainder, or about \$16,000, interest charges, incidental expenses and contingencies. The court proposes to place upon The City of New York one-third of the building damage, or about \$6,383, representing about nine per cent. of the entire cost of the proceeding, and to assess the remaining cost upon the frontage at the rate of about \$1,000 per lot, 25 feet by 100 feet, where a complete new opening is provided, at a rate of about \$600 where a widening is effected, and at rates ranging from about \$70 to about \$300 per lot where dedication to the full mapped width of the street has been established.

The petitioners allege that the assessments proposed to be levied on their lands are confiscatory, that unless substantial relief is granted it will be impossible for them to pay the assessments. They accordingly request that the cost of this proceeding be paid out of the General Tax Budget or that the assessments be otherwise substantially reduced.

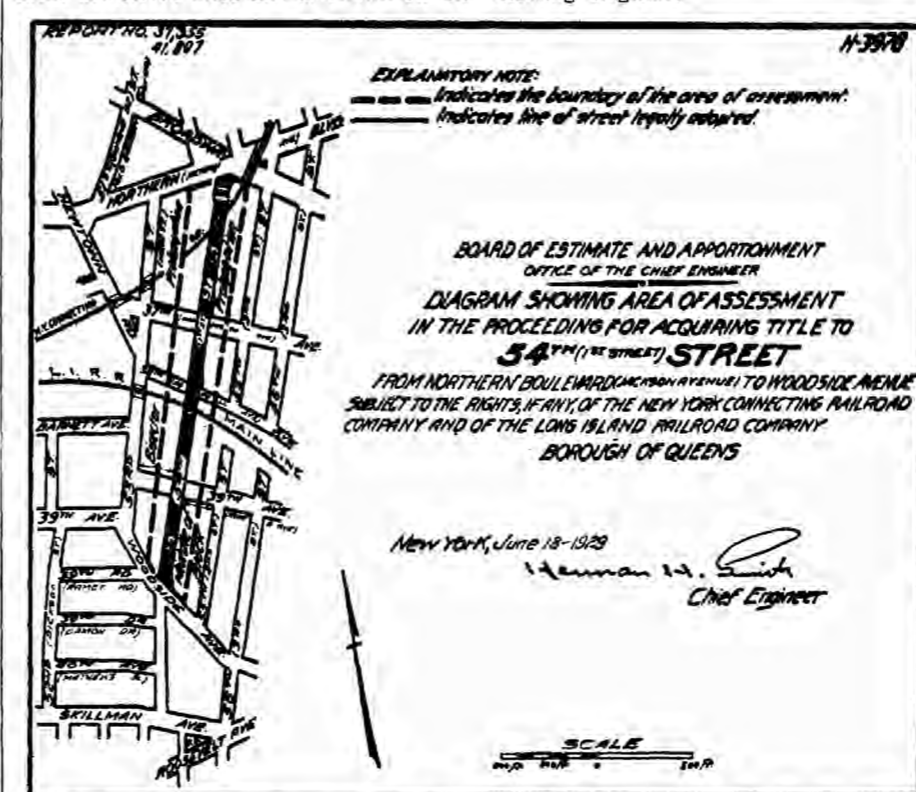

The application of the Board rules to this case shows that the local area is entitled to about 19 per cent. relief and that this proportion of the local assessment is chargeable to the Borough of Queens. The Borough's share, together with the assessment placed upon the City by the court, amounts to about 26 per cent. of the total cost of the proceeding.

I would recommend that after giving a public hearing the cost of the proceeding be reapportioned by placing upon the Borough of Queens 26 per cent. of the entire cost and expense, less the share of the awards for building damage which the court may place upon The City of New York, to be collected with the taxes in a single payment; and by placing the remaining 74 per cent. upon the local area of assessment heretofore fixed. Respectfully, VERNON S. MOON, Acting Chief Engineer.

The following was offered:

Whereas, The Board of Estimate and Apportionment by resolutions adopted on May 24, 1928, and amended on November 7, 1929, authorized proceedings for the acquisition of title to the real property required for the opening and extending of 54th (1st) street from Northern boulevard (Jackson avenue) to Woodside avenue, subject to the rights, if any, of the New York Connecting Railroad Company and of the Long Island Railroad Company, Borough of Queens; and directed that the entire cost and expense of the proceedings be assessed upon the real property within the area of assessment described in the resolutions of authorization; and

Whereas, The Board of Estimate and Apportionment is considering the advisability of reconsidering its determination as to the distribution of the cost and expense of the aforesaid proceedings and of making a new determination concerning the same, in accordance with the provisions of the Greater New York Charter, as amended, by placing upon the Borough of Queens 26 per cent. of the entire cost and expense of the proceedings, less the share of the awards for buildings taken which the court may place upon The City of New York (to be collected with the first tax levy subsequent to the entry of the final decree in the proceedings), and by assessing the remaining 74 per cent. of such cost and expense upon the real property within the area of assessment heretofore fixed and as shown on the following diagram:

Resolved, That this Board consider the proposed action at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on Friday, April 13, 1934, at 10.30 o'clock a. m., and that at the same time and place a public hearing thereon will then and there be had.

Linden Boulevard (114th Avenue-Ridge Avenue-Ulster Avenue-135th Avenue), North Conduit Avenue, Dumont (135th Avenue and 80th Street, Borough of Queens—Amendment of Proceeding for Acquiring Title, and Reapportionment of Cost (Cal. No. 16).

The Secretary presented petitions of Hon. Maurice A. Fitzgerald, Hon. John J. Lenihan, Hon. John T. O'Connell, and a large number of civic and political organizations, herein, and the following report of the Acting Chief Engineer:

Report No. 49977.

February 27, 1934.

Hon. FIORIELLO H. LAGUARDIA, Mayor, Chairman, Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on October 6, 1933 (Cal. No. 166), there were presented petitions from Hon. Maurice A. Fitzgerald, Hon. John J. Lenihan, Hon. John T. O'Connell, and a large number of civic and political organizations, requesting the Board to amend the proceeding for acquiring title to Linden boulevard from Sunrise highway to Sutphin boulevard, Borough of Queens, so as to exclude therefrom all property except that to which title has already been vested in the City.

The petitioners state that the proceeding to acquire Linden boulevard was authorized for the purpose of providing an extension of Linden boulevard in the Borough of Brooklyn to the Southern State parkway in Nassau County. They point out that since the authorization of the proceeding the State of New York has agreed to construct the desired connection by way of Sunrise highway and Laurelton parkway, thus making unnecessary the connection by way of Linden boulevard as proposed to be acquired in the proceeding under consideration. The petitioners also point out that the desired amendment will result in the avoidance of burdensome assessments inasmuch as the present proceeding involves the taking of a great amount of valuable private property, including part of the Aqueduct race track.

The proceeding in question affects a length of about three miles of Linden boulevard, which has a mapped width of 80 feet. The proceeding was initiated by resolution of the Local Board of the Jamaica District, adopted on May 7, 1927, upon the petition of the Borough President in order to secure an important traffic artery connecting with Southern State parkway. It was not petitioned for by any local property owners to serve a local need. The proceeding was authorized by resolution of the Board of Estimate and Apportionment, adopted on June 17, 1927 (Cal. No. 5). By resolution adopted on November 14, 1929 (Cal. No. 47), the proceeding was amended by including provision for acquiring title to North Conduit avenue from Dumont avenue to 133d avenue; Dumont avenue from North Conduit avenue to Linden boulevard, and the short section of 80th street from 133d avenue to North Conduit avenue. Provision was made for assessing the entire cost of the proceeding, as amended, on a local area of benefit comprising the territory adjoining the streets to a depth of about 1,000 feet on each side.

Title has been vested in the City by resolutions of the Board to the short section of Linden boulevard between 140th street and Sutphin boulevard and to North Conduit avenue from Dumont avenue to 133d avenue in order to admit of carrying out either sewer or grading improvements. To admit of carrying out an urgent sewer improvement, provision should be made at an early date for the vesting of title to Linden boulevard from Woodhaven boulevard to the Rockaway Beach Division of the Long Island Railroad. This short section of Linden boulevard is in use to its full mapped width.

The proceeding is about ready for trial and the Assistant Corporation Counsel in charge has furnished information to show that the dedication to public use of Linden boulevard for its full mapped width of 80 feet can be established between Woodhaven boulevard and the Rockaway Beach Division of the Long Island Railroad, and in the section between Rockaway boulevard and Sutphin boulevard, excepting in the short section between 131st street and 134th street where the dedication is limited to a width of 60 feet. The information presented also shows that the City's appraisal of the damages in the entire proceeding where substantial awards are payable, except across the lands of the Aqueduct race track, amount to the sum of about \$350,000, of which about \$250,000 relates to improvements.

The short section of Linden boulevard between 131st street and 134th street, above described, if widened to 80 feet would connect the two adjoining dedicated sections of Linden boulevard and thus form a continuous and desirable thoroughfare 80 feet wide extending from Rockaway boulevard eastwardly to the City line. The City's appraisal of the damages for the widening of this short section is about \$40,000 and the probable cost should not result in unduly burdensome assessments. Manifestly it would be undesirable to eliminate this short section of Linden boulevard from the proceeding.

The only other sections of Linden boulevard to which the City has not yet vested title or is not about to vest title are those between Sunrise highway and Woodhaven boulevard and between the Long Island Railroad and Rockaway boulevard. These two sections extend diagonally across existing street systems and present the principal difficulties in the carrying out of the proceeding.

In the section between Sunrise highway and Woodhaven boulevard the acquisition of title involves the destruction of a large number of buildings that have their essential frontage on intersecting streets. In the section between the Long Island Railroad and Rockaway boulevard the street extends across the property of the Queens County Jockey Club (Aqueduct Race Track) and the property of the New York Service Corporation (Woodhaven Water Supply Company), which properties would be subject to serious consequential damages at this time. Title has not been vested in Dumont avenue and the acquisition of this street would involve the destruction of a two-story brick paint factory that was rebuilt in 1933 and there appears to be no immediate need for the acquisition of this street.

In a communication addressed to this office under date of January 20, 1934, the Engineer in Charge of the Topographical Bureau of the Borough of Queens expresses the opinion that the proceeding should be maintained, as authorized, in view of the future importance of Linden boulevard as a traffic artery. He points out that Linden boulevard is an extension of the 170-foot street already acquired and improved in the Borough of Brooklyn, and which together with Kings highway will form a practically continuous highway about 15 miles in length providing the only continuous thoroughfare planned to cross the Borough of Queens within a very broad area. He states that while it is true that the assessment of the entire cost of the proceeding upon the local area would greatly exceed the local benefit, he expresses the belief that there are few streets in the Borough of Queens that present a more worthy claim for an assessment in part on the City and the Boroughs of Queens and Brooklyn. He also states that any abandonment of the proceeding would result in the construction of buildings within the proposed street lines and add greatly to the cost of acquiring the discontinued sections in the future. He points out, however, that it might be advisable to defer the acquisition of the section crossing the Aqueduct Race Track until such time as racing is discontinued, without the risk that buildings would here be erected within the street lines.

By deferring the acquisition of Linden boulevard across the race track, as suggested by the Topographical Engineer, the usefulness of Linden boulevard as an interborough arterial highway would be deferred for some time, but when the race track is discontinued as it eventually probably will be, this section of the street could undoubtedly be acquired without the serious consequential damage that would result at this time. It would also appear advisable to defer acquisition of the street across the lands of the Woodhaven Water Supply Company which adjoins the race track, as I am informally advised by the Department of Water Supply that the property of this company may be acquired by the City. If this occurs, Linden boulevard could here be obtained at a reasonable cost without consequential damage. As the lands across the race track and the water supply company comprise almost all of the lands required for Linden boulevard between Centreville street and Rockaway boulevard, it would seem advisable to defer the acquisition of this entire section.

While it is true that Linden boulevard, as proposed to be acquired in the present proceeding, would form a most desirable arterial highway for the future needs of the Borough, the great expense involved in its acquisition would, under present financial conditions, place a very serious burden on the taxpayers, which, however, might be justified by securing this important highway.

Under the Board rules for apportioning the cost of street opening proceedings, no portion of the cost would be chargeable to the City except such portion of the building damage as the court may place on the City, but the local area would undoubtedly be entitled to a large measure of relief from the proposed assessment. It is also likely that the future importance of Linden boulevard as an extension of the street in Brooklyn might warrant consideration of the proceeding as a special case under the rules and justify the placing of a part of the cost not chargeable to the local area upon the Borough of Brooklyn as well as the Borough of Queens. The cost of acquiring the section of Linden boulevard in the Borough of Brooklyn where the street has a width of 170 feet was apportioned by placing 35 per cent. upon the local area, 35 per cent. on the City, 25 per cent. on Brooklyn and 5 per cent. on Queens. The total cost of this proceeding was about \$3,856,000.

The taxable costs incurred in the proceeding that would be rendered useless by the elimination of the sections of Linden boulevard from Sunrise highway to Wood-

haven boulevard and from the Long Island Railroad to Rockaway boulevard, and Dumont avenue from North Conduit avenue to Linden boulevard would have to be borne by the City unless they could be collected from the interested property owners. In addition the City would be liable for the disbursements of the owners of the property in the discontinued sections, the amount of which cannot be estimated. The elimination of these sections would reduce the cost of the proceeding by about 85 per cent. Under date of February 1, 1934, the Acting Corporation Counsel advised that the total taxable costs incurred in the entire proceeding amount to \$38,320.40, and that the amount chargeable to the sections of Linden boulevard and Dumont avenue, above described, amount to \$14,169.32. The expense chargeable to the section of Linden boulevard between Centreville street and Rockaway boulevard where it crosses the Aqueduct Race Track and Woodhaven Water Supply Company lands may be estimated at about \$5,800.

The argument advanced by the petitioners for the amendment, to the effect that Linden boulevard has lost its importance as a thoroughfare through the construction of Laurelton parkway is not in my judgment well founded as Laurelton parkway is located about six miles to the east of Linden boulevard and the intervening section of Sunrise highway is seriously congested with traffic.

In my opinion if the acquisition of Linden boulevard is deferred it probably will never be obtained for future requirements as appears essential in order to provide a continuous east and west thoroughfare throughout this section where other such facilities are lacking.

I would accordingly recommend that after giving a public hearing, the proceeding be amended so as to make it relate to Linden boulevard from Sunrise highway to Centreville street and from Rockaway boulevard to Sutphin boulevard to North Conduit avenue from Dumont avenue to 133d (Blake) avenue; to Dumont avenue from North Conduit avenue to Linden boulevard, and to 80th street from 133d avenue to North Conduit avenue; with provision for assessing the entire cost and expense of acquiring North Conduit avenue, Dumont avenue and 80th street, and 50 per cent. of the entire cost and expense of acquiring Linden boulevard on the local area heretofore fixed; 40 per cent. of the cost and expense of acquiring Linden boulevard on the Borough of Queens, and 10 per cent. on the Borough of Brooklyn, the Boroughs' shares to be collected with the taxes in five installments.

