NOTICES OF EXAMINATIONS

General Examination Instructions

Note: These instructions are to be considered as part of the advertised requirements unless specific exception is made.

Age and Sex: All examinations are open to both men and women of all ages unless advertisement states otherwise.

Citizenship and Residence: At the date of filing applications—Candidates must be citizens of the United States and residents of the State of New York. The foregoing provision regarding residence does not apply to candidates for license examinations, except as provided in the notice for a particular examination under the heading "Requirements."

At the time of appointment—Candidates must comply with that section of the Administrative Code which provides that any office or position, compensation for which is payable solely or in part from the funds of this City, shall be filed only by a person who is a bona fide resident and dweller of the City for at least three years immediately preceding appointment. (This provision does not apply to the following departments: Board of Transportation; Board of Water Supply; New York City Housing Authority; Municipal Civil Service Commission; Triborough Bridge Authority; New York City Tunnel Authority; Board of Education; Board of Higher Education.)

Applications for examinations must be filed on forms furnished by the Commission at its Application Bureau, 96 Duane st., Manhattan, N. Y. 7. The Application Bureau is open for business on weekdays and Saturdays from 9 a. m. to 4 p. m. Application blanks are also mailed on request, provided that a self-addressed 9-inch envelope stamped six cents for return, is enclosed.

Filing: Unless otherwise specified, applications may be filed either in person or through the mails. Applications submitted through the mails must be stamped at the rate of three cents an ounce. Applications mailed to the Commission with insufficient postage will be rejected. Applications submitted through the mails must be accompanied by a certified check or money order in the amount of the fee, and must be postmarked on the envelope not later than 12 midnight on the last day for filing. Such application must also be received not more than five days thereafter, unless eligibility in the advertisement is nation-wide. The official notice to appear for the examination is also the receipt for the payment of the fee. Applicants are cautioned not to send cash through the mails. Mailed applications must have the position applied for noted on the lower left hand corner of the envelope, and the return address noted in the upper left hand corner. Special envelopes designed to meet these requirements may be obtained at the time the application is requested.

Applications submitted in person must be filed during the normal hours of business of the Application Bureau noted above. In such cases, the fee must be paid at the time of filing by cash, check or money order.

Change of Address: Candidates for examination and eligibles on the lists must notify the Commission promptly of all changes of address between the time of filing the application and appointment to a permanent position from the list. Failure to do so may disqualify them on any part or parts of the examination which have not already been held.

Refunds: There is no fee charged for the application. Candidates in open competitive examinations whose applications are rejected will receive a refund of their fee from the Comptroller's Office one month after receipt of their notice of rejection, in promotion examinations one month after the examination is held. No fees will be refunded to candidates who fail to appear for examinations for which they are qualified or who fail to pass in any part of such examinations.

Pass Marks: Unless otherwise specified, the pass marks on each test is fixed in accordance with the needs of the service.

Caution: The Commission cannot assume any responsibility for the non-delivery of applications requested through the mails, nor for the loss of any cash submitted with such applications.

Notarization: All applications must be notarized except in the case of promotion examinations.

Unless otherwise specified, no supplementary statements of any kind will be accepted from candidates after the filing date, nor for the receipt of applications in the rating of training, or experience, or personal qualifications.

Except as otherwise specifically stated in advertisements, all preliminary training or other qualifications required for the examination must be completed on or before the date of application.

Training, experience and personal qualifications may be rated after an examination of the candidate's application and after an oral interview or such other inquiry or investigation as may be deemed necessary.

To be satisfactory, the experience prescribed, in addition to covering the period fixed herein, must also be of such a nature and quality as to warrant the inference that the candidate is fit to perform the duties of this position. The initial experience rating, therefore, is not necessarily final. If investigation on inquiry discloses that the candidate's experience is not of the nature or quality desired then he may be either rerated or failed in experience. Mere admission to the examination in any test thereof is, not conclusive on the Commission as to the qualifications of any candidate.

Admission to the examination or to any part of it, conditionally or pending subsequent determination of qualifications does not imply that the candidate possesses the minimum qualifications required for the position or is entitled to a passing rating on the experience part of the examination. If the experience interview, held after the written or other parts of the examination, discloses that the candidate lacks the requisite experience or education, he may be disqualified or given less than a passing rating for experience.

Not more than four months of provisional employment in the position for which an examination is held may be credited in the rating of experience.

Selective Certification: At the request of a department head or upon its own initiative, the Commission may make selective certification of a list resulting from any examination to similar or related positions which require additional or special qualifications not tested specifically by the examination. Such selective certification, except where made on the basis of age or additional or special physical or medical qualifications, will be made only upon due notice to all eligibles affected on this list, and only to obtain eligibles who possess such special qualifications or abilities as can be evidenced by experience record, or by the possession of a license, or by the possession of specified paraphernalia, equipment or facilities or the passing of a qualified test. Eligibles who pass a non-competitive test administered by the Commission to ascertain the possession of such special qualifications will be certified to such similar or related positions in the order of their standing on the original list.

General Medical and Physical Standards: No disease, injury or abnormality that tends to impair health or usefulness. Other medical and physical standards may be specifically required.

EXAMINE WITH EXTREME CARE THE PRELIMINARY REQUIREMENTS PRESCRIBED.

Appointments: In the case of graded positions, appointments are usually made at the minimum salary of the grade. The eligible list may be used for appropriate positions in lower grades. In the case of ungraded positions, appointments are usually made at the salary advertised but subject to final determination of the Budget Director. In the case of per diem positions, the salary advertised is the one presently paid.

Promotion Examinations: The rules of the Municipal Civil Service Commission provide that in determining eligibility for promotion, the titles of positions and the duties which are naturally and properly attached thereto shall be considered. Duties which have been performed not in accordance with the title, or alleged personal qualifications, shall not be considered in determining eligibility.

Any employee serving under a title, not mentioned in the eligibility requirements, but which he believes falls within the provisions of the above rule, may file an application and an appeal to compete in the examination during the period stated in the advertisement. No appeals will be received after 4 p. m. on the closing date for the receipt of applications.