In case, however, the Board is disposed to amend the proceeding so as to eliminate therefrom the undedicated sections of Linden boulevard west of Rockaway boulevard, and all of Dumont avenue as requested by the petitioners, I would recommend that an alternative public hearing be given in the matter of amending the proceeding so as to make it relate to Linden boulevard from Cross Bay (Woodhaven) boulevard to the right-of-way of the Rockaway Beach Division of the Long Island Railroad, and from Rockaway boulevard to Sutphin boulevard; to North Conduit avenue from Dumont avenue to 133d avenue, and to 80th street from 133d avenue to North Conduit avenue; with provision for assessing the entire cost and expense of the proceeding, as amended, upon a modified local area of assessment comprising in general the lands one-half block on each side of the streets, as more particularly shown upon the accompanying diagram; the amendment to be adopted upon the usual condition that the interested property owners pay to the City the sum of \$14,169.32, to be credited to the account of the proceeding, and submit an instrument satisfactory to the Corporation Counsel protecting the City against claims for disbursements.

I would also recommend that the Corporation Counsel be instructed to take the necessary steps to have further progress of the proceeding deferred until the Board has taken definite action concerning its amendment.

I would further recommend that in case the proceeding be amended by the discontinuance of any sections, the Corporation Counsel be authorized in connection with such amendment to apply to the Supreme Court for a corresponding modification of the order of condemnation upon receipt of an amended rule map approved by the Board.

Respectfully,

VERNON S. MOON, Acting Chief Engineer.

The following was offered:

Whereas, The Board of Estimate and Apportionment by resolutions adopted on June 17, 1927, and amended on November 14, 1929, authorized proceedings for the acquisition of title to the real property required for the opening and extending of Linden boulevard (114th avenue-Ridge avenue-Ulster avenue-135th avenue) from Sunrise highway (Conduit boulevard) to Sutphin boulevard (Rockaway turnpike); North Conduit avenue from Dumont (135th) avenue to 133d (Blake) avenue; Dumont (135th) avenue from North Conduit avenue to Linden boulevard (135th avenue), and 80th street from 133d (Blake) avenue to North Conduit avenue, Borough of Queens; and directed that the entire cost and expense of the proceedings be assessed upon the real property within the area of assessment described in the resolutions of authorization; and

Whereas, The Board of Estimate and Apportionment is considering the advisability of amending the aforesaid proceedings authorized by the Board by resolutions adopted on June 17, 1927, and amended on November 14, 1929, so as to eliminate therefrom provisions for acquiring title to that portion of Linden boulevard (114th avenue-Ridge avenue-Ulster avenue-135th avenue) from Centreville street to Rockaway boulevard, Borough of Queens.

Resolved, That the Board of Estimate and Apportionment consider the advisability of requesting the Corporation Counsel to apply to the Supreme Court for a further amendment of the aforesaid proceedings authorized by the Board by resolutions adopted on June 17, 1927, and amended on November 14, 1929, so as to provide for the acquisition of title to the real property required for the opening and extending of Linden boulevard (114th avenue-Ridge avenue-Ulster avenue-135th avenue) from Sunrise highway (Conduit boulevard) to Centreville street and from Rockaway boulevard to Sutphin boulevard (Rockaway turnpike); North Conduit avenue from Dumont (135th) avenue to 133d (Blake) avenue; Dumont (135th) avenue from North Conduit avenue to Linden boulevard (135th avenue), and 80th street from 133d (Blake) avenue to North Conduit avenue, Borough of Queens;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, consider the advisability of reconsidering its determination as to the distribution of the cost and expense of the aforesaid proceedings and of making a new determination concerning the same, by placing 40 per cent. of the entire cost and expense of acquiring title to Linden boulevard (114th avenue-Ridge avenue-Ulster avenue-135th avenue) upon the Borough of Queens; by placing 10 per cent. of the entire cost and expense of acquiring title to Linden boulevard (114th avenue-Ridge avenue-Ulster avenue-135th avenue) upon the Borough of Brooklyn (the Boroughs' shares to be collected in five annual installments beginning with the first tax levy subsequent to the entry of the final decree in the proceedings), and by assessing the remaining 50 per cent. of the entire cost and expense of acquiring title to Linden boulevard (114th avenue-Ridge avenue-Ulster avenue-135th avenue), together with the entire cost and expense of acquiring title to North Conduit avenue, Dumont (135th) avenue and 80th street, upon the real property within the area of assessment heretofore fixed and as shown on the following diagram:

(See Diagram A, page 1897.)

Resolved, That this Board consider the proposed action at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on Friday, April 13, 1934, at 10.30 o'clock a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for 10 days continuously, exclusive of Sundays and legal holidays, prior to Friday, April 13, 1934.

Which was adopted by the following vote

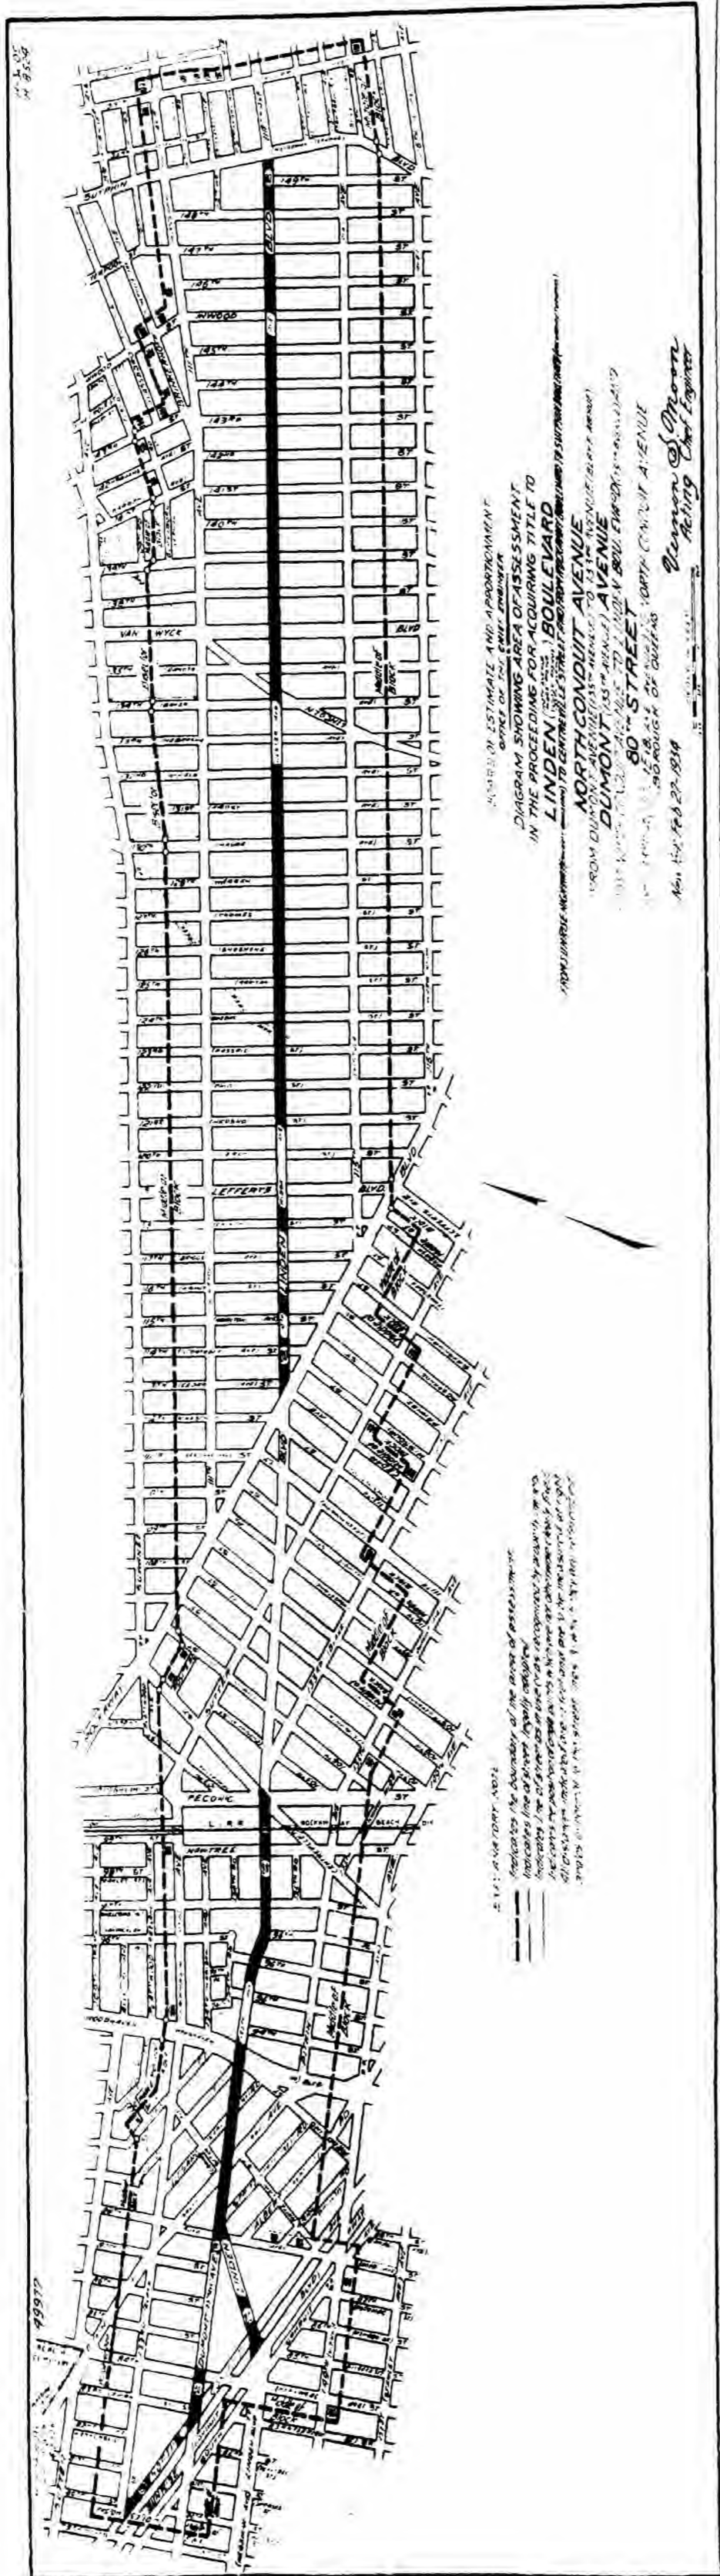

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The matter was referred to the Committee on Assessments and in accordance with the recommendation in the report of the Acting Chief Engineer, the Secretary was directed to request the Corporation Counsel to have further progress of the proceeding deferred, etc.

Department of Sanitation; Guide-O-Lite Company—Proposed Agreement for Supplying Waste Paper and Rubbish Receptacles, with Exclusive Right to Advertise Thereon, Borough of Queens (Cal. No. 17).

The Committee of the Whole, to which this matter was referred February 16, 1934 (Cal. No. 78), directed that it be restored to the calendar for this meeting and recommended that April 13, 1934, be fixed as the date for an informal hearing, the hearing to be limited to the Borough of Queens. Meanwhile, the Commissioner of Sanitation was directed to report to this Board.

The Secretary presented the following:

City of New York, Office of the President of the Borough of Queens, Long Island City, February 5, 1934.

To the Board of Estimate and Apportionment, Municipal Building, New York City:

Gentlemen—I am transmitting herewith a communication, dated February 1, 1934, containing a proposal submitted by the Guide-O-Lite Company which in a measure is self-explanatory.

For several years past and beginning at the time that the street cleaning activities of the Borough were under the jurisdiction of this office, an intensive campaign for street and outdoor cleanliness has been carried on. One of the great difficulties was due to the fact that owing to the limit of the monies available, a pitifully inadequate number of litter receptacles was purchased. To make further efforts effective, the City should supply an adequate number of litter receptacles and enforce the laws as to their use.

I believe that the proposal as submitted should receive the careful consideration of your honorable Board, firstly, for the reason that it will provide an adequate number of receptacles; and, secondly—quite as important—it will provide an additional and I believe a substantial new source of revenue.

May I suggest that the matter be referred to the Budget Director for report. There are a number of civic organizations and women's groups interested in this activity and a public hearing should be held at which time they would be given an opportunity to express their views.

Yours very truly, GEORGE U. HARVEY, President of the Borough of Queens.

L. E. Stewart & Co., Ltd., Distributors, Economy Receptacles, 51 Chambers Street, Room 1213, New York, N. Y., February 1, 1934.

Mr. GEORGE U. HARVEY, President of the Borough of Queens, 2110 49th Avenue, Long Island City, N. Y.:

Dear Sir—The following proposal is submitted by me for the Guide-O-Lite Corp., which is a new company incorporated by the State of New York to enter into contracts with municipalities for supplying receptacles with advertising matter placed thereon.

This company is authorized to use Patent No. 1526752, issued February 17, 1925, and Design No. 91334, issued January 9, 1934, which covers advertising panels, and the self closing type of independently operated inward closing doors.

We, the Guide-O-Lite Corporation, your petitioner, are desirous of entering into an agreement whereby we will supply, without cost to the Borough of Queens, a maximum quantity of ten thousand (10,000) waste paper and rubbish receptacles, in consideration of which and a substantial sum to be paid by us to The City of New York annually, The City of New York will grant to us exclusive rights to place advertising matter on these receptacles for a term of six years from date of the agreement being duly signed.

The substantial sum to be paid to The City of New York, mentioned in the preceding paragraph will be paid quarterly; the amount of this payment will be calculated on a pro rata basis per receptacle and based on the condition exacted by the provisions of such private or public bid as you may determine.

We will furnish approved bond for the faithful performance of all our obligations under the agreement, and during its due performance The City of New York would agree not to enter into a similar agreement with others under the same terms and conditions.

We offer to place upon the sidewalks of the public streets a suitable metal receptacle each of which will be fitted with a burlap bag, a steel container or wire basket.

As a public convenience, each receptacle will display prominently the name of the street or avenue at the top, as shown on blueprint No. 1.

We further agree to continuously check the receptacles and to keep them in good repair and condition; to replace promptly any parts which may be broken or damaged. The receptacles will remain our property during the time contract is in force.

We are prepared to start placing receptacles in your Borough immediately upon formal contract being signed, and trust to have your favorable response.

Respectfully yours, THE GUIDE-O-LITE CORP., by L. E. STEWART.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby fixes Friday, April 13, 1934, at 10.30 o'clock a. m. and the City Hall, Borough of Manhattan, City of New York, as the time and place for an informal hearing, limited to the Borough of Queens, in the matter of the proposal of the Guide-O-Lite Company to enter into an agreement for supplying, without cost to the Borough of Queens, a maximum quantity of 10,000 waste paper and rubbish receptacles in consideration of the payment by said company of a substantial sum to The City of New York annually, providing the City will grant to said company exclusive rights to place advertising matter on these receptacles for a term of six years from the date of the signing of the agreement.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

SPECIAL ORDERS.

Board of Estimate and Apportionment: New York City Employees' Retirement System—Retirement of Charles F. Bales, Assistant Deputy County Clerk (Cal. No. 18).

The Secretary presented a report, dated January 4, 1934 (printed in the minutes of the meeting of January 19, 1934), approving service retirement, effective as shown, subject to the subsequent determination and fixation of the amount of retirement allowance, pursuant to the provisions of Retirement System Rule 57, of the following member of the Retirement System:

| Name, Title and Department. | Date of Retirement. | Age on Last Birthday Preceding Date of Retirement. (Years.) |
|--|---------------------|--|
| Charles F. Bales, Assistant Deputy County Clerk, Queens County | Jan. 22, 1934 | 57 |

(On January 19 (Cal. No. 28), January 26 (Cal. No. 36) and February 16, 1934 (Cal. No. 3), the matter was laid over; on the latter date to this meeting.)
The matter was laid over until April 27, 1934, at the request of the Corporation Counsel.

Board of Estimate and Apportionment: New York City Employees' Retirement System—Investment of Funds (Cal. No. 19).

The Secretary presented for consideration a resolution, submitted by the Comptroller, authorizing the investment from time to time of the free cash funds available in the New York City Employees' Retirement System in corporate stock, corporate stock notes, serial bonds, certificates of indebtedness, assessment bonds, special revenue bonds and tax notes of The City of New York, such investments to be at rates of interest not less than 4 per cent. per annum.

(On February 2 (Cal. No. 88), February 9 (Cal. No. 22), February 16 (Cal. No. 6) and March 2, 1934 (Cal. No. 22), the matter was laid over; on the latter date, to this meeting.)
On motion of the Comptroller, the matter was laid over one week (March 16, 1934).

Neptune Avenue from Ocean Parkway to East 3d Street, and to East 12th Street, Borough of Brooklyn—Grading, Curbing, Flagging, Paving, Etc. (Cal. No. 20).

(On November 18, 1932 (Cal. Nos. 245-C and D), these matters were referred to the Chief Engineer of the Board.)

The Secretary presented two resolutions adopted October 19, 1932, by the Local Board of the Ocean Front District, Borough of Brooklyn, herein, and a report, dated February 8, 1934, of the Acting Chief Engineer (printed in the minutes of the meeting of February 16, 1934), recommending that preliminary authorization be granted through the adoption of two separate resolutions, it being understood that the sewer connections required to be installed in the intersecting streets within the limits of Neptune avenue will be completed before the work of paving is begun.

(On February 16 (Cal. No. 20), this matter was laid over to March 2, 1934, and referred to the Comptroller.)

(On March 2, 1934 (Cal. No. 25), it was laid over until this meeting, pending receipt of the report of the Comptroller.)

The Secretary also presented the following:

March 8, 1934.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On February 16, 1934 (Cal. No. 20), your Board referred to the Comptroller resolutions as recommended by the Acting Chief Engineer, granting preliminary authorizations in the matter of (1) paving with bituminous macadam Neptune avenue from Ocean parkway to East 3d street, and (2) grading, curbing and flagging Neptune avenue from Ocean parkway to East 12th street, and paving with asphalt from East 3d street to East 12th street, Borough of Brooklyn.

This matter was referred to the Comptroller to consider the question of financing this improvement. It will be possible to finance the preliminary work with regard to these improvements. This preliminary authorization should be granted only with the understanding that when final authorization is granted, no bids will be received for either of these improvements until funds to finance them have been provided by the proposed loan from the Federal Government.

With this understanding, I hereby recommend that your Board approve of this request, appearing on the calendar for March 9, 1934, as Calendar Item No. 20.

Respectfully,

W. A. CUNNINGHAM, Comptroller.

The following was offered:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Ocean Front District, duly adopted by said Board on the 19th day of October, 1932, and approved by the Acting President of the Borough of Brooklyn on the 10th day of November, 1932, as follows, to wit:

"Resolved, That the Local Board of the Ocean Front District hereby initiates proceedings to regulate and pave with preliminary bituminous macadam Neptune avenue from Ocean parkway to East 3d street, together with all work incidental thereto."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above-described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report to be accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Resolved, By the Board of Estimate and Apportionment, that this preliminary authorization is given with the understanding that when final authorization is granted for this improvement, no bids will be received for this improvement until funds to finance the improvement have been provided by the proposed loan from the United States Government.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Hospitals—Allocation of Emergency Relief Funds for Hospitalization and Care of Excess Cases from City Hospitals (Cal. No. 21).

The Secretary presented:
(1) Communication, dated January 25, 1934, from the Commissioner of Hospitals, suggesting the allocation to said Department for the special purpose of relieving overcrowding in all hospitals, of a share of the emergency relief funds which this Board appropriates from time to time. The sum suggested is \$100,000 per month for a given period and the plan to be pursued would be to make special arrangements with such hospitals as are in a position to take excess cases and thus relieve the present overcrowding in municipal hospitals.

Dr. Goldwater submitted copy of letter received from Hon. Robert F. Wagner, in which he stated that it is his intention to urge the enactment of legislation which will provide that Federal funds be used to relieve indigent patients in hospitals, inasmuch as emergency relief which is extended to a well man should not be denied when he becomes ill and has to enter a hospital.

(On February 2 (Cal. No. 91), and February 9, 1934 (Cal. No. 23), the matter was laid over; on the latter date to February 16, 1934.)

The Committee of the Whole, to which this request was referred, February 16, 1934 (Cal. No. 7), directed that it be restored to the calendar for the meeting of March 2, 1934, and recommended approval, subject to favorable reports from the Comptroller and the Corporation Counsel.

(2) Communication, dated March 1, 1934, from the Corporation Counsel stating that legislation is now being sought in Congress specifically extending the use of Federal relief funds to include care of the indigent in hospitals when they become incapacitated through illness.

Meanwhile it is advised that this item be included among objects now embraced within the emergency relief funds. This will require action by the Board of Estimate and Apportionment in the form of a resolution including this item among the appropriations for March, 1934, in form similar to that adopted for January and February. See resolutions of January 3d (Cal. No. 3), and of February 2d (Cal. No. 98-A).

(3) Report, dated March 1, 1934, of the Comptroller (printed in the minutes of the meeting of March 2, 1934), recommending that if it is the Board's intention to appropriate emergency relief funds for the hospitalization of overflow cases from the various City hospitals, the money be allocated to charitable institutions, inasmuch as these private hospitals are now receiving appropriations in the Charitable Institutions Budget for the year 1934, for the care of emergency cases accepted by the Department of Hospitals as proper charges against The City of New York.

The report further stated that the request of the Commissioner of Hospitals that funds be allocated to that Department is impracticable as the overflow cases can be charged on the regular monthly bills rendered by the private hospitals, as was the practice in a previous emergency period in December, 1931.

The Comptroller therefore recommended that the appropriation for March if granted, be made to a new code in the 1934 Budget, under Charitable Institutions, City of New York, as follows:

| | |
|---|--------------|
| Code No. 2632, For Hospitalization and Care of Excess Cases from City Hospitals | \$100,000 00 |
|---|--------------|

(On March 2, 1934 (Cal. No. 100), the reports of the Corporation Counsel and the Comptroller were presented; the matter was laid over until this meeting and referred back to the Corporation Counsel for further report.)

The Secretary also presented the following:
City of New York, Law Department, Office of the Corporation Counsel, March 9, 1934.

The Board of Estimate and Apportionment:
Sirs—I am in receipt of a communication, dated March 6, 1934, signed by Secretary Pearl Bernstein, reading as follows:

"At the meeting of the Board of Estimate and Apportionment held March 2, 1934, the request of the Commissioner of Hospitals for allocation of \$100,000 per month from emergency relief funds in order that special arrangements may be made with private hospitals that are in position to take excess cases and thus relieve the present overcrowding in municipal hospitals, was laid over to March 9, 1934, and referred back to the Corporation Counsel for further report.

"Reference is made to your report, dated March 1, 1934, which was represented to the Board at its meeting of March 2, 1934 (Report No. 161)."

The original act upon this subject, chapter 798 of the Laws of 1931, among the definitions in sections 2, reads as follows:

"'Home Relief' means shelter, fuel, food, clothing, light, medicine or medical attendance furnished by a municipal corporation to persons or their dependents in their abode or habitation and does not include relief to veterans under existing laws, old age relief or allowances made to mothers for the care of dependent children."

This definition was amended by chapter 567 of the Laws of 1932, so that it now reads as follows:

"'Home Relief' means shelter, fuel, food, clothing, light, necessary household supplies, medicine, medical supplies and medical attendance, furnished by a municipal corporation or a town, where home relief is a town charge, to persons or their dependents in their abode or habitation whenever possible and does not include relief to veterans under existing laws, old age relief or allowances made to mothers for the care of dependent children or hospital or institutional care."

While this language is not as clear as might be desired, I am of the opinion that the phrase "medicine, medical supplies and medical attendance furnished by a municipal corporation," permits the expenditure of funds for the purposes mentioned by you.
Respectfully yours,
PAUL WINDELS, Corporation Counsel.

The following resolution was offered by his Honor the Mayor:
Resolved, By the Board of Estimate and Apportionment, that the resolution adopted March 2, 1934 (Cal. No. 128), authorizing and approving an expenditure from Relief Funds of six million three hundred and six thousand six hundred and fifty dollars (\$6,306,650) for the month of March, 1934, be and the same is hereby amended and modified by eliminating, under the heading "For Direct Relief and Service" and after the words "Home Relief," the amount "\$5,850,000" and substituting therefor "\$5,750,000"; and adding a new line, under the line "Deficit in allowance for February for emergency cold weather food stations, \$20,000," reading as follows:
"For hospitalization and care of excess cases from City hospitals,..... \$100,000 00"

Which was adopted by the following vote:
Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Board of Transportation—Appropriation to Provide for Payment of Salaries and Expenses for the Month of March, 1934 (Cal. No. 22).

(On March 2, 1934 (Cal. No. 104), the matter was laid over until this meeting and the Secretary was directed to request John H. Delaney, Chairman of the Board of Transportation, to be present.)

The Secretary presented a communication, dated February 14, 1934, from the Chairman of the Board of Transportation, herein, and the following report of the Director of the Budget:
February 17, 1934.

To the Board of Estimate and Apportionment:
Gentlemen—On September 12, 1933 (Cal. No. 47), you referred to the Director of the Budget a communication, dated August 15, 1933, from the Board of Transportation making requisition upon the Board of Estimate and Apportionment for an appropriation of \$2,847,927 for expenses and compensation of employees of the Board of Transportation for the period from January 1, 1934, to December 31, 1934.

Additional communications from the Board of Transportation under date of December 8, 1933, January 10, 1934, and February 14, 1934, in reference to the above requisition made specific requests for the amounts necessary for the months of January, February and March, 1934, respectively.

An Examiner to whom this matter was referred for investigation reports thereon as follows:

"On December 15, 1933 (Cal. No. 162), the Board of Estimate and Apportionment authorized an appropriation of special revenue bonds in the amount of \$233,000 \$205,400 for the month of March.

"The total amount requisitioned for 1934, \$2,847,927 (less \$105,796 to be obtained either by accruals or savings in accordance with the recent Budget modifications by the Board of Aldermen), is the net amount for all Board of Transportation construction requirements as set up in the 1934 Budget. The total was reached after eliminating the compensation of a large number of employees who were dropped on December 31, 1933.

"The request was prepared before the Public Works Administration approved of a loan and grant for completion of the new City subways in Brooklyn and Queens. In connection with the contracts for this work, it is probable that some additional engineering and inspectional forces may be required, and also that there may be some rearrangement of the present forces, but pending definite determination of the manner of financing and procedure, it would seem advisable to provide for each month's expenses and compensation by an amount approximately one-twelfth of that now proposed for the entire year.

"One-twelfth of the total amount requisitioned is \$237,327.25, but that sum will not be required due to reduction in force since January 1, 1934.

"Investigation indicates that there will be required for the month of March, in addition to available balances in the January and February allotments amounting to about \$20,000, the following amounts:

| | |
|---|---------------|
| Personal service allowance | \$189,600 00 |
| Rent | 12,024 00 |
| Other than personal service items exclusive of rent, for supplies, equipment, etc. | 3,376 00 |
| Total | \$205,000 00" |

In view of the above, it is recommended that an appropriation of special revenue bonds be authorized in the amount of \$205,000 (for the month of March, 1934) by the adoption of the attached resolution, and that the balance of the request be deferred.

Respectfully,
RUFUS E. MCGAHEN, Director of the Budget.

John H. Delaney, Chairman of the Board of Transportation, appeared.

The following resolution was offered:
Resolved, That, pursuant to the requisition of the Board of Transportation, dated August 15, 1933, the Board of Estimate and Apportionment, under the provisions of the Rapid Transit Act and chapter 573 of the Laws of 1924, hereby authorizes an appropriation of two hundred and five thousand dollars (\$205,000), in addition to the amounts heretofore authorized, to apply on account of salaries and expenses for the year 1934, to enable the Board of Transportation to properly do and perform, or cause to be done and performed, the duties imposed upon the said Board of Transportation by said Rapid Transit Act and said chapter 573 of the Laws of 1924, and the Comptroller is hereby authorized, pursuant to law and to the requisition of the Board of Transportation, to issue special revenue bonds of The City of New York to an amount not exceeding two hundred and five thousand dollars (\$205,000), redeemable from the tax levy of the year succeeding the year of their issue, the proceeds thereof to be used for the purposes aforesaid.

Which was adopted by the following vote:

Elevated Express Highway from West 72d Street to the Borough Line (West Side Improvement), Borough of Manhattan—Rescission of Resolution Authorizing Borough President to Supervise the Construction Thereof (Cal. No. 23).

The Secretary presented:
(1) Communication, dated February 24, 1934, from the Commissioner of Parks (printed in the minutes of the meeting of March 2, 1934), requesting that the resolution adopted by this Board on December 22, 1933 (Cal. No. 69), authorizing the President, Borough of Manhattan, to supervise, on behalf of the City, the construction of the Elevated Express Highway from 72d street to the Borough line be rescinded, in accordance with the opinion of the Corporation Counsel (printed in the minutes of the meeting of March 2, 1934), advising that the adoption of the resolution of December 22, 1933, was illegal and, in order to clear the record, should be rescinded on said ground.

(2) Statement dated March 2, 1934, presented by the President of the Borough of Manhattan (printed in the minutes of the meeting of March 2, 1934), taking exception to the opinion of the Corporation Counsel.

(On March 2, 1934 (Cal. No. 106), the matter was laid over until this meeting.)

Robert Moses, Commissioner of Parks, appeared.
The President of the Borough of Manhattan moved to file the matter.

The following resolution was offered by his Honor the Mayor:
Resolved, That the resolution adopted by the Board of Estimate and Apportionment on December 22, 1933 (Cal. No. 69), reading as follows:

"Whereas, The construction of City Structure No. 2 (express highway between West 59th street and West 72d street) by the New York Central Railroad Company has been supervised by the President of the Borough of Manhattan, pursuant to a resolution of the Board of Estimate and Apportionment adopted on June 6, 1930 (Cal. No. 578); and

"Whereas, The construction of the foundations of City Structure No. 4 (express highway between West 72d street and West 79th street) by the New York Central Railroad Company has been supervised by the Commissioner of Parks of the Borough of Manhattan, pursuant to the action taken by the Summer Recess Committee of the Board (Certificate No. 136, September 22, 1930), approved by the Board on January 23, 1931 (Cal. No. 27); and

"Whereas, The Board on July 12, 1931 (Cal. No. 416), authorized the Commissioner of Parks of the Borough of Manhattan, on behalf of the City, to supervise the construction of City Structure No. 5 (express highway between West 79th street and West 96th street and between West 96th street and St. Clair place) and, in case funds were made available, to certify to the Comptroller the amounts due to the New York Central Railroad Company for such construction of City Structure No. 5; and

"Whereas, The President of the Borough of Manhattan, in a communication dated December 15, 1933, referred to the valuable experience of his engineering staff in the construction of several sections of the express highway between Canal street and West 72d street, and recommended that he be designated, on behalf of the City to supervise the construction of the remainder of the elevated express highway from West 72d street to the Borough line; be it

"Resolved, That the President of the Borough of Manhattan is hereby authorized, on behalf of the City, to supervise the construction of the remainder of City Structure No. 4, and to certify to the Comptroller the amounts for such construction to be credited to the railroad company against the balance due the City from the railroad company for the transfer of property rights; and be it further

"Resolved, That the said Borough President is also authorized, on behalf of the City, to supervise the construction of all other structures northerly of West 79th street, designated as City structures in the West Side Improvement Agreement, dated July 2, 1929, between the City and the railroad company, in case funds for the construction of such structures are made available and to certify to the Comptroller the amounts due said railroad company for such construction."

The Secretary presented a communication, dated February 14, 1934, from the Commissioner of Parks, herein, and the following reports of the Acting Chief Engineer and the Comptroller:

Report No. 50017.

February 27, 1934.

Hon. FIORELLO H. LA GUARDIA, Mayor, Chairman, Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on February 16, 1934 (Cal. No. 105), the Chief Engineer was directed to submit a report concerning a communication, dated February 14, 1934, from the Commissioner of Parks, requesting, pursuant to section 442-A of the Charter, as amended by chapter 2 of the Laws of 1934, the approval by the Board of Estimate and Apportionment and the separate approval of the Mayor, of the acquisition of two parcels of land required for the proper connection of the Interborough parkway with main arteries in the Borough of Brooklyn.

One of these parcels consists of approximately seven and one-half acres in Evergreen Cemetery adjacent to Vermont avenue and Highland boulevard and the other of an adjacent parcel of approximately 1.1 acres of private property situated on the northerly side of Vermont avenue which juts into the cemetery. The Commissioner of Parks states that the cemetery corporation has agreed to sell the necessary land for the price of \$245,000, or at a rate of about \$33,000 per acre, and that an offer has been made to the private owners for the purchase of their property for \$33,000, on a corresponding basis, this price being slightly more than the assessed valuation of adjoining property. The total amount involved is about \$278,000.

It is proposed under plans that have been prepared to extend Interborough parkway from its present terminus at Ridgewood Reservoir by way of Vermont avenue and through lands in Evergreen Cemetery to the intersection of Bushwick avenue with Highland boulevard. The Park Commissioner points out that this route would afford a more direct connection with the main traffic arteries in Brooklyn and would avoid the connection heretofore planned for extending Interborough parkway by means of a roadway 44 feet wide through Highland Park; also that the connection will carry the parkway one mile further into Brooklyn.

The detailed plans submitted indicate that the additional land is necessary for the purpose of constructing the new connection together with underpasses for the separation of traffic adjacent to the intersection of Vermont avenue and Highland boulevard, also that from the traffic standpoint the proposed new connection would be much more advantageous than the outlet heretofore planned for Interborough parkway through Highland Park along an alignment west of Ridgewood Reservoir to Highland boulevard.

The technical description of the northerly parcel proposed to be acquired from the cemetery of the Evergreens does not harmonize in a minor particular with the parcel as shown upon the related map. No information is available to indicate which is correct but the map and the technical description should be harmonized before the related agreement is prepared.

The Park Commissioner states that an act of the Legislature has just been adopted to acquire the right-of-way through the Evergreen Cemetery and that the cemetery corporation has agreed to accept four per cent. corporate stock at par in payment of these lands; but that the purchase must be concluded within 60 days.

An agreement has been informally submitted, executed by the President of The Evergreens and the Commissioner of Parks, containing a technical description of the parcels proposed to be acquired from the cemetery of the Evergreens, the price of \$245,000 for the land proposed to be conveyed, and a condition that the deed conveying the property shall contain a clause that the premises described shall be used only for parkway purposes; together with the provision that all taxes and assessments which are due and payable or which are liens against said land at the time of the delivery of the deed therefor to the said City of New York shall be apportioned. In this connection it should be noted that the price of \$245,000 is a conditional one predicated primarily upon the perpetual use of the property for parkway purposes. While in all probability the City would never desire to change the use of the property, under the terms of the proposed agreement of sale it would be restricted from doing so. No form of agreement has been presented relating to the private parcel of property that will be required for the parkway. If it cannot be acquired by agreement it will have to be condemned. The Commissioner of Parks has requested that authority be granted to acquire the property, pursuant to section 442-A of the Charter, but it would seem that, at least in so far as the private property is concerned, the provisions of section 970-D of the Charter would have to be complied with, if it becomes necessary to condemn this property.

In case the Board is prepared to commit the City to the expenditure for the additional lands desired, and is satisfied that the price and conditions of the sale are reasonable, I would recommend (1) the approval by the Board, and the separate approval by the Mayor, of the selection and acquisition of the lands and the terms and conditions of the agreement with The Evergreens.

(2) Approval of the selection and acquisition of the private parcel of property by purchase at a cost of \$33,000, or to condemn the same in accordance with law.

Respectfully,

VERNON S. MOON, Acting Chief Engineer.

March 6, 1934.

To the Honorable the Board of Estimate and Apportionment:

Sirs—On February 16, 1934 (Cal. No. 105), your Board referred to the Comptroller for report a communication from the Commissioner of Parks, dated February 14, 1934, in which, pursuant to chapter 2 of the Laws of 1934, he requested the approval of your Board and the separate approval of the Mayor of the acquisition of the parkway rights-of-way through land owned by Evergreen Cemetery and Nellie Howell, to connect the Interborough parkway with the main arteries in the Borough of Brooklyn.

The Park Commissioner in his communication to your Board recommends the purchase of 7.5 acres of land owned by the Evergreen Cemetery at \$245,000 or \$32,666.67 an acre, payable in 4 per cent. corporate stock of The City of New York. In a memo-

randum submitted with a supplemental communication from the Park Commissioner, dated February 21, 1934, it is stated that the owner of the second parcel, Nellie Howell, whose land is also necessary for the proposed improvement, has refused to sell her property at the appraised valuation of \$33,000 which the Park Department placed on her property.

The Howell property was purchased in 1918 for \$11,000 and at that time was assessed at \$6,000. This property is assessed for 1934 at \$30,500.

The total area of the Evergreen Cemetery, partly in Brooklyn and partly in Queens, is about 250 acres, about 107 thereof being in Brooklyn and 143 thereof in Queens.

The property proposed to be acquired is mainly in Brooklyn. The average assessed valuation of the Brooklyn portion is \$14,018 per acre, while the assessed valuation of the part in Queens is \$8,392 per acre. Approximately two (2) acres of the proposed acquisition are in Queens. Upon the basis of the assessed valuation, this would be worth about \$16,784. The remaining approximately five and one-half acres lies in Brooklyn. Their value, based upon the assessed valuation, would be \$77,099. Thus on the acreage basis the assessed valuation of the total acquisition would be \$93,883. However, the proposed taking is, in the main, street frontage, while the acreage basis valuation covers much land that has no street frontage. A clearer idea of the probable assessed valuation of the land to be taken can be obtained from assigning to such land the units of assessed valuations for corresponding properties in the neighborhood, mainly, land lying directly opposite to the proposed taking and held in smaller parcels. On this basis, the assessed value should be approximately \$167,000.

As against these estimated assessable values, the maximum being \$167,000, it is proposed to pay for the requirement of the property of the cemetery—\$245,000 or \$32,666.67 an acre—regardless whether the property is in Brooklyn or Queens.

As against these values, it must be recognized that cemetery corporations, selling lots to individuals for purposes of interment, exact prices far higher in amount than represents the actual value of the land, although it must be borne in mind that they acquired the property at comparatively low prices and have carried it free of taxes, because of their exemption as a cemetery for many years. It must also be borne in mind that in the case of sales for burial plots there is entailed upon the cemetery some slight expense for the maintenance of the plots sold.

It is not proposed that any part of the cost of this acquisition, if made, should be assessed upon adjacent property or upon either the Boroughs of Brooklyn or Queens, the proposed acquisition having been initiated under section 442-A of the Charter and not under section 970-D of the Charter.

It appears that the approach toward and beyond the Brooklyn Borough line contemplated by this acquisition is in substitution for an approach as previously planned and adopted by your Board running from Highland boulevard and through Highland Park adjacent to the westerly side of the Ridgewood Reservoir land. The plan previously adopted by your Board did not require the acquisition of additional land not already owned by the City. In the opinion of the present Acting Chief Engineer of your Board, from the traffic standpoint, the proposed new connection would be much more advantageous than the outlet heretofore planned for the Interborough parkway through Highland Park and along Highland boulevard.

The Park Commissioner concurs in this view and deems the substitute plan highly advantageous as compared with the previous plan for this approach.

The physical improvement of the proposed approach, if acquired, will, the Park Commissioner states, be paid for from State funds already appropriated without expense to The City of New York. I am advised by the representative of the Park Commissioner that this disbursement for the necessary improvement of the proposed new approach to Interborough parkway would approximate \$700,000.

By chapter 7 of the Laws of 1934, of the State of New York, the cemetery corporation has been authorized to convey and The City of New York has been authorized to acquire not to exceed eight acres of its (cemetery's) lands in the Counties of Kings and Queens for the right-of-way of the Interborough parkway.

In the Park Commissioner's communication of February 14th, urging the importance to the City of acquiring the lands in question, he requested the approval of the Board of Estimate and Apportionment and the separate approval of the Mayor to "the acquisition of the parkway rights-of-way through Evergreen Cemetery."

The foregoing figures as to values have not been based upon an easement value for "parkway rights," but are based upon a fee value. If the property is to be acquired upon a full value basis, it is the opinion of the Comptroller that it should be acquired in fee and that not merely an easement should be acquired.

In the application made by the Park Commissioner, he proposed to pay to the owners of the land to be acquired, other than the cemetery corporation, the sum of \$33,000. There is no certainty that that land can be acquired for that price. If the purchase from the cemetery corporation is made, the acquisition of the property owned by the other owners must necessarily follow, by condemnation, if not by purchase. What would have to be paid if condemnation becomes necessary is problematical.

In favor of the proposition of the Park Commissioner are the facts: (a) That the plan for the approach, in the opinion of the Acting Chief Engineer of the Board, is superior to the old plan; and (b) the fact that the expense of the physical improvement of the property to be acquired would be borne by the State, appropriations therefor having already been made and the Park Commissioner being in a position to immediately proceed with the physical improvement, upon the property being acquired.

On the other side of the question is to be considered the finances of the City.

The requirement in question will undoubtedly cost, at the very least, \$278,000. If the property owned by others than the cemetery corporation is necessarily acquired by condemnation, the expense may considerably exceed the figure just mentioned.

Debt service charge in the annual Budget for 1934 is a very considerable part of the total Budget. Every item of additional corporate stock issued means a corresponding increase in every year thereafter until the maturity of the corporate stock, for the charges for interest and amortization, thus increasing the debt service item.

Furthermore, while there is at present a safe margin for the City debt limit, it must be borne in mind that assessed valuations for 1934 are \$1,632,834,016 less than for the year 1933 with the possibility of further reductions in ensuing years. It follows that care should be exercised in not encumbering the debt limit except for the purposes recognized as absolutely essential to the welfare of the City.

Lastly and important, too, of the matters to be considered is the prohibition of section 169, subdivision 9 of the Charter against The City of New York except as therein provided, expending any part of the proceeds of sales of corporate stock or serial bonds for other than revenue-producing improvement, with the exceptions therein mentioned, the only one of which that is germane to the subject under consideration being "except the sum of \$25,000,000 for the purpose of acquiring new sites for parks and playgrounds in the said City." It is to be noted that in chapter 2 of the Laws of 1934, amending the Greater New York Charter in relation to the Department of Parks, generally, and providing that the Commissioner of Parks (in substitution for the Comptroller) with the approval of the Board of Estimate and Apportionment and the separate approval of the Mayor, "is hereby authorized to select sites for public parks, parkways and playgrounds in any borough." The draftsman of that act evidently thought and presumably the Legislature did, that the term "public parks and playgrounds" did not include parkways and therefore interpolated in the new act the word "parkways."

It is recommended that the opinion of the Corporation Counsel should be obtained as to whether the proposed acquisition can be paid for with corporate stock proceeds or whether such a disbursement falls under the prohibition of section 169, subdivision 9 of the Charter.

Upon the foregoing, the proposition of the Commissioner of Parks is submitted to the Board for such action as it may deem proper, assuming that the Corporation Counsel will hold that the proposed disbursement is one for which long term corporate stock may properly be issued.

If the Board approves of the proposed purchase, subject to being so advised by the Corporation Counsel of the legality of such action, then it is recommended that, pursuant to chapter 2 of the Laws of 1934, the Park Commissioner be authorized to acquire at private sale 7½ acres of land owned by the Evergreen Cemetery within the proposed lines of the Interborough parkway for a sum not to exceed \$245,000 upon an agreement by Evergreen Cemetery under its proper corporate name, that upon an offering, pursuant to the terms of the charter, by the Comptroller for the sale of corporate stock of The City of New York, the said Evergreen Cemetery Corporation, prior to the time that compensation should be payable to it, will bid par for and will purchase at par 4 per cent. corporate stock of The City of New York, maturing in 50 years, so that the Comptroller may have corporate stock funds available to be applied to and to meet the expense of the acquisition of such lands from the said Evergreen Cemetery.

Respectfully,

W. A. CUNNINGHAM, Comptroller.

The Secretary also presented:
 (1) Communication, dated February 21, 1934, from the Commissioner of Parks, submitting supplementary information regarding the acquisition of the two parcels of right-of-way for the Interborough parkway leading into Brooklyn, and requesting that this matter be acted on at the earliest possible moment because the agreement to purchase the cemetery land runs only for 60 days and for the further fact that the Department is ready to proceed on the actual construction on this section with State and Federal funds.
 (2) Communication, dated March 9, 1934, from the Corporation Counsel returning resolutions as redrafted.

The following resolution was offered by his Honor the Mayor:
 Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 442-A of the Greater New York Charter, as amended by chapter 2 of the Laws of 1934, approves of the selection by the Commissioner of Parks of the premises hereinafter described, for an extension of Interborough parkway, in the Boroughs of Brooklyn and Queens, and the Commissioner of Parks is authorized to purchase said premises at private sale for an amount not to exceed \$245,000.

Said premises being more particularly bounded and described as follows:

Parcel A.

Beginning at a point marking the intersection of the westerly boundary of Vermont avenue and the westerly boundary of Lot 145, lands of The City of New York; thence along said westerly boundary south 28 degrees 6 minutes 15.3 seconds west 160.052 feet to a point; thence in a northerly direction the following two courses and distances: (1) 37.448 feet along the arc of a curve deflecting to the right of radius 3,704.125 feet, the chord of said arc bearing north 12 degrees 6 minutes 18.4 seconds east 37.448 feet to a point; (2) 680.339 feet along the arc of a curve deflecting to the left of radius 3,853.316 feet, the chord of said arc bearing north 7 degrees 20 minutes 09.2 seconds east 679.456 feet to a point marking an offset in the aforementioned westerly boundary of Vermont avenue; thence in an easterly and southwesterly direction along said westerly boundary the following four courses and distances: (1) south 87 degrees 43 minutes 19.8 seconds east 8.50 feet to a point; (2) south 2 degrees 16 minutes 45.3 seconds west 521.574 feet to a point; (3) south 2 degrees 15 minutes 44.0 seconds west 37.60 feet to a point; (4) south 28 degrees 6 minutes 15.3 seconds west 11.63 feet to the point of beginning, said parcel containing 0.369 acres more or less.

Parcel B.

Beginning at a point marking the intersection of the southerly boundary of Lot 125, lands now or formerly of Nellie Hovell, and the westerly boundary of Vermont avenue; thence in a southerly direction along said westerly boundary the following five courses and distances: (1) south 2 degrees 15 minutes 12.4 seconds west 395.956 feet to a point; (2) south 1 degree 57 minutes 40.2 seconds west 172.507 feet to a point; (3) 146.476 feet along the arc of a curve deflecting to the left of radius 281.970 feet, the chord of said arc bearing south 12 degrees 55 minutes 14.2 seconds east 144.526 feet to a point; (4) south 27 degrees 48 minutes 08.5 seconds east 323.421 feet to a point; (5) south 37 degrees 54 minutes 11.1 seconds east 352.380 feet to a point on the northerly boundary of Highland boulevard; thence in a southwesterly direction along said northerly boundary the following five courses and distances: (1) south 0 degrees 26 minutes 05.4 seconds east 113.580 feet to a point; (2) 109.00 feet along the arc of a curve deflecting to the right of radius 124.00 feet, the chord of said arc bearing south 24 degrees 44 minutes 48.0 seconds west 105.521 feet to a point; (3) south 49 degrees 55 minutes 41.3 seconds west 538.061 feet to a point; (4) south 55 degrees 43 minutes 17.3 seconds west 78.968 feet to a point; (5) south 60 degrees 39 minutes 11.3 seconds west 98.914 feet to a point; thence in a northerly direction the following four courses and distances: (1) 567.172 feet along the arc of a curve deflecting to the left of radius 588.317 feet, the chord of said arc bearing north 33 degrees 2 minutes 05.5 seconds east 545.462 feet to a point; (2) 409.203 feet along the arc of a curve deflecting to the left of radius 780.494 feet, the chord of said arc bearing north 9 degrees 36 minutes 11.2 seconds west 404.533 feet to a point; (3) 579.596 feet along the arc of a curve deflecting to the right of radius 1,500.00 feet, the chord of said arc bearing north 13 degrees 33 minutes 11.9 seconds west 575.997 feet to a point; (4) 582.298 feet along the arc of a curve deflecting to the right of radius 3,704.125 feet, the chord of said arc bearing north 2 degrees 1 minute 10.8 seconds east 581.708 feet to a point on the aforementioned southerly boundary of Lot 125; thence along said southerly boundary south 56 degrees 11 minutes 19 seconds east 135.962 feet to the point of beginning, said parcel containing 7.131 acres more or less.

Which was adopted by the following vote:
 Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—14.
 Negative—The President of the Borough of Manhattan—2.

The following was offered by his Honor the Mayor:
 Whereas, The Commissioner of Parks of The City of New York has selected a certain parcel of land as a site for a public parkway in the Borough of Queens in said City; and

Whereas, The Commissioner of Parks has been unable to negotiate with the owner of such parcel of land for the purchase of the same at private sale, and has requested the Board of Estimate and Apportionment and the Mayor to approve the selection of such site and the acquisition of title to the same through condemnation proceedings; be it

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 442-A of the Greater New York Charter, as amended by chapter 2 of the Laws of 1934, does hereby approve of the selection by the Commissioner of Parks of the following parcel of land as a site for parkway purposes.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of chapter 21 of the Greater New York Charter as amended, deems it in the public interest that the title, for the uses and to the extent thereof as herein mentioned, to the real property required for an addition to the Interborough parkway, being Lot 125 in Block 2483 in the Second Ward in the Borough of Queens, City of New York, should be acquired by The City of New York.

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such lands and premises.

Resolved, That the compensation to be made to the owners of the real property to be acquired shall be ascertained and determined by the Supreme Court without a jury;

Resolved, That the Board of Estimate and Apportionment hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court to have the compensation which should justly be made to the respective owners of the real property proposed to be taken ascertained and determined by the Supreme Court without a jury;

Resolved, That the entire cost and expense of said proceedings be borne and paid by The City of New York.

Resolved, That nothing in this resolution contained shall be construed as preventing the Commissioner of Parks from entering into contracts for the acquisition of the following described property by purchase at a price not to exceed \$33,000; and he is hereby authorized to purchase the same at that price.

Resolved, That the lands and premises to be acquired by purchase or condemnation for the aforementioned purposes are bounded and described as follows:

All that certain lot, piece or parcel of land, situate, lying and being in the Borough and County of Queens, City and State of New York, bounded and described as follows:
 Beginning at a point on the northwesterly side of Vermont avenue at the south-easterly corner of land of Evergreen Cemetery, formerly of W. H. Furman, and running thence northeasterly along Vermont avenue three hundred and sixty-seven (367) feet one and one-quarter (1 1/4) inches to a space in the southwesterly corner of land formerly of Andrew Stoeckel; thence northwesterly along land formerly of Andrew Stoeckel, eighty-three (83) feet three-quarters (3/4) of an inch to land of Evergreen Cemetery, formerly of W. H. Furman; thence southwesterly along land of Evergreen Cemetery, formerly of W. H. Furman, three hundred and fourteen (314) feet six (6) inches to land of Evergreen Cemetery, formerly of W. H. Furman, and thence southeasterly along land of Evergreen Cemetery, formerly of W. H. Furman, two hundred forty-seven (247) feet one (1) inch to the point or place of beginning, be the said several dimensions more or less.

The land affected by the above description lies in Section 11, in Block 2483, on land map of the County of Queens.

Board of Estimate and Apportionment; New York City Employees' Retirement System—Ordinary Disability Retirements (Cal. No. 25).

(On March 2, 1934 (Cal. No. 115), the matter was laid over until this meeting.)
 The Secretary presented the following:

February 21, 1934.

To the Board of Estimate and Apportionment:

Gentlemen—Applications for ordinary disability retirement have been filed by the four members of the New York City Employees' Retirement System, employed in the departments and under the titles named in the accompanying resolution.

The Medical Board of the Retirement System certified on February 15, 1934, that these members are incapacitated for the performance of duty and ought to be retired.

The requirements of the law and of the Board's rules as to membership, service, period of notice, eligibility to retire—in general, as to obligations and privileges—have been or will be duly observed as to each.

A resolution is therefore submitted for your consideration and adoption, proposing the retirement of these members, to take effect on the dates specified therein, the amount of ordinary disability retirement allowance of each beneficiary to be subsequently fixed and determined.

Respectfully, GEORGE J. DOYLE, M. D., ROBERT P. WADHAMS, M. D., Medical Board, New York City Employees' Retirement System; PEARL BERNSTEIN, Secretary, Board of Estimate and Apportionment.

The following was offered:

Whereas, Duly executed applications for ordinary disability retirement have been filed by the hereinafter-named members of the New York City Employees' Retirement System, while in city-service, and on the retirement dates proposed each had or will have had ten or more years of city-service, including member-service, in each of the ten years next preceding the proposed retirement date, and the Medical Board of the Retirement System has certified that these members are incapacitated for the performance of duty and ought to be retired; therefore be it

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of law, does hereby retire from city-service each member hereinafter named, on account of ordinary disability, to take effect on the dates hereinafter specified, subject to subsequent determination and fixation of the amount of ordinary disability retirement allowance of each:

| Member-ship Number. | Name, Address, Title and Department. | Date of Retirement. |

Department of Sanitation — Approval of Contract, Specifications, Etc., for Emergency Removal of Snow and Ice During Winter Season of 1933-1934, Borough of Manhattan (First Snow Removal District) (Cal. No. 26).

The Secretary presented:

(1) Communication, dated February 27, 1934, from the Commissioner of Sanitation, requesting authority to award contracts for the removal of snow and ice, first snow removal district, south of 14th street, Borough of Manhattan, to the low bidder, as follows:

Camarano Trucking, Inc.—Contract A, day removal, \$0.847 per cubic yard.
 55 West 42d Street—Contract B, night removal, \$0.847 per cubic yard.

The communication stated that the resolution adopted by the Board on January 19, 1934 (Cal. No. 126), approving terms and conditions of contracts for removal of snow and ice in the first snow removal district, Borough of Manhattan, provided that no award of contract should be made, but that the bids received should be submitted to the Director of the Budget for report to the Board. These bids were sent to the Director of the Budget on February 16th and he recommended awards in both cases, i. e., the contract for day work and the contract for night work, to the low bidders.

(On February 26, 1934 (Cal. No. 3), the above communication was presented and referred to the Comptroller for report, as was also the question of waiver of condition in the contract so as to provide for the hire of trucks outside the City limits.)

(2) Report, dated March 1, 1934, of the Director of the Budget, submitting facts for consideration.

(On March 2, 1934 (Cal. No. 126), the matter was laid over to this meeting pending receipt of the report of the Comptroller.)

The matter was laid over one week (March 16, 1934), pending receipt of said report.

Department of Hospitals; Department of Finance—Transfer of Appropriations (Cal. No. 27).

(On March 2, 1934 (Cal. No. 129), the matter was laid over until this meeting and referred to the Director of the Budget for report.)

The Secretary presented a communication, dated February 26, 1934, from the Comptroller, herein, and the following report of the Director of the Budget:

March 6, 1934.

To the Board of Estimate and Apportionment:

Gentlemen—On March 2, 1934 (Cal. No. 129), your Board referred to the Director of the Budget a communication dated February 26, 1934, from the Comptroller, requesting the transfer of the employees and salaries of the Inspection Staff of the Department of Hospitals to the Department of Finance, effective as of March 16, 1934.

An Examiner, to whom this request was assigned, reports thereon as follows:

"Section 1752 of the Greater New York Charter as added by chapter 829 of the Laws of 1933, provides in part as follows:

"Inspection of all deliveries of supplies, materials and equipment shall be made by the department of finance and the duty and jurisdiction now vested in the various departments, bureaus, boards, offices, officers, commissions and institutions is hereby transferred to the department of finance, any other provisions of law to the contrary notwithstanding."

"In order that the Department of Finance may properly carry out the provisions of the above mentioned section of the Charter, the employees now engaged in the inspection of supplies, materials and equipment should be transferred together with their salaries from their respective departments to the Department of Finance at as early a date as possible.

"The Department of Finance is now prepared to take over the inspection of supplies, materials and equipment purchased for the Department of Hospitals and requests the transfer from said department of the following positions together with their salaries, effective as of March 16, 1934:

| Code No. | Line No. | Civil Service Title (Competitive Class) and Salary. | |
|----------|----------|---|------------|
| 1951 | 1 | Inspector, \$3,240 (\$3,030)..... | \$3,030 00 |
| | 2 | Inspector of Foods, 2 at \$2,460 (\$2,305)..... | 4,610 00 |
| | 3 | Inspector of Foods, 3 at \$2,400 (\$2,250)..... | 6,750 00 |
| | 4 | Inspector of Foods, \$2,340 (\$2,195)..... | 2,195 00 |
| | 5 | Inspector of Foods, \$2,160 (\$2,025)..... | 2,025 00 |
| | 6 | Inspector of Foods, 2 at \$2,100 (\$2,000)..... | 4,000 00 |
| | 7 | Inspector of Foods..... | 2,000 00 |

| Code No. | Line No. | Civil Service Title (Competitive Class) and Salary. | |
|----------------------------------|----------|---|-------------|
| | 8 | Inspector of Equipment, 3 at \$2,400 (\$2,250)..... | 6,750 00 |
| | 9 | Egg Candler, \$2,280 (\$2,140)..... | 2,140 00 |
| Total of salaries | | | \$33,500 00 |
| Less 4 per cent. savings | | | 1,340 00 |
| Total Budget appropriation | | | \$32,160 00 |

"The positions listed above should be transferred to the Department of Finance together with the funds appropriated for their salaries for the year 1934, effective March 16th, as requested.
 "In addition to the above positions, there are assigned to the Inspection Division of the Department of Hospitals the following:

| Code No. | Line No. | Civil Service Title (Non-competitive Class) and Duties Assigned To. | Salary. |
|----------------------------------|----------|---|------------|
| 1988 | 1 | Butcher (Inspection of Food)..... | \$1,560 00 |
| 1991 | 1 | Orderly (Inspection of Food)..... | 1,980 00 |
| | 1 | Orderly (Assistant to Milk Tester)..... | 1,560 00 |
| | 1 | Orderly (Inspection of Equipment)..... | 1,440 00 |
| | 1 | Senior Hospital Helper (Inspection of Food)..... | 1,140 00 |
| 1992 | 1 | Senior Hospital Helper (Inspection of Food)..... | 1,200 00 |
| Total of salaries | | | \$8,880 00 |
| Less 4 per cent. savings | | | 355 20 |
| Total Budget appropriation | | | \$8,524 80 |

"The incumbents of these positions are in the non-competitive class and have been improperly assigned to inspection duties for which they have not qualified. This class of hospital help is ineligible for transfer to the Department of Finance. Inspection of supplies, materials and equipment should be done by employees qualified by competitive civil service examination. These positions should be eliminated in the Department of Hospitals, but the funds provided therefor should be transferred to the Department of Finance for the purpose of establishing at least four positions of Inspector to replace the six employees now improperly assigned to this work, but who have not qualified by civil service examination.
 "Upon the necessary transfer of funds this office will modify the salary schedules involved."

In view of the foregoing, it is recommended that the request, as amended above, by providing for additional inspectional service, be approved by the adoption of the attached resolution transferring such net amount as is required for the period from March 16 to December 31, 1934.

Respectfully,
 RUFUS E. MCGAHEN, Director of the Budget.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 1752 of the Greater New York Charter as added by chapter 829 of the Laws of 1933, and section 237 of the Greater New York Charter, hereby approves of the transfer of funds within appropriations made for the year 1934, as follows:

Supreme Court, State of New York, Second Judicial District—Voluntary Contribution by Justices of Part of Their Salaries to The City of New York (Cal. No. 67).

(On February 17, 1933 (Cal. No. 68), this matter was referred to the Corporation Counsel for litigation.)

The Secretary presented a communication, dated February 4, 1933, addressed to the Comptroller, from Hon. Selah B. Strong, Justice of the Supreme Court of the State of New York, Second Judicial District, and Resident Justice of Suffolk County, herein, and the following report of the Corporation Counsel, which was ordered printed in the minutes and filed:

City of New York, Law Department, Office of the Corporation Counsel, February 23, 1934.

The Board of Estimate and Apportionment:

Sirs—I have your communication of February 21, 1933, signed by Joseph F. Higgins, Assistant Secretary, and reading as follows:

"I enclose herewith copy of communication, dated February 4, 1933, addressed to the Comptroller, from Hon. Selah B. Strong, Justice of the Supreme Court of the State of New York, Second Judicial District, and Resident Justice of Suffolk County, referring to the voluntary donation to The City of New York of 25 per cent. of the \$10,000 salary which the City pays to said Justice for the year 1933.

"At the meeting of the Board of Estimate and Apportionment held February 17, 1933, the above communication was referred to the Corporation Counsel for litigation."

The communication of Mr. Justice Strong, dated February 4, 1933, to the Comptroller of The City of New York, enclosed with your communication, reads as follows:

"Owing to the financial straits which The City of New York finds itself in, the Justices of the Supreme Court in the Second Judicial District have declared their intention to donate 25 per cent. of the \$10,000 salary, which the City pays them for the year 1933 to The City of New York; this donation to depend in amount and continuation thereof upon whether the State of New York also asks for a donation upon the salary paid by the State.

"As under the law only part of the salaries of the Supreme Court Justices in the Second Judicial District, who reside outside the County of Kings, is paid by the Counties of Queens and Richmond, within the City of New York; the balance being paid by the Counties of Nassau and Suffolk, these Counties in all fairness, should receive a like proportionate sum to that contributed to The City of New York for the Counties of Queens and Richmond.

"As a Resident Justice of Suffolk County, I am therefore, sending you a check for the sum of \$143.23, being a proportionate part of my salary for the month of

January, 1933, to that paid as a contribution to the Counties of Nassau and Suffolk, the said check to be deposited to the credit of the Counties of Queens and Richmond; it being understood that the continuation of the payments of these checks and the amount thereof depends upon the conditions above recited and that they are purely voluntary payments without prejudice to any pension contribution or otherwise."

I agree with the claim made by Mr. Justice Strong that only a proportionate part of his salary for the month of January, 1933, is contributed by The City of New York for the Counties of Queens and Richmond, and that he is right in sending to the Comptroller of The City of New York his check for \$143.23, "being a proportionate part of my salary for the month of January, 1933, to that paid as a contribution to the Counties of Nassau and Suffolk."

I have to advise you, therefore, there is no ground for any litigation in behalf of The City of New York because of the action aforesaid taken by Mr. Justice Strong.

Respectfully yours,
PAUL WINDELS, Corporation Counsel.

Board of Estimate and Apportionment; New York City Employees' Retirement System—Payment of Death Benefits (Cal. No. 73).

The Secretary presented the following:

March 1, 1934.

To the Board of Estimate and Apportionment:

Gentlemen—Duly executed proofs of the death of 8 members of the New York City Employees' Retirement System, named in the accompanying resolution, who were in city-service at the time of death, have been submitted to this office by, or with the cognizance of, the several City departments shown.

These proofs show death entitling each beneficiary to the ordinary death benefit of an amount equal to the compensation earnable by the deceased while a member during the six months immediately preceding death, or 12 months when indicated in the accompanying resolution, and to the accumulated deductions from the compensation of the deceased provided by law.

Each beneficiary named in the resolution is the beneficiary designated by the deceased member to receive the benefit or benefits enumerated, or the beneficiary shown is the qualified representative of the estate. Accompanying the proofs of death herein referred to is the duly executed application of the beneficiary for the benefits described.

Individual reports have been prepared showing in detail the computation of the earnable compensation above referred to and the accumulated deductions from the compensation of the deceased.

The pertinent facts contained in these individual reports and proofs of death relative to these members, their designated beneficiaries or representatives, and the amount of the benefit accruing to each beneficiary, are set forth in the tabular statement forming part of the resolution which is presented herewith for your consideration and adoption.

Respectfully, PEARL BERNSTEIN, Secretary, Board of Estimate and Apportionment; GEO. B. BUCK, Actuary, New York City Employees' Retirement System.

Board of Estimate and Apportionment; New York City Employees' Retirement System—Retirement (Cal. No. 74).

The Secretary presented the following:
 February 9, 1934.

To the Board of Estimate and Apportionment:

Gentlemen—On September 5, 1933, John Stapleton, Attendant, Office of the President of the Borough of Brooklyn, and a member of the New York City Employees' Retirement System, filed an application for accident disability retirement in which he stated that on December 18, 1932, while employed at the Lakeland Place Comfort Station, Coney Island, Borough of Brooklyn, he was beaten by thugs, and as a result of injuries received he is incapacitated for the performance of city-service.

The Medical Board of the Retirement System certified, on November 23, 1933, that he was not mentally or physically incapacitated for the performance of city-service as a natural and proximate result of an accidental injury received in such city-service while a member, and while in the performance of duty, and therefore denied his application for accident disability retirement.

Member stated in his membership application filed on December 29, 1920, that he was born on October 15, 1863, and in his application for accident disability retirement that he was born on October 18, 1863. On January 4, 1934, he filed documentary evidence which showed that he was born on or about October 12, 1861. As applicant, therefore, had attained the age of 70 on or about October 12, 1931, he and his department head were notified of the provisions of section 1710, subdivision 1, of the Greater New York Charter, permitting continuance in service beyond the age of 70 years.

On January 5, 1934, Mr. Stapleton requested retirement to take effect November 1, 1931, which is mandatory as he was not granted permission to continue in service after October 31, 1931, and the President of the Borough of Brooklyn was so notified.

Applicant was in city-service and received compensation in excess of \$1,200 a year, from November 1, 1931, to October 16 (noon), 1933, and deductions for annuity purposes were made from his compensation during this period. His retirement allowance for that period will therefore be suspended and forfeited under the provisions of section 1560 of the Greater New York Charter, and it is required that the deductions made from his compensation during said period be refunded.

On September 30, 1926 (Cal. No. 104), the Board of Estimate and Apportionment authorized a prior-service allowance of 3.80 years.

Detailed reports have been prepared of examinations made of payroll records on file in the Department of Finance and of the records of the New York City Employees' Retirement System, as to his city-service and deductions from compensation for annuity purposes creditable to him as a member, and as to the compensation earnable by him during his last five years of city-service.

No credit is proposed, in accordance with law, for service from October 1 to December 28, 1920, as he was not a member of the Retirement System during that period, and did not elect to purchase credit for such service under section 1703-A of the Charter.

In addition to prior-service credit is proposed for full service from December 29, 1920, to August 31, 1926, and from August 30, 1927, to the date of retirement. He was out of service from September 1, 1926, to August 29, 1927.

A report has also been prepared by the Actuary showing the amount of retirement allowance payable in pursuance of law, on the basis of said reports and on the basis of the reported group classification, duly elected age and service benefit of applicant.

The following is a summary of the pertinent statements in the reports herein referred to:

- Name of member, John Stapleton.
- Membership number, 18808.
- Group classification, 1.
- Age on last birthday preceding proposed date of retirement, 70.
- Proposed date of retirement, November 1, 1931.
- Years of service creditable to proposed date of retirement, 14.23.
- Average annual compensation earnable during last five years of city-service, \$1,742.35.
- Annual retirement allowance payable in ordinary form, \$444.15.
- Form of allowance selected, option 1.
- Annual retirement allowance payable under form selected, \$328.32.
- Part of annual allowance payable from the Pension Fund, \$175.92.
- Part of annual allowance payable from the Annuity Reserve Fund, \$152.40.
- Initial reserve on pension, \$1,634.04.
- Initial reserve on annuity, \$1,415.36.

On the basis of the facts hereinbefore set forth and of the reports hereinbefore referred to, a resolution is submitted for your consideration and adoption approving denial of the application for accident disability retirement, and proposing mandatory service retirement of John Stapleton, effective November 1, 1931; authorizing the refund of the accumulated deductions from his compensation for the period subsequent to the proposed retirement date (November 1, 1931, to October 16 (noon), 1933), amounting to \$391.94,

and awarding him the annual service retirement allowance, under the provisions of option 1, the form selected by him, of \$328.32, effective November 1, 1931.

Respectfully, PEARL BERNSTEIN, Secretary, Board of Estimate and Apportionment; GEO B. BUCK, Actuary, and GEORGE J. DOYLE, M. D., ROBERT P. WADHAMS, M. D., Medical Board, New York City Employees' Retirement System.

The following was offered:

Whereas, John Stapleton, residing at 646 Wythe avenue, Borough of Brooklyn, an Attendant, Office of the President of the Borough of Brooklyn, and since December 29, 1920, a member of the New York City Employees' Retirement System, filed an application for accident disability retirement on September 5, 1933, after he had attained the age of 70 years (on October 12, 1931), and in the absence of an approved application for continuance in service, his retirement is mandatory, effective November 1, 1931, as required by section 1710, subdivision 1, of the Greater New York Charter; and deductions amounting to three hundred ninety-one dollars and ninety-four cents (\$391.94) have been made from his compensation subsequent to the proposed retirement date; therefore be it

Resolved, That the Board of Estimate and Apportionment, pursuant to law, does hereby retire John Stapleton, Attendant, Office of the President of the Borough of Brooklyn; effective November 1, 1931, in accordance with the provisions of section 1710, subdivision 1, of the Greater New York Charter; does hereby authorize the refund to him of his accumulated deductions from his compensation for the period November 1, 1931, to October 16 (noon), 1933, amounting to three hundred ninety-one dollars and ninety-four cents (\$391.94); and does hereby award him, effective November 1, 1931 (subject to revision or suspension when and as required by law, during gainful employment), in lieu of the annual ordinary service retirement allowance of four hundred forty-four dollars and fifteen cents (\$444.15), being in part a pension based on his years of service and his average annual compensation earnable during his last five years of city-service, and in part an annuity actuarially equivalent to the amount of his accumulated deductions on the date set for his retirement, a lesser annual retirement allowance under the provisions of option 1, selected by him, of three hundred twenty-eight dollars and thirty-two cents (\$328.32), being in part a lesser annual pension of one hundred seventy-five dollars and ninety-two cents (\$175.92), having an initial reserve of one thousand six hundred thirty-four dollars and four cents (\$1,634.04), and in part a lesser annual annuity of one hundred fifty-two dollars and forty cents (\$152.40), having an initial reserve of one thousand four hundred fifteen dollars and thirty-six cents (\$1,415.36), payable under the provisions of option 1, with the provision that if he should die before the earnable monthly installments of the lesser retirement allowance aggregate the amount of three thousand forty-nine dollars and forty cents (\$3,049.40), which is the initial reserve upon his retirement allowance, the balance of such reserve in excess of the total amount of the monthly installments earnable by him prior to his death, shall be paid to his last designated beneficiary, or to his estate; and be it further

Resolved, That the Comptroller of The City of New York, as custodian of the funds of the New York City Employees' Retirement System, be and hereby is directed to pay said annual retirement allowance of three hundred twenty-eight dollars and thirty-two cents (\$328.32) to said John Stapleton, during his lifetime, in equal monthly installments, effective November 1, 1931, as follows:

A—From the Pension Fund of the New York City Employees' Retirement System, a pension of one hundred seventy-five dollars and ninety-two cents (\$175.92) a year.

B—From the Annuity Reserve Fund of the New York City Employees' Retirement System, an annuity of one hundred fifty-two dollars and forty cents (\$152.40) a year.

—to transfer from the Annuity Savings Fund to the Annuity Reserve Fund one thousand four hundred fifteen dollars and thirty-six cents (\$1,415.36), being the initial reserve on the annuity; and to pay from the Pension Fund and Annuity Reserve Fund, respectively, to his last designated beneficiary, or to his estate, upon his death, the amount of the initial reserve, respectively, on his pension and on his annuity, less the amount of pension and annuity installments earnable by him during his lifetime, as hereinbefore required; and to pay to the said John Stapleton from the Annuity Savings Fund of the New York City Employees' Retirement System, the accumulated deductions made from his compensation subsequent to the effective retirement date, amounting to three hundred ninety-one dollars and ninety-four cents (\$391.94).

Which was adopted by the following vote:
 Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Board of Estimate and Apportionment; New York City Employees' Retirement System—Denial of Request for Withdrawal of Retirement Application (Cal. No. 75).

The Secretary presented the following:
 March 6, 1934.

To the Board of Estimate and Apportionment:

Gentlemen—On January 4, 1934, Joseph T. Hartigan, aged 57, a Laborer, in the Department of Water Supply, Gas and Electricity, and a member of the New York City Employees' Retirement System, while in city-service, filed an application for service retirement to take effect March 1, 1934.

On February 2, 1934, Mr. Hartigan withdrew his application for service retirement. He states that the reason he filed his application was that he was worried about losing his job and did not know what he was doing.

The Commissioner of Water Supply, Gas and Electricity has stated that he has no objection to the withdrawal of Mr. Hartigan's application.

Rule 56, as amended by your Board on January 26, 1934 (Cal. No. 147), conditions withdrawal on approval by the Board within 30 days after the date of filing of such withdrawal request.

A resolution proposing approval of such withdrawal request is submitted herewith. Respectfully, PEARL BERNSTEIN, Secretary, Board of Estimate and Apportionment.

A resolution to approve the withdrawal of application for service retirement, effective March 1, 1934, of Joseph T. Hartigan, age 57, Laborer, Department of Water Supply, Gas and Electricity, was lost by the following vote:
 Affirmative—The Presidents of the Boroughs of Manhattan and Queens—3.
 Negative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx and Richmond—13.

Board of Estimate and Apportionment; New York City Employees' Retirement System—Refunds of Accumulated Salary Deductions (Cal. No. 76).

The Secretary presented the following:

March 1, 1934.

To the Board of Estimate and Apportionment:

Gentlemen—Duly executed applications for the refund of accumulated deductions, or one-quarter thereof, made by 22 members of the New York City Employees' Retirement System, named in the accompanying resolution, who discontinued city-service without pension, have been submitted to this office by, or with the cognizance of, the several City departments shown.

These members are entitled to withdraw their accumulated deductions and terminate membership in the said Retirement System under the provisions of law, except that the membership of J. Walter Thompson and Patrick Hurley, applicants for one-quarter accumulated deductions, cannot be terminated under section 1702 of the Charter; and except that the membership of Helen Weiser cannot now be terminated because she has given notice of intention to deposit with the New York State Employees' Retirement System, within one year, her accumulated deductions under section 73 of the Civil Service Law.

Individual reports have been prepared showing in detail the computation of the amount of the accumulated deductions due each of the said members, and the discontinuance of city-service of each member has been verified from the records of the Municipal and State Civil Service Commissions with the exception of members designated by (*), employees whose service is not recorded by said Commissions. The departments advised of the cessation of services on the dates shown.

The pertinent facts contained in each of these individual reports are set forth in the tabular statement forming part of the resolution which is presented herewith for your consideration and adoption.

Respectfully, PEARL BERNSTEIN, Secretary, Board of Estimate and Apportionment; GEO. B. BUCK, Actuary, New York City Employees' Retirement System.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to law, does authorize the refund to each hereinafter named member of the New York City Employees' Retirement System, the amount of accumulated deductions set opposite the name of said member in accordance with his application, and does hereby terminate the membership of each in the said Retirement System except the membership of J. Walter Thompson and Patrick Hurley; and except that under the provisions of section 73 of the Civil Service Law, the membership of Helen Weiser, formerly a Recording Clerk in the office of the Register, Bronx County, shall be continued for a period not exceeding one year; and be it further

Resolved, That the Comptroller of The City of New York, as custodian of the funds of the New York City Employees' Retirement System, be and hereby is directed to pay to each said discontinuing member of said Retirement System and to J. Walter Thompson, Patrick Hurley and Helen Weiser the amount of the accumulated deductions set opposite the name of such member, from the Annuity Savings Fund of said system.

Board of Estimate and Apportionment; New York City Employees' Retirement System—Retirements (Cal. No. 77).

The Secretary presented the following:

March 3, 1934.

To the Board of Estimate and Apportionment:

Gentlemen—John N. Outwater, age 66, an Accountant, Office of the Commissioner of Accounts, and member No. 59 of the New York City Employees' Retirement System, filed an application for service retirement on February 6, 1934, to take effect March 8, 1934.

On February 13, 1934, he requested that his retirement "be left open or cancelled as of March 8, 1934," as he desired to continue in service in order to pay an assessment soon to be levied.

On March 1, 1934, he asked that his request to withdraw his application be disregarded, and that he be retired to take effect March 8, 1934.

For the protection of the funds against adverse last minute optional selections, it has been the practice in cases of this kind to retire members on a date 30 days subsequent to the date of filing of the last of successive requests for filing.

Mr. Outwater has been paid for continuous service during the past year.

The requirements of law and of the Board's rules as to membership, service, period of notice, eligibility to retire, in general, as to obligations and privileges, have been observed. He has as yet not been informed of the approximate amount of his retirement allowance, due to his withdrawal request hereinbefore referred to, but will be notified.

The resolution submitted herewith for your consideration and adoption provides for retirement on March 31, 1934, the amount of service retirement allowance to be subsequently fixed and determined. Respectfully,

PEARL BERNSTEIN, Secretary, Board of Estimate and Apportionment.

The following was offered:

Whereas, John N. Outwater, age 66, an Accountant, Office of the Commissioner of Accounts, residing at 351 West 259th street, Borough of The Bronx, and a member of the New York City Employees' Retirement System, while in city-service, duly applied for service retirement, and on the retirement date proposed he will be of service retirement age; therefore be it

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of law, does hereby retire him from city-service to take effect March 31, 1934, subject

to the subsequent determination and fixation of the amount of his service retirement allowance.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following:

March 3, 1934.

To the Board of Estimate and Apportionment:

Gentlemen—On February 15, 1934, Anna Murphy, Inspector of Licenses, Department of Licenses, and member No. 23608 of the New York City Employees' Retirement System, filed a duly executed application for service retirement to take effect March 13, 1934.

Under the law and the rules of the Board of Estimate and Apportionment for the administration of the Retirement System, the earliest date on which she can be retired as the result of the filing of her application on February 15, 1934, is March 17, 1934, 30 days after the date of filing. Her retirement to take effect on that date is proposed in the accompanying resolution.

The requirements of the law and of the Board's rules as to membership, service, period of notice, eligibility to retire, prospective retirement allowance and right to object thereto—in general, as to obligations and privileges—have been or will be duly observed on or before the retirement date proposed in the accompanying resolution which is submitted for your consideration and adoption, the amount of service retirement allowance to be subsequently fixed and determined.

Respectfully, PEARL BERNSTEIN, Secretary, Board of Estimate and Apportionment.

The following was offered:

Whereas, Anna Murphy, residing at 1209 Woodycrest avenue, Borough of The Bronx, and member No. 23608 of the New York City Employees' Retirement System, while in city-service, duly applied for service retirement, and is of service retirement age; therefore be it

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of law, does hereby retire from city-service the said Anna Murphy, 63 years of age, Inspector of Licenses, Department of Licenses, as of March 17, 1934, subject to the subsequent determination and fixation of the amount of her service retirement allowance.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

THE FOLLOWING MATTERS NOT ON THE CALENDAR FOR THIS MEETING WERE CONSIDERED BY UNANIMOUS CONSENT.

Department of Sanitation — Issue of Special Revenue Bonds to Provide for Emergency Removal of Snow and Ice During Winter Season of 1933-1934, All Boroughs (Cal. No. 78).

The Secretary presented the following:
City of New York, Department of Sanitation, Municipal Building, Manhattan, March 8, 1934.

Hon. FIORELLO H. LA GUARDIA, Mayor, Chairman of the Board of Estimate and Apportionment, City of New York:

Sir—I respectfully request adoption of a resolution authorizing the Comptroller to sell special revenue bonds in the sum of one million four hundred thousand dollars (\$1,400,000), pursuant to section 546 of the Greater New York Charter, as amended, the proceeds thereof to be available to this Department for the emergency removal of snow and ice during this winter season, including the hire of single horses and trucks, teams and trucks and motor vehicles for hauling snow, motor vehicles with snow plows attached, and mechanically propelled vehicles with hoists and buckets.

Very truly yours, THOMAS W. HAMMOND, Acting Commissioner of Sanitation.

The Comptroller and the President of the Borough of Manhattan requested to be excused from voting on this matter.

By vote of the Board, the request was denied.
Thomas W. Hammond, Acting Commissioner of Sanitation, appeared.

On motion of his Honor the Mayor, Rule 19 was waived in this matter and the following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 546 of the Greater New York Charter, as amended by chapter 615 of the Laws of 1917, hereby authorizes the Comptroller to issue special revenue bonds of The City of New York to an amount not exceeding one million four hundred thousand dollars (\$1,400,000), as and when bonds can be sold, redeemable from the tax levy of the year succeeding the year of their issue, to defray the cost of emergency removal of snow and ice in all Boroughs during the winter of 1933-1934, including the hire of single horses and trucks, teams and trucks and motor vehicles for hauling snow, motor vehicles with snow plows attached, and mechanically propelled vehicles with hoists and buckets, as certified by the Acting Commissioner of Sanitation and audited by the Department of Finance.

Which was adopted by the following vote:
Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of The Bronx—Approval of Contract, Specifications for Cleaning Windows, Etc., in Bronx County Building (Cal. No. 79).

The Secretary presented a communication, dated March 8, 1934, from the Commissioner of Public Works of the Borough of The Bronx, submitting for approval contract and specifications for the cleaning of the glass in the windows, doors, transoms, etc., in the Bronx County Building, East 161st street and the Concourse, during the balance of the year 1934, commencing April 1, 1934, at an estimated cost of \$3,000, chargeable to 1934 Budget Code 492, General Plant Service.

Which was laid over one week (March 16, 1934) and referred to the Director of the Budget for report.

On motion the Board adjourned to meet Friday, March 16, 1934, at 10.30 o'clock a. m.
PEARL BERNSTEIN, Secretary.

**AT A MEETING OF THE BOARD OF
Health of the Department of Health held
March 29, 1934, the following resolution was
adopted:**

Resolved, That section 244 of the Sanitary Code
be and the same is hereby amended and made to
read as follows:
Section 244. Carts, vehicles and implements to
be kept in an unoffensive and sanitary condition;
use of same regulated. No cart or other vehicle
used for carrying or containing any manure, soil,
garbage, offal, or rubbish, or other nauseous or
offensive substance, or the contents of any privy,
vault, cesspool, or sink, shall, without necessity
therefor, be allowed to stand or remain before
or near any building, place of business, or other
premises, where any person may be; nor shall
the loading or unloading of any such cart or
vehicle or the conveying thereof through any
street, place, or premises consume an unreasonable
period of time. Such carts, vehicles, and all im-
plements used in connection therewith must be
kept in an unoffensive and sanitary condition, and,
when not in use, shall be stored and kept in some
place where no needless offense shall be given to
any of the people of the City of New York. Any
cart or other vehicle used for carrying or contain-
ing a dead animal shall be equipped with a cover to
conceal such animal from view while the same is
being transported for final disposition.

BOARD OF ESTIMATE AND APPOINTMENT.

Notices of Public Hearings.

PUBLIC IMPROVEMENT MATTERS.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment at its meeting held on Friday, March 2, 1934 (Cal. No. 17), adopted the following resolutions:

Whereas, The Board of Estimate and Apportionment by resolutions adopted on September 12, 1933, authorized proceedings for the acquisition of title to the real property required for the opening and extending of Tri-Borough Bridge plaza from 31st street (2d avenue) to 47th street (17th avenue), and the Grand Central parkway extension from 47th street to Northern boulevard, excepting the lands included in the proceeding now in progress for acquiring title to Astoria boulevard (Flushing avenue) from 23d (Potter) avenue to Northern boulevard (Jackson avenue), Borough of Queens; and

Whereas, The Board of Estimate and Apportionment proposes to change the map or plan of the City of New York by changing the lines and grades of the street system within the territory bounded approximately by 89th street, 21st avenue, 97th street, the easterly boundary line of the North Beach Airport, the pierhead line of Flushing Bay, 22d road and Ditmars boulevard; including changes in the exterior lines of Grand Central parkway extension and the discontinuance of certain streets, Borough of Queens, and has adopted a resolution fixing April 5, 1934, as the date for a public hearing on said proposed map change; be it

Resolved, That the Board of Estimate and Apportionment consider the advisability of requesting the Corporation Counsel to apply to the Supreme Court for an amendment of the above described proceedings authorized by the Board on September 12, 1933, so as to provide for the acquisition of title to the real property required for the opening and extending of Tri-Borough Bridge plaza from 31st street (2d avenue) to 47th street (17th avenue) and the Grand Central parkway extension from 47th street to Northern boulevard, excepting the lands included in the proceeding now in progress for acquiring title to Astoria boulevard (Flushing avenue) from 23d (Potter) avenue to Northern boulevard (Jackson avenue), Borough of Queens, as the said streets are proposed to be laid out upon the map or plan of the City of New York by the map referred to above.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 247 of the Greater New York Charter, as amended, hereby gives notice that it proposes to place the entire cost and expense of the proceedings upon The City of New York (to be levied and collected with the taxes upon the real property in said City subject to taxation in five annual installments, beginning with the first tax levy subsequent to the entry of the final decree in the proceedings), with the understanding, however, that a reapportionment of the cost and expense will be considered by the Board prior to the entry of the final decree of the court, under which the cost and expense shall be apportioned between the Boroughs and local areas of assessment.

Resolved, That this Board consider the proposed action at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on Thursday, April 5, 1934, at 10.30 o'clock a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days continuously, exclusive of Sundays and legal holidays, prior to Thursday, April 5, 1934.

Dated, New York, March 23, 1934.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment at its meeting held on Friday, March 2, 1934 (Cal. No. 19-A), adopted the following resolutions:

Whereas, The Board of Estimate and Apportionment by resolutions adopted on March 21, 1919, and amended on June 25, 1920, June 3, 1921, and January 5, 1923, authorized proceedings for acquiring title to an easement for the purpose of a waterway in the upland within the United States bulkhead lines of Flushing River from its mouth at about Harper avenue to its southerly terminus near 69th avenue (Livingston street), subject to the rights, if any, of the Long Island Railroad Company, Borough of Queens; and

Whereas, The Board of Estimate and Apportionment is considering the advisability of amending the aforesaid proceedings authorized by the Board by resolutions adopted on March 21, 1919, and amended on June 25, 1920, June 3, 1921, and January 5, 1923, so as to eliminate therefrom provisions for acquiring title to that portion of the easement for the purpose of a waterway in the upland within the United States bulkhead lines of Flushing River from the North Side Division of the Long Island Railroad to its southerly terminus near 69th avenue (Livingston street), Borough of Queens; be it

Resolved, That the Board of Estimate and Apportionment consider the advisability of requesting the Corporation Counsel to apply to the Supreme Court for a further amendment of the aforesaid proceedings authorized by the Board by resolutions adopted on March 21, 1919, and amended on June 25, 1920, June 3, 1921, and January 5, 1923, so as to provide for acquiring title to an easement for the purpose of a waterway in the upland within the United States bulkhead lines of Flushing River from its mouth at about Harper (avenue) street to the North Side Division of the Long Island Railroad, Borough of Queens.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the proposed modified area of assessment for benefit in these proceedings, as proposed to be amended, is as shown on the following diagram:

Resolved, That this Board consider the proposed modified area of assessment at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on Thursday, April 5, 1934, at 10.30 o'clock a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days continuously, exclusive of Sundays and legal holidays, prior to Thursday, April 5, 1934.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment at its meeting held on Friday, March 2, 1934 (Cal. No. 13-C), adopted the following resolutions:

Whereas, The President of the Borough of Brooklyn, under date of January 30, 1934, has requested the Board to authorize the following improvements, preliminary authorizations for which were granted by the Board by resolutions adopted on June 12, 1931:

"Regulate, grade, regrade, curb, flag and reflag Neptune avenue from East 12th street to Shore boulevard, and Emmons avenue from Shore boulevard to Sheepshead Bay road, together with all work incidental thereto," Borough of Brooklyn.

"Regulate, grade, regrade, curb, flag and reflag Emmons avenue from Sheepshead Bay road to East 27th street, together with all work incidental thereto," Borough of Brooklyn.

"Regulate, grade, regrade, curb, flag and reflag Emmons avenue from East 27th street to Brigham street, together with all work incidental thereto," Borough of Brooklyn.

Whereas, A resolution was adopted by the Local Board of the Ocean Front District on April 6, 1932, and approved by the Acting President of the Borough of Brooklyn on June 1, 1932, amending its resolution adopted on April 15, 1931, for grading, regrading, curbing, flagging and reflagging Emmons avenue from Sheepshead Bay road to East 27th street, Borough of Brooklyn, preliminary authorization for which was granted by the Board of Estimate and Apportionment under date of June 12, 1931, the said amended Local Board resolution reading as follows:

"Grade, regrade, curb, flag, reflag and construct necessary sewer basins and outlets on Emmons avenue from Sheepshead Bay road to East 27th street, together with all work incidental thereto," Borough of Brooklyn.

Whereas, The Board of Estimate and Apportionment propose to combine the aforesaid projects into a single improvement, the estimated cost of the combined projects being \$119,900; and

Whereas, The Board of Estimate and Apportionment is empowered at the time of authorizing local improvements to determine in what manner the cost thereof shall be borne and paid; and

Whereas, The Board of Estimate and Apportionment, pursuant to the provisions of section 247 of the Greater New York Charter, as amended, is considering the advisability of authorizing the grading, regrading, curbing, flagging and reflagging of Neptune avenue from East 12th street to Shore boulevard, and Emmons avenue from Shore boulevard to Brigham street, and the construction of receiving basins where necessary, Borough of Brooklyn; and of providing that 50 per cent. of the entire cost and expense of the improvement be placed upon The City of New York, and that the remaining 50 per cent. of such cost and expense be placed upon the Borough of Brooklyn (the City's and Borough's shares to be collected with the first tax levy after the contract for the improvement shall have been registered in the Department of Finance, or the cost and expense shall have been otherwise fixed and determined, or in the next succeeding year).

Resolved, That this Board consider the proposed action at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on Thursday, April 5, 1934, at 10.30 o'clock a. m., and that at the same time and place a public hearing thereon will then and there be had; and be it further

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record and the corporation newspapers for ten days continuously, exclusive of Sundays and legal holidays, prior to Thursday, April 5, 1934.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment at its meeting held on Friday, March 2, 1934 (Cal. No. 20), adopted the following resolutions:

Resolved, That the Board of Estimate and Apportionment of the City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of the City of New York by changing the lines and grades of the street system within the territory bounded approximately by 89th street, 21st avenue, 97th street, the easterly boundary line of the North Beach Airport, the pierhead line of Flushing Bay, 22d road and Ditmars boulevard, including changes in the exterior lines of Grand Central parkway extension and the discontinuance of certain streets, Borough of Queens, in accordance with a map bearing the signature of the President of the Borough and dated January 20, 1934.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on Thursday, April 5, 1934, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions, and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 5th day of April, 1934.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment at its meeting held on Friday, March 2, 1934 (Cal. No. 16), adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby fixes Thursday, April 5, 1934, at 10.30 o'clock a. m., and the City Hall, Borough of Manhattan, City of New York, as the time and place for a public hearing on a proposed amendment of the Use District Map, Section No. 22, by changing from a residence district to a business district, the property abutting upon both sides of 20th avenue to a depth of 100 feet from 76th street to 78th street, Borough of Brooklyn.

Dated, New York, March 23, 1934.
PEARL BERNSTEIN, Secretary, Board of Estimate and Apportionment, Municipal Building, Manhattan, Telephone, WO rth 2-4560. m23,a3

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment at its meeting held on Friday, March 2, 1934 (Cal. No. 18-A), adopted the following resolutions:

Whereas, The Board of Estimate and Apportionment by resolutions adopted on September 25, 1925, and amended on June 9, 1927, June 16, 1927, and June 6, 1930, authorized proceedings for the acquisition of title, in fee, to the real property required for the opening and extending of Elkhorn street from 160th (Flynn) avenue to 163d (Sheridan) avenue, Borough of Queens, excepting at the Hawtree Creek crossing where the title shall be an easement which will enable the City to construct a fixed bridge with a clearance of 8 feet above mean high water to carry the street over this waterway; and directed that the entire cost and expense of the proceedings be assessed upon the real property within the area of assessment described in the resolutions of authorization; and

Resolved, That the Board of Estimate and Apportionment is considering the advisability of amending the aforesaid proceedings authorized by the Board by resolutions adopted on September 25, 1925, and amended on June 9, 1927, June 16, 1927, and June 6, 1930, so as to eliminate therefrom provisions which acquire title to that section of Elkhorn street from former Russel street to 163d (Sheridan) avenue, Borough of Queens.

Whereas, The Board of Estimate and Apportionment is considering the advisability of reconsidering its determination as to the distribution of the cost and expense of the aforesaid proceedings, and of making a new determination concerning the same, in accordance with the provisions of the Greater New York Charter, as amended, by placing upon the Borough of Queens 44 per cent. of the entire cost and expense of the proceedings, less the share of the awards for buildings taken which the court may place upon The City of New York (to be collected with the first tax levy subsequent to the entry of the final decree in the proceedings), and by assessing the remaining 56 per cent. of such cost and expense upon the real property within the area of assessment heretofore fixed and described as follows:

Beginning at a point on the easterly United States pierhead and bulkhead line of Hawtree Basin, located 100 feet south of the southerly line of 163d (Sheridan) avenue, the said distance being measured at right angles to 163d (Sheridan) avenue; running thence northwardly, westwardly and northwardly along the United States pierhead and bulkhead line of Hawtree Basin and its northerly prolongation to a point on the northerly line of 160th (Flynn) avenue; thence eastwardly along the northerly line of 160th (Flynn) avenue to an intersection with the westerly right-of-way line of the Rockaway Beach Division of the Long Island Railroad; thence southwardly along the westerly right-of-way line of the Rockaway Beach Division of the Long Island Railroad to a point located 100 feet south of the southerly line of 163d (Sheridan) avenue, the said distance being measured at right angles to 163d (Sheridan) avenue; thence westwardly along a line located 100 feet southerly from and parallel with the southerly line of 163d (Sheridan) avenue to the point or place of beginning.

Resolved, That this Board consider the proposed action at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on Thursday, April 5, 1934, at 10.30 o'clock a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days continuously, exclusive of Sundays and legal holidays, prior to Thursday, April 5, 1934.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment at its meeting held on Friday, March 2, 1934 (Cal. Nos. 13-A and B), continued to Thursday, April 5, 1934, the alternative hearings on the proposed apportionment of the cost and expense of grading, curbing and flagging Neptune avenue from East 12th street to Shore boulevard, and Emmons avenue from Shore boulevard to Brigham street, and also for constructing receiving basins, where necessary, Borough of Brooklyn:

A—By placing 50 per cent. of the entire cost and expense of the improvement upon The City of New York (to be collected with the first tax levy after the contract for the improvement shall have been registered in the Department of Finance, or the cost and expense shall have been otherwise fixed and determined, or in the next succeeding year), and the remaining 50 per cent. of such cost and expense be assessed upon the property deemed to be benefited thereby;

B—By placing 50 per cent. of the entire cost and expense of the improvement upon The City of New York; 35 per cent. of such cost and expense upon the Borough of Brooklyn (the City's and Borough's shares to be collected with the first tax levy after the contract for the improvement shall have been registered in the Department of Finance, or the cost and expense shall have been otherwise fixed and determined, or in the next succeeding year), and the remaining 15 per cent. of such cost and expense be assessed upon the property deemed to be benefited thereby.

The hearings will be held on Thursday, April 5, 1934, at 10.30 o'clock a. m., in the City Hall, Borough of Manhattan, City of New York.

Dated, New York, March 23, 1934.

Area—Approximately 3,532 square feet.

Allowable Use—Display and sale of used automobiles.

Minimum or Upset Rental Per Month—\$50.

Special Note—The allowable uses for the respective concessions above stated are permissible by the Board of Transportation. In addition to any permit issued by the Board of Transportation it will be necessary for the successful bidder or permittee in some cases to have permits from other City departments or governmental agencies in order that the uses permitted by the Board of Transportation may be enjoyed. Therefore the Board of Transportation will not guarantee that all permits for such uses will be forthcoming from such other municipal or governmental agencies, but will, wherever the same is necessary to the issuance by any other municipal or governmental agency of a permit, grant consent therefor. Should the successful bidder or permittee, after reasonable diligence, be unable to procure permits from other governmental departments or agencies necessary for the use above permitted by the Board of Transportation, it will return any deposits made by the successful bidder or permittee and neither the Board of Transportation nor The City of New York shall be liable to such successful bidder or permittee for damage on account of inability of the successful bidder or permittee to enjoy a use above set forth.

No permit will be issued at a rental less than the minimum or upset monthly rental above set forth for the respective concessions.

Tenure shall be on a month to month basis beginning April 1, 1934, and shall continue subject to termination on 30 days' notice by either party to the other in writing.

Wherever the use permitted is for the parking and display of automobiles, the lot must be so graded by the successful bidder (hereinafter called the "permittee" or "applicant"), at his own expense, that surface water will be drained toward the street and away from abutting property, and in no event may such surface water be drained into an opening leading into any subway structure. It shall be the duty of the permittee to erect suitable barriers or protections around any subway structures within the limits of his concession and to so fix the entrances and exits to the parking yard as to avoid passage of vehicles across gratings over any openings leading into a subway structure.

The permittee may not sublet or assign any interest in his concession without the express permission in writing of the Board of Transportation or its authorized representatives.

In the case of Concession N, the permittee may use and occupy any building or so much thereof as shall be found upon the premises, but the Board of Transportation does not guarantee that a useable building or stand will be on the concession at the beginning of occupancy of the concession. The

permittee shall so conduct his business on this concession as to avoid unfair competition with neighboring stores, either by shouting his wares to the public or, as it is called, "bally-hooping," or by purposely undercutting prices for the same goods or continued undercutting of prices after notice by the Board of Transportation. Compliance with the foregoing will be insisted upon and non-compliance will result in cancellation of the concession.

In the case of Concession L the permittee shall be required to close any opening along the westerly line of the concession between the buildings Nos. 59 Leonard st. and 101 Franklin st. or in the side walls of either of these buildings with brick or concrete wall securely anchored not less than 12 inches thick up to a level one foot above the surface of the ground as graded for the proposed use, and wherever such openings are closed the exterior surface shall be waterproofed. If it shall be necessary to remove the board fence at present about the premises, the materials of such fence shall be carefully taken apart and disposed of in accordance with the direction of a responsible officer in the office of the Borough President of Manhattan, which office caused this fence to be erected.

No rights that may be granted to the permittee in connection with any of the concessions above referred to shall be construed to prevent the advertisement and sale by the Board of Transportation of the property, and the Board of Transportation may cause a suitable sign to be prominently displayed on the concession advertising any such of the premises or the leasing thereof. No concession shall be permitted to devolve into a gasoline station or a service station, except that the permittee will be permitted to have gasoline in the tanks of the automobiles and to keep on hand an amount not in excess of ten gallons of gasoline to be used in case of an emergency. Incidental repairs of an emergency character may be made upon automobiles, but portions of automobiles or accessories shall not be sold as staples or displayed for sale on any concession, except with the separate express consent in writing of the Board of Transportation or its authorized representative.

The rental or charge for the parking of one automobile shall not exceed 35 cents for any twelve-hour period or fraction thereof. Buildings or sheds of a presentable type may be erected on the concessions for the protection of employees and patrons and automobiles, but no such building shall be erected until the plan therefor shall have been approved by the Design Division of the Board of Transportation and by the Department of Buildings of the Borough of Manhattan, if that department shall deem approval necessary. At least five days before the beginning of construction of any such building or structure a plan sufficiently distinct and clear shall be submitted to the Design Division of the Board of Transportation giving a ground plan, front and side elevations, and indicating the materials to be used. If required to do so by such Design Division or by the Board of Transportation, reasonable changes shall be made. Approval by such Design Division or the Board of Transportation will not be unreasonably withheld.

Bidders will be required to deposit with each bid in the form of cash or a certified check drawn to the order of The City of New York on a solvent account on a financial institution doing business within The City of New York a sum equivalent to one month's rental. Such sum shall be deposited in a sealed envelope or container, together with the bid. More than one bid shall not be permissible in a given container, but a bidder may separately bid for as many concessions as desired. The successful bidder must, upon notice in writing that his bid has been accepted, call at the office of the Board of Transportation, Room 811, No. 250 Hudson st., Manhattan, New York City, within two hours after receipt of such notice mailed to the address given in the bid, prepared to execute in triplicate a form of application containing the terms hereinafter set forth generally and such other terms as Counsel to the Board of Transportation shall find necessary in the interests of The City of New York and that Board, and to deposit an additional one month's rent; so that the total payment with the application shall amount to a sum equivalent to two month's rent, one month to be applied for the month of April, 1934, and the other month's rent to be applied by the Board of Transportation for the final month of occupancy. If the successful bidder fails to comply with the provisions of this paragraph, the deposit, equivalent to one month's rent referred to in the last preceding paragraph may, if the Board of Transportation so determines, be forfeited to The City of New York, not as a penalty but as liquidated damages.

The Board of Transportation may reject any one, or more, or all bids, if in its judgment the interests of The City of New York so require. Dated March 13, 1934.

DEPARTMENT OF FINANCE.

INVITATION FOR TENDERS.

To the Holders of The City of New York Revenue Notes of the Issue of Nov. 1, 1933.

NOTICE IS HEREBY GIVEN, PURSUANT to the terms of revenue notes of The City of New York of the issue of Nov. 1, 1933, that tenders of such revenue notes for retirement at par and accrued interest are invited to be made at the office of the Comptroller prior to 12 o'clock noon, on Saturday, March 24, 1934. Tenders should be addressed to the Comptroller of The City of New York, Room 830, Municipal Building, New York, N. Y., and must set forth the serial numbers and principal amount of revenue notes tendered.

Such tenders will be accepted in principal amount sufficient to exhaust the moneys on hand at the close of business March 23, 1934 (not less than \$5,000,000), and applicable, pursuant to the terms of such revenue notes, to the retirement thereof. Tenders are to be accepted prorata in accordance with the respective principal amounts of revenue notes so tendered, the prorating to be made as accurately as the authorized denominations of revenue notes shall permit. Holders of revenue notes accepted for retirement will be advised of such acceptance.

Revenue notes accepted for retirement must be presented for payment at the office of the Comptroller, Room 830, Municipal Building, New York, N. Y., on Wednesday, March 28, 1934, to which date accrued interest upon such revenue notes will be added.

Dated March 19, 1934.

Application to Court to Condemn Property. In the Matter of the Application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee to the real property required for the opening and extending of WEST 260TH STREET at the southeast corner of Tyndall avenue, in the Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT AN application will be made to the Supreme Court of the State of New York, First Judicial District, at a Special Term of said Court, held in and for the County of Bronx, at the County Court Building, in the Borough of The Bronx, in the City of New York, on the 28th day of March, 1934, at the opening of the Court on that day or as soon thereafter as counsel can be heard thereon, to have the compensation which should justly be made to the respective owners of the real property proposed to be acquired for the opening and extending of West 260th street at the southeast corner of Tyndall avenue, in the Borough of The Bronx, City of New York, ascertained and determined by the Supreme Court without a jury, and to have the cost of such improvement assessed by the said Court, as hereinafter set forth, in accordance with the resolution of the Board of Estimate and Apportionment adopted on June 12, 1931.

The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York for the use of the public to the real property required for the opening and extending of West 260th street at the southeast corner of Tyndall avenue, in the Borough of The Bronx, City of New York. The real property, title to which is to be acquired, is more particularly bounded and described as follows, to wit: Beginning at a point on the east side of Tyndall avenue distant 383.11 feet northerly from the intersection of said street and the northern line of West 259th street; thence northerly along the east side of Tyndall avenue 95.23 feet; thence southeasterly defining 103 degrees 50 minutes 30 seconds to the right 12.20 feet; thence southerly deflecting 57 degrees 16 minutes 15 seconds to the right 31.42 feet; thence southeasterly curving to the left along the arc of a circle of 100.0 feet radius, 67.63 feet to the point of beginning.

West 260th street was laid out on amendment to section 23 of the final maps of the Borough of The Bronx, as follows: "Map or plan showing the change of lines of West 260th street between Tyndall avenue and Spencer avenue, and change of grades in the area bounded by Tyndall avenue, West 261st street, Broadway and West 259th street, in the 24th Ward, Borough of The Bronx, City of New York, prepared by the President of the Borough of The Bronx under authority of chapter 466 of the Laws of 1901," filed in the Office of the President of the Borough of The Bronx on November 23, 1909; in the office of the Register of New York County on November 22, 1909, and in the office of the Corporation Counsel of The City of New York on or about the same date.

The land to be taken for West 260th street is located in Blocks 3423-H and 3423-L of section 13 of the land map of the County of Bronx.

Third—That on the 11th day of April, 1934, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard, the Corporation Counsel of The City of New York will apply to the Hon. Charles J. Dodd, Justice of the Supreme Court who signed said supplemental and amended tentative decree, at a Trial Term, Part IV, of the Supreme Court, to be held in the County Court House in the Borough of Brooklyn, to fix a time when said Justice will hear the parties who will have filed objections to the said supplemental and amended tentative decree as to assessments for benefit.

Dated, New York, March 19, 1934. PAUL WINDELS, Corporation Counsel, Office and Post Office Address, Municipal Building, New York City. m19,a4

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY. THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause, or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchman or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All of the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds except the exterior walls of the buildings and their foundations, and the sidewalks and curbs in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains and in place thereof cause to be inserted a brass plug in the main water pipe in the street in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer with the directions of the Bureau of Sewers in the Borough in which the buildings are situated and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto and will place proper and sufficient guards and fences and warning signals by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against, and from all damage and costs to which it, they or any of them be put by reason of injury, to the person or property of another resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrows, plasters, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractors.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the line of any proposed street or other public improvement, and if any such building, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS ON WORK TO BE DONE FOR OR SUPPLIES TO BE FURNISHED TO THE CITY OF NEW YORK.

The person or persons making a bid for any service, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the bids will be publicly opened by the President or Board or head of said department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid shall contain the name and place of residence of the person making the same, and the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making a bid for the same purpose, and is in all respects fair and without collusion or fraud and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereto, or clerk therein, or other officer or employee of The City of New York is, shall be, or become interested, directly or indirectly, as contracting party, partner, stock holder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profit thereof. The bid must be verified by the oath, in writing, of the party or parties making the bid that the several matters stated therein are in all respects true.

No bid will be considered unless, as a condition precedent to the reception or consideration of such bid, it be accompanied by a certified check upon one of the State or National banks or trust companies of the City of New York, or a check of such bank or trust company signed by a duly authorized officer thereof, drawn to the order of the Comptroller, or money or corporate stock or certificate of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter. All bids for supplies must be submitted in duplicate.

The certified check or money should not be inclosed in the envelope containing the bid, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid.

For particulars as to the quantity or quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in figures. Bidders are requested to make their bids upon the blank form prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the department for which the work is to be done or the supplies are to be furnished. Plans and drawings of construction work may be seen there.
